On Martin Luther King, Jr. Day, approximately 130 State of Michigan employees volunteered to go door-to-door to Flint homes to distribute free bottled water, filters, replacement cartridges and water testing kits.

Volunteers represented State of Michigan departments from the Michigan State Police, Department of Environmental Quality, Department of Health and Human Services, Department of Technology and Budget, Department of Natural Resources, Licensing and Regulatory Affairs, Michigan Economic Development Corporation, Secretary of State, Department of Education, Department of Corrections, State Housing Development Authority, Treasury, Department of Agriculture and Rural Development, Department of Transpiration, and the Civil Service Commission.

The state of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations. To learn more about the state's efforts, visit www.michigan.gov/flintwater.

Caption:

0520: A water response team, comprised of local and state volunteers prepare to distribute water resources to the residents of Flint.

0521: Michigan State Police troopers and deputies from the Genesee County Sheriff's Department assist with distributing water resources to the residents of Flint.

0519: State of Michigan employees, Michigan State Police troopers and Genesee County Sheriff's deputies prepare to head out to neighborhoods to distribute water resources to the residents of Flint.

0522: State of Michigan employees walk through neighborhoods to distribute water resources to the residents of Flint.

0525: Genesee County Sheriff's deputies prepare to head out to neighborhoods to distribute water resources to the residents of Flint.

0523: All members of the water response teams will be wearing official credentialed badges with a State of Michigan seal hologram so they can be easily identified.

0526: Michigan State Police troopers and deputies from the Genesee County Sheriff's Department assist with distributing water resources to the residents of Flint.

Red Cross and Community Partners Organize Volunteer Efforts for Water Emergency

DATE: Monday, Jan. 18, 2016

TIME: 3 p.m.

WHERE: Volunteer Reception Center
American Red Cross Office
1401 S. Grand Traverse St.
Flint, MI 48503

WHO: The United Way of Genesee County, the Michigan Community Service Commission and the American Red Cross of East Central Bay-Michigan

WHAT: A volunteer reception center has been established for those wishing to assist with ongoing efforts to distribute water, water filters, replacement cartridges and water test kits to Flint residents.

Due to an outpouring of support, the volunteer reception center is expanding its hours this week (updated since this morning's press release). Hours will be:

- Today—Friday, Jan. 22 from 9 a.m. to 7 p.m.
- Saturday, Jan. 23 from 9 a.m. to 2 p.m.
- Sunday, Jan. 24 from 12 p.m. to 5 p.m.

People coming to the volunteer reception center will receive a brief training and orientation. Volunteers should plan on being available for a minimum three-hour assignment. While many assignments will be made on the same day the person comes to register at the Volunteer Reception Center, some assignments for tasks such as data entry, warehousing, operations support, and water testing kit assembly (kid and family friendly) may begin on other days. New requests come in daily so job type and opportunities vary.

Public information and updates can be found at www.michigan.gov/flintwater.

RED CROSS AND COMMUNITY PARTNERS ORGANIZE VOLUNTEER EFFORTS FOR WATER EMERGENCY

"Anybody can serve." - Rev. Dr. Martin Luther King, Jr.

Media availability this afternoon

FLINT, MI, JANUARY 18, 2016 – It is appropriate on Martin Luther King, Jr. Day to remember the Rev. King's words on volunteer service. "Everybody can be great. Because anybody can serve."

Those wishing to serve the people of Flint with ongoing work to distribute water, water filters, replacement cartridges, and test kits, can join the efforts by visiting the Volunteer Reception Center at the Red Cross office, 1401 S. Grand Traverse St. in Flint. The United Way of Genesee County, the Michigan Community Service Commission and the American Red Cross of East Central Bay-Michigan have come together to operate the center.

"This collaboration is a great example of the community coming together to meet the needs of our citizens," said Jamie Gaskin, CEO of United Way of Genesee County.

The Volunteer Reception Center is open today, Martin Luther King Day, from 9 a.m. to 7 p.m.

On Tuesday, January 19, hours return to:

- Monday – Friday, 11 a.m. to 6:30 p.m.
- Saturday, 9 a.m. to 2 p.m.
- Sunday, 12 p.m. to 5 p.m.

"It is expected that this distribution effort will continue for some time and it will take a lot of volunteers to help," says Tony Lasher, Executive Director of the East Central Bay- Michigan office. "The Red Cross has a long history and experience in mobilizing and training volunteers to respond to emergencies and we'll use that experience to bring together those who want to be a part of the current community response in Flint."

MORE

People coming to the Volunteer Reception Center will receive a brief training and orientation. Volunteers should plan on being available for a minimum three-hour assignment. While many assignments will be made on the same day the person comes to register at the Volunteer Reception Center, some assignments for tasks such as data entry, warehousing, operations support, and water testing kit assembly (kid and family friendly!) may begin on other days. New requests come in daily so job type and opportunities vary.

"We are grateful to any and all Michigan residents who are willing to give their time and resources to help during this time of need," said Ginna Holmes, executive director of the Michigan Community Service Commission. "As the state's lead agency for volunteerism, we are working side-by-side with our partners in Flint to mobilize volunteers to help with outreach efforts."

The United Way of Genesee County and United Way 2-1-1 will be supporting the Volunteer Reception Center. Anyone wanting more information about volunteering can call 2-1-1.

###

About United Way of Genesee County: *Founded in 1922, United Way of Genesee County currently supports more than 43 programs with direct grants, helping more than 57,000 people in Genesee County. The agency's investment model is based on Education, Health, Financial Stability and Basic Needs. In 2014, the total economic impact through direct and leveraged funds exceeded $11.6 million.*

About the Michigan Community Service Commission: *The Michigan Community Service Commission utilizes service as a strategy to address the state's most pressing issues and empowers volunteers to strengthen communities. The MCSC is housed in the Michigan Department of Health and Human Services. For more information visit www.michigan.gov/volunteer or call 517-335-4295.*

About the American Red Cross: *The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies about 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. The Red Cross is a not-for-profit organization that depends on volunteers and the generosity of the American public to perform its mission. For more information, please visit redcross.org or visit us on Twitter at @RedCross.*

Media Advisory: A media availability is being planned for 3 p.m. at the Volunteer Reception Center, 1401 S. Grand Traverse St., Flint.

Talking Points: Flint, Michigan Water Contamination

January 18, 2016 @ 8 a.m. ET

The request:

- On January 14, FEMA received Governor Snyder's request for an Emergency Declaration, as well as a Major Disaster Declaration for emergency protective measures, temporary housing and repairs to homes and low-cost loans for covering uninsured loss of property, as well as other federal assistance.

Emergency declaration:

- On January 16, 2016, President Barack Obama declared an emergency for Genesee County in the State of Michigan, limited to Direct Federal Assistance, as a result of the emergency conditions resulting from contaminated water in the city of Flint, authorizing FEMA to support the state in its efforts to respond to the incident.
- Under this emergency declaration, FEMA is authorized to provide emergency protective measures, Category B, limited to Direct Federal Assistance, under the Public Assistance program limited to 75 percent of the total eligible costs.
- Through this emergency declaration, FEMA remains focused on addressing immediate unmet needs of the Genesee County population, and will, in coordination with the state, provide water, water filters, water filter cartridges, testing kits, and other necessary related items for a period of up to 90 days from the date of this declaration.

If asked about period of assistance through EM:

- FEMA's emergency assistance is designed to be temporary in nature. FEMA, and our partners in other federal agencies, will be working closely with the state, county, and city officials to support those officials in the development of medium and longer term solutions to this problem.
- The state may submit a request to extend the current 90 day period of assistance established by the declaration, providing a valid reason that the extension is necessary.

If asked about EM declaration request and 30 day requirement:

- The 30 day requirement for the Governor to request an emergency declaration was met since the incident is considered ongoing.

If asked about the $5 million cap on assistance:

- The amount of federal assistance for emergency declarations is set at $5 million. If assistance exceeds this amount, Congress is notified.

If asked about major declaration denial:

- The request for a major disaster declaration was denied for this event following an evaluation that determined the event does not meet the statutory definition of major disaster established by the Stafford Act.
- Governor Snyder has 30 days from the date of the determination letter to submit an appeal that includes additional information justifying that a major disaster declaration is appropriate and warranted.
- The provision of water and water-related supplies is a life-saving need, but is only one area of support offered through the various agencies within the federal government. The Department of Health and Human Services and the Environmental Protection Agency are both providing support in response to the water situation in Flint.

- U.S. Health and Human Services
  - The Department of Health and Human Services (HHS) Office of the Assistant Secretary for Preparedness and Response (ASPR) is working to identify vulnerable Flint residents who may not be able to travel to obtain filters and water testing kits. They are also working with the Centers for Medicare and Medicaid Services (CMS) to provide critical information needed for city responders to locate vulnerable residents and to help focus the city's outreach efforts.
  - HHS-funded health care centers in the area are offering free lead testing for their patients and are reaching out to patients to make them aware of the free testing. Exposed children will receive ongoing monitoring while they are health center patients. Health centers also are providing bottled water at their facilities and are assisting patients in obtaining bottled water or water filters in coordination with county-wide efforts.
  - HHS is helping educate residents who use HHS programs and services, such as Head Start programs and programs that serve seniors. In addition, HHS-funded local agencies on aging and community partners are reaching out to seniors and grandparents raising grandchildren to help them find water and filter distribution sites and to provide homebound residents with assistance in obtaining and installing filters.
  - CDC is currently providing technical assistance to the Michigan state health department to assess lead exposure especially in homes with children. CDC also has provided recommendations on educational interventions for children affected by lead.

- U.S. Environmental Protection Agency
  - In mid-October, the EPA established a Flint Safe Drinking Water Task Force comprised of EPA scientists who are internationally recognized experts in the field of lead in drinking water. The EPA Task Force is providing technical assistance to the Michigan Department of Environmental Quality and the City of Flint to implement corrosion control treatment and to develop school and residential sampling protocols.
  - EPA is also conducting an audit of the Michigan Department of Environmental Quality (MDEQ) drinking water program – to examine MDEQ's implementation of the Safe Drinking Water Act and related rules on lead and copper, total coliform, nitrates and ground water. This comprehensive audit will provide Flint residents and the people of Michigan with more information about MDEQ oversight of public water supplies and will identify actions that may be needed to strengthen the Michigan drinking water program.

- Housing & Urban Development
  - Flint was identified as one of six target cities in the second round of the Strong Cities – Strong Communities (SC2) White House initiative in 2014.
  - Program focuses on enhanced Federal agency support in areas of blight reduction, public safety and economic development.
  - Discussions are ongoing between the FEMA Region 5 SC2 program lead and Department of Housing and Urban Development (HUD) staff on the Flint water crisis impacts to SC2 programs and initiatives; as well as possible opportunities for collaboration through existing federal engagement with local, county and State agencies.
  - There is a HUD team deployed to Flint working closely with the city on economic development and interagency coordination. The team has helped city procure Community Development Block Grant funds for water filters.

- U.S. Army Corps of Engineers
  - The FEMA Region 5 Federal Disaster Recovery Coordinator is in discussion with the United States Army Corps of Engineers to identify possible technical assistance and/or Subject Matter Experts on public water distribution systems, and possible courses of action.

Subject: SEOC Update 1/17/16 - Flint Water - Limited Distribution
Attachments: SitRep12 Flint Water.pdf

Update 1/17/16 – 13th Day (12th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs), PODs
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work to bring FEMA IMAT personnel up to date following the Presidential Emergency declaration.

Attached Documents:

- SitRep 12

Status on Governor's request letter to the President:

- Emergency declaration received.
  - Limited to direct assistance so we will need to ask for the Individual Housing Program but that is something I will work on with FEMA.
- Major disaster declaration denied. The appeal is being developed with a draft to Paul Smith by later afternoon 1/18/16.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 12 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 12 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.

Items to Note

- Deployed 11 state/local teams and 10 ARC Flint Water Response Teams to the field today.
  - 4,963 homes visited today.
- DTMB is working with DSEMIC and NC3 to monitor social media for information on cyber-attack yesterday.
  01/16/16
  - Approximately 5:00PM, Michigan.gov began to experience slowness in web page load time. Approximately 10 minutes later the Michigan.gov site became inaccessible caused by of a denial of service attack.
  - IBM team was able to implement a mitigation strategy to stop the attack that began at 5:00PM. At 6:24PM the michigan.gov websites were again available to the public.
  - Approximately 7:30PM, a new attack was initiated on the michigan.gov environment. The attack focused on the DNS servers and resulted in michigan.gov becoming inaccessible. Additionally, due to the nature of the attack other IBM customers were affected as well. IBM was able to implement a new mitigation strategy that resulted in the excessive traffic being blocked. At 7:53PM the websites were restored to normal operation.

- Shortly after the michigan.gov websites were restored, the State of Michigan was notified by our internet service providers that a DDoS attempt was made against our SOM DTMB servers in the external DMZ. Once detected, this attack was blocked and Michigan Cyber Security saw no signs of any other types of attacks.

01/17/16

- Genesee County was unable to access MiCIMS due to the State increasing filters. Michigan Cyber Security made adjustments to filter settings and their access to MiCIMS was restored.
- DTMB reached out to the City of Flint CTO, Paul Knific, offering any support they need. Right now they feel they have bigger issues than trying to get some of the things back online.

We currently do not have any additional information on the attacks on the City of Flint (cityofflint.com) or Flint Township Police (flinttownshippolice.org) websites. We'll continue to pass information along as we receive it.

- Information reported to the JIC:
    - As of 1/17/16 as of 7pm (start date was Tuesday, 1/12/16)

        1. 16,353 homes visited by the FWRTs to date. We believe we have ~24,000 homes with filters; still trying to validate. This is from the data we received from prior to the SEOC activation (trying to validate the data) plus the PODs and door to door operations since activation.

        2. Distributed:
            a. Number of cases of water 27,195
            b. Filters 50,432
            c. Filter cartridges 168,605
            d. Test kits 4,861

        3. Total number of customers on the Flint water system
            a. 29,944 paying customers
            b. 45,000 hookups (This is our high end target #)
            c. 39,000 includes apartment complexes (The is the low end target #)

        4. Resources purchased:
            a. Cases of water 57,456 (additional 12,884 donated)
            b. Filters 108,520
            c. Filter cartridges 239,081
            d. Test kits 28,901

        5. Teams going out tomorrow:
            a. 12 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
            b. 12 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Facilitated activation of the Genesee County/Genesee Health System MOU for mental health services.
- Coordinated supplies for distribution to students at the U of M Flint campus.
- Still concerned about people going to every fire station and collecting water/filters.
- Coordinated trash pickup at Fire Station PODs with the City Liaison officer.
- Coordinated hotshot deliveries of supplies to home bound population.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/16/16 – 12th Day (11th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to prepare for engagement following the Presidential Emergency declaration

Attached Documents:

- SitRep 11

Status on Governor's request letter to the President:

- Emergency declaration received. Federal Coordinating Officer (FCO) is David Samaneigo (Sam) who has been my LNO from FEMA. We began discussions on a transition to FEMA support last night. His team is headed to MI at this time and we will have our first coordination meeting on Sunday.
- The request for a Declaration of a Major Disaster was denied. FEMA advised this event does not fit the legal definition of a major disaster (natural incident or fire, flood, or explosion). This information has been provided since prior to the event to elected officials in Flint and the legislature. We are reviewing the chances for an appeal and I have already discussed this with the FCO.

Key items for tomorrow to note:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
- I will be back on duty Sunday.
- We have been working with some of the churches. Contact was made with 14 churches for Sunday distributions. Interaction with the pastors has been very positive.
- A logistics briefing will be provided to see how many more teams we can put in the field.

Items to Note

- LT Gov visited the local EOC today; discussed local EOC operations.
- Deployed 11 state teams and 10 ARC Flint Water Response Teams to the field today.
- DEQ sampling kits are now being received at the PODs.
- DEQ sampled two Head Start facilities and worked with GIS to obtain future sample sites.
- The Freeman School pilot was delayed due to some parts not arriving as scheduled. Testing was to be done Sunday but may not occur until Monday.
- NG will have a total of 78 personnel in the PODs for distribution. Mission has not changed.
  - 34 NG soldiers have been in the PODS. 38 more processing in tomorrow with start date of 1/18 in the PODS. The TAG and I will be discussing future use of NG personnel door to door next week.
- Information reported to the JIC:
  - As of 1/16/16 7pm (start date was Tuesday, 1/12/16)

1. 11,324 homes visited by the FWRTs to date. We believe we have ~24,000 homes with filters; still trying to validate. This is from the data we received prior to the SEOC activation plus the PODs and door to door operations since activation. 3,850 homes were visited today (4,000 was the goal).

2. Distributed:
    a. Number of cases of water 20,876
    b. Filters 47,935
    c. Filter cartridges 167,401
    d. Test kits 3,322

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 57,456 (additional 12,884 donated)
    b. Filters 108,520
    c. Filter cartridges 239,081
    d. Test kits 28,901

5. Teams going out tomorrow:
    a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Operations:

- Provided direction to Operations and Logistics Section to initiate water sample collection at PODs.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional churches were supplied with water, filters and test kits.
- Still concerned about people going to every fire station and collecting water/filters.
- Station #6 (POD) has associated safety concerns due to proximity of street and lack of suitable parking. We are working to resolve.

Subject: SEOC Update 1/15/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/15/16 – 11th Day (10th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Pilot the logistics plan and adjust as needed

- Continue with door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to ensure we get a Presidential Declaration of a Major Disaster and Emergency

Attached Documents:

- SitRep 10

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. Numerous calls and meetings took place between me and FEMA today.
- *When we get the declaration(s) ... I will set up a legislative/congressional call to explain and provide bullet points* as to what programs we will received. The Federal Coordinating Officer assigned will also be with me to answer questions. This has helped in the past.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
    - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
    - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
    - A pilot team was used to test our logistics plan today and with 60% strength they had 160% output (830 homes).
- I will be off tomorrow but available by cell. Tony Katarsky will be SEOC State Director. I will be back in on Sunday.

Items to Note

- LT Gov visited the local EOC and SEOC today. He was able to hear our final briefing for the day.
- Held a short session managing stress with SEOC staff. Two handouts were put in MICIMS for all state and local personnel to view.
- Deployed 10 state teams and 5 ARC Flint Water Response Teams to the field today.
- Standing requirements were created for the JIC so we can get information to the media every day. Below are the current ones we have in place and we should have something out tonight according to the JIC.

    - As of 1/15/16 as of 7pm (start date was Tuesday, 1/12/16)

1. 7474 homes visited by the FWRTs. We believe we have ~24,000 homes with filters but are trying to validate that information. This is form the data we received from prior to the SEOC activation plus the PODs and door to door operations since activation.

2. Distributed:
    a. Number of cases of water 18,576
    b. Filters 45,916
    c. Filter cartridges 165,382
    d. Test kits 3,217

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 44,688 (additional 12,884 donated)
    b. Filters 78,520
    c. Filter cartridges 163,081
    d. Test kits 18,761

5. Teams going out tomorrow:
    a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Home Deliveries:

- Still receiving lists from the Valley Area Agency on Aging (VAAA) on home deliveries and forwarding these to the Sheriff's office. They are going through a lot of homes. 120 out of 125 homes were completed yesterday.

Operations:

- We sent staff to visit Fire Station 6 and the warehouse today. Fire station 6 traffic was congested and that was during a "slow" time. The National Guard is identifying what is needed to alleviate this. MSP is working on providing uniform presence as needed. An additional iPad at each location will hopefully help relieve the amount of time that people are spending at the distribution sites.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional requests from churches were made and I approved the locations so they could be ready for Sunday. Lt. Roach was told by one of the pastors that he met with the Gov today and expressed how much he appreciated the efforts put forth. We should have 14 for this Sunday. We are working on how we can increase this output.
- Still concerned about people going to every fire station and collecting water/filters. NG personnel observed vehicles with several cases of water an overheard saying they were heading to the next station. Some people were helping themselves and taking more than one case at a time. Per the NG they cannot physically stop people from doing so. The NG is going to try to change staging in the fire stations to try to prevent this.
- Flint PD is going to check in every day with the EOC and provide a specific contact person. They are also going to help with traffic issues at the PODS. Will ask Flint PD to provide a presence when water is off loaded at a POD to help prevent people from "helping themselves."

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/14/16 – 10th Day (9th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and finalize lease on warehouse space/begin to move supplies from GCCARD to new warehouse
- Continue with door to door teams and finalize planning for future team use
- Submit request for a Presidential Declaration of a Major Disaster and Emergency
- Continue to work on long term recovery items (DHHS, DEQ, MDARD)

Attached Documents:

- SitRep 9

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. I had a lengthy conversation with the FEMA Region V Administrator reference the request prior to sending.

Key items for tomorrow to note are:

- The door to door teams will continue in the morning.
- We will continue to ramp up door to door operations with additional teams. Teams continue to focus on the high lead level areas and additional data is being analyzed to focus mission areas.
- ARC will increase the number of their Water Response Teams.
- Supply burn rates as well as projections on how many teams will be needed to put filters in all homes within 3 and 5 days will be completed. Analysis will be done to see in NG personnel may be needed to finish in quicker manner.

Items to Note

- DEQ was notified of the number of homes who are willing to have them take additional samples in the future (current number (114). This question was added to the App being used by the Water Response Teams. Data will be provided when needed.
- LT Gov is scheduled to be at the local EOC and SEOC (~4:30) tomorrow to see the operations.
- Secured 80,000 sq. ft. of a warehouse today. Working to consolidate all resources in one location. Tomorrow will be the first day of full implementation of our logistics plan.
- Email sent to state employees to request volunteers for weekend.
- Media monitoring showed no incorrect information today.
- Michigan Association of Broadcasters is sending PSA to radio stations.
- Coordinating with Red Cross on volunteers for weekend.
- Deployed 8 Water Response Teams to the field today (approx. 120 volunteers). 78 Red Cross volunteers active across the operation today.
- National Guard is ramping up to have 3 soldiers per shift at each POD tomorrow. Will also have a Public Affairs Officer at the JIC and liaison at the local EOC.
- Senator Ananich visited the SEOC today to see how things operate. The visit went well and he seemed happy with the number of staff working the Flint event. He tweeted out a message indicating there is still a lot of work to be done but all are working hard.
- DHHS
    - The Community Health Emergency Coordination Center (CHECC) is working on the following:
        - A nutrition plan
        - Education materials, messaging, and working with local agencies
        - Developing a community assessment for disaster behavioral health services.
- Lined up the delivery of filters to two large apartment complexes and a student housing complex.
- We have the list of individuals needing home service (additional contacts will be sent to the Ops Chief at the Local EOC each day at 4:00). Info will be provided to the sheriff's office for action.
- Water Response Team Numbers (this is not the total of homes with filters – I will provide that number tomorrow but it appears we have filters in over half the residences):

	TOTAL	1/12/2016	1/13/2016	1/14/2016
Occupied Homes	1450	242	492	716
Vacant Homes	1967	152	161	1654
Total Homes	**3417**	**394**	653	2370
Resources				
Door Hangars	1487	217	453	817
Water	588	117	254	217
Filters	945	112	220	613
Pitchers	22	3	13	6
Water test kits	217	48	109	60
Replacement Filter	482		137	345
Total Resources Dispersed	**3741**			
Future sample test site	114	28	34	52

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/13/16 – 9th Day (8th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and close lease on warehouse space
- Continue with door to door teams and finalize planning for second wave increase (+15 teams – total for 1/14/16 will be 20)
- Continue to work on Governor's Declaration of an Emergency

Attached Documents:

- SitRep 8

Status on Governor's request letter to the President:

- All support data from state Agencies and local jurisdictions collected as of 6:00 pm on 01-13-16
- Current timeline:
  - First draft completed and ready for review by State Department Directors (including the Attorney General) by 11:00 am on 01-14-16
  - State agency reviews due back by 1:00 pm on 01-14-16 for revision of the draft
  - Revised draft to Captain Kelenske by 2:00 pm on 01-14-16 for review and forwarding to the Governor for final review
  - Final draft (based on Governor's review) submitted to FEMA Region V Administrator by no later than cob 01-14-16 but hopefully sooner. FEMA is aware and ready to receive.

Requests and potential response from FEMA/President

- The letter will request all programs eligible under the Stafford Act including Public Assistance, Individual Assistance, Hazard Mitigation, FEMA's coordination of assistance from other Federal agencies and direct assistance from FEMA
- The letter will also request potential direct reimbursement from other Federal agencies such as EPA, CDC, HUD, DHHS and SBA
- This request is in coordination with the request for Non-Stafford Act federal assistance already requested and received by the State (technical assistance and administration, but no direct reimbursement of disaster costs)
- Direct Federal assistance from FEMA in the form of Individual Assistance to homeowners for household repairs (repair and/or replacement of water service lines and Other Needs Assistance to reimburse for water filters, bottled water, etc.) is a possibility
- Direct Federal assistance from FEMA in the form of Public Assistance is not as likely as it is mostly replacement of publicly owned water distribution lines (and not the direct result of damage from a natural cause)
- If Stafford Act assistance is denied (Public Assistance, Individual Assistance and Hazard Mitigation) FEMA could still provide coordination of assistance from other Federal agencies if the President declares a disaster (or emergency) for the State of Michigan

Key items for tomorrow to note are:

- The door to door teams will continue at 9 a.m. – 5 p.m. Thursday morning and continue through the weekend.
- We will continue to ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas and additional data is being analyzed to focus mission areas.
- MNG will have a press event at the armory with incoming soldiers and MG Vadnais.

Items to Note

- Received information that Rev. Jesse Jackson will be in town 1/17/16 at 1:30 at the Heavenly Host Church of the Harvest of Dartmouth St, Flint.
- Managed and corrected misinformation on NG role.
- Senator Ananich is stopping by the SEOC tomorrow morning 0845. I am meeting with him and his Chief of Staff. Short visit as he has a 0930 at the Capitol.
- Working with Comcast so they can put teams in the field for distribution.
- Penske is going to give us 15-20 trucks over the weekend.
- Contact made with Two Men and a Truck for resources.
- Meeting set with Google where they will brief me and key staff potential tasks.
- Coordinated with Flint Mass Transportation Authority (MTA) to include Fire Station PODs on bus routes.
- Tomorrow I will have a projection as to the number of teams needed to get all citizens filters in their homes in 5 days / 3 days.
- We are standardizing team structure and supply deployment to increase efficiencies. Mission Ready Package (MRP) specifications will be sent out for other entities to assist with door to door. They will then be able to arrive as a MRP, get supplies, receive a mission location and deploy.
- 5 Water Response Teams were in the field again today. Below are the numbers from the 2 days of just the Water Response Teams (there are paper copies with data still to be entered from the PODs). I was just briefed by the ARC logistics planner and there are efficiencies we can put in place to increase homes touched per day. The next version of the app will provide more granular details. Additional 30 tablets were configured by DTMB today for field implementation to include use in the PODs.

	Total	1/12/2016	1/13/2016
Occupied Homes	533	242	291
Vacant Homes	238	152	86
Total Homes	**771**	**394**	377
Resources			
Door Hangars	473	217	256
Water	265	117	148
Filters	235	112	123
Pitchers	9	3	6
Water test kits	92	48	44
Replacement Filter	93		93
Total Resources Dispersed	**1167**		
Future sample test site	62	28	34

- We show 17,276 residences with filters (this does not include data entry to be completed from POD or other locations).
    - We have 35,378 service hookups but with apartments, multi residence dwellings, etc we would be around 45,000.
- Logistics Support
    - The American Red Cross Logistics Planner provided me a brief and I approved the plan forward. The current plan includes:
        - Mission – A filter in every home ASAP.
        - 4 Distribution Methods
            - PODs (5)
            - Water Response Teams (20 effective tomorrow and this will increase)
            - Local EOC "Hot Shots" (these are calls for functional needs, unable to get to a POD location due to ??, etc). Personnel dispatched with supplies.

- Local EOC support for other local requests (Faith based for distribution, etc.)
- Three warehouse locations at this time
- How to better leverage ARC resources

- Supplies – Daily Numbers
  - Replacement Cartridges - 30,700 delivered.
  - Water (cases) - 19,152 cases delivered

- *Budget projection completed and will be submitted to SBO for review.*

- Notes from Water Response Team Command (MSP)
  - Very good synergy between Flint Post troopers and Genesee County Sheriff command and deputies in effective and efficient deployments for distribution efforts.
  - Great attitude and efforts by uniforms and volunteers to make important contributions to the City of Flint on water response team deployments.
  - Clear direction and coordination in the field of supply teams by lieutenants and troopers. No confusion. Clearly defined roles.

All personnel continue to be fully committed to fixing this as quickly as possible.

Chris

Update 1/12/16 – 8th Day (7th Full Day) After Governor's Declaration of an Emergency

I apologize in advance for the length of this report. With the supply issues we had the last couple of days I wanted to share our inventory plus what we anticipate to ensure we do not have supply issues.

Mission focus for the day:
- Receive, store and increase quantities of supplies
- Fine-tune logistics
- Increase and deploy door to door teams (4 state teams added to teams from the Sheriff's Department)
- Increase collaboration and messaging of collaboration with local agencies (specifically the Sheriff's Department)

Attached Documents:
- SitRep 7
- Executive Order Activating the National Guard

Key items for tomorrow to note are:
- The Governor signed an Executive Order activating the National Guard. Mission will be to relieve ARC volunteers at the PODs (Fire Stations) which will free up the ARC volunteers for door to door activities.
  - I have briefed the ARC Disaster Officer on this plan.
- The Governor requested, through FEMA Region V, support from the Federal Emergency Management Agency (FEMA) to bring together and identify other federal agencies that may have programs and funding that could be dedicated to assisting Flint as part of an interagency recovery plan. One of the existing LNOs has been identified as the POC for this. He will be a great liaison for the FWIACC.
- The door to door teams will continue at 0830 Wednesday morning and continue through the weekend and ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas.
- We will look at all commodities and see where we are and where we need to be while working with the ARC logistics specialist.

Items to Note

- PSA video sent out to Flint citizens on resources available.

- Water
  - Today's numbers - 7,824 cases of water arrived today, 1/12/16 (109 pallets)
  - Ordered:
    - 19,152 cases of water are going to arrive Wednesday, 1/13/16 (266 pallets)
      - 1/3 is going to GCCARD and the rest is going to the new warehouse
    - 12,768 cases to arrive daily beginning Thursday through Saturday (177 pallets a day)

- Filters
  - Today's numbers
    - Ordered on 1/11/16 and delivered 1/12/16 direct to GCCARD
      - 2,000 – Brita filter faucet mounts
    - Filter Replacements
      - 2,400 – Brita filter replacements (single pack)
      - 8,000 – Brita filter replacements (two pack)
  - *Ordered on 1/12/16 to arrive Wednesday*
    - Faucet Mounts – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
      - 10,000 – PUR Vertical faucet mount
      - 2,500 – PUR Horizontal mount
    - Replacement Filters – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
      - 10,000 – PUR replacement filters (3 pack)
      - 10,000 – PUR replacement filters (single pack)
    - PUR Combination Pack – to be delivered to GCCARD on 1/13/16 (Wednesday)
      - 10,700 – PUR combo packs

- To arrive Thursday
  - Zero Water Pitcher (8 Cup) – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 1,300 – Zero Water pitchers
  - Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 11,000 – PUR vertical faucet mount
    - 1,500 – PUR Horizontal faucet mount
    - 5,000 – Brita faucet mount
    - 10,000 – Brita adv faucet mount white
    - 12,000 – Brita adv faucet mount chrome
  - Replacement Filters – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 117,600 – PUR replacement filter

- Test Kits
  - 6601 unassembled kits arrived at GCCARD today, 1/12/16.
  - 500 have been assembled and are ready for distribution
  - 1000 additional unassembled kits have been ordered to be delivered at GCCARD (no ETA yet)
  - 10,142 unassembled kits to arrive at GCCARD early next week

- Second warehouse – Located in Flint
  - *100, 000 square feet of secure warehouse obtained.*
  - Accepting commodities beginning Wednesday, January 13

- Logistics Support

- The American Red Cross Logistics Planner arrived from DC today as requested. I outlined what her mission was and how I saw the progression forward. This logistics planner will assist in streamlining the inventory and distribution process now and into the future.

- Door to Door Numbers
  - Today the app implementation for the field went extremely well. There were a few issues that were quickly addressed. One related to how form fields should be filled out. Another was getting styluses for teams so that they don't have to remove their gloves in the cold. All very simple to fixes.
  - We are working on version 2.0 so this can be used at the PODs
  - We should be able to greatly optimize distribution in the near future as we mapped the active water subscribers from Flint's DPW and are adding them to the field team members apps. Of the ~56,000 possible addresses, this reduces the number of possible homes to visit down to ~29,000.
  - Notes from the field commander:
    - "Today we started out the day using two groups that consisted of approximately 10 people in each group. We eventually combine groups with Genesee County Sheriff's group and they brought two more groups with approx. 10 people (Local UAW) in each group. This made us a lot more efficient and we were able to set up a game plan. Tomorrow I feel we will be more efficient and we will have a better plan in place to get the maximum output out of our resources."
  - In the end, there were 394 total home visits with the following breakdowns:
    - 217 Door Hangers
    - 152 Vacant Homes
    - 117 Water Distributions
    - 112 Filters
    - 3 Pitchers
    - 48 Water Test Kits
- 211
  - CALL VOLUME:
    - 185 calls for water-related issues had been received as of 4:45 pm.

- Logistics made contact with Comcast and will be supplying them with filters and replacement cartridges for their deliveries in their work trucks as they make services calls. They will follow our procedures for reporting (our checklist).

Chris

Update 1/11/16

The focus today was the media event and getting the supplies and logistics on track. Most of the activity today was working on logistics for the water and other supplies.

Attached Documents:
- SitRep 6

Key items for tomorrow to note are:
- The door to door teams will start at 0830 Tuesday morning. It is reported that troopers are going to the door but DHHS employees are the lead with a troop car nearby.
  - State and local GIS created an App today for the teams to use tomorrow but I see potential use at distribution sites.
  - The App data will be used for our maps as we survey the public/distribute supplies and we will be getting real time metrics through the site from the field send back to the SEOC. We are using Android tablets tomorrow but in the future can use any mobile device for this.

Items to Note

- It was reported that only one POD (Station 5) was out of water longer than 30-45 minutes. This site was ~2 hours without water and part of that was the truck went to the wrong station. Trucks were sent as soon as the local EOC was notified.
- We also did not receive a DHHS shipment that was to come in which caused some filter delivery issues.
- Supplies are limited at this time; however, we are getting our shipments starting at 0630 tomorrow.
- We have Home Depot giving us 12,768 cases (this was a late development so the SitRep indicates half the amount) of water every day starting tomorrow. We are still working with other distributors too.
- ARC is flying in a logistics planner tomorrow. Three additional staff with be with her to shadow and help. We are turning warehouse logistics over to ARC logistics. We are moving tomorrow to a process that has a distribution center (GCCARD) and a warehouse that is 100,000 square that will maintain mass quantities. Staff has continually been placing orders for supplies to ensure we get a head of this. The intent is to keep the warehouse full so we do not have these continual issues of supplies.
- Began mapping lead service lines (anticipate having draft of lead service lines Friday).
- Coordinated with local IT managers overseeing filter tracking system to streamline data collection.

Local Emergency Operations Center

- Working to coordinate resources at the local level to maintain adequate supplies at all PODs.
- Demand has exceeded supplies and supplies are moving rapidly from PODs today. Working to make sure POD managers notify us when they start running low.
- Working to establish a warehouse for local resource storage.
- Established trigger points for resources at PODs and hourly inventory reporting from the PODs.
- Discussed potential long term water sources between local EOC and SEOC.
- Established planning cycle/meeting scheduled for 1/12/16.
- Local EOC EMHSD staff with Natasha Henderson to request deployment of City representative at local EOC.

Chris

Update 1/10/16

Attached Documents:

- SitRep 5
- Door card (English version but Spanish version will be ready for Tuesday)

I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

2. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; however, there may exist opportunities

to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

- We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.
- A major disaster is defined in the Stafford Act as any ***"nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."***
- An emergency declaration is ***"is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."***
    - This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.
- Severity of the situation is ***"A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....***
- Nature of assistance for Emergency Declaration is for ***"Debris removal, emergency protective measures, direct federal assistance...."***
    - Debris Removal = ***self-explanatory and we do not have this***
    - Emergency Protective measures = ***water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)***
    - Direct federal assistance= ***what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.***

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.
- Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
- Media event with the Governor in Flint.
- New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:
    1. Ensure all households within impacted community have required resources.
    2. Ensure accurate tracking and accounting of all commodities.
    3. Improve and maintain public information strategy.
    4. Develop a long term public health and services plan.
    5. Ensure adequate staffing to support operational requirements.
    6. Identify possible assistance programs.
    7. Develop an approved GIS strategy.
    8. Maintain coordination between partner agencies and organizations.
    9. Enhance situational awareness and common operating picture of all activities.
    10. Develop a comprehensive Recovery Plan.

Items to Note

- All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.

- Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
- The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
- The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
    - Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
    - The door card is attached that will be left if no one is home.
- Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
    - GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
- GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
    - 12,386 filters
    - 1,985 replacement filters
    - 354 Pitchers
    - 2500 Lead Testing Kits
- Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
    - Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
    - We have ordered an additional (expedited delivery with ETAs tomorrow)
        - 40,000 Brita Filters
        - 40,000 Brita Replacement Filters
        - 1000 Zero 8-Cup Pitchers
        - 1000 Zero 8-Cup Pitchers
        - 2000 PUR Replacement Filters
        - 93 Pallets of water (about 6700 cases)
- GIS continues to produce multiple maps for use.
- JIC Items
    - Requested PSA on the radio. Media has been approved and working with MAB.
    - Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
    - A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
        - Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
        - JIC moving tomorrow to Flint.

<u>Local Emergency Operations Center</u>

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

<u>Fire Station Inventory Levels:</u>
Station 1:

- Only time without supplies - 15 minutes without water while the truck was unloaded.

Station 3:

- Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.

Station 5:

- Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
- Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.

Station 6:

- Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District, load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.
- 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.
- We received news that a reverse 9-1-1 call notified residents of water which caused an unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.

Station 8:

- Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
- Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
- Reports received that the last couple of hours were slow.
- Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

- United Way set up meeting with Food Bank to discuss.
- Had EOC meeting on this topic to discuss options.

Churches:

- All 9 churches received waters, filters, and informational bulletins.
- Lt Roach received positive feedback from 3 of the pastors.
- No complaints were received.

Signage:

- Provided information to SEOC on signage requirements at the fire stations.

Storage:

- Researched storage spaces; established temporary site at GCCARD.

Personnel:

- Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
- Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.
- Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

Chris

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

Items to Note

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information … I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.
- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.

- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.
    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
        - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.
    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.
- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

    - DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
    - 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
    - Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur

early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.
- A Volunteer Management Coordinator is in the Genesee County EOC as of today.
- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.
- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.
- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.
- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.
- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.

- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
  - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504
  - Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
  - Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – *Water Testing Protocols***
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination, command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the *objectives below but the tactics to accomplish them is in the attached if you want further information.*
    1. Activate the State Recovery Task Force (SRTF).
    2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
    3. *Obtain and maintain situational awareness and common operating picture of all activities.*
    4. Establish SEOC operational period and hours of operations.
    5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
    6. Develop a comprehensive GIS strategy.
    7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
    8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
    9. Provide technical assistance to the local Damage Assessment process.
    10. Establish a Joint Information Center (JIC) and develop a public information strategy.
    11. Monitor MI CIMS for resource requests and address as appropriate.
    12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
    - Determine what federal agencies are already involved and their status
    - Identify potential water supplies

- Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
- Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
- Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
  - This included information on the SEOC activation and a 0900 briefing for SEMCs.
  - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.

- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- *Situation Reports (SitReps) will be provided in the evenings.*
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Nearly 5,000 Flint Homes Visited Today by Water Response Teams

FOR IMMEDIATE RELEASE
January 17, 2016

For more information contact:
Joint Information Center 888-EMD-TODAY (888-363-8632)
Release #: 07

FLINT, Mich. – Today, the water response teams distributed resources to nearly 5,000 Flint homes providing residents with free bottled water, filters, replacement cartridges and water testing kits.

To date, more than 16,300 homes have been visited by the water response teams, comprised of local and state personnel, American Red Cross and volunteers.

Resources and efforts continue to expand with more volunteers and additional National Guard members. By tomorrow, approximately 70 National Guard members will be stationed in Flint to hand out water resources at fire stations, which is more than double the current commitment.

"We sincerely appreciate the efforts of the volunteers who continue to turn out to support this operation," stated Capt. Chris Kelenske, deputy state director of emergency management and homeland security and commander of the Michigan State Police Emergency Management and Homeland Security Division. "As we continue to streamline and improve our distribution system, we're able to reach more homes; visiting almost 1,000 more residences today than yesterday."

Since January 9, the following resources have been distributed to residents, both at the water resource sites and by the water response teams, in addition to donations:

•More than 26,500 cases of water
•More than 50,200 water filters
•More than 4,700 water testing kits

The State of Michigan has purchased the following resources, since January 5, which will continue to be delivered to Flint over the coming days:

•Nearly 57,500 cases of water
•More than 108,500 filters
•Nearly 29,000 water testing kits

To help enhance the water testing process, Flint residents can now drop-off water samples at the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

The water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Road
Flint, MI 48506

Fire Station #6
716 West Pierson Road
Flint, MI 48505
Fire Station #8
202 East Atherton Road
Flint, MI 48507

The state of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater or by calling 211.

###

NOTE: ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632).

Attachments: The attached photos are from the state's resource distribution center, where bottled water, water filters, cartridges and water test kits are being received prior to dissemination to water resources sites and water resource teams.

Subject: Sunday Jan. 17 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | SUNDAY, JANUARY 17, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

WATER RESOURCES DISTRIBUTION
To date, more than 11,300 homes have been visited by the water response teams, comprised of local and state personnel, the American Red Cross and volunteers. Over the course of the holiday weekend, Flint residents and approximately 300 state employees and their family members are volunteering to help increase door to door efforts.

The following resources were distributed from Jan. 9 - Jan. 16 through door to door efforts and at water resource centers:

- 20,876 Cases of bottled water
- 47,935 Water filters
- 167,401 Water filter replacement cartridges
- 3,322 Water testing kits

To help enhance the water testing process, Flint residents can drop-off water samples to the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

REMINDERS

- For Flint water assistance, donation, or volunteer information: Dial 211 or visit www.mi.gov/FlintWater
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water. Only run cold water through the water filter and use filtered water for drinking and cooking.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges for water filters
- Water testing kits pick-up
- Drop-off location for water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing 211 please call the Governor's office directly at 517-335-7858.**

Media invited to get photos and video of warehouse where water resources are housed, distributed

FOR IMMEDIATE RELEASE
January 17, 2016

For more information contact: Joint Information Center
888-EMD-TODAY (888-363-8632) JICNews@Michigan.gov

DATE:
Sunday, Jan. 17, 2016

TIME:
3:30 p.m.

WHO:
Spl/F/Lt. Dave Kaiser, Michigan State Police
Capt. Casey Tafoya, Genesee County Sheriff's Office
Ms. Shawn Scott-Fitzgerald, American Red Cross and Warehouse Manager

WHERE:
4315 N. Clio Road
Flint, MI 448504

WHAT:
Media will have an opportunity to tour the warehouse and get photos and video of where water resources for Flint residents are being housed and distributed including bottled water, water filters, replacement cartridges, and water testing kits.

Representatives will be available for interviews following the tour.

Public information and updates can be found at www.michigan.gov/flintwater. Efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County and local community organizations.

###

ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632) or JICNews@michigan.gov.

Subject: 2-1-1 Flint Water Response Daily Update for Friday, January 15, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Friday, January 15, 2016

GENERAL INFORMATION:

- Central Michigan 2-1-1 will be closed for the MLK weekend. Gryphon Place 2-1-1 in Kalamazoo is the regular overnight provider for the region and is providing coverage through 7:00 am Tuesday morning. Michigan 2-1-1 partners have coordinated resources to ensure capacity is in place to handle any short-term increase in call volume with backup assistance from in Detroit and Grand Rapids 2-1-1 providers.
- There continues to be a fairly high level of frustration expressed by some callers who find the response times from agencies to be slower than they like. 2-1-1 works with these callers to manage expectation about response times and de-escalate angry/upset callers.
- **HOLIDAY CLOSURE NOTICE:** The Genesee County Health Department will be closed Saturday – Monday for the MLK holiday. DHHS Office of Public Health Emergency Preparedness (OPHEP) will be staffing a toll-free line to respond to callers with health concerns (both water quality and Legionella).
    - OPHEP asked to limit sharing of their number to only callers expressing a health concern.
    - Please use the following language Saturday-Monday when giving out the number this weekend: *"The Genesee County Health Department at 810-787-6537 can answer your health questions. While they are closed for the holiday weekend, trained DHHS health professionals are available 8am – 5pm at* 888-535-6136 *to answer your questions.*
    - After reports from callers that they could not get through to Genesee Health Department, 2-1-1 learned GHD was closed on Friday due to furloughs. Follow up with DHHS OPHEP confirmed the DHHS number was active today and 2-1-1 began referring callers to this number around 12:00 pm.

☐ **Can 2-1-1 get a calendar of any future furlough closures for Genesee County government so we can properly refer callers?**

- An unknown source is sending text messages telling people to call 2-1-1 for free water filters. We received two calls between 4:30 – 5:15 with this message, including one from Ionia County. 2-1-1 are working to track down the source of these texts.

CALL VOLUME:

- Overall call volume was lighter today. Total requests for assistance from Saturday through 5 pm on Friday was 1,660 with the highest volume documented on Wednesday-Thursday. There were only two (2) calls seeking information on Legionella.

☑ 2-1-1 tested a solution to provide real-time data on Flint call volume to the JIC. We will be ready to deploy on Tuesday, January 19 after a brief training for JIC staff.

- 2-1-1 has created a file tracking daily call volume. This is available to the JIC. Contact Tom Page at tpage@uwmich.org for details.

	Flint Water	Referrals	Unmet Needs	Total
Saturday	1/9/2016	62	2	**64**
Sunday	1/10/2016	39	6	**45**
Monday	1/11/2016	224	64	**288**
Tuesday	1/12/2016	193	51	**244**
Wednesday	1/13/2016	319	24	**343**
Thursday	1/14/2016	373	26	**399**
Friday @ 5pm	1/15/2016	241	36	**277**

SPECIAL NEEDS/REQUESTS

- 2-1-1 provided the Sheriff's office with the list reported yesterday of homebound residents needing bottled water for medical devices. The sheriff's office is working to find a solution to this need.
- Per a request from the Sheriff's office on Friday afternoon, 2-1-1 has stopped referring caller to the department to schedule water filter delivery. 2-1-1 is collecting contact information from residents needing water filter delivery and will provide a delivery list at least once per day. Jennie Pollak will continue to provide this list to the Sheriff over the MLK holiday.
  - ☐ No solution found yet for a paralyzed man who needs a water testing kit delivered.his health worker a fire station to pick up a water testing kit, but there were none available. He needs a test kit delivered since he is homebound when he does not have an aide available. 2-1-1 has this contact information.
  - ☐ As first reported on 1/14/16, 2-1-1 continues receiving calls from elderly residents in senior apartment complexes (non-subsidized) needing water resources delivered. They cannot carry bottled water with canes or walkers, nor stand in line for extended periods.
- Water testing kits instruct residents to take water kits to City Hall or a Water Department site. 2-1-1 has received calls that some state police are telling homebound to call 2-1-1 for test kit pick up. **2-1-1 does not have a resource identified to pick up test kits.** 2-1-1 is scheduling follow up calls to check on status of these kits.
  - As reported Wednesday the Plumbers and Pipefitters Union providing free water filter installation to homebound residents needing assistance.
  - ☑ A protocol is in place for 2-1-1 to forward requests for help with filter installation to the Sheriff's Department, which is coordinating with plumbers to install the filters. Criteria for this assistance are "loose" and include seniors, disabled, or 'general difficulty'.

- **FOLLOW-UP:** Wednesday's update included questions about identification for door-to-door canvassers. On Thursday the JIC Manager confirmed that "All teams have at least one MSP trooper or sheriff's deputy in a marked patrol unit accompanying them."
  - ☐ 2-1-1 has heard from several callers expressing concerns law enforcement is either providing or accompanying all deliveries of water resources to qualifying residents. **One wheelchair bound man demanded to be removed from the filter delivery list due to fear of the police.** 2-1-1 attempted to provide reassurance, but the caller was adamant being removed.

RUMOR CONTROL

- 2-1-1 is still receiving several calls per day with concerns about lead in the bottled water being distributed.
  - On 1/14/15 a caller reported using his testing kit to check three different bottles of water at the fire station. ***Two of the three bottles tested positive.*** He showed the result to a national guard member at the station and received "a dismissive response".

Nearly 4,000 Flint Homes Visited Today by Water Response Teams

Residents Can Drop-off Water Samples to Water Resource Sites

FOR IMMEDIATE RELEASE
January 16, 2016

For more information contact:
Joint Information Center 888-EMD-TODAY (888-363-8632)
Release # 6

FLINT, Mich. – Today, the water response teams distributed resources to nearly 4,000 Flint homes providing residents with free bottled water, filters, replacement cartridges and water testing kits.

To date, more than 11,300 homes have been visited by the water response teams, comprised of local and state personnel, American Red Cross and volunteers. Over the course of the holiday weekend, Flint residents and approximately 300 state employees and their family members are volunteering to help increase door to door efforts.

In addition, the Michigan National Guard is dedicating more personnel to assist with distribution efforts at the five water resource sites. Beginning on Monday, January 18, approximately 70 National Guard members will be handing out resources at the fire stations, which is more than double the current commitment.

Since January 9, the following resources have been distributed to residents, both at the water resource sites and by the water response teams, in addition to donations:
•Nearly 20,900 cases of water
•Nearly 48,000 filters
•More than 3,300 water testing kits

The State of Michigan has purchased the following resources, since January 5, which will continue to be delivered to Flint over the coming days:
•Nearly 57,500 cases of water
•More than 108,500 filters
•Nearly 29,000 water testing kits

To help enhance the water testing process, Flint residents can drop-off water samples to the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

The water resource sites will remain open daily from 9 a.m. to 9 p.m. and are located at:
Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Road
Flint, MI 48506

Fire Station #6
716 West Pierson Road
Flint, MI 48505

Fire Station #8
202 East Atherton Road
Flint, MI 48507

Today, President Barack Obama declared a federal emergency in Flint, based on Gov. Rick Snyder's request made on Thursday, January 14, providing resources to help provide residents access to safe, clean water

The state of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater or by calling 211.

Subject: SEOC Update 1/16/16 - Flint Water - Limited Distribution
Attachments: SitRep11 Flint Water.pdf

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/16/16 – 12th Day (11th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to prepare for engagement following the Presidential Emergency declaration

Attached Documents:

- SitRep 11

Status on Governor's request letter to the President:

- Emergency declaration received. Federal Coordinating Officer (FCO) is David Samaneigo (Sam) who has been my LNO from FEMA. We began discussions on a transition to FEMA support last night. His team is headed to MI at this time and we will have our first coordination meeting on Sunday.
- The request for a Declaration of a Major Disaster was denied. FEMA advised this event does not fit the legal definition of a major disaster (natural incident or fire, flood, or explosion). This information has been provided since prior to the event to elected officials in Flint and the legislature. We are reviewing the chances for an appeal and I have already discussed this with the FCO.

Key items for tomorrow to note:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
- I will be back on duty Sunday.
- We have been working with some of the churches. Contact was made with 14 churches for Sunday distributions. Interaction with the pastors has been very positive.
- A logistics briefing will be provided to see how many more teams we can put in the field.

Items to Note

- LT Gov visited the local EOC today; discussed local EOC operations.
- Deployed 11 state teams and 10 ARC Flint Water Response Teams to the field today.
- DEQ sampling kits are now being received at the PODs.
- DEQ sampled two Head Start facilities and worked with GIS to obtain future sample sites.

- The Freeman School pilot was delayed due to some parts not arriving as scheduled. Testing was to be done Sunday but may not occur until Monday.
- NG will have a total of 78 personnel in the PODs for distribution. Mission has not changed.
    - 34 NG soldiers have been in the PODS. 38 more processing in tomorrow with start date of 1/18 in the PODS. The TAG and I will be discussing future use of NG personnel door to door next week.
- Information reported to the JIC:

    - <u>As of 1/16/16 7pm (start date was Tuesday, 1/12/16)</u>

        1. 11,324 homes visited by the FWRTs to date. We believe we have ~24,000 homes with filters; still trying to validate. This is from the data we received prior to the SEOC activation plus the PODs and door to door operations since activation. 3,850 homes were visited today (4,000 was the goal).

        2. Distributed:
            a. Number of cases of water 20,876
            b. Filters 47,935
            c. Filter cartridges 167,401
            d. Test kits 3,322

        3. Total number of customers on the Flint water system
            a. 29,944 paying customers
            b. 45,000 hookups (This is our high end target #)
            c. 39,000 includes apartment complexes (The is the low end target #)

        4. Resources purchased:
            a. Cases of water 57,456 (additional 12,884 donated)
            b. Filters 108,520
            c. Filter cartridges 239,081
            d. Test kits 28,901

        5. Teams going out tomorrow:
            a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
            b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

<u>Local EOC</u>

Operations:

- Provided direction to Operations and Logistics Section to initiate water sample collection at PODs.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional churches were supplied with water, filters and test kits.
- Still concerned about people going to every fire station and collecting water/filters.
- Station #6 (POD) has associated safety concerns due to proximity of street and lack of suitable parking. We are working to resolve.

Subject: SEOC Update 1/15/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/15/16 – 11th Day (10th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Pilot the logistics plan and adjust as needed
- Continue with door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to ensure we get a Presidential Declaration of a Major Disaster and Emergency

Attached Documents:

- SitRep 10

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. Numerous calls and meetings took place between me and FEMA today.
- When we get the declaration(s) ... I will set up a legislative/congressional call to explain and provide bullet points as to what programs we will received. The Federal Coordinating Officer assigned will also be with me to answer questions. This has helped in the past.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
  - A pilot team was used to test our logistics plan today and with 60% strength they had 160% output (830 homes).
- I will be off tomorrow but available by cell. Tony Katarsky will be SEOC State Director. I will be back in on Sunday.

Items to Note

- LT Gov visited the local EOC and SEOC today. He was able to hear our final briefing for the day.
- Held a short session managing stress with SEOC staff. Two handouts were put in MICIMS for all state and local personnel to view.
- Deployed 10 state teams and 5 ARC Flint Water Response Teams to the field today.
- Standing requirements were created for the JIC so we can get information to the media every day. Below are the current ones we have in place and we should have something out tonight according to the JIC.

  - As of 1/15/16 as of 7pm (start date was Tuesday, 1/12/16)

1. 7474 homes visited by the FWRTs. We believe we have ~24,000 homes with filters but are trying to validate that information. This is form the data we received from prior to the SEOC activation plus the PODs and door to door operations since activation.

2. Distributed:
   a. Number of cases of water 18,576
   b. Filters 45,916
   c. Filter cartridges 165,382
   d. Test kits 3,217

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 44,688 (additional 12,884 donated)
    b. Filters 78,520
    c. Filter cartridges 163,081
    d. Test kits 18,761

5. Teams going out tomorrow:
    a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Home Deliveries:

- Still receiving lists from the Valley Area Agency on Aging (VAAA) on home deliveries and forwarding these to the Sheriff's office. They are going through a lot of homes. 120 out of 125 homes were completed yesterday.

Operations:

- We sent staff to visit Fire Station 6 and the warehouse today. Fire station 6 traffic was congested and that was during a "slow" time. The National Guard is identifying what is needed to alleviate this. MSP is working on providing uniform presence as needed. An additional iPad at each location will hopefully help relieve the amount of time that people are spending at the distribution sites.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional requests from churches were made and I approved the locations so they could be ready for Sunday. Lt. Roach was told by one of the pastors that he met with the Gov today and expressed how much he appreciated the efforts put forth. We should have 14 for this Sunday. We are working on how we can increase this output.
- Still concerned about people going to every fire station and collecting water/filters. NG personnel observed vehicles with several cases of water an overheard saying they were heading to the next station. Some people were helping themselves and taking more than one case at a time. Per the NG they cannot physically stop people from doing so. The NG is going to try to change staging in the fire stations to try to prevent this.
- Flint PD is going to check in every day with the EOC and provide a specific contact person. They are also going to help with traffic issues at the PODS. Will ask Flint PD to provide a presence when water is off loaded at a POD to help prevent people from "helping themselves."

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/14/16 – 10th Day (9th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and finalize lease on warehouse space/begin to move supplies from GCCARD to new warehouse
- Continue with door to door teams and finalize planning for future team use
- Submit request for a Presidential Declaration of a Major Disaster and Emergency

- Continue to work on long term recovery items (DHHS, DEQ, MDARD)

Attached Documents:

- SitRep 9

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. I had a lengthy conversation with the FEMA Region V Administrator reference the request prior to sending.

Key items for tomorrow to note are:

- The door to door teams will continue in the morning.
- We will continue to ramp up door to door operations with additional teams. Teams continue to focus on the high lead level areas and additional data is being analyzed to focus mission areas.
- ARC will increase the number of their Water Response Teams.
- Supply burn rates as well as projections on how many teams will be needed to put filters in all homes within 3 and 5 days will be completed. Analysis will be done to see in NG personnel may be needed to finish in quicker manner.

Items to Note

- DEQ was notified of the number of homes who are willing to have them take additional samples in the future (current number (114). This question was added to the App being used by the Water Response Teams. Data will be provided when needed.
- LT Gov is scheduled to be at the local EOC and SEOC (~4:30) tomorrow to see the operations.
- Secured 80,000 sq. ft. of a warehouse today. Working to consolidate all resources in one location. Tomorrow will be the first day of full implementation of our logistics plan.
- Email sent to state employees to request volunteers for weekend.
- Media monitoring showed no incorrect information today.
- Michigan Association of Broadcasters is sending PSA to radio stations.
- Coordinating with Red Cross on volunteers for weekend.
- Deployed 8 Water Response Teams to the field today (approx. 120 volunteers). 78 Red Cross volunteers active across the operation today.
- National Guard is ramping up to have 3 soldiers per shift at each POD tomorrow. Will also have a Public Affairs Officer at the JIC and liaison at the local EOC.
- Senator Ananich visited the SEOC today to see how things operate. The visit went well and he seemed happy with the number of staff working the Flint event. He tweeted out a message indicating there is still a lot of work to be done but all are working hard.
- DHHS
    - The Community Health Emergency Coordination Center (CHECC) is working on the following:
        - A nutrition plan
        - Education materials, messaging, and working with local agencies
        - Developing a community assessment for disaster behavioral health services.
- Lined up the delivery of filters to two large apartment complexes and a student housing complex.
- We have the list of individuals needing home service (additional contacts will be sent to the Ops Chief at the Local EOC each day at 4:00). Info will be provided to the sheriff's office for action.
- Water Response Team Numbers (this is not the total of homes with filters – I will provide that number tomorrow but it appears we have filters in over half the residences):

	TOTAL	1/12/2016	1/13/2016	1/14/2016
Occupied Homes	1450	242	492	716
Vacant Homes	1967	152	161	1654
Total Homes	**3417**	**394**	653	2370
Resources				

Door Hangars	1487	217	453	817
Water	588	117	254	217
Filters	945	112	220	613
Pitchers	22	3	13	6
Water test kits	217	48	109	60
Replacement Filter	482		137	345
Total Resources Dispersed	**3741**			
Future sample test site	114	28	34	52

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/13/16 – 9th Day (8th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and close lease on warehouse space
- Continue with door to door teams and finalize planning for second wave increase (+15 teams – total for 1/14/16 will be 20)
- Continue to work on Governor's Declaration of an Emergency

Attached Documents:

- SitRep 8

Status on Governor's request letter to the President:

- All support data from state Agencies and local jurisdictions collected as of 6:00 pm on 01-13-16
- Current timeline:
    - First draft completed and ready for review by State Department Directors (including the Attorney General) by 11:00 am on 01-14-16
    - State agency reviews due back by 1:00 pm on 01-14-16 for revision of the draft
    - Revised draft to Captain Kelenske by 2:00 pm on 01-14-16 for review and forwarding to the Governor for final review
    - Final draft (based on Governor's review) submitted to FEMA Region V Administrator by no later than cob 01-14-16 but hopefully sooner. FEMA is aware and ready to receive.

Requests and potential response from FEMA/President

- The letter will request all programs eligible under the Stafford Act including Public Assistance, Individual Assistance, Hazard Mitigation, FEMA's coordination of assistance from other Federal agencies and direct assistance from FEMA
- The letter will also request potential direct reimbursement from other Federal agencies such as EPA, CDC, HUD, DHHS and SBA
- This request is in coordination with the request for Non-Stafford Act federal assistance already requested and received by the State (technical assistance and administration, but no direct reimbursement of disaster costs)
- Direct Federal assistance from FEMA in the form of Individual Assistance to homeowners for household repairs (repair and/or replacement of water service lines and Other Needs Assistance to reimburse for water filters, bottled water, etc.) is a possibility
- Direct Federal assistance from FEMA in the form of Public Assistance is not as likely as it is mostly replacement of publicly owned water distribution lines (and not the direct result of damage from a natural cause)

- If Stafford Act assistance is denied (Public Assistance, Individual Assistance and Hazard Mitigation) FEMA could still provide coordination of assistance from other Federal agencies if the President declares a disaster (or emergency) for the State of Michigan

Key items for tomorrow to note are:

- The door to door teams will continue at 9 a.m. – 5 p.m. Thursday morning and continue through the weekend.
- We will continue to ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas and additional data is being analyzed to focus mission areas.
- MNG will have a press event at the armory with incoming soldiers and MG Vadnais.

Items to Note

- Received information that Rev. Jesse Jackson will be in town 1/17/16 at 1:30 at the Heavenly Host Church of the Harvest of Dartmouth St, Flint.
- Managed and corrected misinformation on NG role.
- Senator Ananich is stopping by the SEOC tomorrow morning 0845. I am meeting with him and his Chief of Staff. Short visit as he has a 0930 at the Capitol.
- Working with Comcast so they can put teams in the field for distribution.
- Penske is going to give us 15-20 trucks over the weekend.
- Contact made with Two Men and a Truck for resources.
- Meeting set with Google where they will brief me and key staff potential tasks.
- Coordinated with Flint Mass Transportation Authority (MTA) to include Fire Station PODs on bus routes.
- Tomorrow I will have a projection as to the number of teams needed to get all citizens filters in their homes in 5 days / 3 days.
- We are standardizing team structure and supply deployment to increase efficiencies. Mission Ready Package (MRP) specifications will be sent out for other entities to assist with door to door. They will then be able to arrive as a MRP, get supplies, receive a mission location and deploy.
- 5 Water Response Teams were in the field again today. Below are the numbers from the 2 days of just the Water Response Teams (there are paper copies with data still to be entered from the PODs). I was just briefed by the ARC logistics planner and there are efficiencies we can put in place to increase homes touched per day. The next version of the app will provide more granular details. Additional 30 tablets were configured by DTMB today for field implementation to include use in the PODs.

	Total	1/12/2016	1/13/2016
Occupied Homes	533	242	291
Vacant Homes	238	152	86
Total Homes	**771**	**394**	377
Resources			
Door Hangars	473	217	256
Water	265	117	148
Filters	235	112	123
Pitchers	9	3	6
Water test kits	92	48	44
Replacement Filter	93		93
Total Resources Dispersed	**1167**		
Future sample test site	62	28	34

- We show 17,276 residences with filters (this does not include data entry to be completed from POD or other locations).
    - We have 35,378 service hookups but with apartments, multi residence dwellings, etc we would be around 45,000.

- Logistics Support
  - The American Red Cross Logistics Planner provided me a brief and I approved the plan forward. The current plan includes:
    - Mission – A filter in every home ASAP.
    - 4 Distribution Methods
      - PODs (5)
      - Water Response Teams (20 effective tomorrow and this will increase)
      - Local EOC "Hot Shots" (these are calls for functional needs, unable to get to a POD location due to ??, etc). Personnel dispatched with supplies.
      - Local EOC support for other local requests (Faith based for distribution, etc.)
    - Three warehouse locations at this time
    - How to better leverage ARC resources

- Supplies – Daily Numbers
  - Replacement Cartridges - 30,700 delivered.
  - *Water (cases) - 19,152 cases delivered*

- Budget projection completed and will be submitted to SBO for review.

- Notes from Water Response Team Command (MSP)
  - Very good synergy between Flint Post troopers and Genesee County Sheriff command and deputies in effective and efficient deployments for distribution efforts.
  - Great attitude and efforts by uniforms and volunteers to make important contributions to the City of Flint on water response team deployments.
  - Clear direction and coordination in the field of supply teams by lieutenants and troopers. No confusion. Clearly defined roles.

All personnel continue to be fully committed to fixing this as quickly as possible.

Chris

<u>Update 1/12/16 – 8th Day (7th Full Day) After Governor's Declaration of an Emergency</u>

I apologize in advance for the length of this report. With the supply issues we had the last couple of days I wanted to share our inventory plus what we anticipate to ensure we do not have supply issues.

Mission focus for the day:
- Receive, store and increase quantities of supplies
- Fine-tune logistics
- Increase and deploy door to door teams (4 state teams added to teams from the Sheriff's Department)
- Increase collaboration and messaging of collaboration with local agencies (specifically the Sheriff's Department)

<u>*Attached Documents:*</u>
- SitRep 7
- Executive Order Activating the National Guard

<u>Key items for tomorrow to note are:</u>
- The Governor signed an Executive Order activating the National Guard. Mission will be to relieve ARC volunteers at the PODs (Fire Stations) which will free up the ARC volunteers for door to door activities.
  - I have briefed the ARC Disaster Officer on this plan.

- The Governor requested, through FEMA Region V, support from the Federal Emergency Management Agency (FEMA) to bring together and identify other federal agencies that may have programs and funding that could be dedicated to assisting Flint as part of an interagency recovery plan. One of the existing LNOs has been identified as the POC for this. He will be a great liaison for the FWIACC.
- The door to door teams will continue at 0830 Wednesday morning and continue through the weekend and ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas.
- We will look at all commodities and see where we are and where we need to be while working with the ARC logistics specialist.

Items to Note

- PSA video sent out to Flint citizens on resources available.

- Water
  - Today's numbers - 7,824 cases of water arrived today, 1/12/16 (109 pallets)
  - Ordered:
    - 19,152 cases of water are going to arrive Wednesday, 1/13/16 (266 pallets)
      - 1/3 is going to GCCARD and the rest is going to the new warehouse
    - 12,768 cases to arrive daily beginning Thursday through Saturday (177 pallets a day)

- Filters
  - Today's numbers
    - Ordered on 1/11/16 and delivered 1/12/16 direct to GCCARD
      - 2,000 – Brita filter faucet mounts
    - Filter Replacements
      - 2,400 – Brita filter replacements (single pack)
      - 8,000 – Brita filter replacements (two pack)
  - Ordered on 1/12/16 to arrive Wednesday
    - Faucet Mounts – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
      - 10,000 – PUR Vertical faucet mount
      - 2,500 – PUR Horizontal mount
    - Replacement Filters – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
      - 10,000 – PUR replacement filters (3 pack)
      - 10,000 – PUR replacement filters (single pack)
    - PUR Combination Pack – to be delivered to GCCARD on 1/13/16 (Wednesday)
      - 10,700 – PUR combo packs

- To arrive Thursday
  - Zero Water Pitcher (8 Cup) – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 1,300 – Zero Water pitchers
  - Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 11,000 – PUR vertical faucet mount
    - 1,500 – PUR Horizontal faucet mount
    - 5,000 – Brita faucet mount
    - 10,000 – Brita adv faucet mount white
    - 12,000 – Brita adv faucet mount chrome
  - Replacement Filters – Delivering direct to GCCARD on 1/14/16 (Thursday)
    - 117,600 – PUR replacement filter

- Test Kits
  - 6601 unassembled kits arrived at GCCARD today, 1/12/16.
  - 500 have been assembled and are ready for distribution
  - 1000 additional unassembled kits have been ordered to be delivered at GCCARD (no ETA yet)

- 10,142 unassembled kits to arrive at GCCARD early next week

- Second warehouse – Located in Flint
  - 100, 000 square feet of secure warehouse obtained.
  - Accepting commodities beginning Wednesday, January 13

- Logistics Support
  - The American Red Cross Logistics Planner arrived from DC today as requested. I outlined what her mission was and how I saw the progression forward. This logistics planner will assist in streamlining the inventory and distribution process now and into the future.

- Door to Door Numbers
  - Today the app implementation for the field went extremely well. There were a few issues that were quickly addressed. One related to how form fields should be filled out. Another was getting styluses for teams so that they don't have to remove their gloves in the cold. All very simple to fixes.
  - We are working on version 2.0 so this can be used at the PODs
  - We should be able to greatly optimize distribution in the near future as we mapped the active water subscribers from Flint's DPW and are adding them to the field team members apps. Of the ~56,000 possible addresses, this reduces the number of possible homes to visit down to ~29,000.
  - Notes from the field commander:
    - "Today we started out the day using two groups that consisted of approximately 10 people in each group. We eventually combine groups with Genesee County Sheriff's group and they brought two more groups with approx. 10 people (Local UAW) in each group. This made us a lot more efficient and we were able to set up a game plan. Tomorrow I feel we will be more efficient and we will have a better plan in place to get the maximum output out of our resources."
  - In the end, there were 394 total home visits with the following breakdowns:
    - 217 Door Hangers
    - 152 Vacant Homes
    - 117 Water Distributions
    - 112 Filters
    - 3 Pitchers
    - 48 Water Test Kits
- 211
  - CALL VOLUME:
    - 185 calls for water-related issues had been received as of 4:45 pm.

- Logistics made contact with Comcast and will be supplying them with filters and replacement cartridges for their deliveries in their work trucks as they make services calls. They will follow our procedures for reporting (our checklist).

Chris

<u>Update 1/11/16</u>

The focus today was the media event and getting the supplies and logistics on track. Most of the activity today was working on logistics for the water and other supplies.

<u>Attached Documents:</u>

- SitRep 6

<u>Key items for tomorrow to note are:</u>

- The door to door teams will start at 0830 Tuesday morning. It is reported that troopers are going to the door but DHHS employees are the lead with a troop car nearby.
    - State and local GIS created an App today for the teams to use tomorrow but I see potential use at distribution sites.
    - The App data will be used for our maps as we survey the public/distribute supplies and we will be getting real time metrics through the site from the field send back to the SEOC. We are using Android tablets tomorrow but in the future can use any mobile device for this.

Items to Note

- It was reported that only one POD (Station 5) was out of water longer than 30-45 minutes. This site was ~2 hours without water and part of that was the truck went to the wrong station. Trucks were sent as soon as the local EOC was notified.
- We also did not receive a DHHS shipment that was to come in which caused some filter delivery issues.
- Supplies are limited at this time; however, we are getting our shipments starting at 0630 tomorrow.
- We have Home Depot giving us 12,768 cases (this was a late development so the SitRep indicates half the amount) of water every day starting tomorrow. We are still working with other distributors too.
- ARC is flying in a logistics planner tomorrow. Three additional staff with be with her to shadow and help. We are turning warehouse logistics over to ARC logistics. We are moving tomorrow to a process that has a distribution center (GCCARD) and a warehouse that is 100,000 square that will maintain mass quantities. Staff has continually been placing orders for supplies to ensure we get a head of this. The intent is to keep the warehouse full so we do not have these continual issues of supplies.
- Began mapping lead service lines (anticipate having draft of lead service lines Friday).
- Coordinated with local IT managers overseeing filter tracking system to streamline data collection.

Local Emergency Operations Center

- Working to coordinate resources at the local level to maintain adequate supplies at all PODs.
- Demand has exceeded supplies and supplies are moving rapidly from PODs today. Working to make sure POD managers notify us when they start running low.
- Working to establish a warehouse for local resource storage.
- Established trigger points for resources at PODs and hourly inventory reporting from the PODs.
- Discussed potential long term water sources between local EOC and SEOC.
- Established planning cycle/meeting scheduled for 1/12/16.
- Local EOC EMHSD staff with Natasha Henderson to request deployment of City representative at local EOC.

Chris

Update 1/10/16

Attached Documents:

- SitRep 5
- Door card (English version but Spanish version will be ready for Tuesday)

I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

2. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; **however**, there may exist opportunities to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

   - We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.
   - A major disaster is defined in the Stafford Act as any ***"nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."***
   - An emergency declaration is ***"is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."***
     - This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.
   - Severity of the situation is ***"A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....***
   - Nature of assistance for Emergency Declaration is for ***"Debris removal, emergency protective measures, direct federal assistance...."***
     - Debris Removal = ***self-explanatory and we do not have this***
     - Emergency Protective measures = ***water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)***
     - Direct federal assistance= ***what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.***

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.
- Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
- Media event with the Governor in Flint.
- New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:
  1. Ensure all households within impacted community have required resources.
  2. Ensure accurate tracking and accounting of all commodities.
  3. Improve and maintain public information strategy.
  4. Develop a long term public health and services plan.
  5. Ensure adequate staffing to support operational requirements.
  6. Identify possible assistance programs.
  7. Develop an approved GIS strategy.
  8. Maintain coordination between partner agencies and organizations.
  9. Enhance situational awareness and common operating picture of all activities.

10. Develop a comprehensive Recovery Plan.

Items to Note

- All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.
- Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
- The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
- The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
    - Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
    - The door card is attached that will be left if no one is home.
- Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
    - GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
- GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
    - 12,386 filters
    - 1,985 replacement filters
    - 354 Pitchers
    - 2500 Lead Testing Kits
- Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
    - Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
    - We have ordered an additional (expedited delivery with ETAs tomorrow)
        - 40,000 Brita Filters
        - 40,000 Brita Replacement Filters
        - 1000 Zero 8-Cup Pitchers
        - 1000 Zero 8-Cup Pitchers
        - 2000 PUR Replacement Filters
        - 93 Pallets of water (about 6700 cases)
- GIS continues to produce multiple maps for use.
- JIC Items
    - Requested PSA on the radio. Media has been approved and working with MAB.
    - Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
    - A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
        - Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
        - JIC moving tomorrow to Flint.

Local Emergency Operations Center

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and

they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

Fire Station Inventory Levels:

Station 1:

- Only time without supplies - 15 minutes without water while the truck was unloaded.

Station 3:

- Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.

Station 5:

- Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
- Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.

Station 6:

- Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District, load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.
- 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.
- We received news that a reverse 9-1-1 call notified residents of water which caused an unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.

Station 8:

- Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
- Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
- Reports received that the last couple of hours were slow.
- Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

- United Way set up meeting with Food Bank to discuss.
- Had EOC meeting on this topic to discuss options.

Churches:

- All 9 churches received waters, filters, and informational bulletins.
- Lt Roach received positive feedback from 3 of the pastors.
- No complaints were received.

Signage:

- Provided information to SEOC on signage requirements at the fire stations.

Storage:

- Researched storage spaces; established temporary site at GCCARD.

Personnel:

- Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
- Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.

- Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

Chris

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

Items to Note

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information ... I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver

these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.

- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.
- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.
    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
        - *Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.*
    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.
- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate *tasks which relieved a tremendous amount of stress.*
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - *Identify local storage/staging facilities*
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

    - DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
    - 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
    - Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to

Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.

- A Volunteer Management Coordinator is in the Genesee County EOC as of today.

- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.

- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.

- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.

- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.

- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.

- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
  - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504
  - Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
  - Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination, command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
    1. Activate the State Recovery Task Force (SRTF).
    2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
    3. Obtain and maintain situational awareness and common operating picture of all activities.
    4. Establish SEOC operational period and hours of operations.
    5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
    6. Develop a comprehensive GIS strategy.
    7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
    8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
    9. Provide technical assistance to the local Damage Assessment process.

10. Establish a Joint Information Center (JIC) and develop a public information strategy.
11. Monitor MI CIMS for resource requests and address as appropriate.
12. Establish and disseminate cost center information for the incident.

- Additional tasks include:
  - Determine what federal agencies are already involved and their status
  - Identify potential water supplies
  - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
  - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
  - Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.

- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
    - This included information on the SEOC activation and a 0900 briefing for SEMCs.
    - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Obama Grants Emergency Declaration For Flint

Flint's water crisis has been declared a federal emergency.

President Barack Obama on Saturday granted the request from Governor Rick Snyder to declare an emergency in the city as state and local officials, along with private citizens, have worked to provide safe drinking water to city residents.

The president did not grant a second request from Mr Snyder, however, to declare the city and Genesee County a major disaster area.

In a statement, Mr. Snyder, who made the request for the federal emergency declaration late Thursday night, said he appreciated Mr. Obama approving the request "during this critical situation. I have pledged to use all state resources possible to help heal Flint and these additional resources will greatly assist in efforts underway to ensure every resident has access to clean water resources."

The federal declaration means that up to $5 million in U.S. monies can go to help provide water, water filters, filter replacements and water test kits. The financial assistance is for 90 days.

The state must match 25 percent of the federal assistance, under requirements in federal law. Such a match could be included in a supplemental appropriation the state will seek from the Legislature to assist Flint.

Should the $5 million be exhausted, Congress can authorize additional funds for Flint.

The declaration comes as state and national outrage over the crisis, which resulted in Flint children suffering elevated lead levels after the corrosive water from the Flint River caused lead to leech from older plumbing systems, continues to grow.

The city had switched to using water from the Flint River, after it discontinued using the Detroit Water System, as Flint prepared to be part of a new water system that would draw water from Lake Huron. A decision to make that switch was made by the city's emergency manager at the time.

Subject: Saturday Jan. 16 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | SATURDAY, JANUARY 16, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

GOV. SNYDER'S REQUEST FOR FEDERAL EMERGENCY DECLARATION APPROVED
Today, President Obama declared a federal emergency in Flint, based on Governor Snyder's request made on Thursday, January 14th, but denied the request for a major disaster declaration.

Governor Snyder received notice from FEMA this afternoon that emergency relief has been approved in the form of water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days. Under the Stafford Act, resources totaling $5 million can be used for federal emergencies, and the state is required to match 25 percent. If the $5 million is exhausted, Congress has the option to approve additional funding.

The governor had also requested a major disaster declaration, which was denied based on the legal requirement that disaster relief is available only for natural events, fires, floods, or explosions. The state is now actively reviewing the process for appealing the disaster declaration denial.

WATER RESOURCES
Water distribution efforts were expanded today with more than 20 water response teams going door to door to distribute safe water resources to the homes of Flint residents. These teams consist of state personnel and American Red Cross volunteers, including approximately 250 State of Michigan employees and their family members who will volunteer through Monday.

Since January 9, the following resources have been distributed to residents, both at the water resource sites and by the water response teams:

- More than 18,500 cases of water
- Nearly 46,000 filters
- More than 3,200 water testing kits

In addition to the water resource distribution sites, the water resource delivery teams have provided nearly 7,500 Flint homes with bottled water, filters, replacement cartridges and water testing kits since January 12. All members of the water response teams will be wearing official credentialed badges with a State of Michigan seal hologram for easy identification.

In addition to donated supplies, the State of Michigan has purchased the following resources, since January 5:

- Nearly 45,000 cases of water
- Nearly 79,000 filters

- Nearly 19,000 water testing kitsReminders:

REMINDERS

- For Flint water assistance, donation, or volunteer information: Dial 211 or visit www.mi.gov/FlintWater
- Residents should install filters to their taps to ensure they have immediate and ongoing access to safe water.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges
- Water testing kits

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. **If you don't find the resources you need by dialing 211 please call the Governor's office directly at 517-335-7858.**

President Obama grants Gov. Rick Snyder's request for emergency declaration in Flint

Request for major disaster declaration was denied

LANSING, Mich. - President Barack Obama today declared a federal emergency in Flint, based on Gov. Rick Snyder's request made on Thursday, January 14, providing resources to help provide residents access to safe, clean water.

Obama denied an additional request for a major disaster declaration.

"I appreciate the President approving my federal emergency request and supporting Flint during this critical situation," Snyder said. "I have pledged to use all state resources possible to help heal Flint, and these additional resources will greatly assist in efforts underway to ensure every resident has access to clean water resources."

Snyder received notice from FEMA this afternoon that emergency relief has been approved in the form of water, water filters, filter replacements and water test kits. The period of assistance is up to 90 days. Under the Stafford Act, resources totaling $5 million can be used for federal emergencies, and the state is required to match 25 percent. If the $5 million is exhausted, Congress has the option to approve additional funding.

The governor had also requested a major disaster declaration, which was denied based on the legal requirement that under the Stafford Act disaster relief is available only for natural events, fires, floods, or explosions. The state is now actively reviewing the process for appealing the disaster declaration denial.

Subject: *Pickell email*

I thought I had Sheriff Pickell's email but it's not popping up. Do you have it?

Also, do you know if the Sheriff's office is helping folks install water filters? I thought I heard him say that? We have a Flint resident who's confused about it.... any advice? I know about the video, but if the guy can't read or has no internet connection....

eMichigan Team,

Please see below. I think I lost my permissions to associate content when we tweaked the website yesterday. If I could get that back, it would be greatly appreciated.

Thanks,

Ron

Response Efforts Increased to Distribute Water Resources to Flint Residents

Thousands of water resources have been distributed due to collaborative effort

FOR IMMEDIATE RELEASE
January 15, 2016
Release # 5

For more information contact:
Joint Information Center 888-EMD-TODAY (888-363-8632)

LANSING, Mich. – Beginning on Saturday, January 16, water distribution efforts will expand with more than 20 water response teams going door to door to distribute safe water resources to the homes of Flint residents. These teams will consist of state personnel and American Red Cross volunteers, including approximately 250 State of Michigan employees and their family members who will volunteer Saturday through Monday.

Since January 12, the water resource teams have provided nearly 7,500 Flint homes with bottled water, filters, replacement cartridges and water testing kits.

All members of the water response teams will be wearing official credentialed badges with a State of Michigan seal hologram so they can be easily identified.

"With more teams going door to door, we are confident we can double our efforts to ensure residents receive these much needed resources as soon as possible," said Capt. Chris Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the Michigan State Police Emergency Management and Homeland Security Division.

Since January 9, the following resources have been distributed to residents, both at

the water resource sites and by the water response teams:

- More than 18,500 cases of water
- Nearly 46,000 filters
- More than 3,200 water testing kits

In addition to donated supplies, the State of Michigan has purchased the following resources, since January 5, which will continue to be delivered to Flint over the coming days:

- Nearly 45,000 cases of water
- Nearly 79,000 filters
- Nearly 19,000 water testing kits

Flint residents can continue to visit the water resource sites to receive free bottled water, filters, replacement cartridges and water testing kits. The sites are open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Road
Flint, MI 48506

Fire Station #6
716 West Pierson Road
Flint, MI 48505

Fire Station #8
202 East Atherton Road
Flint, MI 48507

The state of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater or by calling 211.

Subject:	SEOC Update 1/15/16 - Flint Water - Limited Distribution
Attachments:	SitRep10 Flint Water.pdf

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/15/16 – 11th Day (10th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Pilot the logistics plan and adjust as needed
- Continue with door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to ensure we get a Presidential Declaration of a Major Disaster and Emergency

Attached Documents:

- SitRep 10

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. Numerous calls and meetings took place between me and FEMA today.
- When we get the declaration(s) … I will set up a legislative/congressional call to explain and provide bullet points as to what programs we will received. The Federal Coordinating Officer assigned will also be with me to answer questions. This has helped in the past.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
  - A pilot team was used to test our logistics plan today and with 60% strength they had 160% output (830 homes).
- I will be off tomorrow but available by cell. Tony Katarsky will be SEOC State Director. I will be back in on Sunday.

Items to Note

- LT Gov visited the local EOC and SEOC today. He was able to hear our final briefing for the day.
- Held a short session managing stress with SEOC staff. Two handouts were put in MICIMS for all state and local personnel to view.
- Deployed 10 state teams and 5 ARC Flint Water Response Teams to the field today.
- Standing requirements were created for the JIC so we can get information to the media every day. Below are the current ones we have in place and we should have something out tonight according to the JIC.
  - As of 1/15/16 as of 7pm (start date was Tuesday, 1/12/16)

1. 7474 homes visited by the FWRTs. We believe we have ~24,000 homes with filters but are trying to validate that information. This is form the data we received from prior to the SEOC activation plus the PODs and door to door operations since activation.

2. Distributed:
    a. Number of cases of water 18,576
    b. Filters 45,916
    c. Filter cartridges 165,382
    d. Test kits 3,217

3. Total number of customers on the Flint water system
    a. 29,944 paying customers
    b. 45,000 hookups (This is our high end target #)
    c. 39,000 includes apartment complexes (The is the low end target #)

4. Resources purchased:
    a. Cases of water 44,688 (additional 12,884 donated)
    b. Filters 78,520
    c. Filter cartridges 163,081
    d. Test kits 18,761

5. Teams going out tomorrow:
    a. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
    b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Local EOC

Home Deliveries:

- Still receiving lists from the Valley Area Agency on Aging (VAAA) on home deliveries and forwarding these to the Sheriff's office. They are going through a lot of homes. 120 out of 125 homes were completed yesterday.

Operations:

- We sent staff to visit Fire Station 6 and the warehouse today. Fire station 6 traffic was congested and that was during a "slow" time. The National Guard is identifying what is needed to alleviate this. MSP is working on providing uniform presence as needed. An additional iPad at each location will hopefully help relieve the amount of time that people are spending at the distribution sites.
- Lt. Roach worked with faith based organizations today reference water and filter distribution. Additional requests from churches were made and I approved the locations so they could be ready for Sunday. Lt. Roach was told by one of the pastors that he met with the Gov today and expressed how much he appreciated the efforts put forth. We should have 14 for this Sunday. We are working on how we can increase this output.
- Still concerned about people going to every fire station and collecting water/filters. NG personnel observed vehicles with several cases of water an overheard saying they were heading to the next station. Some people were helping themselves and taking more than one case at a time. Per the NG they cannot physically stop people from doing so. The NG is going to try to change staging in the fire stations to try to prevent this.
- Flint PD is going to check in every day with the EOC and provide a specific contact person. They are also going to help with traffic issues at the PODS. Will ask Flint PD to provide a presence when water is off loaded at a POD to help prevent people from "helping themselves."

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/14/16 – 10th Day (9th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and finalize lease on warehouse space/begin to move supplies from GCCARD to new warehouse
- Continue with door to door teams and finalize planning for future team use
- Submit request for a Presidential Declaration of a Major Disaster and Emergency
- Continue to work on long term recovery items (DHHS, DEQ, MDARD)

Attached Documents:

- SitRep 9

Status on Governor's request letter to the President:

- All documents for the presidential request have been submitted to FEMA. I had a lengthy conversation with the FEMA Region V Administrator reference the request prior to sending.

Key items for tomorrow to note are:

- The door to door teams will continue in the morning.
- We will continue to ramp up door to door operations with additional teams. Teams continue to focus on the high lead level areas and additional data is being analyzed to focus mission areas.
- ARC will increase the number of their Water Response Teams.
- Supply burn rates as well as projections on how many teams will be needed to put filters in all homes within 3 and 5 days will be completed. Analysis will be done to see in NG personnel may be needed to finish in quicker manner.

Items to Note

- DEQ was notified of the number of homes who are willing to have them take additional samples in the future (current number (114). This question was added to the App being used by the Water Response Teams. Data will be provided when needed.
- LT Gov is scheduled to be at the local EOC and SEOC (~4:30) tomorrow to see the operations.
- Secured 80,000 sq. ft. of a warehouse today. Working to consolidate all resources in one location. Tomorrow will be the first day of full implementation of our logistics plan.
- Email sent to state employees to request volunteers for weekend.
- Media monitoring showed no incorrect information today.
- Michigan Association of Broadcasters is sending PSA to radio stations.
- Coordinating with Red Cross on volunteers for weekend.
- Deployed 8 Water Response Teams to the field today (approx. 120 volunteers). 78 Red Cross volunteers active across the operation today.
- National Guard is ramping up to have 3 soldiers per shift at each POD tomorrow. Will also have a Public Affairs Officer at the JIC and liaison at the local EOC.
- Senator Ananich visited the SEOC today to see how things operate. The visit went well and he seemed happy with the number of staff working the Flint event. He tweeted out a message indicating there is still a lot of work to be done but all are working hard.
- DHHS
    - The Community Health Emergency Coordination Center (CHECC) is working on the following:
        - A nutrition plan
        - Education materials, messaging, and working with local agencies
        - Developing a community assessment for disaster behavioral health services.

- Lined up the delivery of filters to two large apartment complexes and a student housing complex.
- We have the list of individuals needing home service (additional contacts will be sent to the Ops Chief at the Local EOC each day at 4:00). Info will be provided to the sheriff's office for action.
- Water Response Team Numbers (this is not the total of homes with filters – I will provide that number tomorrow but it appears we have filters in over half the residences):

	TOTAL	1/12/2016	1/13/2016	1/14/2016
Occupied Homes	1450	242	492	716
Vacant Homes	1967	152	161	1654
Total Homes	**3417**	**394**	653	2370
Resources				
Door Hangars	1487	217	453	817
Water	588	117	254	217
Filters	945	112	220	613
Pitchers	22	3	13	6
Water test kits	217	48	109	60
Replacement Filter	482		137	345
Total Resources Dispersed	**3741**			
Future sample test site	114	28	34	52

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/13/16 – 9th Day (8th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Prepare/approve logistics plan and close lease on warehouse space
- Continue with door to door teams and finalize planning for second wave increase (+15 teams – total for 1/14/16 will be 20)
- Continue to work on Governor's Declaration of an Emergency

Attached Documents:

- SitRep 8

Status on Governor's request letter to the President:

- All support data from state Agencies and local jurisdictions collected as of 6:00 pm on 01-13-16
- Current timeline:
  - First draft completed and ready for review by State Department Directors (including the Attorney General) by 11:00 am on 01-14-16
  - State agency reviews due back by 1:00 pm on 01-14-16 for revision of the draft
  - Revised draft to Captain Kelenske by 2:00 pm on 01-14-16 for review and forwarding to the Governor for final review
  - Final draft (based on Governor's review) submitted to FEMA Region V Administrator by no later than cob 01-14-16 but hopefully sooner. FEMA is aware and ready to receive.

Requests and potential response from FEMA/President

- The letter will request all programs eligible under the Stafford Act including Public Assistance, Individual Assistance, Hazard Mitigation, FEMA's coordination of assistance from other Federal agencies and direct assistance from FEMA
- The letter will also request potential direct reimbursement from other Federal agencies such as EPA, CDC, HUD, DHHS and SBA
- This request is in coordination with the request for Non-Stafford Act federal assistance already requested and received by the State (technical assistance and administration, but no direct reimbursement of disaster costs)
- Direct Federal assistance from FEMA in the form of Individual Assistance to homeowners for household repairs (repair and/or replacement of water service lines and Other Needs Assistance to reimburse for water filters, bottled water, etc.) is a possibility
- Direct Federal assistance from FEMA in the form of Public Assistance is not as likely as it is mostly replacement of publicly owned water distribution lines (and not the direct result of damage from a natural cause)
- If Stafford Act assistance is denied (Public Assistance, Individual Assistance and Hazard Mitigation) FEMA could still provide coordination of assistance from other Federal agencies if the President declares a disaster (or emergency) for the State of Michigan

Key items for tomorrow to note are:

- The door to door teams will continue at 9 a.m. – 5 p.m. Thursday morning and continue through the weekend.
- We will continue to ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas and additional data is being analyzed to focus mission areas.
- MNG will have a press event at the armory with incoming soldiers and MG Vadnais.

Items to Note

- Received information that Rev. Jesse Jackson will be in town 1/17/16 at 1:30 at the Heavenly Host Church of the Harvest of Dartmouth St, Flint.
- Managed and corrected misinformation on NG role.
- Senator Ananich is stopping by the SEOC tomorrow morning 0845. I am meeting with him and his Chief of Staff. Short visit as he has a 0930 at the Capitol.
- Working with Comcast so they can put teams in the field for distribution.
- Penske is going to give us 15-20 trucks over the weekend.
- Contact made with Two Men and a Truck for resources.
- Meeting set with Google where they will brief me and key staff potential tasks.
- Coordinated with Flint Mass Transportation Authority (MTA) to include Fire Station PODs on bus routes.
- Tomorrow I will have a projection as to the number of teams needed to get all citizens filters in their homes in 5 days / 3 days.
- We are standardizing team structure and supply deployment to increase efficiencies. Mission Ready Package (MRP) specifications will be sent out for other entities to assist with door to door. They will then be able to arrive as a MRP, get supplies, receive a mission location and deploy.
- 5 Water Response Teams were in the field again today. Below are the numbers from the 2 days of just the Water Response Teams (there are paper copies with data still to be entered from the PODs). I was just briefed by the ARC logistics planner and there are efficiencies we can put in place to increase homes touched per day. The next version of the app will provide more granular details. Additional 30 tablets were configured by DTMB today for field implementation to include use in the PODs.

	Total	1/12/2016	1/13/2016
Occupied Homes	533	242	291
Vacant Homes	238	152	86
Total Homes	**771**	**394**	377
Resources			
Door Hangars	473	217	256

Water	265	117	148
Filters	235	112	123
Pitchers	9	3	6
Water test kits	92	48	44
Replacement Filter	93		93
Total Resources Dispersed	**1167**		
Future sample test site	62	28	34

- We show 17,276 residences with filters (this does not include data entry to be completed from POD or other locations).
    - We have 35,378 service hookups but with apartments, multi residence dwellings, etc we would be around 45,000.
- Logistics Support
    - The American Red Cross Logistics Planner provided me a brief and I approved the plan forward. The current plan includes:
        - Mission – A filter in every home ASAP.
        - 4 Distribution Methods
            - PODs (5)
            - Water Response Teams (20 effective tomorrow and this will increase)
            - Local EOC "Hot Shots" (these are calls for functional needs, unable to get to a POD location due to ??, etc). Personnel dispatched with supplies.
            - Local EOC support for other local requests (Faith based for distribution, etc.)
        - Three warehouse locations at this time
        - How to better leverage ARC resources

- Supplies – Daily Numbers
    - Replacement Cartridges - 30,700 delivered.
    - Water (cases) - 19,152 cases delivered

- Budget projection completed and will be submitted to SBO for review.

- Notes from Water Response Team Command (MSP)
    - Very good synergy between Flint Post troopers and Genesee County Sheriff command and deputies in effective and efficient deployments for distribution efforts.
    - Great attitude and efforts by uniforms and volunteers to make important contributions to the City of Flint on water response team deployments.
    - Clear direction and coordination in the field of supply teams by lieutenants and troopers. No confusion. Clearly defined roles.

All personnel continue to be fully committed to fixing this as quickly as possible.

Chris

<u>Update 1/12/16 – 8th Day (7th Full Day) After Governor's Declaration of an Emergency</u>

I apologize in advance for the length of this report. With the supply issues we had the last couple of days I wanted to share our inventory plus what we anticipate to ensure we do not have supply issues.

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Fine-tune logistics
- Increase and deploy door to door teams (4 state teams added to teams from the Sheriff's Department)
- Increase collaboration and messaging of collaboration with local agencies (specifically the Sheriff's Department)

Attached Documents:

- SitRep 7
- Executive Order Activating the National Guard

Key items for tomorrow to note are:

- The Governor signed an Executive Order activating the National Guard. Mission will be to relieve ARC volunteers at the PODs (Fire Stations) which will free up the ARC volunteers for door to door activities.
    - I have briefed the ARC Disaster Officer on this plan.
- The Governor requested, through FEMA Region V, support from the Federal Emergency Management Agency (FEMA) to bring together and identify other federal agencies that may have programs and funding that could be dedicated to assisting Flint as part of an interagency recovery plan. One of the existing LNOs has been identified as the POC for this. He will be a great liaison for the FWIACC.
- The door to door teams will continue at 0830 Wednesday morning and continue through the weekend and ramp up door to door operations with additional teams. Teams are focusing on the high lead level areas.
- We will look at all commodities and see where we are and where we need to be while working with the ARC logistics specialist.

Items to Note

- PSA video sent out to Flint citizens on resources available.

- Water
    - Today's numbers - 7,824 cases of water arrived today, 1/12/16 (109 pallets)
    - Ordered:
        - 19,152 cases of water are going to arrive Wednesday, 1/13/16 (266 pallets)
            - 1/3 is going to GCCARD and the rest is going to the new warehouse
        - 12,768 cases to arrive daily beginning Thursday through Saturday (177 pallets a day)

- Filters
    - Today's numbers
        - Ordered on 1/11/16 and delivered 1/12/16 direct to GCCARD
            - 2,000 – Brita filter faucet mounts
        - Filter Replacements
            - 2,400 – Brita filter replacements (single pack)
            - 8,000 – Brita filter replacements (two pack)
    - Ordered on 1/12/16 to arrive Wednesday
        - Faucet Mounts – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
            - 10,000 – PUR Vertical faucet mount
            - 2,500 – PUR Horizontal mount
        - Replacement Filters – To be delivered direct to GCCARD on 1/13/16 (Wednesday)
            - 10,000 – PUR replacement filters (3 pack)
            - 10,000 – PUR replacement filters (single pack)
        - PUR Combination Pack – to be delivered to GCCARD on 1/13/16 (Wednesday)
            - 10,700 – PUR combo packs

- To arrive Thursday
    - Zero Water Pitcher (8 Cup) – Delivering direct to GCCARD on 1/14/16 (Thursday)

        - 1,300 – Zero Water pitchers
    - Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Thursday)
        - 11,000 – PUR vertical faucet mount
        - 1,500 – PUR Horizontal faucet mount
        - 5,000 – Brita faucet mount
        - 10,000 – Brita adv faucet mount white
        - 12,000 – Brita adv faucet mount chrome
    - Replacement Filters – Delivering direct to GCCARD on 1/14/16 (Thursday)
        - 117,600 – PUR replacement filter

- Test Kits
    - 6601 unassembled kits arrived at GCCARD today, 1/12/16.
    - 500 have been assembled and are ready for distribution
    - 1000 additional unassembled kits have been ordered to be delivered at GCCARD (no ETA yet)
    - 10,142 unassembled kits to arrive at GCCARD early next week

- Second warehouse – Located in Flint
    - 100, 000 square feet of secure warehouse obtained.
    - Accepting commodities beginning Wednesday, January 13

- Logistics Support
    - The American Red Cross Logistics Planner arrived from DC today as requested. I outlined what her mission was and how I saw the progression forward. This logistics planner will assist in streamlining the inventory and distribution process now and into the future.

- Door to Door Numbers
    - Today the app implementation for the field went extremely well. There were a few issues that were quickly addressed. One related to how form fields should be filled out. Another was getting styluses for teams so that they don't have to remove their gloves in the cold. All very simple to fixes.
    - We are working on version 2.0 so this can be used at the PODs
    - We should be able to greatly optimize distribution in the near future as we mapped the active water subscribers from Flint's DPW and are adding them to the field team members apps. Of the ~56,000 possible addresses, this reduces the number of possible homes to visit down to ~29,000.
    - Notes from the field commander:
        - "Today we started out the day using two groups that consisted of approximately 10 people in each group. We eventually combine groups with Genesee County Sheriff's group and they brought two more groups with approx. 10 people (Local UAW) in each group. This made us a lot more efficient and we were able to set up a game plan. Tomorrow I feel we will be more efficient and we will have a better plan in place to get the maximum output out of our resources."
    - In the end, there were 394 total home visits with the following breakdowns:
        - 217 Door Hangers
        - 152 Vacant Homes
        - 117 Water Distributions
        - 112 Filters
        - 3 Pitchers
        - 48 Water Test Kits
- 211
    - CALL VOLUME:
        - 185 calls for water-related issues had been received as of 4:45 pm.

- Logistics made contact with Comcast and will be supplying them with filters and replacement cartridges for their deliveries in their work trucks as they make services calls. They will follow our procedures for reporting (our checklist).

Chris

Update 1/11/16

The focus today was the media event and getting the supplies and logistics on track. Most of the activity today was working on logistics for the water and other supplies.

Attached Documents:

- SitRep 6

Key items for tomorrow to note are:

- The door to door teams will start at 0830 Tuesday morning. It is reported that troopers are going to the door but DHHS employees are the lead with a troop car nearby.
    - State and local GIS created an App today for the teams to use tomorrow but I see potential use at distribution sites.
    - The App data will be used for our maps as we survey the public/distribute supplies and we will be getting real time metrics through the site from the field send back to the SEOC. We are using Android tablets tomorrow but in the future can use any mobile device for this.

Items to Note

- It was reported that only one POD (Station 5) was out of water longer than 30-45 minutes. This site was ~2 hours without water and part of that was the truck went to the wrong station. Trucks were sent as soon as the local EOC was notified.
- We also did not receive a DHHS shipment that was to come in which caused some filter delivery issues.
- Supplies are limited at this time; however, we are getting our shipments starting at 0630 tomorrow.
- We have Home Depot giving us 12,768 cases (this was a late development so the SitRep indicates half the amount) of water every day starting tomorrow. We are still working with other distributors too.
- ARC is flying in a logistics planner tomorrow. Three additional staff with be with her to shadow and help. We are turning warehouse logistics over to ARC logistics. We are moving tomorrow to a process that has a distribution center (GCCARD) and a warehouse that is 100,000 square that will maintain mass quantities. Staff has continually been placing orders for supplies to ensure we get a head of this. The intent is to keep the warehouse full so we do not have these continual issues of supplies.
- Began mapping lead service lines (anticipate having draft of lead service lines Friday).
- Coordinated with local IT managers overseeing filter tracking system to streamline data collection.

Local Emergency Operations Center

- Working to coordinate resources at the local level to maintain adequate supplies at all PODs.
- Demand has exceeded supplies and supplies are moving rapidly from PODs today. Working to make sure POD managers notify us when they start running low.
- Working to establish a warehouse for local resource storage.
- Established trigger points for resources at PODs and hourly inventory reporting from the PODs.
- Discussed potential long term water sources between local EOC and SEOC.
- Established planning cycle/meeting scheduled for 1/12/16.
- Local EOC EMHSD staff with Natasha Henderson to request deployment of City representative at local EOC.

Chris

Update 1/10/16

Attached Documents:

- SitRep 5
- Door card (English version but Spanish version will be ready for Tuesday)

I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

2. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; **however**, there may exist opportunities to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

    - We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.
    - A major disaster is defined in the Stafford Act as any ***"nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."***
    - An emergency declaration is ***"is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."***
        - This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.
    - Severity of the situation is ***"A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....***
    - Nature of assistance for Emergency Declaration is for ***"Debris removal, emergency protective measures, direct federal assistance...."***
        - Debris Removal = ***self-explanatory and we do not have this***
        - Emergency Protective measures = ***water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)***
        - Direct federal assistance= ***what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.***

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.
- Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
- Media event with the Governor in Flint.
- New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:
    1. Ensure all households within impacted community have required resources.
    2. Ensure accurate tracking and accounting of all commodities.
    3. Improve and maintain public information strategy.
    4. Develop a long term public health and services plan.
    5. Ensure adequate staffing to support operational requirements.
    6. Identify possible assistance programs.
    7. Develop an approved GIS strategy.
    8. Maintain coordination between partner agencies and organizations.
    9. Enhance situational awareness and common operating picture of all activities.
    10. Develop a comprehensive Recovery Plan.

Items to Note

- All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.
- Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
- The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
- The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
    - Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
    - The door card is attached that will be left if no one is home.
- Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
    - GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
- GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
    - 12,386 filters
    - 1,985 replacement filters
    - 354 Pitchers
    - 2500 Lead Testing Kits
- Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
    - Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
    - We have ordered an additional (expedited delivery with ETAs tomorrow)
        - 40,000 Brita Filters
        - 40,000 Brita Replacement Filters
        - 1000 Zero 8-Cup Pitchers
        - 1000 Zero 8-Cup Pitchers
        - 2000 PUR Replacement Filters

        - 93 Pallets of water (about 6700 cases)
- GIS continues to produce multiple maps for use.
- JIC Items
    - Requested PSA on the radio. Media has been approved and working with MAB.
    - Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
    - A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
        - Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
        - JIC moving tomorrow to Flint.

Local Emergency Operations Center

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

Fire Station Inventory Levels:

Station 1:

- Only time without supplies - 15 minutes without water while the truck was unloaded.

Station 3:

- Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.

Station 5:

- Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
- Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.

Station 6:

- Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District, load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.
- 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.
- We received news that a reverse 9-1-1 call notified residents of water which caused an unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.

Station 8:

- Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
- Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
- Reports received that the last couple of hours were slow.
- Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

- United Way set up meeting with Food Bank to discuss.
- Had EOC meeting on this topic to discuss options.

Churches:

- All 9 churches received waters, filters, and informational bulletins.
- Lt Roach received positive feedback from 3 of the pastors.
- No complaints were received.

Signage:

- Provided information to SEOC on signage requirements at the fire stations.

Storage:

- Researched storage spaces; established temporary site at GCCARD.

Personnel:

- Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
- Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.
- Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

Chris

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

Items to Note

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving

them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information ... I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.
- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.
- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.
    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
        - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.
    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.
- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to

these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

- DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
- 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
- Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.

- A Volunteer Management Coordinator is in the Genesee County EOC as of today.

- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.

- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.

- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.

- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.

- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

<u>UPDATE 1/7/16</u>

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
  - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504
  - Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
  - Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department

- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination,**

command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.

- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
  1. Activate the State Recovery Task Force (SRTF).
  2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
  3. Obtain and maintain situational awareness and common operating picture of all activities.
  4. Establish SEOC operational period and hours of operations.
  5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
  6. Develop a comprehensive GIS strategy.
  7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
  8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
  9. Provide technical assistance to the local Damage Assessment process.
  10. Establish a Joint Information Center (JIC) and develop a public information strategy.
  11. Monitor MI CIMS for resource requests and address as appropriate.
  12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
  - Determine what federal agencies are already involved and their status
  - Identify potential water supplies
  - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
  - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
  - Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
    - This included information on the SEOC activation and a 0900 briefing for SEMCs.
    - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Chris

Attachments:	SEOC Schedule week of 1_16 thru 1_31_16_Final (2).xlsx

Good evening,

Attached is the list of staff assigned to work in the SEOC through 1/31/16. The hours are 8 a.m. to 8 p.m. Lunch and dinner will be provided. As always, business casual attire is appropriate. No jeans for EMHSD staff.

For Fiscal, your names are not on this schedule but I know it has been worked out within the section for the appropriate staff to cover.

Thanks,

Penny

Subject: FW: MSUE Booklet

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Ron,

I received this request and wanted to pass it by the JIC. This booklet would be a great asset to those impacted by the lead poisoning but each piece of literature passed out on the door-to-door campaign complicates the delivery mechanism. IF this booklet is blessed to be distributed by the teams, would a 'goodie bag' type approach be an option so that canvassers would not need to carry numerous separate items for distribution?

The electronic version can be found at:

Subject: 2-1-1 Flint Water Response Daily Update for Friday, January 15, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Friday, January 15, 2016

GENERAL INFORMATION:

- Central Michigan 2-1-1 will be closed for the MLK weekend. Gryphon Place 2-1-1 in Kalamazoo is the regular overnight provider for the region and is providing coverage through 7:00 am Tuesday morning. Michigan 2-1-1 partners have coordinated resources to ensure capacity is in place to handle any short-term increase in call volume with backup assistance from in Detroit and Grand Rapids 2-1-1 providers.
- There continues to be a fairly high level of frustration expressed by some callers who find the response times from agencies to be slower than they like. 2-1-1 works with these callers to manage expectation about response times and de-escalate angry/upset callers.
- **HOLIDAY CLOSURE NOTICE:** The Genesee County Health Department will be closed Saturday – Monday for the MLK holiday. DHHS Office of Public Health Emergency Preparedness (OPHEP) will be staffing a toll-free line to respond to callers with health concerns (both water quality and Legionella).
    - OPHEP asked to limit sharing of their number to only callers expressing a health concern.
    - Please use the following language Saturday-Monday when giving out the number this weekend: *"The Genesee County Health Department at 810-787-6537 can answer your health questions. While they are closed for the holiday weekend, trained DHHS health professionals are available 8am – 5pm at* 888-535-6136 *to answer your questions.*
    - After reports from callers that they could not get through to Genesee Health Department, 2-1-1 learned GHD was closed on Friday due to furloughs. Follow up with DHHS OPHEP confirmed the DHHS number was active today and 2-1-1 began referring callers to this number around 12:00 pm.
    - ☐ **Can 2-1-1 get a calendar of any future furlough closures for Genesee County government so we can properly refer callers?**
- An unknown source is sending text messages telling people to call 2-1-1 for free water filters. We received two calls between 4:30 – 5:15 with this message, including one from Ionia County. 2-1-1 are working to track down the source of these texts.

CALL VOLUME:

- Overall call volume was lighter today. Total requests for assistance from Saturday through 5 pm on Friday was 1,660 with the highest volume documented on Wednesday-Thursday. There were only two (2) calls seeking information on Legionella.
- ☑ 2-1-1 tested a solution to provide real-time data on Flint call volume to the JIC. We will be ready to deploy on Tuesday, January 19 after a brief training for JIC staff.
- 2-1-1 has created a file tracking daily call volume. This is available to the JIC. Contact Tom Page at tpage@uwmich.org for details.

	Flint Water	Referrals	Unmet Needs	Total

Saturday	1/9/2016	62	2	**64**
Sunday	1/10/2016	39	6	**45**
Monday	1/11/2016	224	64	**288**
Tuesday	1/12/2016	193	51	**244**
Wednesday	1/13/2016	319	24	**343**
Thursday	1/14/2016	373	26	**399**
Friday @ 5pm	1/15/2016	241	36	**277**

SPECIAL NEEDS/REQUESTS

- 2-1-1 provided the Sheriff's office with the list reported yesterday of homebound residents needing bottled water for medical devices. The sheriff's office is working to find a solution to this need.

- Per a request from the Sheriff's office on Friday afternoon, 2-1-1 has stopped referring caller to the department to schedule water filter delivery. 2-1-1 is collecting contact information from residents needing water filter delivery and will provide a delivery list at least once per day. Jennie Pollak will continue to provide this list to the Sheriff over the MLK holiday.
  - ☐ No solution found yet for a paralyzed man who needs a water testing kit delivered.his health worker a fire station to pick up a water testing kit, but there were none available. He needs a test kit delivered since he is homebound when he does not have an aide available. 2-1-1 has this contact information.
  - ☐ As first reported on 1/14/16, 2-1-1 continues receiving calls from elderly residents in senior apartment complexes (non-subsidized) needing water resources delivered. They cannot carry bottled water with canes or walkers, nor stand in line for extended periods.

- Water testing kits instruct residents to take water kits to City Hall or a Water Department site. 2-1-1 has received calls that some state police are telling homebound to call 2-1-1 for test kit pick up. **2-1-1 does not have a resource identified to pick up test kits.** 2-1-1 is scheduling follow up calls to check on status of these kits.
  - As reported Wednesday the Plumbers and Pipefitters Union providing free water filter installation to homebound residents needing assistance.
  - ☑ A protocol is in place for 2-1-1 to forward requests for help with filter installation to the Sheriff's Department, which is coordinating with plumbers to install the filters. Criteria for this assistance are "loose" and include seniors, disabled, or 'general difficulty'.

- **FOLLOW-UP:** Wednesday's update included questions about identification for door-to-door canvassers. On Thursday the JIC Manager confirmed that "All teams have at least one MSP trooper or sheriff's deputy in a marked patrol unit accompanying them."
  - ☐ 2-1-1 has heard from several callers expressing concerns law enforcement is either providing or accompanying all deliveries of water resources to qualifying residents. **One wheelchair bound man demanded to be removed from the filter delivery list due to fear of the police.** 2-1-1 attempted to provide reassurance, but the caller was adamant being removed.

RUMOR CONTROL

- 2-1-1 is still receiving several calls per day with concerns about lead in the bottled water being distributed.
  - On 1/14/15 a caller reported using his testing kit to check three different bottles of water at the fire station. ***Two of the three bottles tested positive***. He showed the result to a national guard member at the station and received "a dismissive response".

STATE OF MICHIGAN
JOINT INFORMATION CENTER

Michigan National Guard Mobilization

Adjutant General to Address Soldiers and Media

FOR IMMEDIATE RELEASE
January 14, 2016

For more information contact:
Joint Information Center 888-EMD-TODAY (888-363-8632)
JICNews@Michigan.gov

DATE:
Tuesday, Jan. 14, 2016

TIME:
1:00 p.m.

WHO:
Michigan Department of Military and Veterans Affairs, Major General Gregory Vadnais
Michigan Department of Military and Veterans Affairs, LTC William Humes

WHAT:
State officials will hold a media availability as the more than 30 soldiers that will support the Flint water emergency prepare for mobilization. Major General Gregory Vadnais, Adjutant General for the Michigan National Guard, will visit with the soldiers and address the media. Governor Snyder issued an executive order to activate the National Guard on January 12 to provide support for the Flint water emergency. National Guard personnel will be stationed at water resource sites to assist in the distribution of supplies to Flint citizens. Bottled water, water filters, replacement cartridges and water testing kits are all available FREE to Flint residents at these sites.

WHERE:
Saginaw Armory
1800 S. Outer Drive
Saginaw, Michigan 48601

Public information and updates can be found at www.michigan.gov/flintwater. Efforts are being

coordinated by the State of Michigan in partnership with the City of Flint, Genesee County and local community organizations.

> From: Eisner, Jennifer (DHHS)
> Sent: Friday, January 15, 2016 2:57 PM
> To: eanderson@freep.com
> Subject: RE: Detroit Free Press
>
> Hi Elisha:
>
> What are the total numbers of people who have tested positive for elevated lead exposure since April 2014? What is the breakdown of kids/adults?
> Our epis were able to pull the data. There have been 193 children <6 years old, 12 children 6 to 17 years old, and 28 individuals 18 and years of age and older. I will also send you the report with yearly data.
>
> My understanding is lead stays in your blood for 20-30 days, so if people are taking a blood lead level test now, and moved away from consuming Flint water months ago, it's not going to show past exposure. Is that your same understanding?
> Yes.
>
> Why is DHHS recommending all kids have the test now?
> Blood lead level testing is an important part of our efforts to identify people who have been harmed by drinking water containing lead. MDHHS recognizes that the full community of Flint must be the focus of the public response.
>
> Is the department recommending all kids ages 0-6 (or all kids under six years old) get a lead test? (I've seen it two ways).
> We are recommending that alll children less than six years of age have a blood lead level test.
>
> Many people in Flint are complaining of skin issues from bathing in the water. (rashes, rough

skin, bumps). How many incidents does the department know about related to this type of irritation with people using Flint water? What is causing it?
Rashes are only reportable to MDHHS when there is a suspect infectious disease such as measles or chickenpox. If a resident has a rash that is causing concern, we recommend they contact their primary care doctor.

At this point, the department is still recommending people bathe in the tap water, correct?
As this time, we have not changed our guidelinles about bathing or showering. We recommend that bath time be used for bathing only, after which children should be taken out of the bath rather than be allowed to play in the water for extended periods of time.

I'm offsite and out of pocket until 230.. is it ok if I get this to you before 3?

Also on the numbers, our epidemiologists pull data yearly (YTD) - we will not be able to get numbers to you today from April 2014 to current date. But I will send you our most current EBL summary report.

Thank you,
Jennifer

Subject: Detroit Free Press

Jennifer,
Hi – I'm a reporter with the Detroit Free Press. I have some questions regarding the Flint water crisis. Could you please reply with answers by 2 p.m. today? Also, will you let me know you got this email?

What are the total numbers of people who have tested positive for elevated lead exposure since April 2014? What is the breakdown of kids/adults?

My understanding is lead stays in your blood for 20-30 days, so if people are taking a blood lead level test now, and moved away from consuming Flint water months ago, it's not going to show past exposure. Is that your same understanding?

Why is DHHS recommending all kids have the test now?

Is the department recommending all kids ages 0-6 (or all kids under six years old) get a lead test? (I've seen it two ways).

Many people in Flint are complaining of skin issues from bathing in the water. (rashes, rough skin, bumps). How many incidents does the department know about related to this type of irritation with people using Flint water? What is causing it?

At this point, the department is still recommending people bathe in the tap water, correct?

Thanks,
Elisha Anderson
Detroit Free Press reporter

Subject: Friday Jan. 15 update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | FRIDAY, JANUARY 15, 2016

This daily update is being issued in order to provide the latest information regarding actions and available resources.

As part of our ongoing efforts to improve the water in Flint, Governor Rick Snyder requested that President Obama declare both an emergency and an expedited major disaster for Genesee County. If the President approves the request, assistance can include grants for temporary housing and home repairs, low-cost loans to cover uninsured property losses, and other programs to help people and businesses recover. We are utilizing all state resources to ensure Flint residents have access to clean and safe drinking water.

Reminders:

- **For Flint water assistance, donation, or volunteer information:** Dial 211 or visit www.mi.gov/FlintWater
- Residents should install filters to their taps to ensure they have immediate, ongoing access to safe water.

WATER RESOURCE LOCATIONS
These sites are open seven days a week from 9 a.m. to 9 p.m. with the following resources:

- Bottled water
- Water filters
- Replacement cartridges
- Water testing kits

Fire Station #1 310 East 5th St. Flint, MI 48502

Fire Station #3 1525 Martin Luther King Ave. Flint, MI 48503

Fire Station #5 3402 Western Rd. Flint, MI 48506

Fire Station #6 716 West Pierson Rd. Flint, MI 48505

Fire Station #8 202 East Atherton Rd. Flint, MI 48507

WATER FILTER PICK-UP SITES
Residents should install filters to their taps to ensure they have immediate, ongoing access to safe water. In addition to the water resource sites, water filters and replacement cartridges continue to be available Monday through Friday, between 9 a.m. and 4 p.m.

- Michigan Department of Health and Human Services office 125 E. Union St. Flint, MI 48502
- Michigan Department of Health and Human Services office 4809 Clio Road Flint, MI 48504
- Genesee County Community Action Resource Department office 2727 Lippincott Flint, MI 48507
- Genesee County Community Action Resource Department office 601 N. Saginaw Flint, MI 48502
- Flint City Hall 1101 S. Saginaw St. Flint, MI 48502

If you require transportation or any other assistance, please call 211.

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. Governor Snyder will continue to keep you updated on the latest news and information. If you don't find the resources you need by dialing 211 please call the Governor's office directly at 517-335-7858.

GOVERNOR'S ACTIVITIES

Flint water

Michigan gov asks Obama to declare Flint water crisis a disaster (Fox News)
Michigan Gov. Rick Snyder asked President Barack Obama Thursday for an emergency and major disaster declaration amid an ongoing crisis over drinking water in the city of Flint. Snyder's office confirmed in a statement late Thursday that it had asked for the declaration and was seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Gov. Snyder asks Pres. Obama to declare emergency in Flint water crisis (AP)
Michigan Governor Rick Snyder is asking President Barack Obama to issue an emergency and major disaster declaration amid the Flint water crisis. Snyder's office said in a statement late Thursday night that it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Gov. Rick Snyder seeks presidential emergency and major disaster declaration to help Flint residents (UP Matters/TV 3)
Gov. Rick Snyder requested President Obama to declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in the city of Flint.

Snyder asks Obama for federal emergency declaration and aid for Genesee County (Michigan Radio)
Gov. Rick Snyder late tonight asked President Obama to declare both an emergency and an expedited major disaster for Genesee County. The request comes as a result of ongoing emergency water response efforts in the city of Flint. Flint's water crisis only qualifies for federal emergency status, and not natural disaster assistance, because it is a man-made disaster.

Gov. Snyder wants federal emergency declared in Flint (WDIV)
Michigan Gov. Rick Snyder is asking President Barack Obama to issue an emergency and major disaster declaration amid the Flint water crisis. Snyder's office said in a statement late Thursday night that it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Michigan governor asks Obama for federal aid in Flint water crisis (Reuters)
Michigan Governor Rick Snyder said he asked President Barack Obama to declare both an emergency and an expedited major disaster in the county where the city of Flint has been dealing with the fallout from lead-contaminated drinking water. Snyder said in a statement released shortly before midnight on Thursday that he requested federal aid in Genesee County to protect the safety of Flint residents. Earlier this week, he sent the Michigan National Guard to distribute bottled water and other supplies to residents.

Flint: Gov. Snyder asks President Obama for emergency declaration in water crisis (AP)
Michigan Gov. Rick Snyder has asked President Barack Obama to issue an emergency and major disaster declaration amid a drinking water crisis in Flint that began months ago.
Snyder's office said in a statement late Thursday night it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Mich. Gov. Snyder requests presidential emergency and major disaster declaration in Flint (NBC 25)
Gov. Rick Snyder requested President Obama declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in Flint. Snyder requested supplementary federal aid in the form of Individual Assistance and Public Assistance to help eligible residents and state and local government entities to protect the health, safety and welfare of Flint residents.

Snyder seeks federal emergency status over Flint water (Freep)
Michigan Gov. Rick Snyder asked President Barack Obama to declare the area around Flint a federal emergency to combat the escalating crisis over contamination of the city's drinking water. In a late night news release, Snyder said he request the federal emergency and major disaster designation for Genesee County, home to Flint, in order to help "protect the health, safety and welfare of Flint residents."

Snyder asks Obama to declare federal emergency for Flint water (Mlive)
Gov. Rick Snyder has asked President Barack Obama to declare a federal emergency in response to Flint's water crisis. The announcement came late Thursday, Jan. 14, and clears the way for expanded federal assistance in addressing the city's water troubles.

Class action lawsuit to be filed over City of Flint water crisis (WTVB)
The state of Michigan, Governor Rick Snyder and the city of Flint are facing a class action lawsuit over Flint's water crisis. Three people have filed suit, saying they were harmed by drinking water contaminated with lead.

Snyder asks Obama to declare federal emergency in Flint (Detroit News)
Gov. Rick Snyder late Thursday asked President Barack Obama to declare a federal emergency in Flint and expedite major disaster relief in Genesee County as a result of the city's lead-contaminated water crisis. The governor requested federal financial aid for both individuals and state and government agencies involved in assisting Flint residents and repairing a public water pipeline infrastructure damaged by corrosive river water blamed for lead contamination.

Michigan Governor Asks Obama To Declare Emergency Over Flint Water Crisis (Huffington Post)
Michigan Gov. Rick Snyder (R) wants President Barack Obama to declare a federal emergency in Flint, where the water is unsafe to drink due to high amounts of lead, a deadly neurotoxin.

Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor (AP)
Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor. A city administrator, Natasha Henderson, has been responsible for daily operations since last February. But Snyder agrees with Mayor Karen Weaver that it's time to transfer that authority.

Gov. Snyder wants federal emergency declared in Flint (WDIV)
Michigan Gov. Rick Snyder is asking President Barack Obama to issue an emergency and major disaster declaration amid

the Flint water crisis. Snyder's office said in a statement late Thursday night that it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Gov. Snyder requests presidential emergency, disaster declaration (WMMT)
Michigan Governor Rick Snyder announced Thursday night that his office has requested President Obama declare an emergency and an expedited major disaster for Genesee County, due to the ongoing water crisis. A state of emergency was declared in Flint after health officials found elevated levels of lead in the city's water.

Gov. Snyder asks Obama to declare Flint a federal emergency/major disaster (Metro Times)
While much of America was watching the GOP debate Thursday night (you were watching, right?) Gov. Rick Snyder requested that President Obama declare Flint a federal emergency/major disaster.

Governor Snyder calls on President Obama to declare emergency in Flint (WLNS)
Governor Rick Snyder is asking President Obama to declare a state of emergency in Genesee Co. He's also calling on the president to declare an expedited major disaster for Genesee County due to the ongoing crisis with Flint's water.

Snyder seeks federal emergency declaration to help Flint (Fox 2 Detroit)
Gov. Rick Snyder requested President Obama Thursday to declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in the city of Flint.

National Guard reassures Flint: More help is on the way (WZZM)
The chief of the Michigan National Guard reassured Flint residents today that he will have 30 soldiers on the ground by Friday morning to assist with water distribution.

Michigan National Guard, FEMA help Flint amid water crisis (AP)
Members of the Michigan National Guard began arriving in Flint on Wednesday for briefings on the drinking water crisis just as state health officials reported a spike in Legionnaires' disease cases in the county where the city is located. Gov. Rick Snyder activated the National Guard late Tuesday, and Lt. Col. William Humes confirmed about a half-dozen representatives arrived Wednesday morning.

Hillary Clinton infuriated by Flint water crisis, outraged by Gov. Snyder (Mlive)
Dave Murray, a spokesman for Gov. Rick Snyder, said Snyder "has been working closely with the White House and our partners in the federal government to bring resources to Flint as we focus on protecting the health and welfare of all residents and making sure they have access to safe, clean water.

Michigan National Guard, FEMA help Flint amid water crisis (AP)
Members of the Michigan National Guard began arriving in Flint on Wednesday for briefings on the drinking water crisis just as state health officials reported a spike in Legionnaires' disease cases in the county where the city is located.

Calls for Gov. Snyder's resignation ring through state capital as Flint water protests hit Lansing (WXYZ)
here are more calls for Governor Rick Snyder to resign over the Flint water crisis. Those calls echoed through the halls of the state capitol and now are also coming from a key member of the legislature.

Capitol protesters urge Snyder to resign over Flint (Detroit News)
Gov. Rick Snyder has "got to go," protesters chanted Thursday at the Michigan Capitol, calling on the governor to resign over a Flint water contamination crisis that continues to generate national attention.

Gov. Rick Snyder: Additional powers should be returned to Flint's mayor (UP Matters/TV 3)
Gov. Rick Snyder offered the following statement supporting a request to return more executive powers to the mayor of Flint.

Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor (AP)
Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor. A city administrator, Natasha Henderson, has been responsible for daily operations since last February. But Snyder agrees with Mayor Karen Weaver that it's time to transfer that authority.

Gov. Snyder calls for return of powers to Flint Mayor Karen Weaver (Mlive)
Gov. Rick Snyder is calling for a state oversight board to give Flint Mayor Karen Weaver more power amid the city's ongoing water crisis. "Mayor Weaver has requested that the powers and authority currently vested in the city administrator to be transferred to the mayor," Snyder said in a statement. "I agree with her, and have asked the Receivership Transition Advisory Board to support that resolution."

Snyder didn't learn of Legionnaires' until 18 months after outbreak started, officials say (Mlive)
Health officials waited roughly a year and a half to notify Gov. Rick Snyder about spiking rates of Legionnaires' Disease in the Flint area, according to state authorities. State Medical Executive Eden V. Wells said Thursday, Jan. 14, that state health officials typically do not brief the governor's office of ongoing investigations, but continuing issues surrounding the city's water supply spurred the state's health agency to release information prior to a formal report being released.

Budget
Michigan officials meet to settle on budget forecasts (AP)
State economists are meeting to settle on tax revenue forecasts before Gov. Rick Snyder can finalize his budget proposal due to the Legislature next month.

Auto show/Obama
No plans for Snyder, Obama to meet on Flint water during car show visit (Mlive)
No face-to-face meetings have been discussed for Gov. Rick Snyder and President Barack Obama on Flint's ongoing water crisis while the president is scheduled to be in Detroit for the North American International Auto Show, a Snyder spokesman said.

APPOINTMENTS

Gov. Rick Snyder has appointed an official from suburban Detroit as the state's fire marshal (AP)
Gov. Rick Snyder has appointed an official from suburban Detroit as the state's fire marshal. Julie Secontine, who has served as the risk manager for Oakland County, also was named director of the Michigan Bureau of Fire Services by the director of the Michigan Department of Licensing and Regulatory Affairs. That bureau serves about 31,000 firefighters in Michigan.

FLINT

What Will Happen to Flint's Lead-Poisoned Children? (Daily Beast)
"I love Flint, I am Flint, I do community work in Flint, but if there's one thing that can actually drive me from Michigan right now, it's this water," said Chia Morgan. Morgan, a social worker and mother of a 3-year-old daughter, has lived in the Flint area her entire life but she may soon leave the state for fear of lead poisoning.

EPA Knew About Michigan Water Contamination For Months Without Telling The Public (Daily Caller)
The Environmental Protection Agency's (EPA) top Midwest official knew about the Flint, Michigan drinking water crisis of 2015 months before telling the public, according to a Tuesday report by the The Detroit News.

MI Attorney General Bill Schuette to Investigate Flint Water Crisis (9&10 News)
Michigan Attorney General Bill Schuette announced Friday morning that he will investigate the Flint water crisis. The investigation will determine if any Michigan laws were violated in the process that resulted in the lead contamination of

the city's drinking water. Schuette's announcement comes just one day after Governor Rick Snyder requested President Obama to declare a federal emergency and expedited major disaster for Genesee County.

Flint Protestors Fill State Capitol (Michigan Radio)
Hundreds of demonstrators chanted, "Hey, hey! Ho, ho! Governor Snyder's got to go!" as they marched on the state Capitol to protest Governor Rick Snyder's handling of the Flint water crisis. The line marched two by two and chanted on the snow-lined walkway up to the Capitol. Collette Metcalf carried a sign that said: "water is a human right."

A recall effort is moving forward against two Michigan senators, and Northern Michigan roads may be to blame.

DETROIT

Detroit's public schools face day of reckoning as cash dwindles (Chicago Tribune)
When Roosevelt Bell's daughter Roshauna left Detroit's Cooke Elementary for a charter school, she joined an exodus that sent the district's finances into free fall. Every student that leaves costs $7,434 in state aid. In the past decade, it's lost 84,000.

Teachers protest Detroit Public Schools ahead of union meeting about sickouts (WXYZ)
Hundreds of Detroit Public School teachers gathered today to meet with union officials.

Bad conditions at DPS? Not much has changed (Freep)
Equality means a better school environment than the one forced upon Detroit Public Schools by a management of government control. A decayed infrastructure means investing government money — money now given away to business as tax breaks. Teachers, students and the public deserve better and when protest is the only way to achieve it. It is a result of failure by government, not teachers. Protest is a Constitutional right.

Trying to teach in DPS amid decay: 'It's a travesty' (Freep)
Temperatures outside are in the 20s, but the windows in the principal's office at Detroit Institute of Technology Preparatory High School are cracked open and two fans are running to keep the indoor temperature from reaching 90 degrees.

'We are failing them': Detroit teachers demand fix to 'hazardous' school (CNN)
Walking through the halls of Spain Elementary-Middle School the temperature quickly changes. A musty smell wafts through the air as a draft comes from the direction of the gym.

Teachers, parents want DPS's attention (Freep)
It is hard to listen to Kathy Sergeant without tears springing to your eyes. It is always that way when you meet someone in an abusive relationship, and you don't know how to help.

Public School Teacher Leaves $1.7 Million to Detroit Institute of Arts (Freep)
The DIA announced today that Verdow, who died in 2014 at the age of 86, has given the museum a bequest of $1.71 million. *Verdow stipulated that $1.26 million be used to buy contemporary art paintings and sculpture, while $450,000* be funneled into the museum's endowment for annual operations.

Detroit Public School Teachers Turn To 'Sickouts' In Protest (NPR)
For three straight days earlier this week, some Detroit public schools were closed because too many teachers called in sick.

Teachers skeptical about Detroit Public Schools bailout proposal (WDIV)
More than $3,000 of every Detroit Public Schools (DPS) student's $7,100 grant -- nearly 40 percent -- goes to debt repayment.

OPINION

Charters get free pass in DPS bills (Detroit Free Press)
The good news is that after months of foot-dragging, Michigan's Republican legislative leaders have finally accepted Gov. Rick Snyder's challenge to address a financial crisis that threatens to drive the state's largest school district into bankruptcy before the end of the current school year.

Bad conditions at DPS? Not much has changed (Detroit Free Press)
This week, teacher sick-outs among Detroit Public Schools have led to the cancellation of classes at more than 75 schools in recent days. Many teachers have said they are protesting the conditions of schools.

Ingrid Jacques: DPS emergency manager needs to step aside (Detroit News)
Darnell Earley has to go. The emergency manager of Detroit Public Schools is now irrevocably tainted by his time in that same role for the city of Flint. Whether he deserves blame is still in question, but Earley was the state-appointed manager who oversaw Flint's transition from the Detroit water system to Flint River water.

Editorial: EPA passive on Flint water (Detroit News)
The Snyder administration faces a growing problem with the contaminated water in Flint. The response from Lansing has been too little, too late. And even though officials at the Michigan Department of Environmental Quality have stepped down, and investigations are ongoing, Gov. Rick Snyder and the state will ultimately be held accountable for any long-term damage to residents.

Straight-ticket repeal may haunt GOP at the grassroots (MLive)
The chattering class is mostly of the consensus that doing away with the simple, one-off option for voters wishing to cast a straight-ticket ballot will hurt Democrats.

Susan J. Demas: Big government saved the auto industry—and Michigan (MLive)
As people from around the globe descend on Detroit for the annual auto show, signs of the 2009 auto bailout's success are everywhere.

Michigan's failure to protect Flint (New York Times)
Gov. Rick Snyder of Michigan is scrambling to deal with a terrible water crisis created by his administration in the city of Flint, which is poor and has a black majority. The damage to the nearly bankrupt city and its nearly 100,000 residents by lead-tainted water caused by corrosion in the pipes has yet to be totaled, but there is no doubt that the state has a moral obligation to provide clean water immediately for the citizens and to devise a long-term solution, no matter how costly.

Thanks Ron,

Is it possible to send these releases out through the City's email list? We have a mailchimp account that we just started. Its pretty small but maybe we can direct people to it and have a direct link with the public? Let me know your thoughts.

In addition, do we have "how you can help" information. Someone who is sitting in for the Frank Beckmann Show called and wanted to broadcast how people can help on the radio.

Thanks,

Thanks,

Gov. Rick Snyder seeks presidential emergency and major disaster declaration to help Flint residents

LANSING, Mich. – Gov. Rick Snyder today requested President Obama to declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in the city of Flint.

Snyder requested supplementary federal aid in the form of Individual Assistance and Public Assistance to help eligible residents and state and local government entities to protect the health, safety and welfare of Flint residents.

If federal aid is granted, assistance can include grants for temporary housing and home repairs, low-cost loans to cover uninsured property losses and other programs to help people and businesses recover. Public assistance helps cover some of the costs incurred by state and local governments due to damage to public facilities and infrastructures, such as city schools and the water system.

"We are utilizing all state resources to ensure Flint residents have access to clean and safe drinking water and today I am asking President Obama to provide additional resources as our recovery efforts continue," Snyder said.

Snyder's request will be reviewed by the Federal Emergency Management Agency, which will advise President Obama whether an emergency and major disaster declaration should be granted. Ultimately, the president will determine whether to provide federal assistance.

Snyder declared a state of emergency on Jan. 5 for Genesee County, following the county's local emergency declaration on Jan. 4. The declaration makes available all state resources in cooperation with local response and recovery efforts in Genesee County as outlined in the Michigan Emergency Management Plan.

In addition, Snyder requested support from FEMA on Tuesday to help coordinate an interagency recovery plan with other federal agencies to provide resources to Flint. Snyder also activated the Michigan National Guard to assist with distributing supplies at five water resource sites established in Flint.

Gov. Rick Snyder seeks presidential emergency and major disaster declaration to help Flint residents

LANSING, Mich. – Gov. Rick Snyder today requested President Obama to declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in the city of Flint.

Snyder requested supplementary federal aid in the form of Individual Assistance and Public Assistance to help eligible residents and state and local government entities to protect the health, safety and welfare of Flint residents.

If federal aid is granted, assistance can include grants for temporary housing and home repairs, low-cost loans to cover uninsured property losses and other programs to help people and businesses recover. Public assistance helps cover some of the costs incurred by state and local governments due to damage to public facilities and infrastructures, such as city schools and the water system.

"We are utilizing all state resources to ensure Flint residents have access to clean and safe drinking water and today I am asking President Obama to provide additional resources as our recovery efforts continue," Snyder said.

Snyder's request will be reviewed by the Federal Emergency Management Agency, which will advise President Obama whether an emergency and major disaster declaration should be granted. Ultimately, the president will determine whether to provide federal assistance.

Snyder declared a state of emergency on Jan. 5 for Genesee County, following the county's local

emergency declaration on Jan. 4. The declaration makes available all state resources in cooperation with local response and recovery efforts in Genesee County as outlined in the Michigan Emergency Management Plan.

In addition, Snyder requested support from FEMA on Tuesday to help coordinate an interagency recovery plan with other federal agencies to provide resources to Flint. Snyder also activated the Michigan National Guard to assist with distributing supplies at five water resource sites established in Flint.

GOVERNOR'S ACTIVITIES

Flint water

Michigan gov asks Obama to declare Flint water crisis a disaster (Fox News)
Michigan Gov. Rick Snyder asked President Barack Obama Thursday for an emergency and major disaster declaration amid an ongoing crisis over drinking water in the city of Flint. Snyder's office confirmed in a statement late Thursday that it had asked for the declaration and was seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Gov. Snyder asks Pres. Obama to declare emergency in Flint water crisis (AP)
Michigan Governor Rick Snyder is asking President Barack Obama to issue an emergency and major disaster declaration amid the Flint water crisis. Snyder's office said in a statement late Thursday night that it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Gov. Rick Snyder seeks presidential emergency and major disaster declaration to help Flint residents (UP Matters/TV 3)
Gov. Rick Snyder requested President Obama to declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in the city of Flint.

Snyder asks Obama for federal emergency declaration and aid for Genesee County (Michigan Radio)
Gov. Rick Snyder late tonight asked President Obama to declare both an emergency and an expedited major disaster for Genesee County. The request comes as a result of ongoing emergency water response efforts in the city of Flint. Flint's water crisis only qualifies for federal emergency status, and not natural disaster assistance, because it is a man-made disaster.

Gov. Snyder wants federal emergency declared in Flint (WDIV)
Michigan Gov. Rick Snyder is asking President Barack Obama to issue an emergency and major disaster declaration amid the Flint water crisis. Snyder's office said in a statement late Thursday night that it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Michigan governor asks Obama for federal aid in Flint water crisis (Reuters)
Michigan Governor Rick Snyder said he asked President Barack Obama to declare both an emergency and an expedited major disaster in the county where the city of Flint has been dealing with the fallout from lead-contaminated drinking water. Snyder said in a statement released shortly before midnight on Thursday that he requested federal aid in Genesee County to protect the safety of Flint residents. Earlier

this week, he sent the Michigan National Guard to distribute bottled water and other supplies to residents.

Flint: Gov. Snyder asks President Obama for emergency declaration in water crisis (AP)
Michigan Gov. Rick Snyder has asked President Barack Obama to issue an emergency and major disaster declaration amid a drinking water crisis in Flint that began months ago.
Snyder's office said in a statement late Thursday night it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Mich. Gov. Snyder requests presidential emergency and major disaster declaration in Flint (NBC 25)
Gov. Rick Snyder requested President Obama declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in Flint. Snyder requested supplementary federal aid in the form of Individual Assistance and Public Assistance to help eligible residents and state and local government entities to protect the health, safety and welfare of Flint residents.

Snyder seeks federal emergency status over Flint water (Freep)
Michigan Gov. Rick Snyder asked President Barack Obama to declare the area around Flint a federal emergency to combat the escalating crisis over contamination of the city's drinking water. In a late night news release, Snyder said he request the federal emergency and major disaster designation for Genesee County, home to Flint, in order to help "protect the health, safety and welfare of Flint residents."

Snyder asks Obama to declare federal emergency for Flint water (Mlive)
Gov. Rick Snyder has asked President Barack Obama to declare a federal emergency in response to Flint's water crisis. The announcement came late Thursday, Jan. 14, and clears the way for expanded federal assistance in addressing the city's water troubles.

Class action lawsuit to be filed over City of Flint water crisis (WTVB)
The state of Michigan, Governor Rick Snyder and the city of Flint are facing a class action lawsuit over Flint's water crisis. Three people have filed suit, saying they were harmed by drinking water contaminated with lead.

Snyder asks Obama to declare federal emergency in Flint (Detroit News)
Gov. Rick Snyder late Thursday asked President Barack Obama to declare a federal emergency in Flint and expedite major disaster relief in Genesee County as a result of the city's lead-contaminated water crisis. The governor requested federal financial aid for both individuals and state and government agencies involved in assisting Flint residents and repairing a public water pipeline infrastructure damaged by corrosive river water blamed for lead contamination.

Michigan Governor Asks Obama To Declare Emergency Over Flint Water Crisis (Huffington Post)
Michigan Gov. Rick Snyder (R) wants President Barack Obama to declare a federal emergency in Flint, where the water is unsafe to drink due to high amounts of lead, a deadly neurotoxin.

Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor (AP)
Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor. A city administrator, Natasha Henderson, has been responsible for daily operations since last February. But Snyder agrees with Mayor Karen Weaver that it's time to transfer that authority.

Gov. Snyder wants federal emergency declared in Flint (WDIV)
Michigan Gov. Rick Snyder is asking President Barack Obama to issue an emergency and major disaster declaration amid the Flint water crisis. Snyder's office said in a statement late Thursday night that it had asked for the declarations and is seeking additional federal aid for both individuals and public agencies involved in the effort to provide Flint residents with clean drinking water.

Gov. Snyder requests presidential emergency, disaster declaration (WMMT)
Michigan Governor Rick Snyder announced Thursday night that his office has requested President Obama declare an emergency and an expedited major disaster for Genesee County, due to the ongoing water crisis. A state of emergency was declared in Flint after health officials found elevated levels of lead in the city's water.

Gov. Snyder asks Obama to declare Flint a federal emergency/major disaster (Metro Times)
While much of America was watching the GOP debate Thursday night (you were watching, right?) Gov. Rick Snyder requested that President Obama declare Flint a federal emergency/major disaster.

Governor Snyder calls on President Obama to declare emergency in Flint (WLNS)
Governor Rick Snyder is asking President Obama to declare a state of emergency in Genesee Co. He's also calling on the president to declare an expedited major disaster for Genesee County due to the ongoing crisis with Flint's water.

Snyder seeks federal emergency declaration to help Flint (Fox 2 Detroit)
Gov. Rick Snyder requested President Obama Thursday to declare both an emergency and an expedited major disaster for Genesee County as a result of ongoing emergency water response efforts in the city of Flint.

National Guard reassures Flint: More help is on the way (WZZM)
The chief of the Michigan National Guard reassured Flint residents today that he will have 30 soldiers on the ground by Friday morning to assist with water distribution.

Michigan National Guard, FEMA help Flint amid water crisis (AP)
Members of the Michigan National Guard began arriving in Flint on Wednesday for briefings on the drinking water crisis just as state health officials reported a spike in Legionnaires' disease cases in the county where the city is located. Gov. Rick Snyder activated the National Guard late Tuesday, and Lt. Col. William Humes confirmed about a half-dozen representatives arrived Wednesday morning.

Hillary Clinton infuriated by Flint water crisis, outraged by Gov. Snyder (Mlive)
Dave Murray, a spokesman for Gov. Rick Snyder, said Snyder "has been working closely with the White House and our partners in the federal government to bring resources to Flint as we focus on protecting the health and welfare of all residents and making sure they have access to safe, clean water.

Michigan National Guard, FEMA help Flint amid water crisis (AP)
Members of the Michigan National Guard began arriving in Flint on Wednesday for briefings on the drinking water crisis just as state health officials reported a spike in Legionnaires' disease cases in the county where the city is located.

Calls for Gov. Snyder's resignation ring through state capital as Flint water protests hit Lansing (WXYZ)
here are more calls for Governor Rick Snyder to resign over the Flint water crisis. Those calls echoed through the halls of the state capitol and now are also coming from a key member of the legislature.

Capitol protesters urge Snyder to resign over Flint (Detroit News)
Gov. Rick Snyder has "got to go," protesters chanted Thursday at the Michigan Capitol, calling on the governor to resign over a Flint water contamination crisis that continues to generate national attention.

Gov. Rick Snyder: Additional powers should be returned to Flint's mayor (UP Matters/TV 3)
Gov. Rick Snyder offered the following statement supporting a request to return more executive powers to the mayor of Flint.

Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor (AP)
Michigan Gov. Rick Snyder says he's in favor of restoring the full powers of Flint's mayor. A city administrator, Natasha Henderson, has been responsible for daily operations since last February. But Snyder agrees with Mayor Karen Weaver that it's time to transfer that authority.

Gov. Snyder calls for return of powers to Flint Mayor Karen Weaver (Mlive)
Gov. Rick Snyder is calling for a state oversight board to give Flint Mayor Karen Weaver more power amid the city's ongoing water crisis. "Mayor Weaver has requested that the powers and authority currently vested in the city administrator to be transferred to the mayor," Snyder said in a statement. "I agree with her, and have asked the Receivership Transition Advisory Board to support that resolution."

Snyder didn't learn of Legionnaires' until 18 months after outbreak started, officials say (Mlive)
Health officials waited roughly a year and a half to notify Gov. Rick Snyder about spiking rates of Legionnaires' Disease in the Flint area, according to state authorities. State Medical Executive Eden V. Wells said Thursday, Jan. 14, that state health officials typically do not brief the governor's office of ongoing investigations, but continuing issues surrounding the city's water supply spurred the state's health agency to release information prior to a formal report being released.

Budget
Michigan officials meet to settle on budget forecasts (AP)
State economists are meeting to settle on tax revenue forecasts before Gov. Rick Snyder can finalize his budget proposal due to the Legislature next month.

Auto show/Obama
No plans for Snyder, Obama to meet on Flint water during car show visit (Mlive)
No face-to-face meetings have been discussed for Gov. Rick Snyder and President Barack Obama on Flint's ongoing water crisis while the president is scheduled to be in Detroit for the North American International Auto Show, a Snyder spokesman said.

APPOINTMENTS

Gov. Rick Snyder has appointed an official from suburban Detroit as the state's fire marshal (AP)
Gov. Rick Snyder has appointed an official from suburban Detroit as the state's fire marshal. Julie Secontine, who has served as the risk manager for Oakland County, also was named director of the Michigan Bureau of Fire Services by the director of the Michigan Department of Licensing and Regulatory Affairs. That bureau serves about 31,000 firefighters in Michigan.

FLINT

What Will Happen to Flint's Lead-Poisoned Children? (Daily Beast)
"I love Flint, I am Flint, I do community work in Flint, but if there's one thing that can actually drive me from Michigan right now, it's this water," said Chia Morgan. Morgan, a social worker and mother of a 3-year-old daughter, has lived in the Flint area her entire life but she may soon leave the state for fear of lead poisoning.

EPA Knew About Michigan Water Contamination For Months Without Telling The Public (Daily Caller)
The Environmental Protection Agency's (EPA) top Midwest official knew about the Flint, Michigan drinking water crisis of 2015 months before telling the public, according to a Tuesday report by the The Detroit News.

MI Attorney General Bill Schuette to Investigate Flint Water Crisis (9&10 News)
Michigan Attorney General Bill Schuette announced Friday morning that he will investigate the Flint water crisis. The investigation will determine if any Michigan laws were violated in the process that resulted in the lead contamination of the city's drinking water. Schuette's announcement comes just one day after Governor Rick Snyder requested President Obama to declare a federal emergency and expedited major disaster for Genesee County.

Flint Protestors Fill State Capitol (Michigan Radio)
Hundreds of demonstrators chanted, "Hey, hey! Ho, ho! Governor Snyder's got to go!" as they marched on the state Capitol to protest Governor Rick Snyder's handling of the Flint water crisis. The line marched two by two and chanted on the snow-lined walkway up to the Capitol. Collette Metcalf carried a sign that said: "water is a human right."

DEPARTMENTS

Common calendar, pre-Labor Day start gaining steam in Jackson County schools (MLive)
The concept of a countywide common calendar for K-12 students is gaining support from Jackson County school boards.

MDOC

Michigan Department of Corrections gets new motto (Freep)
The Michigan Department of Corrections has a new motto. The motto "Committed to Protect, Dedicated to Success" was announced in a department newsletter posted online Friday.

LEGISLATIVE

Bills to Restructure Detroit K-12 District Finally Proposed (AP)
Long-awaited legislation to overhaul Detroit's troubled school district by splitting it in two was introduced Thursday and could commit state lawmakers to spending up to $770 million over 11 years on the restructuring proposal that faces uncertainty in a bailout-averse Legislature.

State and federal lawmakers to tour Detroit Public Schools (WXYZ)
Several state and federal lawmakers will be touring Detroit Public Schools on Friday morning. State Rep. Sherry Gay-Dagnogo, Rep. John Conyers, State Sen. Goeff Hanson, House Democratic Leader Tim Greimel, Detroit Mayor Mike Duggan, State Rep. Brian Banks and more will tour the different schools.

Michigan Senate Democratic Leader Wants Emergency Money For Flint (WSJM)
Michigan Senate Democratic Leader Jim Ananich of Flint is pushing for the Legislature to make emergency funding available for the city of Flint to address the water crisis. House Speaker Kevin Cotter is not dismissing the idea.

Former Sen. Jason Allen to run for Michigan's 1st congressional district (MLive)
Republican and former Michigan Sen. Jason Allen on Thursday announced he would run for the first congressional district, which encompasses the Upper Peninsula and a large swath of Northern Michigan.

State legislators talk policy following State of the Union (Michigan Daily)
For several Michigan lawmakers, the vision President Barack Obama articulated during his final State of the Union address Tuesday night for federal policy closely mirrored what they would like to accomplish on a statewide level.

State lawmakers attendance criticized by website (WNEM)
State lawmakers returned to session in Lansing on Wednesday. But newly-released records show dozens missed hundreds of votes in 2015 and some of Mid-Michigan's lawmakers are topping that list.

West Michigan senator backs Detroit schools rescue plan (Freep)
The long-awaited legislation to try to fix the financially struggling Detroit Public Schools initially includes a nine-member school board appointed by Gov. Rick Snyder and Detroit Mayor Mike Duggan.

Michigan Board of Canvassers Approve Recall Language Against Two Senators (9&10 News)
A recall effort is moving forward against two Michigan senators, and Northern Michigan roads may be to blame.

DETROIT

Detroit's public schools face day of reckoning as cash dwindles (Chicago Tribune)
When Roosevelt Bell's daughter Roshauna left Detroit's Cooke Elementary for a charter school, she joined an exodus that sent the district's finances into free fall. Every student that leaves costs $7,434 in state aid. In the past decade, it's lost 84,000.

Teachers protest Detroit Public Schools ahead of union meeting about sickouts (WXYZ)
Hundreds of Detroit Public School teachers gathered today to meet with union officials.

Bad conditions at DPS? Not much has changed (Freep)
Equality means a better school environment than the one forced upon Detroit Public Schools by a management of government control. A decayed infrastructure means investing government money — money now given away to business as tax breaks. Teachers, students and the public deserve better and when protest is the only way to achieve it. It is a result of failure by government, not teachers. Protest is a Constitutional right.

Trying to teach in DPS amid decay: 'It's a travesty' (Freep)
Temperatures outside are in the 20s, but the windows in the principal's office at Detroit Institute of Technology Preparatory High School are cracked open and two fans are running to keep the indoor temperature from reaching 90 degrees.

'We are failing them': Detroit teachers demand fix to 'hazardous' school (CNN)
Walking through the halls of Spain Elementary-Middle School the temperature quickly changes. A musty smell wafts through the air as a draft comes from the direction of the gym.

Teachers, parents want DPS's attention (Freep)
It is hard to listen to Kathy Sergeant without tears springing to your eyes. It is always that way when you meet someone in an abusive relationship, and you don't know how to help.

Public School Teacher Leaves $1.7 Million to Detroit Institute of Arts (Freep)
The DIA announced today that Verdow, who died in 2014 at the age of 86, has given the museum a bequest of $1.71 million. Verdow stipulated that $1.26 million be used to buy contemporary art paintings and sculpture, while $450,000 be funneled into the museum's endowment for annual operations.

Detroit Public School Teachers Turn To 'Sickouts' In Protest (NPR)
For three straight days earlier this week, some Detroit public schools were closed because too many teachers called in sick.

Teachers skeptical about Detroit Public Schools bailout proposal (WDIV)
More than $3,000 of every Detroit Public Schools (DPS) student's $7,100 grant -- nearly 40 percent -- goes to debt repayment.

OPINION

Charters get free pass in DPS bills (Detroit Free Press)
The good news is that after months of foot-dragging, Michigan's Republican legislative leaders have finally accepted Gov. Rick Snyder's challenge to address a financial crisis that threatens to drive the state's largest school district into bankruptcy before the end of the current school year.

Bad conditions at DPS? Not much has changed (Detroit Free Press)
This week, teacher sick-outs among Detroit Public Schools have led to the cancellation of classes at more than 75 schools in recent days. Many teachers have said they are protesting the conditions of schools.

Ingrid Jacques: DPS emergency manager needs to step aside (Detroit News)

Darnell Earley has to go. The emergency manager of Detroit Public Schools is now irrevocably tainted by his time in that same role for the city of Flint. Whether he deserves blame is still in question, but Earley was the state-appointed manager who oversaw Flint's transition from the Detroit water system to Flint River water.

Editorial: EPA passive on Flint water (Detroit News)
The Snyder administration faces a growing problem with the contaminated water in Flint. The response from Lansing has been too little, too late. And even though officials at the Michigan Department of Environmental Quality have stepped down, and investigations are ongoing, Gov. Rick Snyder and the state will ultimately be held accountable for any long-term damage to residents.

Straight-ticket repeal may haunt GOP at the grassroots (MLive)
The chattering class is mostly of the consensus that doing away with the simple, one-off option for voters wishing to cast a straight-ticket ballot will hurt Democrats.

Susan J. Demas: Big government saved the auto industry—and Michigan (MLive)
As people from around the globe descend on Detroit for the annual auto show, signs of the 2009 auto bailout's success are everywhere.

Michigan's failure to protect Flint (New York Times)
Gov. Rick Snyder of Michigan is scrambling to deal with a terrible water crisis created by his administration in the city of Flint, which is poor and has a black majority. The damage to the nearly bankrupt city and its nearly 100,000 residents by lead-tainted water caused by corrosion in the pipes has yet to be totaled, but there is no doubt that the state has a moral obligation to provide clean water immediately for the citizens and to devise a long-term solution, no matter how costly.

Subject: 2-1-1 Update on caller needs/reports

Ron, Richard and Jennifer:

You are the PIO's in Flint who have given me your contact information, so I wanted provide a quick update on what's been happening today with 2-1-1. As long as it is useful I will plan to provide a daily wrap-up each afternoon.

CALL VOLUME:
Call volume today was manageable. The queue for water-related calls peaked at 5 calls immediately following the governor's press conference.

Central Michigan 2-1-1 and Michigan 2-1-1 have asked the other seven 2-1-1 partners across the state identify their capacity to lend staff to take water calls. Three partners have committed up to 25 additional staff, including two who are available to supplement the overnight shift – I expect more, but the formal request only went out at 3:00 pm this afternoon.

SPECIAL NEEDS/REQUESTS

☐ **2-1-1 needs a designated contact where we can forward requests for transportation assistance.**

- Based on the governor's press conference that referred people to 2-1-1 for transportation assistance there have been several requests for help from seniors, people with disabilities and people without a driver's licenses. 2-1-1 is keeping a list of these requests. I heard a report that the sheriff's office has declared a "Code Red" that allows them to provide transportation assistance. Do you have any additional information on this? Who can take action to serve these callers?
- An apartment complex manager asked if there was a way to pick up water filters for all the units (47 total). We only have information for individual households to get filters. A coordinated initiative for property managers to acquire and install filters could facilitate use.

RUMOR CONTROL

- There have been two calls to 2-1-1 about a rumor that the bottled water being distributed is contaminated with lead. How would you like 2-1-1 to respond? We would like to have a standard response that aligns with the state's messaging to address this misinformation. What do you think of something like, "All donated water is bottled and sealed by private companies like Absopure that meet federal guidelines to ensure the water is safe to drink"?

OTHER

☐ Jennifer Eisner shared that five digital billboards around Flint will be going up in the next 24 hours with a message to call 2-1-1 for information. Thank you for the advance notice. Is it possible to get a copy of the billboard or exact message for reference?

Thank you all for your help coordinating the response. I am available 24/7 at 206-619-5711 if you need to reach me.

Best regards,

Tom Page | Executive Director

Subject: RE: 2-1-1 Update on caller needs/reports

This is the first update we've gotten, so I don't know what's been done with it. I did share it with our MDHHS SEOC team and they are working on answers.

Subject: Re: 2-1-1 Update on caller needs/reports

Per the 211 update, on Tuesday we need to work on addressing their questions and getting them information that's needed. We can develop taking points in the morning.

Jen, do you know if Rich Thelen is posting the 211 updates in MiCIMS, or should the JIC? Their updates, questions, rumors should be captured and shared with SEOC.

Thanks,

-Nicole

Subject: 2-1-1 Update on caller needs/reports

Ron, Richard and Jennifer:

You are the PIO's in Flint who have given me your contact information, so I wanted provide a quick update on what's been happening today with 2-1-1. As long as it is useful I will plan to provide a daily wrap-up each afternoon.

CALL VOLUME:
Call volume today was manageable. The queue for water-related calls peaked at 5 calls immediately following the governor's press conference.

Central Michigan 2-1-1 and Michigan 2-1-1 have asked the other seven 2-1-1 partners across the state identify their capacity to lend staff to take water calls. Three partners have committed up to 25 additional staff, including two who are available to supplement the overnight shift – I expect more, but the formal request only went out at 3:00 pm this afternoon.

SPECIAL NEEDS/REQUESTS

- ☐ **2-1-1 needs a designated contact where we can forward requests for transportation assistance.**
- Based on the governor's press conference that referred people to 2-1-1 for transportation assistance there have been several requests for help from seniors, people with disabilities and people without a driver's licenses. 2-1-1 is keeping a list of these requests. I heard a report that the sheriff's office has declared a "Code Red" that allows them to provide transportation assistance. Do you have any additional information on this? Who can take action to serve these callers?
- An apartment complex manager asked if there was a way to pick up water filters for all the units (47 total). We only have information for individual households to get filters. A coordinated initiative for property managers to acquire and install filters could facilitate use.

RUMOR CONTROL

- There have been two calls to 2-1-1 about a rumor that the bottled water being distributed is contaminated with lead. How would you like 2-1-1 to respond? We would like to have a standard response that aligns with the state's messaging to address this misinformation. What do you think of something like, "All donated water is bottled and sealed by private companies

like Absopure that meet federal guidelines to ensure the water is safe to drink"?

OTHER

- ☐ Jennifer Eisner shared that five digital billboards around Flint will be going up in the next 24 hours with a message to call 2-1-1 for information. Thank you for the advance notice. Is it possible to get a copy of the billboard or exact message for reference?

Thank you all for your help coordinating the response. I am available 24/7 at 206-619-5711 if you need to reach me.

Best regards,

Tom Page | Executive Director

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/11/16

The focus today was the media event and getting the supplies and logistics on track. Most of the activity today was working on logistics for the water and other supplies.

Attached Documents:

- SitRep 6

Key items for tomorrow to note are:

- The door to door teams will start at 0830 Tuesday morning. It is reported that troopers are going to the door but DHHS employees are the lead with a troop car nearby.
    - State and local GIS created an App today for the teams to use tomorrow but I see potential use at distribution sites.

- The App data will be used for our maps as we survey the public/distribute supplies and we will be getting real time metrics through the site from the field send back to the SEOC. We are using Android tablets tomorrow but in the future can use any mobile device for this.

Items to Note

- It was reported that only one POD (Station 5) was out of water longer than 30-45 minutes. This site was ~2 hours without water and part of that was the truck went to the wrong station. Trucks were sent as soon as the local EOC was notified.

- We also did not receive a DHHS shipment that was to come in which caused some filter delivery issues.

- Supplies are limited at this time; however, we are getting our shipments starting at 0630 tomorrow.

- We have Home Depot giving us 12,768 cases (this was a late development so the SitRep indicates half the amount) of water every day starting tomorrow. We are still working with other distributors too.

- ARC is flying in a logistics planner tomorrow. Three additional staff with be with her to shadow and help. We are turning warehouse logistics over to ARC logistics. We are moving tomorrow to a process that has a distribution center (GCCARD) and a warehouse that is 100,000 square that will maintain mass quantities. Staff has continually been placing orders for supplies to ensure we get a head of this. The intent is to keep the warehouse full so we do not have these continual issues of supplies.

- Began mapping lead service lines (anticipate having draft of lead service lines Friday).

- Coordinated with local IT managers overseeing filter tracking system to streamline data collection.

Local Emergency Operations Center

- Working to coordinate resources at the local level to maintain adequate supplies at all PODs.

- Demand has exceeded supplies and supplies are moving rapidly from PODs today. Working to make sure POD managers notify us when they start running low.

- Working to establish a warehouse for local resource storage.

- Established trigger points for resources at PODs and hourly inventory reporting from the PODs.

- Discussed potential long term water sources between local EOC and SEOC.

- Established planning cycle/meeting scheduled for 1/12/16.

- Local EOC EMHSD staff with Natasha Henderson to request deployment of City representative at local EOC.

Chris

Update 1/10/16

Attached Documents:

- SitRep 5
- Door card (English version but Spanish version will be ready for Tuesday)

I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

2. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; **however**, there may exist opportunities to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

    - We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.

- A major disaster is defined in the Stafford Act as any ***"nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."***

- An emergency declaration is ***"is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."***

    - This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.

- Severity of the situation is ***"A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....***

- Nature of assistance for Emergency Declaration is for ***"Debris removal, emergency protective measures, direct federal assistance...."***

    - Debris Removal = ***self-explanatory and we do not have this***

    - Emergency Protective measures = ***water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)***

    - Direct federal assistance= ***what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.***

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.
- Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
- Media event with the Governor in Flint.
- New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
3. Improve and maintain public information strategy.
4. Develop a long term public health and services plan.
5. Ensure adequate staffing to support operational requirements.
6. Identify possible assistance programs.
7. Develop an approved GIS strategy.
8. Maintain coordination between partner agencies and organizations.

    2. Ensure accurate tracking and accounting of all commodities.
    3. Improve and maintain public information strategy.
    4. Develop a long term public health and services plan.
    5. Ensure adequate staffing to support operational requirements.
    6. Identify possible assistance programs.
    7. Develop an approved GIS strategy.
    8. Maintain coordination between partner agencies and organizations.
    9. Enhance situational awareness and common operating picture of all activities.
    10. Develop a comprehensive Recovery Plan.

Items to Note

- All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.
- Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
- The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
- The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
    - Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
    - The door card is attached that will be left if no one is home.
- Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
    - GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
- GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
    - 12,386 filters
    - 1,985 replacement filters
    - 354 Pitchers
    - 2500 Lead Testing Kits

- Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
    - Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
    - We have ordered an additional (expedited delivery with ETAs tomorrow)
        - 40,000 Brita Filters
        - 40,000 Brita Replacement Filters
        - 1000 Zero 8-Cup Pitchers
        - 1000 Zero 8-Cup Pitchers
        - 2000 PUR Replacement Filters
        - 93 Pallets of water (about 6700 cases)
- GIS continues to produce multiple maps for use.
- JIC Items
    - Requested PSA on the radio. Media has been approved and working with MAB.
    - Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
    - A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
        - Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
        - JIC moving tomorrow to Flint.

Local Emergency Operations Center

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

Fire Station Inventory Levels:

Station 1:

- Only time without supplies - 15 minutes without water while the truck was unloaded.

Station 3:

- Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.

Station 5:

- Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
- Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.

Station 6:

- Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District, load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.
- 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.

- We received news that a reverse 9-1-1 call notified residents of water which caused an unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.

Station 8:

- Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
- Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
- Reports received that the last couple of hours were slow.
- Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

- United Way set up meeting with Food Bank to discuss.
- Had EOC meeting on this topic to discuss options.

Churches:

- All 9 churches received waters, filters, and informational bulletins.
- Lt Roach received positive feedback from 3 of the pastors.
- No complaints were received.

Signage:

- Provided information to SEOC on signage requirements at the fire stations.

Storage:

- Researched storage spaces; established temporary site at GCCARD.

Personnel:

- Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
- Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.
- Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

"A PROUD tradition of SERVICE through EXCELLENCE, INTEGRITY, and COURTESY."

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more

information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

<u>Items to Note</u>

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information … I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.
- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.
- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.

- Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
    - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.
- Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
- Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
- GIS maps will provide guidance on deployment locations for these teams and other teams in the field.

- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

<u>MSP/EMHSD GIS Section Updates</u>

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

<u>Local Emergency Operations Center</u>

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

<u>Update 1/8/16</u>

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

    - DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
    - 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
    - Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.

- A Volunteer Management Coordinator is in the Genesee County EOC as of today.
- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.
- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.
- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.
- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.
- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
  - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504

- Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
- Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502

- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination, command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
    1. Activate the State Recovery Task Force (SRTF).
    2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
    3. Obtain and maintain situational awareness and common operating picture of all activities.
    4. Establish SEOC operational period and hours of operations.
    5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
    6. Develop a comprehensive GIS strategy.
    7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
    8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
    9. Provide technical assistance to the local Damage Assessment process.
    10. Establish a Joint Information Center (JIC) and develop a public information strategy.
    11. Monitor MI CIMS for resource requests and address as appropriate.
    12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
    - Determine what federal agencies are already involved and their status
    - Identify potential water supplies
    - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
    - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively

- Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Chris

Subject: RE: Update - Genesee County Declaration

I forgot to advise that we have asked key state agency PIOs to be in the SEOC for the briefing.

From: Kelenske, Chris (MSP)
Sent: Tuesday, January 05, 2016 6:06 PM
To: Etue, Kriste (MSP); Gorski, Gary (MSP); Smith, Paul (GOV)
Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
  - This included information on the SEOC activation and a 0900 briefing for SEMCs.
  - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Chris

Cc: Jennifer Pollak (jennifer.pollak@lifewayscmh.org); James Gaskin (jgaskin@unitedwaygenesee.org)
Subject: 2-1-1 Update on caller needs/reports

Ron, Richard and Jennifer:

You are the PIO's in Flint who have given me your contact information, so I wanted provide a quick update on what's been happening today with 2-1-1. As long as it is useful I will plan to provide a daily wrap-up each afternoon.

CALL VOLUME:
Call volume today was manageable. The queue for water-related calls peaked at 5 calls immediately following the governor's press conference.

Central Michigan 2-1-1 and Michigan 2-1-1 have asked the other seven 2-1-1 partners across the state identify their capacity to lend staff to take water calls. Three partners have committed up to 25 additional staff, including two who are available to supplement the overnight shift – I expect more, but the formal request only went out at 3:00 pm this afternoon.

SPECIAL NEEDS/REQUESTS

☐ **2-1-1 needs a designated contact where we can forward requests for transportation assistance.**

- Based on the governor's press conference that referred people to 2-1-1 for transportation assistance there have been several requests for help from seniors, people with disabilities and people without a driver's licenses. 2-1-1 is keeping a list of these requests. I heard a report that the sheriff's office has declared a "Code Red" that

allows them to provide transportation assistance. Do you have any additional information on this? Who can take action to serve these callers?

- An apartment complex manager asked if there was a way to pick up water filters for all the units (47 total). We only have information for individual households to get filters. A coordinated initiative for property managers to acquire and install filters could facilitate use.

RUMOR CONTROL

- There have been two calls to 2-1-1 about a rumor that the bottled water being distributed is contaminated with lead. How would you like 2-1-1 to respond? We would like to have a standard response that aligns with the state's messaging to address this misinformation. What do you think of something like, "All donated water is bottled and sealed by private companies like Absopure that meet federal guidelines to ensure the water is safe to drink"?

OTHER

☐ Jennifer Eisner shared that five digital billboards around Flint will be going up in the next 24 hours with a message to call 2-1-1 for information. Thank you for the advance notice. Is it possible to get a copy of the billboard or exact message for reference?

Thank you all for your help coordinating the response. I am available 24/7 at 206-619-5711 if you need to reach me.

Best regards,

Tom Page | Executive Director
Michigan 2-1-1 |330 Marshall Street, Suite 211, Lansing, MI 48912

Filters provide best access to safe drinking water in Flint
Focus remains on ground stabilization, distribution of water resources

FOR IMMEDIATE RELEASE
January 11, 2016
Release #: 4
For more information contact: Joint Information Center: 888-EMD-TODAY (888-363-8632)

LANSING, Mich. – Flint residents are encouraged to use water filters as their primary source for water consumption and cooking needs.

"The best way to ensure safe drinking water in your home is to have a water filter properly installed on your tap," said Dr. Eden Wells, chief medical executive with the Michigan Department of Health and Human Services. "Filters make your water safe to consume, and provide the most sustainable solution for having access to safe water in your home."

Donated water continues to be distributed to the five water resource sites at Flint fire stations. Residents should install filters to their taps to ensure they have immediate, ongoing access to safe water. Free filters and replacement cartridges are available at the water resource sites.

"We recognize the urgency of getting water resources to the residents of Flint," Capt. Chris Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the Michigan State Police Emergency Management and Homeland Security Division. "To help ensure the necessary resources continue to be available at the water resource sites, the state is expanding their partnership with the American Red Cross to utilize their warehousing and inventory management capabilities for stored water resources."

In addition, water resource teams will begin going door-to-door in Flint neighborhoods on Tuesday to distribute clean water resources. The water resource teams, consisting of state personnel and Michigan State Police (MSP) troopers, will be distributing bottled water, water filters, replacement cartridges and water testing kits.

If a resident is not home when a team stops by, a flyer with information on how to receive these free water resources will be left at their residence.

Additional resources, including a video on how to install filters, are available at www.michigan.gov/flintwater and by calling 2-1-1.

FOR IMMEDIATE RELEASE
Monday, January 11, 2016

Gov. Rick Snyder: Flint Water Interagency Coordinating

Committee will support long-term needs in Flint

Committee to address health, other issues into the future

LANSING, Mich. - Gov. Rick Snyder today signed an executive order creating the Flint Water Interagency Coordinating Committee, which will bring together a wide range of experts to work on long-term solutions to the Flint water situation and ongoing public health concerns affecting residents.

"We need to focus on improving Flint for the longer term," Snyder said. "This committee, made up of experts from government and the Flint community, will set a course of action to remedy the water situation and resulting health issues, and carry on long after the emergency declaration expires."

The Governor declared an emergency on Jan. 5 to put in place distribution of water, water filters and water tests for residents. The declaration launched the State Emergency Operations Center, made up of state emergency response personnel and non-governmental organizations such as the Red Cross.

The emergency declaration has led to a response from multiple state agencies, and is focused on assistance for immediate needs, such as filter and water distribution. Information can be found on Michigan.gov/flintwater, where individuals can also subscribe to email updates.

FWIACC's membership will include experts from the state, Genesee County, the city of Flint and subject matter experts. The group will analyze any long-term effects of high lead levels in Flint residents and recommend action.

In addition, an independent Flint Water Task Force is continuing a full review of all local, state and federal actions that led to the current situation in Flint.

The Coordinating Committee will be composed of the following 17 members, who shall serve an initial term expiring on Dec. 31, 2018:

- The director of Office of Urban Initiatives within the Executive Office of the Governor;
- The deputy state director of Emergency Management and Homeland Security within the Michigan Department of State Police;
- The director of the Department of Environmental Quality, or his or her designee;
- The director of the Department of Health and Human Services, or his or her designee;
- The director of the Department or Licensing and Regulatory Affairs, or his or her designee;
- The state treasurer, or his or her designee;
- The superintendent of public instruction, or his or her designee;
- The elected mayor of the City of Flint, who shall be appointed to the Coordinating Committee by the Governor;
- Three additional representatives of the City of Flint who shall be submitted by the Flint mayor and appointed to the Coordinating Committee by the Governor;
- Three representatives of Genesee County who shall be submitted by the Genesee County Board of Commissioners and appointed to the coordinating Committee by the Governor;
- Three subject matter experts who shall be appointed to the Coordinating Committee by the Governor.

After the initial appointments, members of the FWIACC will serve three-year terms. The council will be asked to create an incident action plan, review recommendations made by the independent Flint Water Task Force, establish routine protocols for communications at the local, executive and legislative levels, make recommendations regarding the health impacts of the affected population, and assess the status of infrastructure and determine feasible actions for upgrading Flint's water system.

A full list of responsibilities of the council can be found in the Executive Order.

Snyder Creates New Joint State-Flint Group On Water Crisis

Governor Rick Snyder today formed a new Flint Water Interagency Coordinating Committee joining top state and local officials, as well as drinking water experts, to develop a wide variety of recommendations to address the Flint water crisis.

Mr. Snyder established the committee via executive order.

The committee will include the following members:

- The director of Office of Urban Initiatives within the Executive Office of the governor;
- The deputy state director of Emergency Management and Homeland Security within the Department of State Police;
- The director of the Department of Environmental Quality, or his or her designee;
- The director of the Department of Health and Human Services, or his or her designee;
- The director of the Department or Licensing and Regulatory Affairs, or his or her designee;
- The state treasurer, or his or her designee;
- The superintendent of public instruction, or his or her designee;
- The Flint mayor;
- Three additional representatives of the city of Flint submitted by the Flint mayor and appointed to the committee by the governor;
- Three representatives of Genesee County submitted by the Genesee County Board of Commissioners and appointed to the committee by the governor; and

- Three subject matter experts appointed to the committee by the governor.

In a statement, Mr. Snyder said the council will create an action plan, review recommendations made by the Flint Water Task Force (the group Mr. Snyder created to figure out what went wrong), establish protocols for communications at the local, executive and legislative levels, make recommendations regarding the impact to health of the affected population and "assess the status of infrastructure and determine feasible actions for upgrading Flint's water system."

Mr. Snyder created the council amid an unrelenting firestorm of criticism against his administration in how it has responded to lead in some locations' drinking water in the city, as well as elevated blood lead levels in children.

"We need to focus on improving Flint for the longer term," Mr. Snyder said in the statement. "This committee, made up of experts from government and the Flint community, will set a course of action to remedy the water situation and resulting health issues, and carry on long after the emergency declaration expires."

Subject: Monday Jan. 11's update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | MONDAY, JANUARY 11, 2016

With many resources available to Flint residents, this daily update is being issued in order to provide the latest information regarding actions and available resources.

Yesterday we announced that water resource teams will be in Flint neighborhoods beginning Tuesday to distribute clean water resources door to door. In addition to the water resource sites, these teams will help to ensure all Flint residents have access to clean and safe drinking water.

Reminders:
FLINT WATER ASSISTANCE LINE: 211

WATER RESOURCE LOCATIONS
These sites will be open seven days a week from 9 a.m. to 9 p.m. and will distribute:

- Bottled water
- Water filters
- Replacement cartridges
- Water testing kits

Fire Station #1 310 East 5th St. Flint, MI 48502
Fire Station #3 1525 Martin Luther King Ave. Flint, MI 48503
Fire Station #5 3402 Western Rd. Flint, MI 48506
Fire Station #6 716 West Pierson Rd. Flint, MI 48505
Fire Station #8 202 East Atherton Rd. Flint, MI 48507

WATER FILTER PICK-UP SITES
Water filters and replacement cartridges continue to be available Monday through Friday, between 9 a.m. and 4 p.m. at the following locations:

- Michigan Department of Health and Human Services office
  125 E. Union St. Flint, MI 48502
- Michigan Department of Health and Human Services office
  4809 Clio Road Flint, MI 48504
- Genesee County Community Action Resource Department office
  2727 Lippincott Flint, MI 48507
- Genesee County Community Action Resource Department office
  601 N. Saginaw Flint, MI 48502
- Flint City Hall
  1101 S. Saginaw St. Flint, MI 48502

If you require transportation or any other assistance, please call 211.

For more information, visit www.mi.gov/FlintWater.

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. I will continue to keep you updated on the latest news and information. My office is available to assist you by calling 517-335-7858.

Sincerely,

Rick Snyder
Governor

Subject: Questions on deadline from The Rachel Maddow Show re Flint water

Hi Mr. Leix –

I'm a producer with the Rachel Maddow Show on MSNBC; Jamie Gaskin at United Way suggested I contact you. I have a couple questions about the water distribution in Flint. Would love to chat if there's a good number to reach you. Otherwise, here are my questions:

1) The water the state is distributing at firehouses and in the door-to-door operation starting tomorrow – where is that water coming from? Is the state purchasing water?
2) What kind of assistance is available to Flint residents who cannot get to one of the water resource centers and instead call 211. Will they be transported to a site, or will water be brought to them?
3) One of our reporters on the ground went to the firehouse on Atherton road today and it was out of supplies. Are there problems keeping the water resource sites stocked?
4) Can you give me a sense of the scope of the door-to-door operation beginning tomorrow? How many state troopers, how many homes in a day, etc?

Our program airs tonight, so any answers you can provide ASAP would be much appreciated. Many thanks!
Isaac

FOR IMMEDIATE RELEASE
Monday, January 11, 2016

Gov. Rick Snyder: Flint Water Interagency Coordinating Committee will support long-term needs in Flint

Committee to address health, other issues into the future

LANSING, Mich. - Gov. Rick Snyder today signed an executive order creating the Flint Water Interagency Coordinating Committee, which will bring together a wide range of experts to work on long-term solutions to the Flint water situation and ongoing public health concerns affecting residents.

"We need to focus on improving Flint for the longer term," Snyder said. "This committee, made up of experts from government and the Flint community, will set a course of action to remedy the water situation and resulting health issues, and carry on long after the emergency declaration expires."

The Governor declared an emergency on Jan. 5 to put in place distribution of water, water filters and water tests for residents. The declaration launched the State Emergency Operations Center, made up of state emergency response personnel and non-governmental organizations such as the Red Cross.

The emergency declaration has led to a response from multiple state agencies, and is focused on assistance for immediate needs, such as filter and water distribution. Information can be found on Michigan.gov/flintwater, where individuals can also subscribe to email updates.

FWIACC's membership will include experts from the state, Genesee County, the city of Flint and subject matter experts. The group will analyze any long-term effects of high lead levels in Flint residents and recommend action.

In addition, an independent Flint Water Task Force is continuing a full review of all local, state and federal actions that led to the current situation in Flint.

The Coordinating Committee will be composed of the following 17 members, who shall serve an initial term expiring on Dec. 31, 2018:

- The director of Office of Urban Initiatives within the Executive Office of the Governor;
- The deputy state director of Emergency Management and Homeland Security within the Michigan Department of State Police;
- The director of the Department of Environmental Quality, or his or her designee;
- The director of the Department of Health and Human Services, or his or her designee;
- The director of the Department or Licensing and Regulatory Affairs, or his or her designee;
- The state treasurer, or his or her designee;
- The superintendent of public instruction, or his or her designee;
- The elected mayor of the City of Flint, who shall be appointed to the Coordinating Committee by the Governor;
- Three additional representatives of the City of Flint who shall be submitted by the Flint mayor and appointed to the Coordinating Committee by the Governor;
- Three representatives of Genesee County who shall be submitted by the Genesee County Board of Commissioners and appointed to the coordinating Committee by the Governor;
- Three subject matter experts who shall be appointed to the Coordinating Committee by the

Governor.

After the initial appointments, members of the FWIACC will serve three-year terms. The council will be asked to create an incident action plan, review recommendations made by the independent Flint Water Task Force, establish routine protocols for communications at the local, executive and legislative levels, make recommendations regarding the health impacts of the affected population, and assess the status of infrastructure and determine feasible actions for upgrading Flint's water system.

A full list of responsibilities of the council can be found in the Executive Order.

Gov. Rick Snyder: Flint Water Interagency Coordinating Committee will support long-term needs in Flint

Committee to address health, other issues into the future

LANSING, Mich. - Gov. Rick Snyder today signed an executive order creating the Flint Water Interagency Coordinating Committee, which will bring together a wide range of experts to work on long-term solutions to the Flint water situation and ongoing public health concerns affecting residents.

"We need to focus on improving Flint for the longer term," Snyder said. "This committee, made up of experts from government and the Flint community, will set a course of action to remedy the water situation and resulting health issues, and carry on long after the emergency declaration expires."

The Governor declared an emergency on Jan. 5 to put in place distribution of water, water filters and water tests for residents. The declaration launched the State Emergency Operations Center, made up of state emergency response personnel and non-governmental organizations such as the Red Cross.

The emergency declaration has led to a response from multiple state agencies, and is focused on assistance for immediate needs, such as filter and water distribution. Information can be found on Michigan.gov/flintwater, where individuals can also subscribe to email updates.

FWIACC's membership will include experts from the state, Genesee County, the city of Flint and subject matter experts. The group will analyze any long-term effects of high lead levels in Flint residents and recommend action.

In addition, an independent Flint Water Task Force is continuing a full review of all local, state and federal actions that led to the current situation in Flint.

The Coordinating Committee will be composed of the following 17 members, who shall serve an initial term expiring on Dec. 31, 2018:

- The director of Office of Urban Initiatives within the Executive Office of the Governor;
- The deputy state director of Emergency Management and Homeland Security within the Michigan Department of State Police;
- The director of the Department of Environmental Quality, or his or her designee;
- The director of the Department of Health and Human Services, or his or her designee;
- The director of the Department or Licensing and Regulatory Affairs, or his or her designee;
- The state treasurer, or his or her designee;
- The superintendent of public instruction, or his or her designee;
- The elected mayor of the City of Flint, who shall be appointed to the Coordinating Committee by the Governor;
- Three additional representatives of the City of Flint who shall be submitted by the Flint mayor and appointed to the Coordinating Committee by the Governor;
- Three representatives of Genesee County who shall be submitted by the Genesee County Board of Commissioners and appointed to the coordinating Committee by the Governor;
- Three subject matter experts who shall be appointed to the Coordinating Committee by the Governor.

After the initial appointments, members of the FWIACC will serve three-year terms. The council will be asked to create an incident action plan, review recommendations made by the independent Flint Water Task Force, establish routine protocols for communications at the local, executive and legislative levels, make recommendations regarding the health impacts of the affected population, and assess the status of infrastructure and determine feasible actions for upgrading Flint's water system.

A full list of responsibilities of the council can be found in the Executive Order.

Here's some things I have found tonight:

1. Attached is a screenshot of the bottom left hand corner of the page. The video has a text on it that has

the word indicator spelled incorrectly.

2. The graphic that reads "Free water filters available" needs to have the fire stations added to the list of places that you are taken to if you click the graphic.

GOVERNOR'S ACTIVITIES

Flint Water

What Did the Governor Know About Flint's Water, and When Did He Know It? (The Atlantic)
Michigan has finally declared a state of emergency over the city's lead poisoning, but there are questions about why it's taken so long to respond.

White House 'concerned' about Flint water crisis (Detroit News)
The White House is monitoring Flint's water contamination crisis "very closely" but Michigan officials have not yet asked the federal government for emergency assistance, President Barack Obama's chief of staff said Sunday.

Flint water protesters: Snyder should resign, face charges (Freep)
About 200 people — many of them calling for Gov. Rick Snyder to resign or face criminal charges over the lead contamination of Flint drinking water — chanted and hoisted signs Friday in a cold rain outside Flint City Hall.

Flint water resource teams to cover city, mayor stresses test kit importance (Mlive)
State and local officials said teams would begin going into Flint neighborhoods in the days ahead to distribute water, filters and replacement cartridges to residents.

State Police to deliver water door-to-door in Flint (Freep)
Michigan State Police troopers and other state officials will start a door-to-door sweep of Flint on Tuesday to hand out bottled water and water filters, and the White House says it is monitoring the situation "very closely."

After Declaring Emergency, Michigan Governor Gives Water to Flint (NBC News)
Four days after declaring a state of emergency over a water crisis in Flint, Michigan, Governor Rick Snyder is providing the city with bottled water and other supplies, Snyder's office announced Saturday.

State stepping up home visits, education to deal with Flint water crisis (Michigan Radio)
Five new centers have been set up in Flint to get water filters and testing kits to city residents. It's another step to address the lead contamination crisis in Flint as Governor Rick Snyder faced a growing crescendo of criticism over the weekend on the state's handling of the crisis.

Measures To Relieve Flint's Water Crisis Underway (Michigan Radio)
State and city officials will announce more steps today as they try to address the water contamination crisis in Flint.

Volunteers help get filters, bottled water around Flint (Detroit News)
As the Flint water crisis draws national attention, city and state officials announced an initiative Sunday that will put bottled water, filters and water testing kits in the hands of residents as a federal agency and local labor unions handed out thousands of bottled water.

Clinton: State calling Flint water safe unconscionable (Detroit News)
Democratic presidential frontrunner Hillary Clinton weighed in on Flint's lead contamination water crisis Monday, criticizing state officials for allowing Flint River water to continue flowing to city homes after General Motors Co. deemed it too corrosive for engine parts.

LT. GOVERNOR'S ACTIVITIES

Bay County's third heroin summit planned for Pinconning High School (Mlive)
Coinciding with the local Health Department's epidemic advisory, Gov. Rick Snyder in June formed the Michigan Prescription Drug and Opioid Abuse Task Force to examine the heroin issue, examine strategic options, and develop a statewide action plan. Lt. Gov. Brian Calley chaired the task force, which comprised representatives from the Executive Office, the state Legislature, state departments, law enforcement, prosecutors, mental health commissions, pharmacists, doctors, hospitals and insurance companies.

MSU, Detroit Public Television to announce partnership (Detroit Free Press)
Michigan State University and Detroit Public Television plan to announce a new partnership that will "impact public television across the state," according to a news release.

Southwest Detroit seeks public hearing on bridge permit (Detroit News)
Advocates for residents in southwest Detroit are urging the U.S. Coast Guard to hold a public hearing on the Detroit International Bridge Co.'s application for a second span.

It's boom time for developments in heart of Detroit (Detroit News)
For the area known as greater downtown Detroit, 2016 is expected to be the kind of year city leaders have dreamed of and worked toward since the 1967 riots.

36th District collects $300K from ticket amnesty program (Detroit News)
The ticket amnesty program for Detroit's 36th District Court has paid off handsomely.

OPINION

Heck of a job, Governor (Detroit Free Press)
Governor Snyder: When are you going to turn your relentless, positive action toward assuaging the misery your administration has heaped upon the people of Flint?

Dark money's servant in Lansing delivers (Detroit Free Press)
Late in the final evening of the Michigan Legislature's 2015 session, Rep. Lisa Posthumus Lyons, R-Alto, asked her colleagues in the Michigan House to take up SB 571.

Editorial: Auto industry must stay nimble (Detroit News)
General Motors' recently announced partnership with Lyft is a big bet for an automaker that just eight years ago was bankrupt. But it shows GM — and the Detroit Big Three — have not just recovered from mistakes, but learned from them as well.

Colbeck: Helping DPS without harming other schools (Detroit News)
There are approximately 47,000 students in the Detroit Public Schools who are struggling to get access to a quality education. The reasons for this struggle are varied and complex, but one of the critical issues is the DPS debt. Gov. Rick Snyder is committed to finding a way to retire $515 million of DPS debt. It is vital that these debt obligations be met. It is equally important, however, that these debt obligations be met without impacting the finances of other school districts in our state.

Patterson: LGBT proposal is right call for Michigan (Detroit News)
Re: Ingrid Jacques' Jan. 2 column, "LGBT proposal likely to flop": The column offered a shortsighted look at a statewide ballot proposal to amend Michigan's Constitution to bar discrimination against any Michigander on the basis of gender, gender identity, sex, or sexual orientation. I believe that assessment falls short on many fronts.

Here's some things I have found tonight:

1. Attached is a screenshot of the bottom left hand corner of the page. The video has a text on it that has the word indicator spelled incorrectly.

2. The graphic that reads "Free water filters available" needs to have the fire stations added to the list of places that you are taken to if you click the graphic.

> I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are

working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

1. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; however, there may exist opportunities to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

- We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.
- A major disaster is defined in the Stafford Act as any "nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."
- An emergency declaration is "is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."
  - o This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.
- Severity of the situation is "A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....
- Nature of assistance for Emergency Declaration is for "Debris removal, emergency protective measures, direct federal assistance...."
  - o Debris Removal = self-explanatory and we do not have this
  - o Emergency Protective measures = water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)
  - o Direct federal assistance= what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.

· Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
· Media event with the Governor in Flint.
· New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
3. Improve and maintain public information strategy.
4. Develop a long term public health and services plan.
5. Ensure adequate staffing to support operational requirements.
6. Identify possible assistance programs.
7. Develop an approved GIS strategy.
8. Maintain coordination between partner agencies and organizations.
9. Enhance situational awareness and common operating picture of all activities.
10. Develop a comprehensive Recovery Plan.

Items to Note

· All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.
· Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
· The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
· The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
o Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
o The door card is attached that will be left if no one is home.
· Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
o GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
· GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
o 12,386 filters
o 1,985 replacement filters
o 354 Pitchers
o 2500 Lead Testing Kits
· Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
o Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
o We have ordered an additional (expedited delivery with ETAs tomorrow)
§ 40,000 Brita Filters
§ 40,000 Brita Replacement Filters

§ 1000 Zero 8-Cup Pitchers
§ 1000 Zero 8-Cup Pitchers
§ 2000 PUR Replacement Filters
§ 93 Pallets of water (about 6700 cases)
· GIS continues to produce multiple maps for use.
· JIC Items
o Requested PSA on the radio. Media has been approved and working with MAB.
o Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
o A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
§ Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
§ JIC moving tomorrow to Flint.

Local Emergency Operations Center

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

Fire Station Inventory Levels:
Station 1:

* Only time without supplies - 15 minutes without water while the truck was unloaded.
Station 3:

* Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.
Station 5:

* Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
* Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.
Station 6:

* Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District, load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.
* 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.
* We received news that a reverse 9-1-1 call notified residents of water which caused an

unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.
Station 8:

* Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
* Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
* Reports received that the last couple of hours were slow.
* Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

* United Way set up meeting with Food Bank to discuss.
* Had EOC meeting on this topic to discuss options.

Churches:

* All 9 churches received waters, filters, and informational bulletins.
* Lt Roach received positive feedback from 3 of the pastors.
* No complaints were received.

Signage:

* Provided information to SEOC on signage requirements at the fire stations.

Storage:

* Researched storage spaces; established temporary site at GCCARD.

Personnel:

* Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
* Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.
* Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

Chris

<image002.png>

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

Items to Note

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in

their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.

- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.

- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.

- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.

    - A call is going out tomorrow morning to advise this information … I do not believe it was every resident but Tori Sachs has that info if needed.

- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.

- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.

- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.

- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.

    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.

        - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.

    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.

    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.

    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.

- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.

- Produced Filter Distribution Map.

- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.

- Worked on map of franchise customers outside of Flint City.

- Produced maps for MDARD on food establishments and Local Health Departments.

- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.

- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.

- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:

    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

- DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.

- 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.

- Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.

- A Volunteer Management Coordinator is in the Genesee County EOC as of today.

- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.

- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.

- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.

- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.

- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
    - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
    - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504

- Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507

- Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502

- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.

- I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
- **MDHHS – Elevated Blood Lead Levels**
  - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
- **MDEQ – Water Testing Protocols**
  - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.

- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016

- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination, command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.

- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.

1. Activate the State Recovery Task Force (SRTF).

2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.

3. Obtain and maintain situational awareness and common operating picture of all activities.

4. Establish SEOC operational period and hours of operations.

5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.

6. Develop a comprehensive GIS strategy.

7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.

8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.

9. Provide technical assistance to the local Damage Assessment process.

10. Establish a Joint Information Center (JIC) and develop a public information strategy.

11. Monitor MI CIMS for resource requests and address as appropriate.

12. Establish and disseminate cost center information for the incident.

- Additional tasks include:
    - Determine what federal agencies are already involved and their status
    - Identify potential water supplies
    - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
    - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
    - Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
    - Water Pipeline Locations
    - Filter Distribution Locations
    - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
    - Affected School Locations
    - Predictive analysis of blood lead levels for affected area
    - Updated Parcels
    - Demographics
    - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

To: Etue, Kriste (MSP); Gorski, Gary (MSP); Smith, Paul (GOV)
Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
    - This included information on the SEOC activation and a 0900 briefing for SEMCs.
    - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk … they will be on the call tomorrow and continue to monitor the situation.

- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/10/16

Attached Documents:

- SitRep 5
- Door card (English version but Spanish version will be ready for Tuesday)

I have a local EOC section listed below but state personnel are heavily engage in management of both locations. We occasionally hit some road bumps with this event but all personnel are working well together to accomplish our goals (especially state agency personnel).

I have had good discussion with FEMA LNOs. Two statements have been developed from our discussions that hopefully helps put this in more context but if it is more confusing I apologize:

1. In the immediate response, the State, in collaboration and coordination with city of Flint and county of Genesee are working to get water, water filters, and testing kits to the affected population. In conjunction, the state will coordinate with federal agencies to ascertain what resources can come to bear to help mitigate the issue.

2. If asked about a federal declaration from FEMA, we need to articulate the definition of major and emergency declaration and state or note to ourselves that it appears to not qualify; however, there may exist opportunities to leverage federal assistance from some agencies (i.e....EPA) under their own authority to help address this issue.

    - We need to really manage expectations on the potential for a federal declaration...not that we will not go after one but it will be difficult to get.
    - A major disaster is defined in the Stafford Act as any ***"nature catastrophe (including hurricane, tornado, storm, high water, windriven water, tidal wave, tsunami, earthquake, volcanic eruption, landslide, mudslide, snowstorm, or drought) or, regardless of cause any fire, flood, or explosion.....causes damage of sufficient severity and magnitude, to warrant major disaster assistance.....to supplement the efforts and available resources of States, and local government....."***
    - An emergency declaration is ***"is any occasion or instance for which, in determination .....assistance is needed to supplement State and local efforts and capabilities to save lives and protect property and public health and safety or to lessen or avert the threat of a catastrophe....."***
        - This is limited to immediate and short-term assistance (I hate to put times on this but short-term is like 3 weeks), essential to save lives, protect public health and safety and property.
    - Severity of the situation is ***"A finding that the situation is of such severity and magnitude that effective response is beyond the capability the state and affected local governments, and that the state requires supplementary federal emergency assistance to save and to protect property....***

- Nature of assistance for Emergency Declaration is for ***"Debris removal, emergency protective measures, direct federal assistance...."***
    - Debris Removal = ***self-explanatory and we do not have this***
    - Emergency Protective measures = ***water, commodities, transportation (remember ... to supplement what the locals and state are already doing if we need more)***
    - Direct federal assistance= ***what specific type of work is requested, and what are the reasons why the state/local government cannot perform or contract for performance. Essentially what is the need that state/local govt cannot provide. I can see this being something we need but we may be able to get this outside a federal declaration under the federal agencies own authority to help address this issue.***

Back to the update...

Key items for tomorrow to note are:

- Training is occurring for the door to door teams scheduled for Tuesday morning.
- Deploying an additional MSP District Coordinator to the local EOC for command and control support.
- Deploying two DTMB trucks and two drivers for sustained logistical support for the week.
- Media event with the Governor in Flint.
- New Incident Action Plan starts (1/11 0800 -1/13 0800 operational period). Our objectives are as follows:
    1. Ensure all households within impacted community have required resources.
    2. Ensure accurate tracking and accounting of all commodities.
    3. Improve and maintain public information strategy.
    4. Develop a long term public health and services plan.
    5. Ensure adequate staffing to support operational requirements.
    6. Identify possible assistance programs.
    7. Develop an approved GIS strategy.
    8. Maintain coordination between partner agencies and organizations.
    9. Enhance situational awareness and common operating picture of all activities.
    10. Develop a comprehensive Recovery Plan.

Items to Note

- All 9 churches had filter systems/replacement filters, information sheets, and water test kits delivered as requested by each pastor/reverend on Sunday. We did not think we could get them water due to the limited time but we did end up getting water to all 9 churches with the other items.
- Fire station resource locations stayed open from 9a to 9p and will continue with those hours until further notice (Staffing is in place until Saturday). ARC is staffing these locations.
- The media event was held at Fire Station No. 1 and report back is that it went well and the spirit of collaboration between local, state, non-governmental partners is strong was relayed.
- The four door to door teams will have the hours of 8:30 a.m. to 5 p.m.
    - Each will have logistics support from DTMB, security from MSP, and contact personnel from DHHS.
    - The door card is attached that will be left if no one is home.
- Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location but we are moving toward a state run warehouse operation (looking at private sector partners to assist, especially with the warehouse management side).
    - GCCard is large enough, centrally located and comes staffed. GCCard has 75,000 sq ft with warehouse managers to assist with tracking resources coming in and out.
- GIS will provide us daily updates of how much was distributed each day but note we have a delay in data entry from delivery to entry in the GIS system. Over the weekend there was a problem locally with staffing to get this completed. A solution is in place and will be implemented so we get timely data. Distributed to date (as of 1/8/16).
    - 12,386 filters
    - 1,985 replacement filters
    - 354 Pitchers

- 2500 Lead Testing Kits

- Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory. I have requested trigger points get put in place so we do not get below certain levels in the main warehouse location.
  - Contacts with some large water distributors have been made and their and our logistics chiefs will connect first thing this week.
  - We have ordered an additional (expedited delivery with ETAs tomorrow)
    - 40,000 Brita Filters
    - 40,000 Brita Replacement Filters
    - 1000 Zero 8-Cup Pitchers
    - 1000 Zero 8-Cup Pitchers
    - 2000 PUR Replacement Filters
    - 93 Pallets of water (about 6700 cases)
- GIS continues to produce multiple maps for use.
- JIC Items
  - Requested PSA on the radio. Media has been approved and working with MAB.
  - Requested JIC to contact Comcast and Dish Network for availability for continuous running of filter install/replacement and test kit video.
  - A news release will likely going out tomorrow regarding canvassing in neighborhoods. Continued social media messaging.
    - Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
    - JIC moving tomorrow to Flint.

<u>Local Emergency Operations Center</u>

I am providing you some information on some issues we ran into at the PODs. This has been addressed with additional state resources and processes put in place so we do not run out of resources. Public concerns/complaints have not been brought to my attention at this time. Staff is working very hard to ensure we do not run out of supplies at the PODs and they understand the consequences. No one in the Local EOC or State EOC is happy the follwoing occurred and I felt you should know in case it is brought up. Again, I believe we have fixed this and I take full responsibility for any supplies not being on site.

<u>Fire Station Inventory Levels:</u>

Station 1:

- Only time without supplies - 15 minutes without water while the truck was unloaded.

Station 3:

- Ran out of replacement filters around 7:00, replacement filters delivered around 7:30. Had to pick up replacement filters from Home Depot and deliver.

Station 5:

- Ran out of water around 5:00, water was delivered around 6:30. We needed to find additional trucks because DTMB drivers were over hours. The ARC stepped up and found a truck to go and pick up a pallet of water and deliver.
- Somewhere between 4:00-6:00 they ran out of lead test kits. No way to restock these because City facilities were closed and could not reach anyone.

Station 6:

- Around 5:00 ran out of water, filters, and replacement kits. Replacement kits were delivered around 7:30. Additional water and filters were delivered after 9:00 due to the DTMB drivers heading back to Lansing. Food Bank was called and had to get drivers in to operate trucks, pick up water from the School District, load and deliver to all sites. Delays occurred with weather conditions and needing to use last minute sheriff EOC staff to load due to issues with City workers. City workers were scheduled to help and left around 7:00 without helping.

- 2 pallets of water were dropped off in the afternoon and within 1 hour were gone. This was much faster than we expected. On 1/9 they didn't go through 2 pallets of water at any station for the hours 9:00-4:00.
- We received news that a reverse 9-1-1 call notified residents of water which caused an unanticipated amount of people obtaining water. There was also a report of 1 person walking out with 2 cases of water and trying to sell in the parking lot.

Station 8:

- Around 7:00 ran out of filters and lead tests. Filters were delivered around 8:00 from the food bank trucks.
- Hourly reports were requested in the morning from volunteers but this information was not received as to the status throughout the day. Early inventory of supplies took between 1 hour-1.5 hours to receive in the EOC. We were not advised of low counts, just zero numbers.
- Reports received that the last couple of hours were slow.
- Residents were advised of the other sites and the opportunity to obtain supplies.

Restocking Plan

- United Way set up meeting with Food Bank to discuss.
- Had EOC meeting on this topic to discuss options.

Churches:

- All 9 churches received waters, filters, and informational bulletins.
- Lt Roach received positive feedback from 3 of the pastors.
- No complaints were received.

Signage:

- Provided information to SEOC on signage requirements at the fire stations.

Storage:

- Researched storage spaces; established temporary site at GCCARD.

Personnel:

- Lack of local EOC leadership (seems somewhat checked out) with IC and Deputy IC (doing an okay job).
- Captain TaFoya (Genesee County) helped tremendously today with all the plans outlined above and attended the press conference.
- Tina Martinez at the Food Bank and Matt Purcell at GCCARD were extremely helpful in getting last minute operations set up.

"A PROUD tradition of SERVICE through EXCELLENCE, INTEGRITY, and COURTESY."

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

<u>Items to Note</u>

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information ... I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.
- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.
- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter

systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.
    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
        - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.
    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.
- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

    - DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
    - 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
    - Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.
- A Volunteer Management Coordinator is in the Genesee County EOC as of today.
- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.
- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.
- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.
- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.
- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502

- Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504
- Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
- Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502

- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination, command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
    1. Activate the State Recovery Task Force (SRTF).
    2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
    3. Obtain and maintain situational awareness and common operating picture of all activities.
    4. Establish SEOC operational period and hours of operations.
    5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
    6. Develop a comprehensive GIS strategy.
    7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
    8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
    9. Provide technical assistance to the local Damage Assessment process.
    10. Establish a Joint Information Center (JIC) and develop a public information strategy.
    11. Monitor MI CIMS for resource requests and address as appropriate.
    12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
    - Determine what federal agencies are already involved and their status
    - Identify potential water supplies
    - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.

- Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
- Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: *Update - Genesee County Declaration*

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
  - This included information on the SEOC activation and a 0900 briefing for SEMCs.
  - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.

- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Chris

State of Michigan to deploy water resource teams in city of Flint
Focus remains on ground stabilization, distribution of water resources

FOR IMMEDIATE RELEASE
January 10, 2016
Release #: 03
For more information contact: Joint Information Center: 888-EMD-TODAY (888-363-8632)

LANSING, Mich. – In its immediate response efforts, the state of Michigan is stabilizing the situation on the ground to ensure all Flint residents have access to clean and safe drinking water. In addition to the water resource sites, water resource teams will be in Flint neighborhoods beginning Tuesday to distribute clean water resources door to door.

The water resource teams consisting of state personnel, including Michigan State Police (MSP) troopers, will be handing out bottled water, water filters, replacement cartridges and water testing kits. If a resident is not home when a team stops by, a flyer with information on how to receive these free water resources will be left at their residence.

Once the state is beyond the immediate response phase, state officials will work with the federal government to determine what additional resources are available under their own authority. Currently, three FEMA liaison officers are in the State Emergency Operations Center (SEOC) to provide technical guidance as needed at the request of Capt. Chris Kelenske, deputy state director of emergency management and homeland security and commander of the MSP Emergency Management and Homeland Security Division.

Bottled water, water filters, replacement cartridges and home water testing kits are currently available from 9 a.m. to 9 p.m. at the following locations:

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

The state of Michigan is coordinating response efforts in partnership with the city of Flint, Genesee County, and local community organizations.

Visit www.michigan.gov/flintwater or call 211 for more information. Residents who need transportation or any other assistance can call 211.

Subject: An update from the Flint Water Response Team

FLINT WATER RESPONSE TEAM

UPDATE | SUNDAY, JANUARY 10, 2016

As you are likely aware, on January 4th, Genesee County declared a "local state of emergency," which activated additional local resources. The county then took the important step of requesting a governor's declaration of emergency for Genesee County, which I declared on January 6. This declaration has made available all state resources in cooperation with local response and recovery operations. With many resources available to Flint residents, this update is being issued in order to provide the latest information regarding actions and available resources.

FLINT WATER ASSISTANCE LINE: 211

WATER RESOURCE LOCATIONS
These sites will be open seven days a week from 9 a.m. to 9 p.m. and will distribute:

- Bottled water
- Water filters
- Replacement cartridges
- Water testing kits

Fire Station #1 310 East 5th St. Flint, MI 48502
Fire Station #3 1525 Martin Luther King Ave. Flint, MI 48503
Fire Station #5 3402 Western Rd. Flint, MI 48506
Fire Station #6 716 West Pierson Rd. Flint, MI 48505
Fire Station #8 202 East Atherton Rd. Flint, MI 48507

WATER FILTER PICK-UP SITES
Water filters and replacement cartridges continue to be available Monday through Friday, between 9 a.m. and 4 p.m. at the following locations:

- Michigan Department of Health and Human Services office
  125 E. Union St. Flint, MI 48502
- Michigan Department of Health and Human Services office
  4809 Clio Road Flint, MI 48504
- Genesee County Community Action Resource Department office
  2727 Lippincott Flint, MI 48507
- Genesee County Community Action Resource Department office
  601 N. Saginaw Flint, MI 48502
- Flint City Hall
  1101 S. Saginaw St. Flint, MI 48502

If you require transportation or any other assistance, please call 211.

For more information, visit www.mi.gov/FlintWater.

We will continue to work to improve the water situation in Flint. Community members and local officials are working together to make sure we hear and respond to concerns. I'll plan to continue keeping you updated on the latest news and information. My office is available to assist you by calling 517-335-7858.

Sincerely,

Rick Snyder
Governor

Hi Ron and Jen,

Before I send this to MAB for them to record, I'm sending you the draft PSA script for the JIC's review. It's at an 8th grade reading level, trying to keep it down:

If you live in Flint, you can help to keep yourself and your family healthy and safe from lead poisoning. You can get FREE water filters, bottled water, home water testing, and blood testing. And there are efforts underway to help you access these things as quickly and as easily as possible. To learn more about where to go and what you can do, visit www.michigan.gov/flintwater or call 211 today.

Once the JIC has approved it, I'll send it to MAB to record and work with them on placement/air dates within Flint. I know there are pieces of this that the SEOC may still be working out but we can always have this ready to air once we're ready to announce it.

Thank you,

Angela

Hi Denise,

Thank you so much for offering MAB's support. I've only been given the high level details that MAB is offering to help with a PSA. We don't have anything developed at this time. Would you be able to assist with production if we can provide a message?

Thank you again! We so appreciate your offer.

Subject: Fwd: Water PSAs

Jen,

For the PSA script, can you add info about the water resource sites? We can probably revise the sentence about efforts are underway to make resources available and add info for residents to visit the resource sites.

Thoughts?

Subject: RE: Water PSAs

Hi Ron and Jen,

Before I send this to MAB for them to record, I'm sending you the draft PSA script for the JIC's review. It's at an 8th grade reading level, trying to keep it down:

If you live in Flint, you can help to keep yourself and your family healthy and safe from lead poisoning. You can get FREE water filters, bottled water, home water testing, and blood testing. And there are efforts underway to help you access these things as quickly and as easily as possible. To learn more about where to go and what you can do, visit www.michigan.gov/flintwater or call 211 today.

Once the JIC has approved it, I'll send it to MAB to record and work with them on placement/air dates within Flint. I know there are pieces of this that the SEOC may still be working out but we can always have this ready to air once we're ready to announce it.

Thank you,

Angela

Happy to.

Hi Denise,

Thank you so much for offering MAB's support. I've only been given the high level details that MAB is offering to help with a PSA. We don't have anything developed at this time. Would you be able to assist with production if we can provide a message?

Thank you again! We so appreciate your offer.

Angela

Angela and Denise,

If you two could work together to create the PSAs about Flint water, that would be great.

Thanks,

Ron

Subject: RE: 2-1-1 Pre-recording

Jennifer,

I spoke to Tom Page who confirmed that a message is already set to be pushed out tomorrow morning with the resource sites listed by zip code for Flint residents who call 2-1-1. He asked that the information on resource site locations be provided to the Central Michigan 2-1-1 Center in Jackson one day prior (i.e. Tuesday locations should be provided on Monday, Wednesday locations should be provided on Tuesday, etc.). Will this information be provided by the JIC, since all communications are to be funneled through the JIC? When I spoke to the LEOC, they were more comfortable with that approach.

Please let me know if any further action is needed.
Jennifer

Water Resource Sites Established Across Flint
State, City, County officials working to ensure the daily needs of residents are met

FOR IMMEDIATE RELEASE
January 10, 2016

For more information contact:
Joint Information Center
888-EMD-TODAY (888-363-8632)
JICNews@Michigan.gov

DATE:
Sunday, Jan. 10, 2016

TIME:
2:30 p.m.

WHO:
Michigan Office of Urban and Metropolitan Initiatives Director Mr. Harvey Hollins
Michigan State Police Spl/F/Lt. David Kaiser
City of Flint Mayor Karen Weaver
City of Flint Fire Chief David Cox
Genesee County Sheriff's Office Capt. Casey Tafoya

WHAT:
State and local officials will hold a media availability to discuss the five newly-established water resource sites in Flint. The resource sites are part of a coordinated effort to provide a full set of water resources to the

residents of Flint. This includes multiple locations around the city that provide free bottled water, water filters, water filter replacement cartridges and water testing kits.

WHERE:
Water Resource Site
Fire Station #1
310 E. 5th Street
Flint, MI 48502

Public information and updates can be found at www.michigan.gov/flintwater. Efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County and local community organizations.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	01/11/2016 08:00:00
Operational Period End:	01/13/2016 08:00:00
Situation Report No.	6
SEOC Status:	Full
SEOC Hours of Operation Begin:	01/11/2016 08:00:00
SEOC Hours of Operation End:	01/11/2016 20:00:00

Executive Summary

SEOC Update:
Accomplished today (January 10):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Provide resources.
- Public Information Control.

- Logistics
o Worked on maintaining supplies and track resources at each of the local PODs.
o Worked to establish a Red Cross warehousing/logistics team to assist GCCARD.

- JIC
o Media event at the Genesee County Office Building.
o Governor and Capt. Kelenske spoke.
o Video for distribution will be filmed today
o MDHHS is working on radio PSA information
o Working on getting Comcast and Dish Network to provide channel for looped information and POC for Google.

- Recovery Branch
o Working with MSP to develop areas for canvassing and trained staff.
o Working with JIC to make sure PIO is connected with the team they will shadow.

- Planning Section
o Worked with the local EOC to get accurate inventory information.
o Supported logistics by reaching out to local and regional businesses to establish a steady water supply.
o Worked with GIS branch to refine strategy

- Operations Section
o SEOC has expanded hours of operation to be from 8am-8pm.
o Fire stations up and running today and providing resources to the citizens.
o Tomorrow will be a planning day for the SEOC for the next operational period.
o Tasked planning section with assisting logistics with water resource investigation and procurement.
o The State Deputy Director and FEMA LNO contacted governmental agencies for possible water procurement.
o Internal resources for bulk water delivery have been identified.
o Some water donations have been attained to supplement supply and will begin distribution periodically over the next two weeks.
o An ongoing purchase of bottled water that been established through Home Depot to deliver 6,000 cases of water per day. The first delivery will occur tomorrow.

- Finance Section
o Established direct billing accounts with three food establishments that can deliver lunch to staff in the Local EOC and JIC.
o Continuing to track SEOC staff and provide guidance on procurement and tracking SEOC costs. Task in progress as it is long term and continuing.

- GIS Branch Updates
o Updated distribution sites map.
o Submitted a request to ESRI (GIS Vendor) to supplement our technology and provide professional services in support of the incident.
o Updated Flint DDACTS (crime analysis) hotspots.
o Setup ArcGIS in conjunction with Flint GIS staff.
o Configured mobile app for field data collection during MSP neighborhood visits.
o Began mapping lead service lines (anticipate having draft of lead service lines Friday).
o Coordinated with local IT managers overseeing filter tracking system to streamline data collection.

DTMB:
- Cards were printed for churches and fire stations by 11:30am. Two additional trucks for distribution will be in the City all week. Trucks are available to deliver resources until 9 pm.
- Two trucks are being deployed to assist with supply distributions in the neighborhood.
- Contacted Home Depot; starting Tuesday they will deliver 4 truckloads of water to GCCARD for the next 5 days.

DHHS-CH
• The Community Health Emergency Coordination Center (CHECC) has officially elevated its level of activation to "Level 2 - Partial Activation." Currently the CHECC is staffed with BETP leadership and Section Chiefs only. SMEs will be brought in as necessary.
• Coordinating with MDE and MDARD on nutritional planning communications.
• Coordinating with the CHECC to determine status of Environmental Testing and Consulting Lead Investigator(s) request.

DEQ
• DTMB will pick up a shipment from the lab at 3pm today. The lab will have as much as they can have ready on the loading lock at 3pm.
• Simplified sampling form that has gone to DTMB to print and will be there tomorrow.
• There were 1,382 bottles picked up today, Monday afternoon. There are approximately 3,200 bottles remaining in Lansing. These will all be ready to ship tomorrow afternoon.

Local EOC Update:
• Local EOC operational hours are from 8am-9pm.
• Working to coordinate resources at the local level to maintain adequate supplies at all PODs.
• Demand has exceeded supplies and supplies are moving rapidly from PODs today. Working to make sure POD managers notify us when they start running low.
• Working to establish a warehouse for local resource storage.
• Additional DC Mark Russo
• Established trigger points for resources at PODs and hourly inventory reporting from the PODs.
• Discussed potential long-term water sources between local EOC and SEOC.
• Established planning cycle/meeting scheduled for 1/12/16.
• Developed Sit Rep #1.
• Met with Natasha Henderson to request deployment of City representative at local EOC.

Incident Response/Recovery Priorities/Objectives

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
3. Improve and maintain public information strategy.
4. Develop a long term public health and services plan.
5. Ensure adequate staffing to support operational requirements.
6. Identify possible assistance programs.
7. Develop an approved GIS strategy.
8. Maintain coordination between partner agencies and organizations.
9. Enhance situational awareness and common operating picture of all activities.
10. Develop a comprehensive Recovery Plan.

Weather Conditions

Watches/Warnings

Upcoming Forecast
Forecast Update for Flint, MI Area: Posted 945am January 11, 2016

• Snow and wind will return after 5pm Monday (Jan 11) and will continue through Tuesday (Jan 12) with very hazardous travel expected.
• Very cold through the entire week. The cold could limit ability to remove ice from road surfaces
• Frostbite time for exposed skin will be 15 to 30 minutes all week.
• Bottled water stored outside or not in temperature controlled locations will freeze due to temperatures well below freezing through the week

-Until around 5pm Monday (Jan 11):
• Periodic light snow with limited accumulation expected today. Icy roads are expected for Monday evening commute.

-Monday 5pm (Jan 11) through Tuesday Night (Jan 12)
• Snow and blowing snow will create hazardous driving conditions, very low visibility, and icy road surfaces. Could see 2-4 inches of accumulation in the Flint area. This snow/blowing snow will impact all of the Lower Peninsula, so transportation to and from the Flint area will be very hazardous Monday night through Tuesday.
• Snow will blow back on to treated roads. Rapid Changes in visibility and road conditions are likely. This type of weather is typical when Michigan has some road closures and larger multi-car accidents.

-Wednesday (Jan 13) through Saturday (Jan 16):
• Very cold with a few snow showers. High Temperatures around 20-25 degrees, Low temperatures around 10-15 degrees.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was operational for the first time in Flint from 8 a.m. to 5 p.m. on Jan. 11. State agencies at the JIC included the Governor's Office, Health and Human Services, Michigan Department of Agriculture and Rural Development, and Department of Technology and Management and Budget, and Michigan State Police.

Tasks accomplished during the operational period included:
• Coordinated with the Governor's Office for a 2:30 p.m. press conference in the city of Flint. This action item included multi-agency collaboration and the development of talking points under a very tight timeframe.
• Created a script for a Comcast video PSA.
• Finalizing radio PSA with the Michigan Association of Broadcasters.
• Secured a field PIO and state videographer and photographer for embedding during water resource team operations.
• Drafted a media advisory announcing the water resource teams, including a media opportunity.
• Looking into Comcast/Dish Network dedicated video.
• Continued to monitor media and social media.
• Issued and drafted social media posts about the ongoing situation.
• Worked with DTMB and facilities to ensure a functioning Flint JIC.

Agriculture and Rural Development (MDARD)

Jan 11th - 1/11/16 - MDARD Activities: Have updated the guidance document to be a regulatory document for water in retail food and restaurants/food service; document is going through the approval process including the JIC. MDARD is making plans for distribution and then follow up. On animals - we expect to get a list of kennels, clinics, rescue organizations, etc., by the end of the day for additional outreach. Any materials will be coordinated through the JIC. MDARD provided information on water companies in the State as potential contacts for supplies of water.

MDARD goals over the next few days: 1) Food - identification and prioritization of food service and food retail businesses and coordination with Genesee Co. Health Department on notification and inspection related to water usage; 2) Animals - continue outreach and education to animal facilities, in coordination with Genesee Co. Animal Control; 3) Review history and look at opportunities for assistance/guidance related to nutrition, including possible support through donations management.

American Red Cross (ARC)

Today the American Red Cross provided volunteers to 5 fire stations to distribute water, filter, replacement cartridges, and water test kits. Inventory reports from these distribution sites are now being made hourly. Throughout the day we have maintained representation at both the Genesee County EOC and Michigan's SEOC.

Early in the day we noted that DEQ was hoping to find volunteers to assemble water test kits prior to distribution. The Red cross indicates it is ready to secure such volunteers once we have a formal request.

We have also been notified that a request for a warehousing team will be coming to the ARC. Our Flint headquarters has been made aware of this pending request and expects to be able to activate a team once we have the details.

We will be staffing the 5 fire station distribution sites again tomorrow from 9am to 9pm.
Our headquarters will also be participating in two meetings convening an expanded group of community partners on Tuesday.

Civil Rights (MDCR)

Continued to provide support and assistance to assigned Human Services branch assignment and other SEOC activities. Briefed MDCR Community Relations Division staff; sourced non-Christian places of worship.

Community Health (MDCH)

Coordinating with MDE and MDARD on nutritional planning communications.

Coordinating with the CHECC to determine status of ETC lead investigator(s) request.

Requested that the Human Services EMC have visibility of CHECC Activity Logs.

Task assignment for IMATS support has been re-assigned to the CHECC.

Requested that the CHECC research the availability of volunteer support for the door-to-door operations.

Spoke to the Local Health Department Emergency Preparedness Coordinator regarding the data entry of distributed filters. She is currently collecting all of the information cards from various locations and working with American Red Cross volunteers to get that data entered into the database as quickly as possible.

CHECC will be looking into the nutritional planning for MDHHS.

Held a conference call with CHECC leadership staff to discuss activities. Reassigned the request for information from the Bureau of Epidemiology to the CHECC to facilitate.

The Community Health Emergency Coordination Center (CHECC) has officially elevated it's level of activation to "Level 2 - Partial Activation." Currently the CHECC is staffed with BETP leadership and Section Chiefs only. SMEs will be brought in as necessary.

Corrections (MDOC)

The MDOC continues to monitor the situation and our staff as well as our clients in the community. Water will remain available at the office for both staff and clients to use whil at the Parole and Probation offices in the area. EM staff from the MDOC will contiue to monitor MiCIMS and attend briefings. We remain available to assist in addressing this situation.

Education (MDE)

MDE is distributing nutrition guidelines for "Help Fight Lead Poisoning with a Healthy Diet" handout. Additional MDE staff trained for SEOC. (1/11)

MDE is monitoring the situation and coordinating as necessary with other state agencies.

Kyle Guerrant, Deputy Superintendent, was on-site at the SEOC; January 10, 0915-1425.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities:
- Delivery of 1500 water test kits to MCCARD
- 10,000 water test bottles ordered
- Sampling form developed in collaboration with the City. 20,000 printed.
- SEOC Staffed
- DEQ personnel supporting local needs

Human Services (MDHS)

Participated in AM & PM State Agency briefings,
Updated resource requests.
Training was completed for the Door to Door Distribution plan at our Clio Road office.
Received a reach out from Meijer and Walmart on how they can help. Held conference call with Meijer, they will be delivering water today to GCCARD. Walmart information sent to logistics.
We have received a schedule for water deliveries.
CHECC was upgraded to Level 2 Activation

Licensing and Regulatory Affairs (LARA)

LARA Excutive Staff met and was updated on the situation in Flint. This will be a weekly meeting.

Spoke with the Flint Superintendent of Schools, Mr. Tawwab regarding the faucet pilot program. He has approved us to move forward with this program.

Joe Madziar, LARA's Plumbing Division Chief, will be going to Freeman Elementary to develop a material list.

We are working with Tony Sitko, building manager for Flint, to coordinate a schedule for the Plumbing Division to be able to get into the school to complete the work.

I am communicating with the DEQ to schedule re-testing for Freeman Elementary pilot project.

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids will participate in SEOC briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed.
Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters. VAAA reports they continue to receive calls from seniors who need assistance.

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint. Water. VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed. Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

State Police (MSP)

Request received to determine who is leading the deployment efforts for this project (location for distribution, etc.). Lt. Dehner will provide coordination of distribution from the local EOC.

GIS maps with dots where distribution or pick-up has already been made and been provided to Lt. Dehner in both email and printed form.

Resource request has been submitted for 8 iPads that are loaded with GIS information, so that those working on distribution can just enter it on-scene, rather than keeping paper logs.

We are trying to determine if someone has walk routes previously identified to reduce backtracking and provide a good way to make sure we hit all locations. US Postal Service delivery routes will not work for this purpose as some homes do not get home delivery and use a PO Box instead. Inquiry has been made to Flint Water Department for their meter reading routes to determine if this will meet this need.

Supreme Court

08:50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

DTMB Mail Services provided two drivers to assist with supply deliveries in the city for the week. Two additional drivers will be onsite Tuesday to assist with door-to-door supply needs. Additional drivers are available if needed.

DTMB Print and Graphic Services provided expedited service on water-testing English and Spanish cards, information cards for churches and fire departments, water sampling billing return sheet and bathing information.

Provided access to the facility and parking structure for the PIOs working out of the Flint State Office Building. DTMB providing additional security personnel at the building.

Procurement office assisted in a conference call with vendor on acquiring additional water testing kits as well as other contracts as needed to fulfill resource requests.

SEOC Hours of Operation End:	01/11/2016 20:00:00

Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered.

Upcoming Forecast
Forecast Update for Flint, MI Area: Posted 945am January 11, 2016

* Break from significant snow through around 8pm Monday (Jan 11)
* Snow and Wind return after 8pm Monday (Jan 11) continues through Tuesday (Jan 12) with very hazardous travel expected
* Very cold through the entire week. The cold could limit ability to remove ice from road surfaces
* Time to Frostbite from exposed skin will be 15 to 30 minutes all week
* Bottled water stored outside or not in temperature controlled locations will freeze due to temperatures well below freezing through the week

Through around 8pm Monday (Jan 11):
On and off light snow with no significant accumulation expected. Icy roads expected for Monday evening commute.

Monday 8pm (Jan 11) through Tuesday Night (Jan 12)
Snow and Blowing Snow will create hazardous driving conditions in very low visibility and icy road surfaces. Could see 2-4 inches of accumulation in the Flint area. This snow/blowing snow will impact all of the lower peninsula, so transportation to and from the Flint area will be very hazardous Monday night through Tuesday.

Snow will blow back on to treated roads. Rapid Changes in visibility and road conditions are likely. This type of weather is typical of the weather that occurs when Michigan has some road closures and larger multi-car accidents.

Wednesday (Jan 13) through Saturday (Jan 16):
Very Cold with a Few Snow Showers. High Temperatures around 20-25 degrees, Low Temperatures around 10-15 degrees.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was operational for the first time in Flint from 8 a.m. to 5 p.m. on Jan. 11. State agencies at the JIC included the Governor's Office, Health and Human Services, Michigan Department of Agriculture and Rural Development, and Department of Technology and Management and Budget, and Michigan State Police.

Tasks accomplished during the operational period included:
• Coordinated with the Governor's Office for a 2:30 p.m. press conference in the city of Flint. This action item included multi-agency collaboration and the development of talking points under a very tight timeframe.

- Created a script for a Comcast video PSA.
- Finalizing radio PSA with the Michigan Association of Broadcasters.
- Secured a field PIO and state videographer and photographer for embedding during water resource team operations.
- Drafted a media advisory announcing the water resource teams, including a media opportunity.
- Looking into Comcast/Dish Network dedicated video.
- Continued to monitor media and social media.
- Issued and drafted social media posts about the ongoing situation.
- Worked with DTMB and facilities to ensure a functioning Flint JIC.

Agriculture and Rural Development (MDARD)

Jan 11th - 1/11/16 - *MDARD Activities:* Have updated the guidance document to be a regulatory document for water in retail food and restaurants/food service; document is going through the approval process including the JIC. MDARD is making plans for distribution and then follow up. On animals - we expect to get a list of kennels, clinics, rescue organizations, etc., by the end of the day for additional outreach. Any materials will be coordinated through the JIC. MDARD provided information on water companies in the State as potential contacts for supplies of water.

MDARD goals over the next few days: 1) Food - identification and prioritization of food service and food retail businesses and coordination with Genesee Co. Health Department on notification and inspection related to water usage; 2) Animals - continue outreach and education to animal facilities, in coordination with Genesee Co. Animal Control; 3) Review history and look at opportunities for assistance/guidance related to nutrition, including possible support through donations management.

American Red Cross (ARC)

Today the American Red Cross provided volunteers to 5 fire stations to distribute water, filter, replacement cartridges, and water test kits. Inventory reports from these distribution sites are now being made hourly. Throughout the day we have maintained representation at both the Genesee County EOC and Michigan's SEOC.

Early in the day we noted that DEQ was hoping to find volunteers to assemble water test kits prior to distribution. The Red cross indicates it is ready to secure such volunteers once we have a formal request.

We have also been notified that a request for a warehousing team will be coming to the ARC. Our Flint headquarters has been made aware of this pending request and expects to be able to activate a team once we have the details.

We will be staffing the 5 fire station distribution sites again tomorrow from 9am to 9pm.
Our headquarters will also be participating in two meetings convening an expanded group of community partners on Tuesday.

Civil Rights (MDCR)

Continued to provide support and assistance to assigned Human Services branch assignment and other SEOC activities. Briefed MDCR Community Relations Division staff; sourced non-Christian places of worship.

Community Health (MDCH)

Coordinating with MDE and MDARD on nutritional planning communications.

Coordinating with the CHECC to determine status of ETC lead investigator(s) request.

Requested that the Human Services EMC have visibility of CHECC Activity Logs.

Task assignment for IMATS support has been re-assigned to the CHECC.

Requested that the CHECC research the availability of volunteer support for the door-to-door operations.

Spoke to the Local Health Department Emergency Preparedness Coordinator regarding the data entry of distributed filters. She is currently collecting all of the information cards from various locations and working with American Red Cross volunteers to get that data entered into the database as quickly as possible.

CHECC will be looking into the nutritional planning for MDHHS.

Held a conference call with CHECC leadership staff to discuss activities. Reassigned the request for information from the Bureau of Epidemiology to the CHECC to facilitate.

The Community Health Emergency Coordination Center (CHECC) has officially elevated it's level of activation to "Level 2 - Partial Activation." Currently the CHECC is staffed with BETP leadership and Section Chiefs only. SMEs will be brought in as necessary.

Corrections (MDOC)

Captain Chris Kelenske speaking directly to the camera	Hello. I'm Captain Chris Kelenske with the Michigan State Police. If you live in the city of Flint, there are things you can do to keep you and your family safe from lead. Every Flint resident is able to receive a water filter and replacement filters, bottled water, home water testing, and blood testing: all for free. Additionally, 2-1-1 is set up to answer your questions and help you access these things as quickly and as easily as possible, including finding distribution sites near you. To get you or your child's blood tested, contact your doctor. For more information about where to go and what you can do, including finding a free water filter or bottled water, visit www.michigan.gov/flintwater, or call 211 today.

State of Michigan to deploy water resource teams in city of Flint

Focus remains on ground stabilization, distribution of water resources

LANSING, Mich. – In its immediate response efforts, the state of Michigan is stabilizing the situation on the ground to ensure all Flint residents have access to clean and safe drinking water. In addition to the water resource sites, water resource teams will be in Flint neighborhoods beginning Tuesday to distribute clean water resources door to door.

Once the state is the beyond the immediate response phase, officials will work with the federal government to determine what additional resources are available. Currently, three FEMA liaison officers are in the SEOC at the request of Capt. Chris Kelenske, deputy state director of emergency management and homeland security, to provide technical guidance as needed.

Bottled water, water filters, replacement cartridges, and home water testing kits are currently available from 9 a.m. to 9 p.m. at the following locations:

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.
Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

The state of Michigan is coordinating response efforts in partnership with the city of Flint, Genesee County, and local community organizations.

State of Michigan to deploy water resource teams in city of Flint

Water resource sites now have extended hours: locations open 9 a.m. to 9 p.m.

LANSING, Mich. – The State of Michigan today announced that water resource teams will be on the ground in Flint beginning Tuesday to distribute clean water resources to Flint residents. Water resource sites also now have extended hours from 9 a.m. to 9 p.m. seven days a week for Flint residents to pick up clean water resources including bottled water, filters, replacement cartridges, and home water testing kits.

"Water resource teams will be in Flint Tuesday morning supporting our active engagement in this response effort," said Michigan State Police Spl/F/Lt. David Kaiser. "These teams are essential to making sure all Flint residents have clean and safe drinking water. We thank our partners at the city and county levels for their coordination in these efforts."

The state of Michigan is coordinating response efforts in partnership with the city of Flint, Genesee County, and local community organizations. State officials and local leaders also gathered today at Fire Station 1, one of the state's water resource sites, to discuss actions being taken to help Flint residents obtain safe drinking water.

Water resource sites are open daily from 9 a.m. to 9 p.m. to distribute free bottled water, water filters, replacement cartridges, and home water testing kits.

Fire Station #1
310 East 5th St.

State of Michigan to deploy water resource teams in city of Flint

Water resource sites now open 9 a.m. to 9 p.m.

LANSING, Mich. – The State of Michigan today announced that water resource teams will be on the ground in Flint beginning Tuesday to distribute clean water resources to Flint residents. Water resource sites also now have extended hours from 9 a.m. to 9 p.m. seven days a week for Flint residents to pick up clean water resources including bottled water, filters, replacement cartridges, and home water testing kits.

"Water resource teams will be in Flint Tuesday morning supporting our active engagement in this response effort," said Michigan State Police Spl/F/Lt. David Kaiser. "These teams are essential to making sure all Flint residents have clean and safe drinking water. We thank our partners at the city and county levels for their coordination in these efforts."

The state of Michigan is coordinating response efforts in partnership with the city of Flint, Genesee County, and local community organizations. State officials and local leaders also gathered today at Fire Station 1, one of the state's water resource sites, to discuss actions being taken to help Flint residents obtain safe drinking water.

Water resource sites are open daily from 9 a.m. to 9 p.m. to distribute free bottled water, water filters, replacement cartridges, and home water testing kits.

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Rd.
Flint, MI 48506

Fire Station #6
716 West Pierson Rd.

Flint, MI 48505

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

On site today to discuss action steps were Michigan Office of Urban and Metropolitan Initiatives Director Harvey Hollins, Michigan State Police Spl/F/Lt. David Kaiser, City of Flint Mayor Karen Weaver, City of Flint Fire Chief David Cox, and Genesee County Sheriff's Office Capt. Casey Tafoya.

Water Resource Sites Established Across Flint

State, City, County officials working to ensure the daily needs of residents are met

DATE: Sunday, Jan. 10, 2016

TIME: 2:30 p.m.

WHO: Michigan Office of Urban and Metropolitan Initiatives Director Mr. Harvey Hollins
Michigan State Police Spl/F/Lt. David Kaiser
City of Flint Mayor Karen Weaver
City of Flint Fire Chief David Cox
Genesee County Sheriff's Office Capt. Casey Tafoya

WHAT: State and local officials will hold a media availability to discuss the five newly-established water resource sites in Flint. The resource sites are part of a coordinated effort to provide a full set of water resources to the residents of Flint. This includes multiple locations around the city that provide free bottled water, water filters, water filter replacement cartridges and water testing kits.

WHERE: Water Resource Site
Fire Station #1
310 E. 5th Street
Flint, MI 48502

Public information and updates can be found at www.michigan.gov/flintwater. Efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County and local community organizations.

###

ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632) or JICNews@michigan.gov.

Flint Water Resource Sites

- The State of Michigan has partnered with local officials in a coordinated approach to establish five water resource sites in Flint where residents can pick-up bottled water, water filters, replacement cartridges and home water testing kits.

- The water resource sites serve as a one-stop location where residents can pick-up all of the resources they need to ensure their drinking water is safe, including bottled water, water filters, replacement cartridges and water testing kits.

- Five water resource sites are now open and will be open seven days a week from 9 a.m. to 4 p.m. at Flint fire stations located at:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502

    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503

    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506

    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505

    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- In addition to the water resource sites, home water testing kits are available at Flint City Hall, the Flint Water Treatment Plant or Flint Fire Department locations.

- Water filters and replacement cartridges continue to be available Monday through Friday, between 9 a.m. and 4 p.m. at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department office
      2727 Lippincott
      Flint, MI 48507

    - Genesee County Community Action Resource Department office
      601 N. Saginaw
      Flint, MI 48502

    - Flint City Hall
      1101 S. Saginaw St.
      Flint, MI 48502

- Efforts are being coordinated by the state of Michigan in partnership with the City of Flint, Genesee County and local community organizations to ensure the daily needs of residents are met.

- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.

- Visit www.michigan.gov/flintwater or call 2-1-1 for more information.

Water Resource Teams

- Beginning this Tuesday, water resource teams consisting of one trooper and two volunteers will canvas neighborhoods distributing free bottled water, water filters, replacement cartridges, filtered pitchers, and water testing kits.

- This effort is in addition to the five newly-established water resource sites that have been established at the fire stations across the city to serve as a one-stop location where residents can pick-up all of the resources they need to ensure their drinking water is safe, including bottled water, water filters, replacement cartridges and water testing kits.

- The state has been working with local officials to identify the needs of residents to help prioritize our efforts.

- The bulk of our actions are about identifying specifically where the needs are, where the gaps in recovery are, and ensuring we are coordinating closely with the city and county on any actions. This will allow us to target our actions.

- The teams will go door-to-door daily from 8:30 a.m. to 5 p.m. until needs are met.

Spl/F/Lt. David Kaiser
Flint Water Resource Sites Bullet Points

Good afternoon, I am Spl/F/Lt. David Kaiser with the Michigan State Police. I am assigned to the MSP Third District Headquarters, which serves the City of Flint.

The health and welfare of Flint residents is a top priority and we are committed to a coordinated approach to provide a full set of water resources to the residents of Flint and address all aspects of this situation.

I'd like to briefly explain the role of the Michigan State Police during this response.

Since Tuesday, the State Emergency Operations Center has been activated and is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in the state.

Right now, we are bringing all state resources to bare to protect public health and safety.

Yesterday, we established water resource sites at the five fire stations across the city to serve as a one-stop location where residents can pick-up all of the resources they need to ensure their drinking water is safe, including bottled water, water filters, replacement cartridges and water testing kits.

The hours of the resource sites have been extended until 9 p.m. daily, rather than 4 p.m. as initially scheduled. This is to help make the process of picking up water resources as convenient as possible for Flint residents. And citizens who may need transportation can call 2-1-1 for assistance.

Resources available at the sites include free bottled water, water filters, water filter replacement cartridges, filtered water pitchers, and free household lead testing kits.

One of our immediate objectives is to make sure every household in Flint has a water filter. When used properly water filters remove 99% of lead in water.

Further, beginning on Tuesday we will have water resource teams, consisting of one trooper and other state personnel, who will be going door-to-door throughout Flint neighborhoods to ensure residents have the resources they need. The water resource teams will be handing out bottled water, water filters, replacement cartridges, and water testing kits. If by chance a resident is not at home when the teams stop by, a flyer with information on how to receive these free water resources will be left at their residence. And calling 2-1-1- is always a great resource for citizens to learn more information.

The bulk of our actions continue to be identifying where specific resource needs are, where the gaps in recovery are, and ensuring we are coordinating closely with the city and county on any actions. This will allow us to target our actions and ensure we are not duplicating efforts.

A lot of great efforts are already underway by many local agencies; public, private, non-profit, etc., but we need to marshal all these efforts and ensure they are coordinated to maximize our effectiveness.

We're working as fast as we can to identify what is being done already and what still needs to be done.

One of the most important messages and priorities for us is making sure residents are aware of the information and free resources currently available to them. The one-stop shop for all these resources is www.michigan.gov/FlintWater.

This entire operation is about making sure Flint residents receive the resources and information they need, and we're 100% committed to doing what needs to be done until all needs are met.

Thank you.

We've worked closely with the city of Flint to make sure that Water Resource Sites have been set up in places most effective to citizens, and we'll set up more if we need to. These places will have water today and will be open seven days a week from 9 a.m. to 9 p.m. I want to thank the Fire Chief and Red Cross and other volunteers for helping us make that happen.

The state also provided water and filters to the parishioners at nine churches this morning, and we're constantly looking for other opportunities to get water, filters and test kits in people's hands. We also are distributing fliers with information about these water resource sites, and we really want people to know that dialing 2-1-1 is a great way to find out more about nutrition, transportation, blood lead level testing and more.

If you get the question: How many filters and bottles have been distributed?

- We're really tracking filters closely to ensure every household in Flint has a filter. So we know that more than 12,000 filters have been distributed from the state alone.
- How much water have we procured? But obviously many other groups have been donating water as well.

Our next focus is getting the word out more broadly, and Lt. Dave Kaiser will speak to that.

ANSWERS TO POTENTIAL QUESTIONS

Why did it take so long?

We're day 6 into this emergency, and we have set up an effective network that can function for the duration of this emergency and beyond, if needed. Sherriff Pickell, who's in charge of the emergency management operation in Genesee County, has been doing a great job of going door to door in the short term but we all realize that's a quick fix, and not effective in the long term.

But the Sheriff has been critical of the state's operations.

He's part of our emergency operations response. I've never heard him express that sentiment to the emergency operations team, of which he's a part. But that's OK – I understand the frustration. We all want to wave a magic wand and make solutions happen overnight. But something as complex as this doesn't work that way. But we're day 5 into the emergency and today we have a great network to get resources to Flint residents. We also are constantly working to improve our website to disseminate information through Michigan.gov/flintwater.

Why did centers run out of water?

We appreciate the local efforts to set up a network but realized their resources were being stressed to the point where we stepped in to help. It's appropriately a local decision on where these local water resource sites should be located. The state is ensuring that the centers we announced Saturday will be dependable sources of water, filters, cartridges and test kits.

We have people telling us that 211 is not working.

We have been working with the United Way, which runs the 211 system, to add more people who can answer questions. And that has happened.

Why did it take so long to set up sites?

The city needs to make those decisions, as they should. We shouldn't be swooping in and telling the city where to distribute water – the city knows best what the most effective locations are for the community.

What you find with emergencies like this is that not everything goes smoothly at first. But what I can tell you is that there are scores of people working on this. They have been through the Enbridge oil spill, the floods in SE Michigan, the Northwest Michigan wind storm last summer, and many more emergencies. They know the tried and true methods that work for the duration.

Flint Water Resource Sites

- The State of Michigan has partnered with local officials in a coordinated approach to establish five water resource sites in Flint where residents can pick-up bottled water, water filters, replacement cartridges and home water testing kits.

- The water resource sites serve as a one-stop location where residents can pick-up all of the resources they need to ensure their drinking water is safe, including bottled water, water filters, replacement cartridges and water testing kits.

- Five water resource sites are now open and will be open seven days a week from 9 a.m. to 4 p.m. at Flint fire stations located at:

    - Fire Station #1 located at 310 East 5th St. in Flint, MI 48502

    - Fire Station #3 located at 1525 Martin Luther King Ave. in Flint, MI 48503

    - Fire Station #5 located at 3402 Western Rd. in Flint, MI 48506

    - Fire Station #6 located at 716 West Pierson Rd. in Flint, MI 48505

    - Fire Station #8 located at 202 East Atherton Rd. in Flint, MI 48507

- In addition to the water resource sites, home water testing kits are available at Flint City Hall, the Flint Water Treatment Plant or Flint Fire Department locations.

- Water filters and replacement cartridges continue to be available Monday through Friday, between 9 a.m. and 4 p.m. at the following locations:

    - Michigan Department of Health and Human Services office
      125 E. Union St.
      Flint, MI 48502

    - Michigan Department of Health and Human Services office
      4809 Clio Road
      Flint, MI 48504

    - Genesee County Community Action Resource Department office
      2727 Lippincott
      Flint, MI 48507

    - Genesee County Community Action Resource Department office
      601 N. Saginaw
      Flint, MI 48502

    - Flint City Hall
      1101 S. Saginaw St.
      Flint, MI 48502

- Efforts are being coordinated by the state of Michigan in partnership with the City of Flint, Genesee County and local community organizations to ensure the daily needs of residents are met.

- Residents are urged to use filtered water for drinking, food preparation, brushing teeth and watering pets. Unfiltered water may be used for bathing and cleaning.

- Visit www.michigan.gov/flintwater or call 2-1-1 for more information.

Water Resource Teams

- Beginning this Tuesday, water resource teams consisting of one trooper and two volunteers will canvas neighborhoods distributing free bottled water, water filters, replacement cartridges, filtered pitchers, and water testing kits.

- This effort is in addition to the five newly-established water resource sites that have been established at the fire stations across the city.
- The state has been working with local officials to identify the needs of residents to help prioritize our efforts.
- The bulk of our actions are about identifying specifically where the needs are, where the gaps in recovery are, and ensuring we are coordinating closely with the city and county on any actions. This will allow us to target our actions
- The teams will go door-to-door daily from 8:30 a.m. to 5 p.m. until needs are met.

Talking Points – Capt. Kelenske
Media roundtable, January 7, 2016

Good afternoon, I am Sp/F/Lt. David Kaiser with the Michigan State Police. I am assigned to the MSP Third District Headquarters, which serves the city of Flint.

The health and welfare of Flint residents is a top priority and we are committed to this coordinated approach with state and local resources to address all aspects of this situation.

I'd like to briefly explain the role of the Michigan State Police.

When Governor Snyder declared a state of emergency making available all state resources in cooperation with local response and recovery operation, the declaration activated the State Emergency Operations Center—or SEOC—authorizing the Michigan State Police Emergency Management Homeland Security Division to coordinate the state's response efforts.

The SEOC is the emergency operations center for the State of Michigan and is staffed by members of state agencies and other and other partners for decision making and information coordination during disasters or emergencies in the state.

Right now, we are bringing all state resources to bare to protect public health and safety.

Going forward, to better coordinate the health and safety of the residents of Flint and to ensure they are aware of and have access to the resources available within their community, the State Emergency Operations Center will serve as a central point of coordination between the local and state response efforts.

The bulk of our actions are about identifying specifically where the needs are, where the gaps in recovery are, and ensuring we are coordinating closely with the city and county on any actions. This will allow us to target our actions and ensure we are not duplicating efforts.

A lot of great efforts are already underway by many local agencies; public, private, non-profit, etc., but we need to marshal all these efforts and ensure they are coordinated to maximize our effectiveness.

Right now the bulk of our actions are about identifying specifically where the needs are, where the gaps in recovery are, and ensuring we are coordinating closely with the city and county on any actions. This will allow us to target our actions and ensure we are not duplicating efforts.

One of the most important messages and priorities for us is making sure residents are aware of the resources and measures currently available to them. The one-stop shop for all these resources is www.michigan.gov/FlintWater.

These resources include water filters, water pitchers, and free household lead testing. One of our immediate objectives is to make sure every household in Flint has a water filter. When used properly water filters remove 99% of lead in water.

In fact, we have teams scheduled to be on the ground Tuesday....

We're working as fast as we can to identify what is being done already and what still needs to be done.

One of our major priorities is GIS mapping; we're also working to get a handle on how bottled water is being distributed. Our Third District Emergency Manager has been engaged with local officials for the last couple of months. I have deployed additional MSP personnel to the county EOC to help with coordination there.

I want to stress that this entire operation is about making sure Flint residents receive the resources and information they need, and we're 100% committed to doing what needs to be done.

If asked:

Our focus is on finding solutions. Others are looking into previous actions, but our job is to help residents today.

I'm aware you had the opportunity today to ask the Governor some of these questions, again, this operation is focused on moving forward and finding solutions, and I'm not the appropriate person to speak to past actions.

Water Resource Sites Established Across Flint

State, City, County officials working to ensure the daily needs of residents are met

DATE: Sunday, Jan. 10, 2016

TIME: 2:30 p.m.

WHO: Michigan Office of Urban and Metropolitan Initiatives Director Mr. Harvey Hollins
Michigan State Police Spl/F/Lt. David Kaiser
City of Flint Mayor Karen Weaver
City of Flint Fire Chief David Cox
Genesee County Sheriff's Office Capt. Casey Tafoya

WHAT: State and local officials will hold a media availability to discuss the five newly-established water resource sites in Flint. The resource sites are part of a coordinated effort to provide a full set of water resources to the residents of Flint. This includes multiple locations around the city that provide free bottled water, water filters, water filter replacement cartridges and water testing kits.

WHERE: Water Resource Site
Fire Station #1
310 E. 5th Street
Flint, MI 48502

Public information and updates can be found at www.michigan.gov/flintwater. Efforts are being coordinated by the State of Michigan in partnership with the City of Flint, Genesee County and local community organizations.

Subject: Re: SEOC Update 1/6/16 - Flint Water - Limited Distribution

I just talked with Captain Kelenske (who is having a computer issue) and he asked me to pass along a clarification about tomorrow's media roundtable. The media roundtable will not include local officials - it will just be Capt. Kelenske and Dr. Wells. Our objective is to explain the EM process and the role/expectations of the state.

We will be firming up the details tomorrow morning; it should still be considered tentative right now.

- **MDHHS – Elevated Blood Lead Levels**
  - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
- **MDEQ – Water Testing Protocols**
  - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.

- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination, command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.**
- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
  1. Activate the State Recovery Task Force (SRTF).
  2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
  3. Obtain and maintain situational awareness and common operating picture of all activities.
  4. Establish SEOC operational period and hours of operations.
  5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
  6. Develop a comprehensive GIS strategy.
  7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
  8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
  9. Provide technical assistance to the local Damage Assessment process.
  10. Establish a Joint Information Center (JIC) and develop a public information strategy.
  11. Monitor MI CIMS for resource requests and address as appropriate.
  12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
  - Determine what federal agencies are already involved and their status
  - Identify potential water supplies
  - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
  - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
  - Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC

- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
    - Water Pipeline Locations
    - Filter Distribution Locations
    - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
    - Affected School Locations
    - Predictive analysis of blood lead levels for affected area
    - Updated Parcels
    - Demographics
    - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
    - This included information on the SEOC activation and a 0900 briefing for SEMCs.
    - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have implemented weekly operational periods.

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- Reviewed planned actions, prepared final draft Incident Action Plan
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination,**

command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.

- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
  1. Activate the State Recovery Task Force (SRTF).
  2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
  3. Obtain and maintain situational awareness and common operating picture of all activities.
  4. Establish SEOC operational period and hours of operations.
  5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
  6. Develop a comprehensive GIS strategy.
  7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
  8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
  9. Provide technical assistance to the local Damage Assessment process.
  10. Establish a Joint Information Center (JIC) and develop a public information strategy.
  11. Monitor MI CIMS for resource requests and address as appropriate.
  12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
  - Determine what federal agencies are already involved and their status
  - Identify potential water supplies
  - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
  - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
  - Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
    - This included information on the SEOC activation and a 0900 briefing for SEMCs.
    - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Chris

Subject: MLive--State launches information center for Flint following emergency declaration

State launches information center for Flint following emergency declaration
Amanda Emery
MLive
1.6.16

FLINT, MI -- The state has launched its Joint Information Center to coordinate public information from the State of Emergency Operations Center.

The emergency operations center was activated after Governor Rick Snyder declared a state of emergency for Genesee County on Tuesday, Jan. 5.

The information center is set up to help with health and safety issues caused by lead in Flint's drinking water, according to a news release from the state of Michigan.

The emergency declaration makes available all state resources in cooperation with local response and recovery operations.

The Joint Information Center will serve as the state's central communications hub for the state of emergency, according to the release. It is staffed by public information officers from several state agencies. The hours of operations will be 9 a.m. until 5 p.m. Monday thru Friday, until further notice.

The center is operating out of the Michigan State Police Emergency Management and Homeland Security Division in Lansing, according to the release. State officials are working to move the center to Flint to better partner and coordinate with local agencies.

Public information and updates that include resources for residents, how to obtain free water filters, and lead testing will be made available at www.michigan.gov/FlintWater.

http://www.mlive.com/news/flint/index.ssf/2016/01/state_launches_information_cen.html#incart_river_home

As an FYI, comments:

- the" information center" is currently operating out of Lansing...we cant let them get too close to Flint...they might catch cooties from the water...
- What an oxymoron...associating the words " State" and "information" is the same paragraph!

Dr. Wells, Mr. Krisztian,

Attached please find a draft for the Executive Summary to be included in the first Situation Report for this incident, which will be published on MI CIMS later today.
The Executive Summary is supposed to provide a brief overview of the incident to increase situational awareness of responding agencies.

If you can find time, please review the draft to see if any statements that relate to the area of expertise of your agencies are incorrect, or if you can recommend any additions.

Thank you for your help,

Subject: RE: news release

State of Michigan Joint Information Center Now Operational

LANSING, Mich. – Today the State of Michigan launched its Joint Information Center (JIC) to coordinate public information from the State Emergency Operations Center, set up to help with health and safety issues caused by lead in the city of Flint's drinking water. The emergency operations center was activated after Gov. Rick Snyder declared a state of emergency for Genesee County on Jan. 5.

Public information and updates, including resources for residents such as how to obtain free water filters and lead testing, are available at www.michigan.gov/FlintWater.

The JIC will serve as the state's central communications hub for this emergency and is staffed by public information officers (PIO) from several state agencies. Hours of operation will be 9 a.m. – 5 p.m., Monday – Friday, until further notice.

It is operating out of the Michigan State Police Emergency Management and Homeland Security Division in Lansing. State officials have been in contact with Flint and Genesee County officials to move the JIC to the city of Flint to better partner and coordinate with local agencies.

The declaration makes available all state resources in cooperation with local response and recovery operations.

Genesee County declared a "local state of emergency" on Jan. 4, activating local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

GOVERNOR'S ACTIVITIES

Straight ticket voting/bill signing
Snyder signs bill eliminating straight ticket voting (Freep)
Gov. Rick Snyder signed a bill that will eliminate single-party, straight ticket voting in Michigan, but urged the state Senate to also pass a bill that will allow voters to cast absentee ballots without having to provide a reason.

Governor OKs end of straight-party voting option (AP)
Michigan Gov. Rick Snyder on Tuesday signed a law eliminating straight-party voting from ballots, saying the move puts "people over politics" and joins Michigan with 40 other states that no longer let voters support an entire ticket of one party's candidate with a single mark.

Gov. Snyder signs bill eliminating straight-party ticket ballot option (UP Matters/TV 3)
Gov. Rick Snyder signed legislation Tuesday that will update election law, aligning Michigan more closely with other states by eliminating the option for voters to select a straight-party ticket on the ballot.

Michigan Gov. Rick Snyder gets rid of straight-party ticket voting option (Boyne Gazette)
Gov. Snyder signs bill eliminating straight-party ticket ballot option, asks Legislature to enact no-reason absentee voting. Gov. Rick Snyder today signed legislation that will update election law, aligning Michigan more closely with other states by eliminating the option for voters to select a straight-party ticket on the ballot.

Gov. Rick Snyder signs bill eliminating straight-ticket voting in Michigan (Mlive)
Michigan Gov. Rick Snyder on Tuesday signed a bill eliminating straight-ticket voting in Michigan. "Michigan is one of only 10 states that allows residents to vote for just a party affiliation rather than individual people. It's time to choose people over politics," Snyder said. "To alleviate concerns that this change could lead to longer wait times for voters, I'm asking the Legislature to enact secured no-reason absentee voting."

Governor Snyder Weighs Straight-Ticket Voting in Michigan (WDET)
Governor Rick Snyder has signed a law that ends the straight-party voting option on election ballots. He called on

Republicans in the Legislature to adopt a bill making it easier to vote using absentee ballots, but GOP leaders remain opposed to the legislation.

Snyder signs removal of straight ticket voting into law (MI 26 News)
Local voters should expect to see some modified ballots in the next election. On a Tuesday Governor Snyder signed into law the removal of the straight ticket option on ballots.

Snyder signs Michigan straight-ticket voting ban into law (WKZO)
Gov. Rick Snyder has signed a Republican-authored bill prohibiting straight-party voting in Michigan. It was approved last month, with legislators also removing a tie-bar for no-reason absentee voting at the last minute.

Gov. Snyder signs law eliminating straight-party voting (Fox 2 Detroit)
Governor Rick Snyder on Tuesday signed a law eliminating straight-party voting from ballots, saying the move puts "people over politics" and joins Michigan with 40 other states that no longer let voters support an entire ticket of one party's candidate with a single mark. Now voters will only be able to vote race by race.

Snyder signs bill eliminating straight-ticket voting (ABC 10 UP)
Senate Bill 13 was signed by Governor Rick Snyder today. The bill eliminates the option of selecting a straight-party ticket.

Governor Signs Bill Ending Straight-Ticket Partisan Voting in Michigan (WHTC)
Governor Snyder has signed legislation that ends straight-ticket voting in partisan elections statewide. Michigan had been one of 10 states that allowed voters to color one party box, but majority Republicans in Lansing had pushed for the change, saying that it would compel voters to be more informed at the ballot box.

Gov. Snyder OKs End Of Straight-Party Voting Option In Michigan (WWJ)
Michigan Gov. Rick Snyder has signed a law eliminating the straight-party voting option from ballots. Michigan was among 10 states to still let voters support an entire ticket of one party's candidates with a single mark. Now they can only vote race by race.

Flint water/Emergency declaration/Justice dept. investigation
The Latest: Snyder declares emergency in Flint over water (AP)
Michigan Gov. Rick Snyder has declared a state of emergency in Flint over problems with lead in the city's drinking water as federal officials confirm they're investigating the matter.

Michigan: Emergency Declared Over Flint's Water (New York Times)
Gov. Rick Snyder of Michigan declared a state of emergency for the Flint area on Tuesday as concerns grew about the health effects of lead-tainted water there. His order, which followed emergency declarations by the city and county governments, came on the day federal officials announced an investigation of the contamination.

Water Crisis: Snyder declares state of emergency for Genesee County (WLNS)
Gov. Rick Snyder has declared a state of emergency for Genesee County because of the ongoing issues with lead in the city of Flint's water supply. That declaration makes available all state resources to cooperate with local operations.

Gov. Snyder declares a state of emergency after lead continues to be a problem in Flint's water (Michigan Radio)
Governor Rick Snyder has declared a state of emergency in Genesee County related to lead contamination of the city of Flint's water supply.

Local leaders thank Gov. Snyder for signing off on emergency declaration for Flint (Michigan Radio)
Gov. Rick Snyder has signed off on a state of emergency declaration for the city of Flint. It moves the city closer to getting help to recover from its drinking water crisis.

Governor Rick Snyder declares State of Emergency in Genesee County over lead in Flint water supply (WXYZ)
Governor Rick Snyder has declared a State of Emergency in Genesee County due to the health and safety issues surrounding the lead in Flint's drinking water.

Snyder declares emergency for Genesee County due to Flint drinking water crisis (WDIV)
Gov. Rick Snyder declared a state of emergency for Genesee County on Tuesday due to the ongoing health and safety issues caused by high levels of lead in the city of Flint's drinking water. The city is now in a position to receive more state help and the potential of federal dollars to clean up the water mess.

Snyder declares emergency as feds probe Flint water (Freep)
Gov. Rick Snyder declared a state of emergency for Flint and Genesee County Tuesday as a result of the contaminated drinking water crisis, on the same day the U.S. Attorney's Office confirmed it is investigating the contamination of Flint's drinking water supply.

Gov. Snyder declares State of Emergency over Flint water crisis (Fox 2 Detroit)
On Tuesday Gov. Rick Snyder declared a State of Emergency in Genessee County over the Flint water crisis. In a release, the state says that by declaring a state of emergency, Snyder has made available all state resources in cooperation with local response and recovery operations.

Snyder may request federal aid for Flint water crisis (Detroit News)
Gov. Rick Snyder on Tuesday declared a state of emergency in Flint because of its contaminated drinking water, setting the stage for a possible request for federal assistance in the city's crisis. Snyder's declaration makes available all state resources in cooperation with local response and recovery operations and authorizes the Michigan State Police, Emergency Management and Homeland Security Division to coordinate the state's efforts.

U.S. Attorney Probes Flint's Lead-Tainted Drinking Water as Governor Declares Emergency (NBC News)
Federal investigators are diving into the scandal over Flint, Michigan's lead-tainted drinking water, just as the state's governor on Tuesday declared an emergency for the area. The move by Gov. Rick Snyder comes three weeks after newly elected Flint Mayor Karen Weaver declared a local state of emergency — triggering the bureaucratic process of procuring government disaster aid.

Gov. Snyder declares a state of emergency after lead continues to be a problem in Flint's water (Michigan Radio)
Governor Rick Snyder has declared a state of emergency in Genesee County related to lead contamination of the city of Flint's water supply.

Governor Snyder Declares State of Emergency in Flint and Genesee County (Michigan Public Radio)
Governor Rick Snyder has declared a state of emergency in Genesee County related to lead contamination of the city of Flint's water supply. The governor's emergency declaration could be a prelude to requesting federal disaster relief for the city. That would occur if state and local resources are not sufficient to dealing with Flint's lead contamination crisis.

Flint mayor says work remains after governor declares state of emergency (Mlive)
Flint Mayor Karen Weaver is thankful Governor Rick Snyder has declared a state of emergency for Genesee County, but she says there is still much to do. Weaver, along with other city and county officials, held a news conference at City Hall Tuesday, Jan. 5, to discuss the signing of the declaration of emergency.

Federal prosecutors looking into Flint's water crisis (Michigan Radio)
Flint's contaminated drinking water is now the subject of an investigation by the U.S. Justice Department. Gina Balaya is a spokeswoman for the U.S. Attorney's office for the Eastern District of Michigan. She confirmed the investigation today.

Justice Department Investigating Toxic Tap Water In Flint (Huffington Post)
Days after Michigan Gov. Rick Snyder (R) apologized for toxic tap water in the city of Flint and accepted the resignations of multiple state officials, the U.S. Justice Department said it has opened an investigation into what went wrong.

Watchdog group calls on Gov. Snyder to release all Flint water documents (Mlive)
Common Cause Michigan is calling for Gov. Rick Snyder to drop his executive privilege and release all documents and correspondence connected to the Flint water crisis.

Flint water/Cher comments
Cher tweets: Firing squad for Snyder for water crisis (Freep)
Music superstar Cher called for jail and a firing squad for Michigan Gov. Rick Snyder in connection to the Flint water crisis Tuesday night. Snyder press secretary Dave Murray said this morning, in response to the tweet: "It's unfortunate that someone would use such rhetoric at a time when the governor is working so closely with Flint's leaders on coordinated efforts to protect the health and welfare of people in the city and across our state."

Cher calls Gov. Snyder a 'murderer' for role in Flint water controversy (Fox 17)
Tuesday, Gov. Rick Snyder declared a state of emergency in Flint over problems with lead in the city's drinking water. Federal prosecutors also said Tuesday they're working with the U.S. Environmental Protection Agency on an investigation into problems with lead in Flint's water supply.
Cher calls for Gov. Snyder to be executed over Flint water on Twitter (Mlive)
"It's very unfortunate that someone would use such rhetoric, especially at a time when the governor is working very closely with city and county leaders to address the health and safety concerns Flint residents are facing," said Snyder Spokesman Dave Murray.

Cher tweets call to execute Snyder over Flint water (Detroit News)
As the story of Flint's water crisis goes national, the news that children and citizens of the city have been exposed to lead poisoning sent pop star Cher into a trending Twitter rage where she appeared to call for the execution of Gov. Rick Snyder.

Michigan governor declares state of emergency over Flint water lead levels (Washington Post)
Michigan Governor Rick Snyder (R) declared a state of emergency in Flint because of high lead levels in the city's drinking water. The action came hours after the U.S. Department of Justice told reporters that it is working with the Environmental Protection Agency to investigate the situation.

Flag honors
Gov. Snyder lowers flags to honor fallen Jackson County firefighter (TV 7&4)
Gov. Rick Snyder has order U.S. and Michigan flags to be lowered to half-staff Wednesday to honor Jackson County firefighter Charles Adams Jr. The flags on all state buildings and within the state Capitol complex are to be lowered to half staff.

Gov. Snyder orders flags lowered for fallen Jackson Co. firefighter (WLNS)
U.S. and Michigan flags will be lowered to half-staff at all state buildings and the Capitol Complex today in honor of a Jackson County firefighter who passed away this weekend. 47-year old Charles Adams Junior died of heart complications on Saturday during a search-and-rescue training exercise.

Chief's next gig
Governor Snyder's chief of staff to join Honigman law firm (Oakland Press)
Dennis Muchmore, who has served five years as Gov. Rick Snyder's chief of staff, is leaving the post to join Honigman Miller Schwartz and Cohn LLP, on Feb. 1. David Foltyn, Honigman's chairman and CEO made the announcement Jarrod Agen, director of communications for Gov. Snyder, is the new chief of staff. Muchmore will lead Honigman's Government Relations and Regulatory Practice Group.

Misc
Obama administration questions states on gun checks (Freep)
The Obama administration sent individual letters this week to the nation's governors — Michigan Gov. Rick Snyder

among them — asking that they make sure state agencies are supplying all criminal and mental health information used for background checks on people purchasing firearms.

APPPOINTMENTS

Snyder appoints attorney to 32nd Circuit Court (TV 6 UP)
Governor Rick Snyder announced the appointment of Michael Pope, of Ironwood, to the 32nd Circuit Court in Gogebic and Ontonagon Counties.

Local university president tapped by governor for three-year term (ABC 10 UP)
Michigan Tech's President has been tapped once again by the Governor. ABC 10's Keweenaw Bureau Reporter Rick Allen has the details.

DEPARTMENTS

DEQ
Justice Department investigating toxic tap water in Flint (Huffington Post)
Says after Michigan Gov. Rick Snyder (R) apologized for toxic tap water in the city of Flint and accepted the resignations of multiple state officials, the U.S. Justice Department said it has opened an investigation into what went wrong.

Health department offering free radon test kits (Monroe News)
The Monroe County Health Department would like to remind local residents that January through March is an ideal time to test homes for radon gas. January is officially "Radon Action Month" per Gov. Rick Snyder and the Environmental Protection Agency.

Public hearing slated for Marathon's proposal to increase air pollutants (Southgate News Herald)
An informational session and public hearing is set for Wednesday evening in the auditorium at River Rouge High School, 1460 W. Coolidge Hwy., on Marathon Detroit Refinery's recent request to increase emissions and potentially harmful air pollutants.

Marathon plan to hike refinery emissions stirs backlash (Detroit News)
Marathon Petroleum's massive operation in Southwest Detroit is seeking permit changes that will allow it to increase emissions from its plant. But some of the region's elected officials feel the area has already been polluted enough.

Lawmakers urge MDEQ to reject Detroit oil refinery permit, compare risk to Flint water crisis (MLive)
A group of Democratic state lawmakers are urging the Michigan Department of Environmental Quality not to approve a permit that would allow Marathon Oil to release more pollutants into the air at its southwest Detroit refinery.

MDEQ to decide if Marathon oil refinery can release more toxic emissions (WXYZ)
The Michigan Department of Environmental Quality will decide if tons more air pollution will be allowed in the most polluted zip code in Michigan.

Marathon Petroleum wants to increase emissions in SW Detroit (FOX 2)
Marathon Petroleum is on the verge of getting state approval to increase emissions at its southwest Detroit refinery.

UP residents pack meeting for proposed mine (FOX 11)
Upper Michigan residents packed the Stephenson High School gym Tuesday night, many ready to express their support or concern for a proposed gold and zinc mine.

DHHS
Doctors to hand out scripts for fruits, vegetables (Detroit Free Press)
Doctors at a hospital in Traverse City soon will be handing out prescriptions for fruits and vegetables.

Program battles chronic disease with vouchers (Traverse City Record Eagle)
Doctors at Munson Medical Center soon will be doling out prescriptions for fruits and vegetables.

DNR
Lake Erie: Asian Carp remain a serious threat (Inquisitr)
Lake Erie is at risk of an Asian carp invasion, which could make a devastating impact on the ecosystem. Although the threat to the Great Lakes is nothing new, researchers have determined Lake Erie may suffer the worst consequences.

DNR selling more than 700 acres of state land in county (Arenac County Independent)
Around 715 acres of land owned by the Michigan Department of Natural Resources in Adams Township are going to auction starting Jan. 12.

Officials not releasing information about deer cull in Ann Arbor (MLive)
As the debate over killing deer in Ann Arbor parks continues, it remains unclear whether any shooting has begun.

Michigan Department of Natural Resources reminds hunters to check deer by Jan. 8 (Holland Sentinel)
The Michigan Department of Natural Resources reminds hunters who would still like to check their harvested deer this season should visit a deer check station by Jan. 8.

Clare County project on those awarded Michigan Passport-funded grants (Midland Daily News)
The Michigan Department of Natural Resources recently announced that 33 Michigan communities — none in Midland, Bay or Saginaw counties but one in Clare County — will share $1,348,700 in Recreation Passport grants.

Training underway at MDNR conservation officer academy (Gaylord Herald Times)
The new year is underway, as is a Michigan Department of Natural Resources conservation officer academy aiming to train a slew of new recruits.

MEDC
Political reasons, not economic ones, keep corporate welfare agency alive (Capitol Connection)
Here's a question: Why should lawmakers bother trying to inject transparency into the operations of the Michigan Economic Development Corporation? Wouldn't it make more sense to apply their efforts to just dumping the MEDC altogether? Given the obstacles, the answer may be "probably not."

MDOT
Top 20 worst winter intersections in Michigan (WOOD TV)
West Michigan is home to six of the state's top 10 worst intersections for winter crashes, and the top two spots are on the same street.

$1 million road project to start in spring (Ionia Sentinel-Standard)
The Ionia City Council approved a $375,000 grant on Tuesday night from the Michigan Department of Transportation to do a total road reconstruction on Cyrus Street between West Lincoln Avenue and West Fargo Street this year.

Road commission adopts 2016 budget; to receive additional state funds (Cheboygan Daily)
The Cheboygan County Road Commission adopted a proposed budget for 2016 of $8,201,959, following a recent public hearing to discuss that budget and the amended 2015 budget.

MVAA
State vets agency continues awareness aid campaign (WIN)
The Michigan Veterans Affairs Agency has begun a statewide television advertising campaign aimed at increasing awareness of the availability of their resources for around 660 thousand vets in this state.

MVAA kicks off statewide television ad campaign (UP Matters TV 3)
The Michigan Veterans Affairs Agency's new statewide television ad begins simply enough, but it ends with a message MVAA hopes each of the state's 660,000 veterans hears and remembers – the agency is here for Michigan veterans and their families every step of the way.

MSP

Police seeking opportunities to educate on human trafficking (Oakland County 115)
With an estimated 100,000 and 300,000 children at risk for sexual exploitation in the U.S. with an average age of 11 to 14 years old., the Michigan State Police (MSP) wants to raise awareness about Human Trafficking.

LEGISLATIVE

Auto insurance, energy top Kevin Cotter's final year agenda (AP)
Kevin Cotter has four chief priorities as he prepares to lead a temporarily smaller but more unified Republican caucus into his second and final year as House speaker, and an overhaul and bailout of Detroit's financially and academically failed school district is not among them.

Michigan House of Representatives spends over $77,000 in Courser/Gamrat scandal (WHTC)
The investigation and removal from office of Cindy Gamrat and Todd Courser has cost the Michigan House of Representatives 77-thousand dollars so far.

DETROIT

Detroit's Cass Tech closed due to sickout (Detroit News)
Cass Technical High School is closed Tuesday due to a large number of teacher absences, Detroit Public Schools spokeswoman Michelle Zdrodowski confirmed.

Report: DPS owes $3.5B; out of cash in April? (Freep)
A new report says Detroit Public Schools' total debt tops $3.5 billion, while district officials are warning that DPS is in danger of running out of cash this spring.

Detroit Public Schools Debt Payments Surge, Bankruptcy A Possibility For Education System (International Business Times)
Debt payments for Detroit Public Schools are set to skyrocket in February to amounts that nearly total the costs of the school system's payroll and healthcare benefits, in a push to narrow the debt that threatens to bring the district into bankruptcy. The school system must begin making $26 million payments per month in an effort to repay the $121 million owed for the current school year and $139.8 million owed from previous years, the Detroit News reported Monday.

Union for Detroit bus drivers fights SMART expansion (Detroit News)
The head of the union for Detroit city bus drivers is challenging a proposed ordinance change that would expand service by the region's suburban transit system, saying it would harm DDOT's finances.

Detroit eyes new demolition department to cut costs (Freep)
In response to rising demolition costs in Detroit, city officials are developing a new department to handle some demolitions and potentially reduce overall costs.

Some Detroit officers don't like city's time clock plan (Freep)
Some Detroit police officers don't like a plan to require them to punch time clocks at the beginning and end of their shifts.

OPINION

Snyder's empty words on straight-ticket voting (Detroit Free Press)
"It's time to choose people over politics," Rick Snyder said. "To alleviate concerns that this change could lead to longer wait times for voters, I'm asking the Legislature to enact secured, no-reason absentee voting."

Obama's action on gun control necessary (Detroit Free Press)
The right to bear arms is intrinsic to American identity. Our history is rooted in the bold actions of revolutionaries whose ability to build a nation organized around Enlightenment ideals was enabled only by the deadly force required to throw off the yoke of tyrannical monarchy. The American West was settled by hardy pioneers for whom firearms were an essential tool. And Americans have gone to war again and again to defend our freedom, and the fredom of our allies around the world.

Editorial: Don't restrict gun rights by executive order (Detroit News)
President Barack Obama will begin his final year in office by testing how much power he can consolidate in the executive branch. The president met Monday with Attorney General Loretta Lynch to go over his plans for expanding the nation's gun control laws.

Phil Power: With record interest in state parks, let's take steps to protect them (MLive)
This is an election year, so the rhetoric will be ultra-hot and sadly contentious. Why not try to fix on subjects that draw all sides together to benefit our people?

I'm a gun owner, and I'm licensed to carry. Here's why I don't (MLive)
I grew up in a family where guns were commonplace — my grandfather loved being a sportsman and hunted regularly. Since the age of 12, my father and I have hunted birds together. It's a social activity where you can walk around and talk, rather than sit in the cold like a ninja in a deer blind, waiting for some unassuming animal to walk into your line of fire.

Union local errs in targeting workers who opt out (Detroit News)
As we enter the new year, 2016 will be the first full year under the new right-to-work law for UAW members in Michigan. The previous UAW contracts expired in September, and workers are now able to resign from the union and stop paying any dues or fees.

Our view: Battle must continue against Asian carp (Midland Daily News)
For years, the Daily News has editorialized on the many dangers of the Asian carp.

Flint water scandal prompts question on Michigan environmental stewardship (MLive)
Now that heads are rolling over the Flint water scandal and the governor is running out of space to bob and weave, there is another question that needs asking.

Subject: Flint Joint Information Center
Attachments: COF JIC.csv; Mayor Presser Gov. Declaration.pdf

All,

This email has been sent to the individuals identified to receive information from the Flint/Genesee Joint Information Center (JIC) in regard to the recently declared emergency. This entity will soon merge into the State's JIC as the State's EOC activates as a result of the Governor's declaration. In the meantime, I have identified the recipients as those who stand to benefit or contribute valuable information to the community as we move forward. I have attached a CSV file of the email addresses of the JIC and have attached a recent press release for your information.

Our first joint task is to form a public information campaign to raise awareness about water filters, as well as dispell many of the rumors about their need, use, and availability. Please feel free to contribute to the conversation.

Thank you,

Sean Kammer

State Emergency Operations Center activated to assist with relief efforts

LANSING, Mich. - Gov. Rick Snyder today declared a state of emergency for Genesee County<http://links.govdelivery.com:80/track?type=click&enid=ZWFzPTEmbWFpbGluZ2lkPTIwMTYwMTA1LjUzNDEzODIxJm1lc3NhZ2VpZD1NREItUFJELUJVTC0yMDE2MDEwNS41MzQxMzgyMSZkYXRhYmFzZWlkPTEwMDEmc2VyaWFsPTE2OTc5NzY1JmVtYWlsaWQ9bGVpeHJAbWljaGlnYW4uZ292JnVzZXJpZD1sZWl4ckBtaWNoaWdhbi5nb3YmZmw9JmV4dHJhPU11bHRpdmFyaWF0ZUlkPSYmJg==&&&101&&&http://www.michigan.gov/documents/snyder/2016-01-05_Flint_Water_Governors_Declaration_Final_509966_7.pdf?20160105162343> due to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

By declaring a state of emergency, Snyder has made available all state resources in cooperation with local response and recovery operations. The declaration authorizes the Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) to coordinate state efforts.

"The health and welfare of Flint residents is a top priority and we're committed to a coordinated approach with resources from state agencies to address all aspects of this situation," Snyder said. "Working in full partnership with the Flint Water Advisory Task Force, all levels of government and water quality experts, we will find both short-term and long-term solutions to ensure the health and safety of Flint residents."

In addition to the emergency declaration, Snyder activated the State Emergency Operations Center to coordinate state response and recovery activities. State agencies will report to the center to coordinate resources, assess the situation and begin providing assets to assist with local relief operations.

"Our staff recognizes the urgency of this situation and is already working closely with local officials," said Capt. Chris A. Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the MSP/EMHSD. "We will continue to collaborate with state, city and county leaders to coordinate relief efforts, streamline communication and use all available resources to help residents."

On Jan. 4, Genesee County declared a "local state of emergency," which activated local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

The SEOC is the emergency operations center for the state of Michigan. Located in Lansing, the center is overseen by the MSP/EMHSD and coordinates response and recovery efforts by state agencies and local government. The SEOC is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in the state of Michigan.

Gov. Snyder declares emergency for Genesee County

State Emergency Operations Center activated to assist with relief efforts

LANSING, Mich. – Gov. Rick Snyder today declared a state of emergency for Genesee County due to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

By declaring a state of emergency, Snyder has made available all state resources in cooperation with local response and recovery operations. The declaration authorizes the Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) to coordinate state efforts.

"The health and welfare of Flint residents is a top priority and we're committed to a coordinated approach with resources from state agencies to address all aspects of this situation," Snyder said. "Working in full partnership with the Flint Water Advisory Task Force, all levels of government and water quality experts, we will find both short-term and long-term solutions to ensure the health and safety of Flint residents."

In addition to the emergency declaration, Snyder activated the State Emergency Operations Center to coordinate state response and recovery activities. State agencies will report to the center to coordinate resources, assess the situation and begin providing assets to assist with local relief operations.

"Our staff recognizes the urgency of this situation and is already working closely with local officials," said Capt. Chris A. Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the MSP/EMHSD. "We will continue to collaborate with state, city and county leaders to coordinate relief efforts, streamline communication and use all available resources to help residents."

On Jan. 4, Genesee County declared a "local state of emergency," which activated local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

The SEOC is the emergency operations center for the state of Michigan. Located in Lansing, the center is overseen by the MSP/EMHSD and coordinates response and recovery efforts by state agencies and local government. The SEOC is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in the state of Michigan.

Subject: RE: Genesee County Health Department- EOC 1/5/16

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- Based on a recent abc12 news segment regarding Flint residents not using, or not knowing where to pick up a water filters prompted the idea of hosting a joint agency press conference. The press conference would cover the following information: where and when water filters can be picked up, dispel misinformation regarding the Detroit water, water filter usage, and nutrition information.

- Attached is a draft list of talking points for water donations developed by the United Way of Genesee County for review.

- If you would like to assist with the development of consistent messaging regarding the water situation, please contact Sean Kammer at 810.391.7771, or email Kristin Moore at kmoore@cityof flint.com.

- There are still plenty of 8 cup water pitchers for distribution. Please contact: **Anthony M. Sitko** – Director of Shared Services, Flint Community Schools, (810) 767-6030 or tsitko@flintschools.org or Matt Purcell at GCARD, MPurcell@co.genesee.mi.us.

- With regards to water filter distribution, it was suggested by Genesee County Health Department Community Health Director, Tamara Brickey that we as agencies need to go where residents congregate: churches, clubs, senior cents, etc. to distribute water filters.

*Please note that MDHHS did not buy the current PUR filters being distributed. Once these are

exhausted if needed DHHS will
purchase PUR replacements.

FOR IMMEDIATE RELEASE

GENESEE COUNTY COMMISSIONERS DECLARE EMERGENCY

Flint, MI -- January 4, 2016 – During their first board meeting of the year, Monday morning, Genesee County Commissioners declared a state of emergency in Genesee County. The move a sign that county leaders support Flint Mayor Dr. Karen Weaver and her efforts to get resources and relief to the residents suffering from the ongoing water situation in the city.

Mayor Weaver declared a state of emergency in Flint last month to raise awareness about the severity of the problems surrounding the water situation that continues to effect residents. The problems a result of the man-made disaster caused by the city switching to the Flint River as a water source in 2014.

Following the board's vote today, Genesee County Commission Chairperson, Jaime Curtis said, "This is a state, man-made disaster and we're going to ask the state to fix their disaster. Curtis also said, "Genesee County is the fifth largest county in Michigan and we will not be ignored."

Mayor Weaver hopes the county's show of support will convince the Governor to provide the City of Flint with financial support to help leaders address immediate infrastructure needs. Those needs include more than $45 million to replace every identified lead pipe in the city, reimbursement of the $2 million spent to switch back to the Detroit Water Sewerage Department, $6 million to help with the transfer to the Karegnondi pipeline and additional resources to support the city's Heath Initiative to assist affected adults and children in Flint who have consumed water contaminated with lead.

In an interview with media after the board's emergency declaration Mayor Weaver said, "It's a victory and a step in the right direction." The mayor plans to meet with Governor Snyder in Lansing Thursday of this week to discuss the state's response and next steps.

- Today, Michigan Department of Health and Human Services (MDHHS) received approval from Department of Environmental Quality (DEQ) to allow the use and public display of the Bath Time Poster that was developed to address individuals' concerns about using the water to bathe their children (see attached). The Genesee County Health Department encourages all agencies to display the bath time poster.

- Hurley Children's Hospital with MSU extension will offer their first lead focused cooking class at the Farmers' Market this Saturday. Lead focused nutrition recipes and resource book will be distributed at the cooking class . Press release promoting the cooking class will go out tomorrow.

- Mott Children's Health Center continues to work with City of Flint to pick up PUR filters.

From Jamie Gaskin
Over the past 48 hours some additional support has started to surface given the National and regional media coverage. These are all developing streams of possible support and generally reflect organizations and business that got connected several months ago during our initial response. These are developing but I wanted to loop in all of you as this develops and also share some basic information:

1. MSP has again surfaced another source of bulk water that is Federal surplus. This water is free as long as we pay for shipping. I have looped in Bill Kerr at the foodbank as his team is really managing the logistics and understands the local demand and the ability of the local distribution system to handle storage etc.. These shipments come at the cost of shipping. This is about ½ the cost of buying the water and shipping ranges from between $1000-$2,000 per semi.

2. PUR – They have reached out to me again (Previously donated 2,000 faucet mount systems). I have directed them to consider donation of additional replacement filters and a financial donation. The financial donation would support shipping costs of more bottled water as well as possible prevention work.

3. ZeroWater – I am again working through some ideas with their CEO. He is very interested in the schools. I am not sure how this will develop.

*As we have shared in the past the distribution system currently has supplies of filter mount systems (PUR & Britta), replacement filters (PUR & Britta), and 8 cup pitchers (ZeroWater). If we get to levels below 500 available units for any system it is my understanding that this will serve as a trigger for us to resource more.

I also want to share that I have about $15,000 left of the more than $275k donated. As I get closer to expending all the funds the UW will continue to evaluate our own internal investment and make some adjustments. Please direct any possible financial investors to support the water fund either by calling me directly or making even small donations on our website. I will also be working with Isaiah Oliver at the Community Foundation around the MI Health Endowment Funds. Both the United Way and the Community Foundation are committed to working together and trying to maintain maximum flexibility as the situation develops.

I will follow-up though the normal Health Department updates moving forward but I just felt it necessary to try to bring everyone up to speed on developing work. If you have any questions for me please let me know. I will be available all through the Holiday period via cell phone and I will only be out of town from Christmas eve through the following Saturday. Please do not hesitate to call me for any reason.

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- City of Flint picked up Two Hundred (200) ZeroWater 8-Cup Filter Pitchers from Flint Community Schools 12/14/15 for distribution.

- The Genesee County Health Department has a total of 1,650 Pur water filters for distribution.

- Mott Children's Center will give City of Flint 117 water filters from the first batch of filters distributed at U of M Flint.

- Department of Health and Human Services and GCCARD attended the Health Fair on Saturday, December 12 and distributed the following at Bethel United Methodist Church's health fair.
    - 12 Filters
    - 17 Replacement Cartridges
    - 2 PUR replacements
    - 1 Pitcher

- Between December 11 and December 14, 2015, Genesee County Community Action Resource Department and Department Health Human Services distributed the following:
    - 78 filters

- 6 pitchers
- 53 replacement filters

- Sheryl Thompson from Michigan Department Health Human Services will order replacement filters when the inventory level reaches 500. After replacement cartridge order is placed, it takes a few days for delivery.
  - The Zero Water Pitcher replacement filters have been delivered. All sites will begin giving out a pitcher replacement filter with every Zero Water pitcher given out.

Summary October through December 14, 2015

	Received	Distributed	Remaining
Water Filters	15,000	11,232	**3,768**
Water Pitchers	720	229	**491**
Replacement Cartridges	9,000	1,258	**7,742**

- Mott Children's Health Center distributed 117 PUR filters (that you attach to the faucet, [part of the batch that the United Way purchased and was distributed at U of M Flint).

- Mott Children's Health Center's leadership has put together a lead information packet. The intent of the packet is to distribute to patients. The packet includes information on appropriate filters and resources and how to obtain them. Genesee County Health Department will update Mott Children's Health Center as necessary with new distribution locations.

- As noted by Mott Children's Health Center, most parents of newborns continue to use bottled water to mix with formula.

- Genesee County Health Department continues to distributed water filters at its lead screening clinic in Burton.

- After a complete inventory is taken at all water filter distribution sites of remaining water filter cartridges, The State of Michigan has agreed to purchase additional PUR replacement filters.

- As of December 4, Michigan Department of Health and Human Services has distributed the following:

Water Filters	11,046
Water Pitchers	184
Replacement Cartridges	1,073

- Michigan Department of Health and Human Services and Genesee County Community Action Resource Department have distributed the following in November: water filters 778, Zero Water Pitchers 63, and replacement filters 924. Total filter distribution as of October 1 is 10,951.

- The MDEQ and the City are coordinating the distribution and analysis of containers (bottles) for water testing. Bottles are available at City Hall and the water plant. Genesee County Health Department does not have bottles for distribution. Customers' name, phone, and address are required to be documented on a form when the water sample is submitted for analysis, not when the bottle is picked up. Analysis is conducted in Lansing at the MDEQ lab.

- Genesee County Health Department (GCHD) will distribute an additional 100 water filters to the City of Flint for distribution at City of Hall.
- Besides all the water filter distribution occurring at the blood lead screening clinics and offsite exhibits by Genesee County Health Department's staff, the Health Department continues to distribute water filters at its Burton WIC clinic and continues to educate parents on lead in water issues. Distribution at the WIC clinic has been swift and additional inventory, another 100 water filters, will be added to the WIC distribution inventory.
- Genesee County Health Department will distribute a press release that supports Professor Marc Edwards, of Virginia Tech University's announcement that Flint residents do indeed need to continue to use water filters.
- After a through inventory of water filters, Michigan Department of Health and Human Services (MDHHS) will purchase more Pur replacement filters. As suggested by MDHHS staff, GCHD will inventory its supply of replacement filters and give inventory outcome to MDHHS.
- Genesee County Health Department will host blood lead screening clinics at Grace Emmanuel and Bethel United Methodist churches.

Genesee County Health Department is working with the CDC to develop phosphate educational materials.

United Way (UW) CEO, Jamie Gaskin and Genesee County Health Department Health Officer, Mark Valacak have been discussing the strategic use of Americore volunteers during this water crisis. Suggested volunteer work includes: distribution of filters, lead education, and assist at health fairs and at church exhibits. Volunteers may be available in February of 2016.

UW Jamie Gaskin reported that UW will giveaway 110 Thanksgiving baskets. The baskets will contain a water filter system.

For those who need 8oz - Zero cup water filters, please contact Tony Sitko at Flint Community Schools. His email address is:tsitko@flintschools.org.

Genesee County Health Department will give City of Flint 50 PUR water filters for distribution at City Hall.

Water filter distribution is well over 13,596.

BJ Roach from the State Police had nothing to report at this time.

Importance: High

Fellow PIOs,

Gov. Rick Snyder today declared a state of emergency due to the ongoing health and safety issues caused by lead in the city of Flint's drinking water. The State Emergency Operations Center (SEOC) has also been activated to coordinate response and recovery efforts.

There will be a briefing about the this incident at the SEOC at 9 a.m. Wednesday, Jan. 6. I am asking a PIO from each key agency to attend the briefing.

Key agencies include:

- Department of Health and Human Services
- Department of Environmental Quality
- Michigan State Police
- Governor's Office

In addition, we will be also developing a public information strategy for coordinating messaging during this incident.

The SEOC is located at 4000 Collins Road in Lansing. Please enter through the north gate. When you get to the gate, please buzz in and tell the guard your name and that you're there for the briefing.

The SEOC opens at 8 a.m., so if you want to come earlier, you're more than welcome.

Please let me know if you have any questions.

Thanks,

Ron

MICIMS Incident for monitoring: 2015-10-01-City of Flint-Water Contamination / Shortage

---

Subject: URGENT - SEOC Activation

On January 4, 2016, Genesee County requested that a "State of Emergency/Disaster" be issued by Governor Snyder. Today, the Governor issued a State of Emergency declaration.

EMHSD will activate the SEOC tomorrow at 0800 and will conduct a briefing at 0900 on the event. All state agencies are to send a representative to the 0900 briefing. MDHHS and MDEQ have been directed to brief on the situation. Following initial SEOC briefings, each state agency, in consultation with the State Director, must determine if they need to play a role in ongoing SEOC operations to contribute to addressing the problem. At minimum, MDEQ, MDHHS, Education, DTED, DTMB, and MDARD should maintain a presence in the SEOC. The initial focus of the SEOC will be to:

- Identify and implement any needed protective actions to protect public health and safety;
- Develop situational awareness;
- Develop understanding of technical aspects;
- Coordinate damage assessment;
- Coordinate public information; and
- Identify programs to assist in remediating damage.

Gov. Snyder declares emergency for Genesee County

State Emergency Operations Center activated to assist with relief efforts

LANSING, Mich. – Gov. Rick Snyder today declared a state of emergency for Genesee County due to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

By declaring a state of emergency, Snyder has made available all state resources in cooperation with local response and recovery operations. The declaration authorizes the Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) to coordinate state efforts.

"The health and welfare of Flint residents is a top priority and we're committed to a coordinated approach with resources from state agencies to address all aspects of this situation," Snyder said. "Working in full partnership with the Flint Water Advisory Task Force, all levels of government and water quality experts, we will find both short-term and long-term solutions to ensure the health and safety of Flint residents."

In addition to the emergency declaration, Snyder activated the State Emergency Operations Center to coordinate state response and recovery activities. State agencies will report to the center to coordinate resources, assess the situation and begin providing assets to assist with local relief operations.

"Our staff recognizes the urgency of this situation and is already working closely with local officials," said Capt. Chris A. Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the MSP/EMHSD. "We will continue to collaborate with state, city and county leaders to coordinate relief efforts,

streamline communication and use all available resources to help residents."

On Jan. 4, Genesee County declared a "local state of emergency," which activated local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

The SEOC is the emergency operations center for the state of Michigan. Located in Lansing, the center is overseen by the MSP/EMHSD and coordinates response and recovery efforts by state agencies and local government. The SEOC is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in the state of Michigan.

"We will continue to collaborate with state, city and county leaders to coordinate relief efforts, streamline communication and use all available resources to help residents."

On Jan. 4, Genesee County declared a "local state of emergency," which activated local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

The SEOC is the emergency operations center for the state of Michigan. Located in Lansing, the center is overseen by the MSP/EMHSD and coordinates response and recovery efforts by state agencies and local government. The SEOC is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in the state of Michigan.

Subject: Recommendation for Governor's Declaration of an Emergency

Importance: High

Paul

On January 4, 2016, Genesee County requested that a "State of Emergency/Disaster" be issued by Governor Snyder. I have reviewed the situation with key EMHSD staff and we conclude that a recommendation for declaration of a State of Emergency is warranted based on the following factors:

- The situation is sufficiently widespread and severe.
- The situation adversely impacts public health, safety and welfare. The presence of lead in drinking water has been documented. The full extent and required remediation remain unknown.
- The potential fiscal impact to the city of Flint is severe. The current situation poses an extraordinary financial burden.
- The city and county do not possess the technical expertise to fully identify impacts and remediation.

EMHSD also recommends activation of the SEOC which will include:

- Attendance by all state agencies;
- Situation Reports by all state agencies for situational awareness and to develop a common operating picture;
- Technical briefings by MDEQ and MDHHS on the situation.

Following initial SEOC briefings, state agencies must determine (in consultation with the state director of EMHS) if they need to play a role in ongoing SEOC operations to contribute to addressing the Flint water issue. At minimum, the following agencies should maintain a presence in the SEOC during the operational period: MDEQ, MDHHS, MI Department of Education, DTMB, Department of Talent and Economic Development, and MDARD. The SEOC operational period is to be determined but will at minimum be 8-5 Monday through Friday.

The initial focus of the SEOC will be to:

- Identify and implement any needed protective actions to protect public health and safety;
- Develop situational awareness and common operating picture;
- Develop understanding of technical aspects;
- Coordinate damage assessment;
- Review resource requests;
- Coordinate public information; and
- Identify programs to assist in remediating damage.

Finally, EMHSD staff recommends:

- Activation of a Joint Information Center located in Flint which must include PIOs from Genesee County, the city of Flint, and other appropriate local agencies to participate.

ACTION ITEM: The Governor's Declaration of an Emergency is being drafted and will be initiated pending the Governor's approval of this recommendation and above actions.

Gov. Snyder must decide whether to declare disaster in Flint water crisis
Ron Fonger
MLive
1.4.16

FLINT, MI -- Last week, Gov. Rick Snyder said he was sorry for Flint's lead in water crisis.

Now, he must decide whether the situation amounts to a man-made disaster, created while the city was being run by emergency managers that he appointed.

Genesee County Board of Commissioners Chairman Jamie Curtis endorsed Flint Mayor Karen Weaver's request for a federal disaster declaration today, Jan. 4. The application was described by officials as a work in progress and includes a request for more than $50 million.

Among the specifics of the request: an estimated $45 million for the replacement of about 15,000 lead water service lines, $6.2 million to expedite upgrades in the city's water system to prepare it for treating and distributing water from the Karegnondi Water Authority and an unspecified amount to lessen the health effects of elevated lead levels in water.

"Its a victory, and it's a step in the right direction," said Weaver, who plans to meet with Snyder to discuss the declaration Thursday, Jan. 7. "I am not going to give up until this is done."

A spokesman for Snyder said in an email statement today that the Michigan State Police's Emergency Management and Homeland Security Division has already begun working with county emergency management officials "to gather information about the resources needed for a governor's declaration."

"The health and welfare of Flint residents is a top priority, and we're committed to working closely with Mayor Weaver and the Genesee County Commission on a coordinated response to health and infrastructure issues," the statement says.

"The state police have been closely engaged in the situation since the beginning, meeting with both county and city leaders to guide them through state and federal laws regarding the emergency management process," the statement from Dave Murray, Snyder's press secretary, says. "Due to the uniqueness of this situation, we have to look at all possible options to help Flint residents."

The statement says prior to a formal declaration, the state is "recognizing this as an emergency and are working with city and county leaders to coordinate efforts, streamline communication and tap all available resources at the state's control."

Weaver declared that Flint had suffered a man-made disaster because of lead in water last month, the first step in requesting state and federal assistance.

The resolution signed by Curtis says, in part, that Flint residents were exposed to toxic levels of lead "due to utilizing the Flint River as a primary source of water without proper corrosion control treatment."

"We're not going to be ignored," Curtis said after declaring the county is in a state of emergency. "We're going to get the help that these people need."

That effort will be a part of the discussion between Weaver and Snyder on Thursday, a week after the governor said for the first time that he was "very sorry" for Flint's water crisis.

The decision to use the Flint River as the city's water source came as the city was being run by four separate emergency managers appointed by Snyder and after the state failed to require the city to treat Flint River water to make it less corrosive.

As a result, Weaver and other city officials have said, the corrosive river water damaged Flint's aging water distribution system while it was used from April 2014 until October 2015.

Corrosive water also caused lead to leach from pipes and fixtures, and the number of children with elevated blood lead levels in the city more than doubled while the river was in use, according to a Flint pediatrician's study released in September.

"We have damage to our people and our pipes," said Dr. Mona Hanna-Attisha, whose study of blood lead levels in Flint children showed the spike in lead children affected by elevated blood lead levels. "The damage exceeds the capacity for our city and possibly our state" to contend with ...

"This is a catastrophe ... (like) the floods that just happened in Missouri," Hanna-Attisha told the commissioners today. "Our whole community has been traumatized."

Several Flint residents at today's commission meeting thanked county officials for helping Weaver seek state and federal funds.

"I just want to say thank-you for stepping up for us ... the poisoned families that have been struggling with this for so long," said Melissa Mays, a Flint mother who helped start Water You Fighting For, a grass roots group that campaigned to end the city's use of the Flint River.

Curtis credited county Sheriff Robert Pickell for his work with the city in preparing the request for an emergency disaster declaration, and the sheriff said the county's emergency operations center will be activated as a result of the county's declaration.

In Michigan, all requests for assistance are channeled through the Michigan State Police, Emergency Management and Homeland Security Division. The MSP reviews requests and makes recommendations to the governor, state officials have said.

The governor has the authority to mobilize state agencies to provide assistance, and if the state cannot cope with the disaster, Snyder could request assistance through the Federal Emergency Management Agency, state officials have said.

FEMA makes disaster recommendations to the president.

Some Detroit officers don't like city's time clock plan
Detroit Free Press (Associated Press)
1.5.16

Some Detroit police officers don't like a plan to require them to punch time clocks at the beginning and end of their shifts.

The Detroit News reports it's part of efforts to improve what officials say was an antiquated payroll system.

At the recommendation of auditing firm Ernst & Young during the city's bankruptcy, time clocks have been installed in most city buildings. The proposed policy for police is expected to kick off in March.

Some other U.S. cities use time clocks for police. Critics say the plan isn't feasible, in part since some officers don't work set shifts and are often called to crime scenes from home.

Detroit human resources director Denise Starr says details of how the time clock system would work for officers are being finalized.

Michigan's Capitol buzzed by drone
Chad Livengood
Detroit News
1.4.16

Lansing — The restricted airspace around the State Capitol was buzzed Monday morning by a small drone surveying the statehouse's recently renovated exterior.

Bloomfield Hills-based DroneView Technologies was given permission by the Michigan State Police and the Michigan State Capitol Commission to fly a quadracopter drone around the Capitol grounds and photograph the building.

The aerial images of the freshly polished dome will give state officials a snapshot with which to compare exterior coloration for years to come, said Robert Blackshaw, director of facility operations at the Capitol.

"It's kind of benchmark now that we've completed the exterior work, we want to document it," said Gary Randall, chairman of the Michigan State Capitol Commission.

DroneView Technologies was contracted to photograph the Capitol by The Christman Co., the Lansing-based construction firm that led last summer's $6.5 million exterior restoration.

The Capitol was wreathed in construction scaffolding last summer and fall as crews repointed mortar joints in the building's stone block walls, gave the dome two fresh coats of paint and replaced thousands of leafs, balls, swirls and other architectural details. It was the largest renovation project of Michigan's statehouse since 1992.

Police ask citizens to report unusual activity
Sault Ste. Marie Evening News
1.4.16

With the country seemingly in a heightened state of alert, Michigan State Police are reminding local residents that they can play a critical role with the newly unveiled "If you see something, say something" campaign.

"Homeland security starts with hometown security and our citizens know their neighborhoods, schools and work places better than anyone," said F/Lt. Joe Shier of the St. Ignace Post. "If something appears suspicious or out of place, don't hesitate to report it to law enforcement."

Shier and company are urging the use of 911 in the event of an emergency, but were advocating a different avenue in the event of non-emergency suspicious activity. The Michigan Intelligence Operations Center can be reached by phone at 1-855-MICH-TIP (1-855-642-4847) or via the Internet at www.michigan.gov/michtip.

The press release encouraging residents to assist with this law enforcement effort included a number of activities that could fall under the suspicious banner including:

- An unattended object or one that appears to be out of place, especially in a crowded or public area;
- Individuals exhibiting strange or abnormal behaviors;
- A strong odor coming from a building or vehicle;
- Someone entering or exiting blocked or unauthorized areas;
- Individuals who quickly leave when seen or approached;
- Someone tampering or interfering with surveillance cameras;
- An overloaded vehicle or one that seems out of place;
- Someone taking photos, videos or drawings of high-profile or highly-populated buildings or structures, including bridges;
- And exposed wiring or other abnormalities.

While terrorism appears to be the main focus of this Michigan State Police reminder, it would seem that these investigations could also lead to other criminal activity. For example, people in unauthorized areas, may be engaged in breaking and entering activities, while unusually strong odors from vehicles and buildings could be related to methamphetamine laboratories or other illegal drugs.

Michigan State Police have produced a video explaining the seven signs of terrorism — surveillance, elicitation, tests of security, acquiring supplies, suspicious persons out of place, dry/ trial run and deploying assets — in an effort to educate the public.

The Seven Signs of terrorism can be viewed at www.youtube.com/michstatepolice.

Midland police say biggest problem on roads last year was drunken driving
WJRT TV 12
1.4.16

MIDLAND (WJRT) - (01/04/16) - Midland police say the biggest problem out on the roads in the city this past year was drunken driving.

The city saw drunken driving arrests jump almost 30 percent in 2015.

The police department tells us it has teamed up with businesses and increased enforcement to lower the number of drunken drivers on the road.

Police, medics use college to train for 'active shooter' situation
Petoskey News
1.5.16

PETOSKEY — It's training they hope they'll never have to use, but they want to be ready should the need ever arise.

Dozens of police officers along with area ambulance crew members spent several hours throughout the day Monday training for an "active shooter" situation at the Jack and Dorothy Harris Health Education and Science Center building on the North Central Michigan College campus.

Led by the Petoskey Department of Public Safety, officers from the Emmet and Charlevoix county sheriff's offices, Michigan State Police, Harbor Springs Police Department, Boyne City Police Department and the Little Traverse Bay Bands of Odawa Indians Police Department along with medics from Emmet County Ambulance spent three-sessions working practicing techniques they would use in a mass-shooting situation.

Petoskey Department of Public Safety officer Larry Donovan said part of the training was for officers to practice how to deal with the threat (the gunman or gunmen) and the other part of the training is working on rescuing and providing care to victims in the building where the incident is happening.

"The effectiveness of the response will be measured by the ability of law enforcement to eliminate the threat to human life as quickly as possible and facilitate rapid access to the victims by EMS," a description of the training reads.

Organizers noted that the primary mission of the training is to preserve life by stopping additional people from be injured or killed and to deliver victims to care as quickly as possible.

Donovan noted that its important for people working in the two disciplines emergency medical care and police work—practice working together in high risk, high stress situations such as those practiced Monday.

College president Cameron Brunet-Koch noted that Monday was not the first time that police have used the college's facilities to practice for a mass shooting incident, but its the first time they've used the health education and science building.

"The more that they (emergency crews) are familiar with our campus, the better," she said.

She noted that they chose a time when classes were not in session to avoid disrupting normal campus operations with the exercise.

Brunet-Koch said she recently contacted Petoskey Department of Public Safety Director John Calabrese about having another practice at the college during the semester break, noting that there is a benefit for both the emergency crews and the college.

"Given what's happening in today's world, if the college can provide a training opportunity to the police, we are both the better for it," Brunet-Koch said. "The Petoskey Department of Public Safety has been a great partner in helping to maintain the safety and security on our campus."

http://www.petoskeynews.com/featured-pnr/police-medics-use-college-to-train-for-active-shooter-situation/article_f050c916-a35d-5186-8b8f-a231e71a140f.html

Police conduct sex offender sweep in Port Huron
Port Huron Times Herald
1.4.16

The Port Huron Police Department conducted a sex offender sweep in the city Wednesday, checking 120 registered offenders for compliance.

State law requires sex offenders to register their address with law enforcement, according to a statement from the Port Huron Police Department released Monday. Depending on the level of their conviction, offenders must verify their address with law enforcement at least annually, and up to four times per year.

During the sweep, 113 offenders were found in compliance, while seven were not compliant, with two having additional warrants out for their arrest, according to the statement.

Those not compliant face a four-year felony.

There are 274 registered sex offenders living in the city.

Michigan State Police troopers assisted in the sweep.

3 things Obama's plan will do on guns and 3 things it won't
Paul Singer
USA TODAY
1.5.16

If Americans were waiting for President Obama to use his executive authority to totally shut the "gun show loophole" or ban assault weapons, they may be disappointed by the initiative the White House unveiled Monday. The White House instead rolled out a batch of narrowly tailored administrative actions that may have more to do with lawyers than guns.

Here are three things that are in the package (according to the White House fact sheet):

• Hiring more people to run the FBI background check system, so the government can be "processing background checks 24 hours a day, 7 days a week."

• Requesting from Congress an additional $500 million to increase access to mental health care.

• Clarifying that people selling guns over the Internet can still be required to conduct background checks on buyers if they are "engaged in the business" of selling guns, not just a hobbyist.

And here's the stuff discussed in the days before the announcement that is NOT in the package:

• A requirement that every gun sale in the country is proceeded by a criminal background check.

• A ban on gun sales to people on terrorist "no-fly" lists.

• A ban on large capacity magazines that hold a lot of bullets.

The reason for the difference is that the administration does not believe it has authority under existing laws to do the bigger stuff. So they are using administrative actions to squeeze the stuff out of the corners of existing laws.

Here are the details of the initiative from the White House.

http://www.freep.com/story/onpolitics/2016/01/05/obama-guns-proposals-sales-nra-ryan/78282918/

MEDIA MONITORING REPORT

1/5/2016

Issues:

- No issues to report.

Summary:

- Gov. Rick Snyder is considering whether to declare an emergency for Flint's contaminated water a week after apologizing to residents for the state's handling of Flint's water crisis.
- Gov. Rick Snyder is gathering the information needed to formally declare a state of emergency in Flint over the water contamination issue, but in the meantime is "already recognizing this as an emergency," spokesman Dave Murray said Monday.
- Keri Webber, summed up her feelings in as it relates to the city of Flint and its lead contaminated water: "We're terrified."
- A Genesee County judge has clarified a ruling made last month regarding water shutoff notices for Flint residents.
- The Genesee County Health department estimates 40 percent of homes have not yet installed the filters.
- About 1,200 workers are taking advantage of the relatively mild winter to build the final portion of a new pipeline to bring water from Lake Huron to communities including Flint.
- Bryn Mickle, Flint Journal/MLive editor, talks with Rachel Maddow about why his organization is calling for a federal investigation, including subpoena power, of what the Rick Snyder administration knew, and when, about the problems with lead and the new water supply to Flint.
- Nancy Kaffer opines about the state apology and that the resignation over Flint water is the first step.
- The recent scandal over lead-poisoning in the water in Flint prompted many of our communities to take a closer look at the issue. According to recent data, West Michigan neighborhoods are home to even higher levels of lead poisoning in kids than Flint.
- A former emergency management professional suspects levees are causing the Mississippi River to flood.
- With the country seemingly in a heightened state of alert, Michigan State Police are reminding local residents that they can play a critical role with the newly unveiled "If you see something, say something" campaign.

Analysis:

- Heavy coverage about Genesee County's request for a Governor's declaration.

- Concern about Flint residents obtaining the filters they need.
- Will continue to monitor the situation.

FLINT WATER

Snyder weighs declaring water emergency in Flint

The Detroit News, January 4, 2016

Gov. Rick Snyder is considering whether to declare an emergency for Flint's contaminated water a week after apologizing to residents for the state's handling of Flint's water crisis.

But Michigan faces hurdles to getting federal relief, including forgiveness for state loans to Flint involving drinking-water infrastructure improvements that are covered by federal rules.

Even before any official declaration can be made, Snyder's office said Monday that state officials "are recognizing this as an emergency and are working with city and county leaders to coordinate efforts, streamline communication and tap all available resources at the state's control."

Board declares state of emergency in Flint water crisis

Detroit Free Press, January 4, 2016

Gov. Rick Snyder is gathering the information needed to formally declare a state of emergency in Flint over the water contamination issue, but in the meantime is "already recognizing this as an emergency," spokesman Dave Murray said Monday.

Murray made his comment after the Flint Journal reported the Genesee County Board of Commissioners declared a state of emergency Monday in Flint.

The board's action follows an emergency declaration by Flint Mayor Karen Weaver, who said she plans to meet this week with Snyder.

Specifics of the request are being worked out, but plans call for dealing with causes and effects of lead contamination. It's also part of the process for requesting federal assistance.

Emergency declaration for Flint headed to Gov. Snyder's desk

WJRT-TV 12 in Flint, January 4, 2016

An emergency declaration is heading to the Governor's desk.

The Genesee County Board of Commissioners signed off on the order Monday morning to try to secure federal money for Flint's fight on lead.

By declaring a state of emergency, city and county officials hope to secure federal funding to assist with the water emergency. The number they're asking for right now is $45 million from Washington.

Mother concerned, angry over continuing water crisis

WNEM-TV 5, January 4, 2016

Keri Webber, summed up her feelings in as it relates to the city of Flint and its lead contaminated water: "We're terrified."

The mother of two daughters is fearful of what the future might bring.

"My girls are 15 and 20 and very close to their next birthday. We have no idea what this means long term for the reproduction," Webber said.

The emotions this family feels on a daily basis is over flowing

It started when experts discovered high levels of lead in the drinking water flowing from the tap at houses throughout this city. Webber said the added insult is paying for that water.

"Not even offended, I am angry. Our water bill last month was $240 for what?" Webber said.

Webber's youngest daughter is 15. Victoria has had extreme complications due to lead poisoning, while her oldest Stephanie, 20, appears lead free. At least for now.

As a mother she wonders what will happen to them in a few years after having consumed lead-laced water?

"I know. There aren't words. We have fought for these kids," Webber said. "We didn't have these kids easy, it took us five years, protected them at every turn and handed them poison in a glass."

Flint water customers with overdue water bills, will now get more notice before a shutoff

WJRT-TV 12 in Flint, January 4, 2016

A Genesee County judge has clarified a ruling made last month regarding water shutoff notices for Flint residents.

Circuit Judge Archie Hayman is NOT blocking the city from issuing them for customers delinquent in paying bills since September.

That's when lower water and sewer rates were put into place after his ruling that deemed a 35-percent increase, illegal.

It's all tied to a class-action lawsuit against the city - involving Flint residents who believe they were wrongly over-charged.

Attorney Val Washington, who is representing them in the case, says the Judge is instead, requiring customers be given MORE notice - 90 days - before the city takes action with stopping service.

Notices began going out again last month.

Flint water filter use is low

WJRT-TV 12 in Flint, January 4, 2016

There's disturbing information that three months after a campaign began to make free water filters available to fight lead in Flint, many homes still do not have them.

The Genesee County Health department estimates 40 percent of homes have not yet installed the filters.

Dr. Mona Hanna-Attisha is the Hurley Medical Center pediatrician who discovered high lead levels in Flint children. She says too many parents are not making the effort to install the filters that can block lead in drinking water.

Hanna-Attisha says last month, all 54 families checked through a health program related to lead said they didn't have water filters in their homes.

We checked with adults picking up students at a Flint elementary school to see if they had filters in their homes.

"We're planning on it today because we just recently got it. The majority of people I know don't have them hooked up. Maybe they're just lazy," said Sameika Clayton.

"Well, I kind of just got mine because everyone was getting theirs in a certain order, or I couldn't really take off from work to go get it, so I just got mine," said Queda Wright.

"I got one just to keep the water pure even though we still drink bottled water," said Lemeer Bell.

You can pick up free water filters and replacement cartridges at two GCCARD offices in Flint and at the DHS offices in downtown Flint.

Call 211 for information on how you can receive a free water filter

Work continues on new Michigan water pipeline

Detroit Free Press, January 5, 2016

OREGON TOWNSHIP, Mich. — About 1,200 workers are taking advantage of the relatively mild winter to build the final portion of a new pipeline to bring water from Lake Huron to communities including Flint.

The Flint Journal reports the $285 million Karegnondi Water Authority project is on track.

Crews are burying the 66-inch-diameter pipeline on a path that starts with an intake at Lake Huron. Sections under construction include parts of Sanilac and Lapeer counties. A $71 million water treatment plant is being built in Oregon Township.

Flint switched from Detroit's water system in 2014 to Flint River water in a cost-cutting move ahead of the Karegnondi project's completion. Residents complained about the taste, smell and appearance, and children were found to have elevated blood-lead levels. Flint returned to Detroit's system in October.

Kaffer: State apology, resignation over Flint water first step

Detroit Free Press, January 5, 2016

In the quiet week between Christmas and New Year's Day, Michigan Department of Environmental Quality chief Dan Wyant resigned, followed quickly by department spokesman Brad Wurfel.

And Gov. Rick Snyder — finally — apologized for what happened in Flint.

For 18 months, Flint residents were exposed to lead-contaminated drinking water, after the city — while under state oversight and with MDEQ approval — began to draw its drinking water from the Flint River. Since the switch, an increasing percentage of Flint kids have elevated blood-lead levels. Lead poisoning causes irreversible behavioral and developmental difficulties.

So this apology, and these resignations, represent a sea change. But it's not enough.

For months, Snyder and his MDEQ attempted to dodge the reality that state policy wrought in the City of Flint. As reports, based not only on data compiled or gathered by outside researchers and journalists but on the state's own information, began to explain what was happening, Snyder's spokespeople and MDEQ officials worked to deflect, discredit and deny.

State employees who intentionally distort data could face jail time under a proposed law

Michigan Radio, January 5, 2016

A state lawmaker wants to make it a felony for state employees to manipulate datain official reports.

State Representative Phil Phelps, D-Flushing, says there's no law on the books to punish state employees who intentionally distort data to change the outcome of an official report.

Critics claim that's what happened with state reports that downplayed problems with Flint's drinking water after the 2014 switch to the city's namesake river. If that's what happened, Phelps says that should be against the law.

"If that was proven to be manipulation of data or removing data that changed the outcome, it could be subject to a five year felony," says Phelps.

Video: New calls for federal probe of Snyder admin in Flint water fiasco

MSNBC (Rachel Maddow Show), January 4, 2016

Bryn Mickle, Flint Journal/MLive editor, talks with Rachel Maddow about why his organization is calling for a federal investigation, including subpoena power, of what the Rick Snyder administration knew, and when, about the problems with lead and the new water supply to Flint.

Data shows even higher lead poisoning in kids in West Michigan than Flint

Fox 17 in Grand Rapids, January 5, 2016

GRAND RAPIDS, Mich. – The recent scandal over lead-poisoning in the water in Flint prompted many of our communities to take a closer look at the issue. According to recent data, West Michigan neighborhoods are home to even higher levels of lead poisoning in kids than Flint.

The problem in Flint was so bad it forced the head of Michigan's Department of Environmental Quality to quit last week. Yet as this crisis continues, data shows the problem is broader than the Flint area.

In a recent report, The Center for Michigan, a think tank promoting awareness of public policy issues, cited evidence that among five Grand Rapids' zip codes alone, nearly one in 10 kids tested positive for lead poisoning.

"In Grand Rapids, it's collectively between those zip codes, it's 10 percent," said Paul Haan, executive director with the Healthy Homes Coalition of West Michigan. "We're four times the national level of kids with that low to moderate to even high level of lead poison."

EMERGENCY MANAGEMENT AND HOMELAND SECURITY

Weather spotters serve as eyes and ears for meteorologists

Port Huron Times Herald, January 4, 2016

Stan Arnett has been tracking severe weather for at least three decades.

The 70-year-old Marysville man is one of about 50 trained weather spotters in St. Clair County.

Arnett said it was something he started doing through his love of amateur radio.

"A long time ago I was interested in the magic of communicating around the world or even locally on two-way radios," he said.

Now he uses that hobby to talk to people around the world and help meteorologists determine if severe weather warnings need to be issued.

"Any severe weather ... anything that significantly impacts citizenry," is reported, Arnett said. "It's just something I can do."

Rich Pollman, the warning coordination meteorologist at the National Weather Service White Lake office, said about half of the 5,000 spotters in the 17-county region are ham radio operators.

Levees among possible cause of more frequent flooding

Associated Press, January 5, 2016

The Mississippi River floods more often than it used to, and at higher levels. Richard Knaup thinks he knows why.

The veteran emergency management director for southeast Missouri's Cape Girardeau County is fighting floods again, just as he did last year, and the year before that, and the year before that.

"Prior to levee building, the river was a wild thing and it spread out between the river bluffs," Knaup said Monday. "Now we've tried to tame it. Mother Nature and Old Man River will fight back."

Ex-Macomb County PR rep arrested in child porn case

Detroit Free Press, January 4, 2016

A former spokesman for Macomb County government, the Detroit International Bridge Co. and Cobo Center who is well-known in metro Detroit public relations and media circles has been arrested on child porn charges by the Macomb County Sheriff's Office.

Philip William Frame, 61, of Shelby Township is charged with five counts of possession of child sexually abusive material, a four-year felony; one count of using a computer to commit a crime, a seven-year crime, and a misdemeanor charge for possessing marijuana, the Sheriff's Office said today.

He was arrested and then released Saturday from the Macomb County Jail after posting a $10,000 cash or surety interim bond. He was formally arraigned today, where the same bond was continued. His next court date is Jan. 19.

Police ask citizens to report unusual activity

Soo Evening News, January 5, 2016

With the country seemingly in a heightened state of alert, Michigan State Police are reminding local residents that they can play a critical role with the newly unveiled "If you see something, say something" campaign.

"Homeland security starts with hometown security and our citizens know their neighborhoods, schools and work places better than anyone," said F/Lt. Joe Shier of the St. Ignace Post. "If something appears suspicious or out of place, don't hesitate to report it to law enforcement."

An expert on right-wing terrorism explains the militia movement behind the Oregon takeover

Vox, January 5, 2016

A group of armed activists calling itself Citizens for Constitutional Freedom took over a federal building on the Malheur National Wildlife Refuge near Burns, Oregon, on Saturday, saying they were protesting the tyranny of the federal government.

The militants have called for others throughout the US to come and join their fight. They're tapping into a growing trend: the number of unorganized militias in the US has increased 37 percent in the past year, according to the Southern Poverty Law Center.

Daryl Johnson saw this coming. In 2009, as an analyst at the Department of Homeland Security, Johnson wrote a report arguing that the economic downturn and the election of the first black president could fuel a new wave of anti-government violence from extreme right-wing groups.

His report was later leaked, provoking widespread outrage from conservatives. Johnson left DHS in 2010. But his analysis proved correct. The number of anti-government militias grew ninefold between 2008 and 2011, and after a brief period of decline, is now growing again.

El Nino storms slam drought-parched California

Associated Press, January 5, 2016

A strong storm was forecast for Northern California, prompting officials to issue flash flood watches for several rural areas hit by last year's wildfires.

El Nino storms lined up over the Pacific started soaking California with light rain Monday but a series of stronger systems are expected to arrive starting Tuesday, forecasters said.

The National Weather Service issued a flash-flood watch for Northern California communities affected by several destructive wildfires last summer and fall.

Michigan DNR Marks Busy 2015 With Several Successes

Ammoland, January 5, 2016

When wildfires raged this season in western states – and a Canadian province – the Michigan DNR was quick to put a fireman to work on putting out a hot spot on the Marquette County Road 601 fire. The fireman was among several sent to Manitoba this past summer. respond. This year, 54 individuals traveled to hot zones in Alaska, California, Idaho, Manitoba, Montana, Oregon and Washington, taking on 16 different overhead positions from fire-line leadership to command staff and hand crews. There were a total of 58 dispatches (or assignments), each one lasting roughly two weeks.

"Cooperative efforts are key to protecting people, property and resources statewide as well as nationally," said Paul Kollmeyer, DNR resource protection section manager. "We are proud that our firefighters have the necessary skills to assist with emergency situations in other states."

Kollmeyer said that while DNR firefighters are providing assistance out west or in other locations, Michigan remains adequately staffed to handle any fire incident that might start here at home. When sending staff on out-of-state firefighting assignments, the state of Michigan is fully reimbursed for all costs associated with providing that support.

Clare County Crews Work To Repair Gas Line

9 and 10 News, January 5, 2016

Construction crews in the city of Clare hit a gas line while working near an old car dealership.

Clare County's emergency manager says the crew hit a line at an old Ford dealership at the south end of Clare.

The Admiral Gas Station next to the old car dealership was quickly evacuated.

The street was blocked off between McEwan and Clare streets while crews worked to repair the line, but has since been reopened.

We have a crew heading to Clare and will have the latest updates on the gas leak on air and online.

The Rachel Maddow Show
14 hrs ·
Rachel Maddow is back in the hosting seat tonight!
Tonight we'll get the latest as the Flint mayor's declaration of emergency heads to Governor Snyder's office.
In case you missed it over the holidays, the previous update in the Flint water story was that Governor Snyder apologized for the crisis and announced the resignation of the state's environmental chief.

Theo White
4 hrs ·

You have heard the news. Even still, watch this video. Just at least the first three minutes. After you start its hard to stop.

Then ask yourself a few questions.

1. Did I vote in last year's Election that got Rick Snyder re-elected?
2. (If No) Do I feel like a complete idiot for not using my valuable vote to keep this guy from destroying the city of Flint as well as the rest of our state?
3. (If Yes) Who did I vote for again?
4. (If Yes, and you voted Snyder) What makes me so dumb? Is it that my parents raised me to vote biasedly on their own views, and I blindly helped elect a scumbag?
5. (If Yes, and you didn't vote Snyder) How could I have helped keep him from being elected in the first place when there are so many biased idiots who's biased political views come from their parents? Why aren't there more citizens voting?
6. How can I get this guy out of office

Jon Gerster

8 hrs ·

Let me just say that in this new year, 2016, is a Presidential Election year. This issue of Flint's contaminated water supply is a direct result of "you get who you vote for". Gov. Snyder, a republican is where the buck stops. He is the one who appointed the special manger to take over Flint's government from the officials those very people elected. Shame on the republicans! Remember - you get who you vote for!!!
Poor Flint!

GOVERNOR'S ACTIVITIES

Public Service Commission
Gov. Snyder elevates Talberg as chairwoman of Michigan Public Service Commission (AP)
Michigan Public Service Commission member Sally Talberg has been appointed chairwoman of the commission that regulates energy and telecommunications services. Gov. Rick Snyder announced the move Monday in concert with the announcement that Chairman John Quackenbush is leaving the commission, effective March 31. Quackenbush, of New Buffalo, intends to return to the private sector.

Williamston woman to head Public Service Commission (WILX)
Michigan Public Service Commission member Sally Talberg has been appointed chairwoman of the commission that regulates energy and telecommunications services.

Flint disaster declaration
Gov. Snyder must decide whether to declare disaster in Flint water crisis (Mlive)
Last week, Gov. Rick Snyder said he was sorry for Flint's lead in water crisis. Now, he must decide whether the situation amounts to a man-made disaster, created while the city was being run by emergency managers that he appointed.

Snyder weighs declaring water emergency in Flint (Detroit News)
Gov. Rick Snyder is considering whether to declare an emergency for Flint's contaminated water a week after apologizing to residents for the state's handling of Flint's water crisis. But Michigan faces hurdles to getting federal relief, including forgiveness for state loans to Flint involving drinking-water infrastructure improvements that are covered by federal rules.

County OKs Flint's state of emergency declaration (Michigan Radio)
Weaver is scheduled to sit down with Gov. Snyder on Thursday. It will be up to the governor to decide whether Flint's water problems can be submitted to the Obama administration for a federal disaster declaration.

Chief's next gig

Snyder chief of staff set to rejoin lobbying corps (Detroit News)
Gov. Rick Snyder's outgoing Chief of Staff Dennis Muchmore is joining "the faculty" at Honigman Miller Schwartz and Cohn LLP later this month to help mentor young attorneys on how to navigate the arms of government and rejoin Lansing's lobbying corps.

Revolving door? Top Snyder aide to register as lobbyist (Freep)
Gov. Rick Snyder's departing Chief of Staff Dennis Muchmore said Monday he will register as a lobbyist in his new job as chairman of the government relations and regulatory practice group for the Detroit-based Honigman law firm, but he downplayed concerns about potential conflicts of interest or a "revolving door" between state government and the lobbying corps.

Snyder chief will join law firm after leaving state job (AP)
Gov. Rick Snyder's chief of staff will lead a law firm's lobbying group after leaving state government. Dennis Muchmore will join Honigman Miller Schwartz and Cohn LLP on Feb. 1. His last day in Snyder's office is Jan. 20.

Bill signings/new laws
New Year Means New Laws In Michigan (WILX)
Drivers no longer need to keep a paper copy of their insurance in their glove box. If you get pulled over, you can just pull up your proof of insurance on your phone, or tablet. That new law goes into effect today. The legislation was signed into law by Governor Snyder back in October. He says the goal is to make life easier for Michigan residents and to modernize government.

DEPARTMENTS

DEQ
Data shows even higher lead poisoning in kids in West Michigan than Flint (FOX 17)
The recent scandal over lead-poisoning in the water in Flint prompted many of our communities to take a closer look at the issue. According to recent data, West Michigan neighborhoods are home to even higher levels of lead poisoning in kids than Flint.

Steady decline in wetlands endangers Great Lakes (Michigan Radio)
In Michigan and across the country, wetlands are known as marshes, swamps, bogs, fens and pocosins.

Energy project to revive mature oil field, collect millions of barrels of oil (Gaylord Herald Times)
Action has picked up once again at a mature oil field in Bagley Township in an effort project leaders say will collect more than a million gallons of additional oil.

Brownfield funds available for Ontonagon (Mining Gazette)
The Michigan Department of Environmental Quality (DEQ) has grant funds available for brownfield projects, a topic which was discussed at a recent Ontonagon Village planning commission meeting.

Marathon refinery seeks OK to hike air pollutants (Detroit Free Press)
State environmental regulators are poised to allow the Marathon Detroit Refinery to increase emissions of at least eight air pollutants at its southwest side facility, further angering nearby residents who say they're already suffering by having to deal with the smell of sulfur that hangs in the air, while white and gray billows of smoke from the refinery's stacks provide a dreary visual backdrop for their forgotten neighborhoods.

DIFS
Community Shores bank consent under terminated by state and federal regulators and results of Community Shores Bank Corporation's successful rights offering and private placement (CNN Money)
Community Shores Bank Corporation (OTCBB: CSHB), Muskegon's only locally-headquartered independent community banking organization, reported that its wholly owned subsidiary, Community Shores Bank (the "Bank"), received formal

notice on December 29, 2015, from the Federal Deposit Insurance Corporation ("FDIC") and the Michigan Department of Insurance and Financial Services (DIFS) that the regulatory Consent Order entered into on September 2, 2010 has been terminated effective December 16, 2015.

GENESEE COUNTY COMMISSIONERS DECLARE EMERGENCY

Flint, MI -- January 4, 2016 – During their first board meeting of the year, Monday morning, Genesee County Commissioners declared a state of emergency in Genesee County. The move a sign that county leaders support Flint Mayor Dr. Karen Weaver and her efforts to get resources and relief to the residents suffering from the ongoing water situation in the city.

Mayor Weaver declared a state of emergency in Flint last month to raise awareness about the severity of the problems surrounding the water situation that continues to effect residents. The problems a result of the man-made disaster caused by the city switching to the Flint River as a water source in 2014.

Following the board's vote today, Genesee County Commission Chairperson, Jaime Curtis said, "This is a state, man-made disaster and we're going to ask the state to fix their disaster. Curtis also said, "Genesee County is the fifth largest county in Michigan and we will not be ignored."

Mayor Weaver hopes the county's show of support will convince the Governor to provide the City of Flint with financial support to help leaders address immediate infrastructure needs. Those needs include more than $45 million to replace every identified lead pipe in the city, reimbursement of the $2 million spent to switch back to the Detroit Water Sewerage Department, $6 million to help with the transfer to the Karegnondi pipeline and additional resources to support the city's Heath Initiative to assist affected adults and children in Flint who have consumed water contaminated with lead.

In an interview with media after the board's emergency declaration Mayor Weaver said, "It's a victory and a step in the right direction." The mayor plans to meet with Governor Snyder in Lansing Thursday of this week to discuss the state's response and next steps.

Not sure. When I saw Sean and Chris after the Board Meeting, Sean advised he talked to you about that. However, this evening Chris advised the Mayor's Executive Assistant, Natasha Hendersen, made it clear they will send their own press releases and basically say what they want. This is what I am being told. Hopefully, I will learn more tomorrow. Bj

MEDIA MONITORING REPORT

1/4/2016

Issues:

- No issues to report.

Summary:

- The chairman of the Genesee County Board of Commissioners has declared a state of emergency in Flint because of lead in the city's water supply.
- Gov. Rick Snyder is gathering the information needed to formally declare a state of emergency in Flint over the water contamination issue, but in the meantime is "already recognizing this as an emergency," spokesman Dave Murray said Monday.
- Plans are moving forward to seek more help handling problems with Flint's water system.
- A booming rendition of the spiritual hymn "Wade in the Water" set the tone Sunday morning for what was to come during a service at the Unitarian Universalist Congregation of Flint
- Gov. Rick Snyder of Michigan apologized this week for how the water crisis in Flint has been handled. Residents there were exposed water with high levels of lead for months after the city switched water suppliers. The city has since switched back to the Detroit water system.
- A New Jersey newspaper editorial examines its state government's lack of action due to lead in drinking water.
- Civil rights groups are planning to march and shut down a stretch of Michigan Avenue Monday night to demand justice in the December fatal shooting of an unarmed Detroit man by a Dearborn police officer/
- The Michigan State Police have enacted new rules that require all Multi-Line Telephone Systems (MLTS) or Private Branch Exchange (PBX) phones systems in Michigan to provide accurate locations for phones when a user dials 911.
- Sanilac County could invest nearly $1 million to renovate a 9,840-square-foot building in Sandusky to relocate multiple departments to a space officials say better suits their needs.
- Illinois, Missouri assess damage, cleanup after flooding.
- National Weather Service forecasts: Lake Effect Snow impacting parts of the state.

Analysis:

- Heavy local coverage about Genesee County's local declaration due to the Flint water crisis.
- Lake effect snow is impacting parts of Michigan.
- Will continue to monitor the situation.

FLINT WATER

Flint water crisis emergency declaration heading to Gov. Rick Snyder

MLive, January 4, 2015

The chairman of the Genesee County Board of Commissioners has declared a state of emergency in Flint because of lead in the city's water supply.

Chairman Jamie Curtis, supported by the county board, signed the declaration today, Jan. 4, during a meeting of the commissioners, clearing the way to send the request for help to Gov. Rick Snyder.

City and county officials said the request will amount to more than $50 million, including money to replace lead service lines and make other infrastructure upgrades but said specifics of the request are still being developed.

"Its a victory, and it's a step in the right direction," said Flint Mayor Karen Weaver, who said she plans to meet with Snyder in iscuss the declaration Thursday, Jan. 7.

Weaver declared that Flint had suffered a man-made disaster because of lead in water last month, the first step in requesting state and federal assistance.

"We're not going to be ignored," Curtis said. "We're going to get the help that these people need."

Board declares state of emergency in Flint water crisis

Detroit Free Press, January 4, 2015

LANSING – Gov. Rick Snyder is gathering the information needed to formally declare a state of emergency in Flint over the water contamination issue, but in the meantime is "already recognizing this as an emergency," spokesman Dave Murray said Monday.

Murray made his comment after the Flint Journal reported the Genesee County Board of Commissioners declared a state of emergency Monday in Flint.

The board's action follows an emergency declaration by Flint Mayor Karen Weaver, who said she plans to meet this week with Gov. Rick Snyder.

Specifics of the request are being worked out, but plans call for dealing with causes and effects of lead contamination. It's also part of the process for requesting federal assistance.

Flint switched from Detroit's water system last year to Flint River water in a cost-cutting move. Residents complained about the taste, smell and appearance, and children were found to have elevated blood-lead levels. Flint returned to Detroit's system in October.

Last week, Department of Environmental Quality Director Dan Wyant resigned over the issue, as did his communications director, Brad Wurfel.

"The health and welfare of Flint residents is a top priority, and we're committed to working closely with Mayor Weaver and the Genesee County Commission on a coordinated response to health and infrastructure issues," Murray said Monday in an e-mail to the Free Press.

The Michigan State Police's Emergency Management and Homeland Security Division is working with the Genesee County Emergency Management Coordinator to gather information about the resources needed for a governor's declaration of an emergency, Murray said.

"The State Police have been closely engaged in the situation since the beginning, meeting with both county and city leaders to guide them through state and federal laws regarding the emergency management process," he said.

"Due to the uniqueness of this situation, we have to look at all possible options to help Flint residents. But prior to a formal declaration, we are recognizing this as an emergency and are working with city and county leaders to coordinate efforts, streamline communication and tap all available resources at the state's control."

Plans move forward to seek more help for Flint water system

Associated Press, January 4, 2015

Plans are moving forward to seek more help handling problems with Flint's water system.

The Flint Journal reports (http://bit.ly/1Pb62V5) Genesee County board Chairman Jamie Curtis, supported by the board, declared a state of emergency Monday in Flint.

It follows an emergency declaration by Flint Mayor Karen Weaver, who says she plans to meet this week with Gov. Rick Snyder.

Specifics of the funding request are being worked out, but plans call for dealing with causes and effects of lead contamination. It's also part of the process for requesting federal assistance.

Flint switched from Detroit's water system last year to Flint River water in a cost-cutting move. Residents complained about the taste, smell and appearance, and children were found to have elevated blood-lead levels. Flint returned to Detroit's system in October.

County OKs Flint's state of emergency declaration

Michigan Radio, January 4, 2016

Flint's state of emergency declaration is on its way to the governor's office.

The Genesee County Commission approved the declaration for the city of Flint Monday.

The declaration is tied to elevated lead levels in the city's drinking water.

The city's action plan calls for $45 million to replace 15,000 lead transmission lines that connect Flint homes to the city's water system. It also asks for $6 million to help Flint connect to a new pipeline under construction from Lake Huron.

Commission chairman Jamie Curtis says his county's needs will not be ignored.

"This is a state man-made disaster," says Curtis., "And we're going to put together a comprehensive plan and we're going to ask the state to fix their disaster."

In April, 2014, the city switched from Detroit to the Flint River as the source of its tap water. But city and state officials failed to address of the corrosiveness of the river water. Researchers say the river water damaged water pipes, and the pipes eventually leeched high levels of lead into the drinking water. The city switched back to Detroit water last fall.

However, health officials say the threat of lead exposure persists.

"Lead should never be in the body of a child," Dr. Mona Hanna-Attisha told county commissioners today. She recently published a study in a national medical journal showing childrens' blood lead levels in some Flint neighborhoods have tripled.

Health officials fear the lead problem will continue for years to come.

"It's going to be pure hell," is how County Commissioner Brenda Clark describes the effect on Flint schools, when infants who consumed formula made with lead-tainted water start kindergarten in a few years.

But coming up with a specific number for how much is needed to cover the health care costs is problematic.

Mayor Karen Weaver says that's why they've drafted a "fluid" plan to address the issue as more information is gathered.

Weaver is scheduled to sit down with Gov. Snyder on Thursday. It will be up to the governor to decide whether Flint's water problems can be submitted to the Obama administration for a federal disaster declaration.

Weaver plans to travel to Washington later this month to meet with federal officials.

State Rep. Sheldon Neeley calls out, on governor for help over Flint water

MLive, January 3, 2016

FLINT TWP, MI -- A booming rendition of the spiritual hymn "Wade in the Water" set the tone Sunday morning for what was to come during a service at the Unitarian Universalist Congregation of Flint.

The service included guest speaker Sheldon Neeley, the 34th District state House Representative from Flint, who took a hard stance against Gov. Rick Snyder and what he felt was the emergency manager's role over the water issue in Flint.

"Governor Snyder provided an apology," said Neeley to around 50 people seated in the audience. "Thank you for those words, Governor, but an apology is worthless unless your actions follow."

Neeley said the water issues stemmed from an emergency manager in place at the city.

County commissioners to take up Flint water action plan

Michigan Radio, January 3, 2016

Flint's plan to recover from its drinking water problems goes to the Genesee County commission Monday morning.

The city's use of the Flint River for its drinking water damaged the city's pipes, and exposed thousands of people to high levels of lead. The city switched back to Detroit water last Fall. But city residents are still being told to use water filters.

Mayor Karen Weaver is asking the county commission to give its OK to Flint's plan to fix the problem.

Open Letter to Gov. Rick Snyder: Too Late to Apologize About Flint's Water Crisis

DailyKos, January 4, 2016

Should Apologies be Accepted When The Act Was Intentional? Should Apologies Present Sense of Instant Relief – Regardless if a Long List of Repeated Cover Ups Are Revealed?

What About Standards?

Should a Governor Who Set His Standards So High He Proudly Signed A Bill Twice Over Ensuring Full Control of Cities, Townships, Villages, Counties and School Districts– That Fails To Meet His High Standards – Be Easily Forgiven With an "Apology" for Allowing Flint's Residents to Drink Toxic Water for years on end?

Governor Rick Snyder, the answer is a resounding no. No, Flint Residents should not accept your "apology" nor should they — as YOU continued structure that allowed for repeated lies about safety of the water.

Lead Poisoning In Michigan Highlights Aging Water Systems Nationwide

WBEZ-FM 91.5 (Chicago), January 4, 2016

Gov. Rick Snyder of Michigan apologized this week for how the water crisis in Flint has been handled. Residents there were exposed water with high levels of lead for months after the city switched water suppliers, The city has since switched back to the Detroit water system.

Snyder also said the state has to learn from Flint, as many other cities in Michigan also have an aging infrastructure.

Robert Puentes, director of the Metropolitan Infrastructure Initiative at the Brookings Institution, tells NPR's Scott Simon that the problem of aging water systems plagues many suburbs and smaller cities in the United States.

Editorial: Poisoned children are an outrage in Michigan – but not New Jersey?

Star-Ledger (Newark, New Jersey), January 3, 2016

Imagine if thousands of children were being poisoned, in many cases causing permanent brain damage. Parents would be in a state of panic. The headline would be stripped across every news channel.

That's what's happening in Michigan. The mayor of Flint has declared a state of emergency to address lead poisoning in the city's water supply. The proportion of children with elevated lead in their blood has nearly doubled, putting them at risk of irreversible cognitive damage. Two top officials have resigned. Now, the governor is apologizing.

Except that thousands of children are being poisoned in New Jersey, too, and there is no public outcry. Thousands more will fall victim next year, and we'll hear hardly a peep about it. Worst of all, our public officials saw all this coming, and could have saved many of these children. But they didn't, because it wasn't a priority.

Sorry kids, but you're going to have to live with brain damage, because Chris Christie and his predecessors had budget gaps to fill.

EMERGENCY MANAGEMENT AND HOMELAND SECURITY

March aims to shut down Michigan Avenue in Dearborn

Detroit Free Press, January 1, 2016

Civil rights groups are planning to march and shut down a stretch of Michigan Avenue Monday night to demand justice in the December fatal shooting of an unarmed Detroit man by a Dearborn police officer.

The march will begin at 6:30 p.m. at Michigan Avenue and Greenfield in the Kroger parking lot in Dearborn and continue a few blocks to the Dearborn Police Department, organizers said. The event is being organized by the National Action Network. Community organizations such as Take On Hate and Black Lives Matter are planning to participate.

Kevin Matthews, a 35-year-old Detroit resident, was shot multiple times Dec. 23 on Detroit's west side by a Dearborn police officer following a foot chase. The shooting is being investigated by Detroit police, who did not immediately return a call for comment Sunday.

New rules to improve emergency response time

Hillsdale Daily News, January 1, 2016

HILLSDALE — The Michigan State Police have enacted new rules that require all Multi-Line Telephone Systems (MLTS) or Private Branch Exchange (PBX) phones systems in Michigan to provide accurate locations for phones when a user dials 911.

The rules went into effect on Dec. 31, 2015.

"(The Michigan State police) have been pushing for that for a long time," Doug Sanford, emergency management director and Hillsdale 911 director, said.

Sanford said that the location of the 911 caller is vital for a quick response.

Sanilac putting $900K into emergency center

Port Huron Time-Herald, January 3, 2106

Sanilac County could invest nearly $1 million to renovate a 9,840-square-foot building in Sandusky to relocate multiple departments to a space officials say better suits their needs.

Administrator Kathy Dorman said departments including buildings and grounds and Central Dispatch have run into space issues, making the move priority for the county.

The exterior of the county-owned building at 95 Dawson St. — that officials have pegged its new Emergency Operations and Training Center — will remain largely as is, but Dorman said its interior will receive "quite extensive" remodeling.

She said that includes removing or rearranging walls and installing a new roof, heating and cooling system and security system.

Illinois, Missouri assess damage, cleanup after flooding

Associated Press, January 4, 2015

KINCAID, Ill. (AP) - Sharon Stivers mustered a smile as a visitor walked into her muddy yard.

"Welcome to my flood sale," Stivers joked, nodding to a tall stack of water-soaked furniture, appliances and belongings pulled from her home and piled high by the road in the flat central Illinois town of Kincaid. "You can have the whole thing for 50 cents."

The Mississippi River and most other waterways in Missouri and Illinois flooded last week after 10-14 inches of rain fell over a wide swath of the two states. The water receded in most places Sunday but continued to rise in a few. Cleanup and damage assessment was only beginning, and could take weeks.

Twenty-five deaths in the two states were blamed on flooding, nearly all of them the result of vehicles driving over flooded roadways. The death toll rose Sunday when the body of a second teenager missing for several days was found near Kincaid, a town of about 1,400 residents along the South Fork Sangamon River near Springfield.

The Mississippi River was receding except in the far southern tip of both states. After that, flooding is expected to worsen in Arkansas, Kentucky, Tennessee and other southern states, though the breadth of the flooding there isn't expected to match what happened in Missouri and Illinois.

Oregon militia standoff: Ranchers due at prison and what else to expect Monday

Oregon Live, January 4, 2015

The two father and son ranchers who triggered a national cry for justice over their convictions for arson were expected today to surrender themselves to federal prison, ending efforts of militants and fellow ranchers to spare them.

A family friend who asked not to be publicly identified told The Oregonian/OregonLive that Dwight Hammond Jr., 73, and Steven Hammond, 46, left Harney County over the weekend to report. He said they were traveling to California.

Their surrender closes one chapter of a controversial case that has spun into a national drama.

They leave behind a community reeling from the occupation of the Malheur National Wildlife Refuge, a sweeping reserve southeast of Burns. Militants, including the three sons of Nevada rancher Cliven Bundy, took over the empty headquarters compound on Saturday, insisting they will stay until federal land is returned to private ownership.

Governor Snyder needs to issue this emergency declaration. An Executive branch of government's declaration of an "emergency" sends a strong message. Flint is in a state of emergency, children are suffering and all the resources available must be deployed to insure the immediate and ongoing safety of this community's children. Not declaring an emergency at this point would be a purely political move.

Subject: PRESS RELEASE: GENESEE COUNTY COMMISSIONERS DECLARE EMERGENCY

Kristin Moore
Public Relations Director, City of Flint
kmoore@cityofflint.com

FOR IMMEDIATE RELEASE

GENESEE COUNTY COMMISSIONERS DECLARE EMERGENCY

Flint, MI -- January 4, 2016 – During their first board meeting of the year, Monday morning, Genesee County Commissioners declared a state of emergency in Genesee County. The move a sign that county leaders support Flint Mayor Dr. Karen Weaver and her efforts to get resources and relief to the residents suffering from the ongoing water situation in the city.

Mayor Weaver declared a state of emergency in Flint last month to raise awareness about the severity of the problems surrounding the water situation that continues to effect residents. The problems a result of the man-made disaster caused by the city switching to the Flint River as a water source in 2014.

Following the board's vote today, Genesee County Commission Chairperson, Jaime Curtis said, "This is a state, man-made disaster and we're going to ask the state to fix their disaster. Curtis also said, "Genesee County is the fifth largest county in Michigan and we will not be ignored."

Mayor Weaver hopes the county's show of support will convince the Governor to provide the City of Flint with financial support to help leaders address immediate infrastructure needs. Those needs include more than $45 million to replace every identified lead pipe in the city, reimbursement of the $2 million spent to switch back to

the Detroit Water Sewerage Department, $6 million to help with the transfer to the Karegnondi pipeline and additional resources to support the city's Heath Initiative to assist affected adults and children in Flint who have consumed water contaminated with lead.

In an interview with media after the board's emergency declaration Mayor Weaver said, "It's a victory and a step in the right direction." The mayor plans to meet with Governor Snyder in Lansing Thursday of this week to discuss the state's response and next steps.

Subject: Flint

Hi Ron,

Hope all is well.

With the Genesee County Board of Commissioners declaring a state of emergency in Flint, and the Flint mayor asking for a state declaration in the city, regarding the water crisis, what happens now?

Zach

GOVERNOR'S ACTIVITIES

DEQ changes/Flint water

Flint water prompts state changes: DNR Director Keith Creagh appointed as interim DEQ director (Mlive)
Department of Natural Resources Director Keith Creagh will serve as interim director of the Michigan Department of Environmental Quality after that director's resignation over the Flint water crisis.

DNR chief to lead DEQ on interim basis (AP)
The head of Michigan's Department of Natural Resources will temporarily become the state's top environmental regulator. Gov. Rick Snyder says Keith Creagh will lead the Department of Environmental Quality on an interim basis. DEQ chief Dan Wyant quit Tuesday after a report on Flint's water crisis put the blame on the agency.

Governor names Interim Director for DEQ (ABC 10 UP)
Governor Rick Snyder announced earlier today that a Michigan Tech alum who works for the state will hold the position of Interim director for the Department of Environmental Quality. Snyder announced Michigan Department of Natural Resources Director Keith Creagh will serve in the position effective January 4th.

Shakeup roils DEQ in wake of Flint water crisis (Detroit News)
Department of Natural Resources Director Keith Creagh became the interim head of the DEQ on Wednesday after Gov. Rick Snyder accepted Tuesday the resignation of agency director Dan Wyant — just over five years after he was named to the post. Creagh's former deputy, Bill Moritz, is taking the reins at the DNR.

Snyder names DNR chief Keith Creagh to head DEQ (Freep)
Gov. Rick Snyder named state Department of Natural Resources Director Keith Creagh as the interim head of the Michigan Department of Environmental Quality on Wednesday, one day after he accepted the resignation of Dan Wyant as part of the fallout from the Flint drinking water crisis.

DEQ spokesman also resigns over Flint water crisis, says city 'didn't feel like we cared' (Mlive)
Michigan Department of Environmental Quality spokesperson Brad Wurfel has joined director Dan Wyant in resigning after a task force cited department failures in addressing the Flint water crisis. Wurfel in an email to contacts on Tuesday night said he had been honored to serve under Wyant and was joining his boss in resigning.

Flint water report prompts apologies, resignations (Detroit News)
Michigan's top environmental official resigned Tuesday after an independent task force delivered its initial findings on the Flint water contamination crisis — conclusions that also prompted an apology from Gov. Rick Snyder.

Michigan Environment Chief Resigns Over Flint Water Crisis (Bloomberg BNA)
Dan Wyant resigned as director of the Michigan Department of Environmental Quality after a governor-appointed task force looking into the crisis stemming from lead in the City of Flint water system laid most of the blame with the department, Gov. Rick Snyder (R) said Dec. 29.

Flint leaders applaud DEQ director's resignation, governor's apology (Mlive)
Mayor Karen Weaver and other local leaders say the resignation of Michigan Department of Environmental Quality Director Dan Wyant and release of Flint Water Task Force findings Tuesday are the first steps toward holding people accountable for Flint's water crisis.

George Weeks: Snyder and the Flint water crisis (Traverse City Record Eagle)
As he enters his final year in office, two-term Gov. Rick Snyder has enjoyed a fairly successful tenure, including the economic bailout of Detroit and some other economic initiatives. But his administration ended 2015 mired in a horrendous mess involving the Flint water contamination crisis.

MDEQ Director Wyant resigns over Flint water crisis, Snyder apologizes (Michigan Radio)
The head of the Michigan Department of Environmental Quality (MDEQ) has resigned over the drinking water crisis in Flint. Gov. Rick Snyder has also now apologized to the community of Flint for his administration's involvement in the situation.

State Rep. Sheldon Neeley calls out, on governor for help over Flint water (Mlive)
The service included guest speaker Sheldon Neeley, the 34th District state House Representative from Flint, who took a hard stance against Gov. Rick Snyder and what he felt was the emergency manager's role over the water issue in Flint.

Economy
5 trends to watch in Michigan's economy (Freep)
If the prognosticators are right, Michigan's still recovering economy is poised for another round of substantial growth by riding an expected banner year for auto sales.

Interviews
Michigan Gov. Rick Snyder, legislative leaders name biggest disappointments of 2015 (Mlive)
The Flint drinking water crisis was the biggest disappointment of 2015, according to Gov. Rick Snyder and Senate Minority Leader Jim Ananich, who have very different perspectives on the situation.

Michigan Gov. Rick Snyder, legislative leaders describe top priorities for 2016 (Mlive)
Gov. Rick Snyder went 1 for 4 on his top fall priorities in the Michigan Legislature this year, and the three unfinished items now top his agenda for 2016. Snyder is hoping lawmakers will act by March on his plan to relieve Detroit Public Schools from crushing debt by splitting the district in two, a move that could cost the state $715 million over 10 years.

Chief's next gig
Snyder's retiring chief of staff to take position at Honigman (Crain's Detroit Business)
Dennis Muchmore will join Detroit-based law firm Honigman Miller Schwartz and Cohn LLP next month after retiring as Gov. Rick Snyder's chief of staff. Muchmore, 69, will become chairman of the firm's government relations and regulatory practice group as of Feb. 1, said David Foltyn, Honigman's chairman and CEO. The role will require leading a team of attorneys who specialize in such business policy areas as health care, gaming and hospitality.

DEPARTMENTS

DEQ

Advocates say Dan Wyant's resignation from MDEQ isn't enough (Metro Times)
Dan Wyant, director of Michigan's Department of Environmental Quality, submitted a resignation letter Tuesday following months of controversy surrounding Flint's poisonous water.

Four takeaways from the Flint Water Advisory Task Force preliminary report (MLive)
The Flint Water Advisory Task Force turned in a preliminary report on Flint's water crisis, saying the responsibility ultimately falls to the Michigan Department of Environmental Quality.

MDEQ spokesperson Brad Wurfel resigns too (Metro Times)
Brad Wurfel, the Michigan Department of Environmental Quality spokesperson, tendered his resignation Tuesday following news that DEQ director Dan Wyant was resigning.

Michigan to continue working on federal carbon plan despite resignation of DEQ director (Crain's)
Michigan's energy administrators say work on a plan to comply with new federal carbon rules is expected to continue following the resignation of Dan Wyant, the state's top environmental regulator who was helping to lead the project.

New phone rules will help first responders pinpoint emergency location (Oakland Press)
New rules set to go into effect next year will help first responders pinpoint the location of an emergency inside of large buildings.

7% of Michigan adults have a concealed pistol license, and other CPL facts (MLive)
Fifteen years after Michigan changed its law to make it easier to get a license to carry a concealed weapon, there were 497,016 active licenses on file as of Dec. 1, according to data compiled by the Michigan State Police.

Look up the number of concealed pistol licenses in your Michigan county (MLive)
Among Michigan's 10 million residents, almost a half-million had a concealed pistol license as of Dec. 1, according to data collected by the Michigan State Police.

SUPREME COURT

Opinion for openness (City Pulse)
The Michigan Supreme Court, usually so protective of business, hostile to unions and deferential to powerful interests, actually ruled in favor of openness and transparency last week by ordering Michigan State University to release the names of football and basketball athletes identified in crime-related incident reports.

LEGISLATIVE

House speaker rejects city school reforms as priority (Detroit News)
Kevin Cotter has four chief priorities as he prepares to lead a temporarily smaller but more unified Republican caucus into his second and final year as House speaker, and an overhaul and bailout of Detroit's financially and academically failed school district is not among them.

Snyder being pressed to veto bill that would restrict information about local ballot issues (AP)
Lawmakers' unexpected vote to block school districts and municipalities from informing the public about local ballot measures within two months of an election has left opponents pressuring Gov. Rick Snyder to veto the bill, which they say would keep voters in the dark about taxes and other issues.

Sign or veto? Five years in, Snyder faces another test (Freep)
Republican Gov. Rick Snyder completed his fifth year in office on Friday, and he marked the anniversary grappling with yet another contentious bill that awaits his signature and will help shape his legacy.

Michigan's oversight of cable TV firms shuts off in '16 (Freep)
Even more than the IRS and Ohio State, Michiganders love to hate their cable TV providers. "Honestly, I haven't heard anybody say they like their cable company," said Linda Krieger, 71, of Oak Park.

DETROIT

Detroit urban farming prompts career hopes (Freep)
For people working the Hantz Woodlands project on Detroit's east side, it came as a simple request.
"A lot of kids would stop by and say, 'Can I drive your equipment?'" said Mike Score, president of Hantz Farms.

In Detroit school reform debate, focus on accountability (Freep)
Nothing has been the focus of more effort by more people in recent years than the repeated attempts to reform the Detroit Public School System.

Rate-setting for region tops to-do list for Great Lakes Water Authority in 2016 (Macomb Daily)
Setting water and sewerage service rates in the suburbs will be only one item on the Great Lakes Water Authority's agenda as the entity officially takes over Detroit Water and Sewerage Departmentoperations Jan. 1.

Debt payments set to balloon for Detroit Public Schools (Detroit News)
The debt payments of Detroit Public Schools — already the highest of any school district in Michigan — are set to balloon in February to an amount nearly equal to the school district's payroll and benefits as the city school system teeters on the edge of insolvency.

Wayne Co. judge wants to trademark 'Detroit RiverWalk' (Freep)
A judge has applied to trademark the name "Detroit RiverWalk" in hopes of profiting from the sales of merchandise promoting the popular city attraction.

Dennis Handley, Detroit marathon relay director, dies (Freep)
Dennis Handley of Ferndale, a veteran runner and volunteer for running events, died Thursday night on Belle Isle while picking up the last sign that marked the course of the 46th-annual New Year's Eve Family Fun Run.

At Detroit school, it's cool to be green (Freep)
An ocean-themed explosion of color fills a tall atrium, where long tendrils of blue plastic create a flowing waterfall for rainbow-colored fish dangling from the glass ceiling.

OPINION

Milliken: Seek alternatives to Straits pipeline quickly (Detroit Free Press)
Michigan is called the Great Lakes State for a reason. The Great Lakes surround us, they nourish us, and they define us as Michiganders. We therefore have special responsibilities as stewards of these lakes.

Editorial: Snyder should veto campaign finance bill (Detroit News)
We get it. Republican lawmakers want to limit future tax hikes and ease the burden on taxpayers. That's not a bad goal. But an amendment that got added at the last minute to a fairly innocuous campaign finance bill went too far in tying the hands of school districts and local government that want to raise money for various projects.

Jacques: LGBT proposal likely to flop (Detroit News)
Michigan's best chance of adding protections against discrimination for gays and lesbians got shot down a year ago.

Editorial: EPA needs oversight (Detroit News)
Anyone who keeps up with the Environmental Protection Agency's Twitter account won't be surprised to know the agency has been accused of violating several laws by lobbying and organizing grassroots support for proposed environmental regulations.

Susan J. Demas: The Flint water crisis will cause pain for decades to come (Detroit News)
The Flint water crisis is one of those stories that seems too terrible to be true.

Editorial: Plastics ban good move but problem not yet in the bag (TC Record Eagle)
There is no magic pill for our country's growing problem with plastic pollution, but a bill signed into law by the President Barack Obama this week will help keep some microscopic bits out of the Great Lakes.

Objectives and Tactics

1. **Activate the State Recovery Task Force (SRTF). (Operations Section Chief)**
   A. Identify and obtain approval for assignment of Task Force Leader. (Operations Chief)
   B. Task Force leader will provide recommendations and obtain approval for Task Force membership. (MDHS SEMC)
   C. State Recovery Task Force shall determine mission and establish means to provide support as needed. (MDHS SEMC)

2. **Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts. (Operations Section Chief)**
   A. Request and establish FEMA LNO in the SEOC to support liaison with other federal agencies (State Director)
   B. Establish Recovery Branch within the Operations Section. (OSC)
   C. Maintain daily SEOC briefing with state agencies. (PSC)
   D. Establish and maintain routine calls with local emergency manager and EMHSD District Coordinator. (State Director)

3. **Obtain and maintain situational awareness and common operating picture of all activities. (PSC)**
   A. Conduct daily briefings with state agency emergency managers. (PSC)
   B. Monitor MICIMS. (All)
   C. Produce maps to include water filter, pitcher and filter distribution, affected areas and infrastructure, and method of distribution. (GIS)
   D. Complete and produce daily situation reports. (PSC)

4. **Establish SEOC operational period and hours of operations. (State Director) – Completed.**
   A. Operation Period has been established as well as SEOC operational hours
   B. Review weekly for alteration of same

5. **Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program. (Recovery Branch Director - RBD)**
   A. Identify agencies to research potential assistance programs (RBD)
   B. Named agencies will research programs and determine eligibility guidelines, benefits, application process, contacts, etc. (RBD)
   C. Provide written report to Operations Section Chief as to program availability. (RBD)

6. **Develop a comprehensive GIS strategy. (GIS)**
   A. Identify critical needs for maps and overlays. (GIS)
   B. Identify current and potential resources for data collection. (GIS)
   C. Contact and coordinate with identified agencies to obtain and centrally locate all data. (GIS)
   D. Provide spatial analytics in support of SEOC. (GIS)

7. **Coordinate response and recovery activities with MIVOAD and identify potential mission areas. (RBD)**
   A. Establish Recovery Branch. (OSC)
   B. Gather and compile available resources. (RBD)
   C. Gather and compile available assistance programs. (RBD)
   D. Determine resources already provided to affected area in response to emergency. (RBD)

10. **Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.** (OSC)
    A. Identify subject matter experts (Dr. Wells, Dr. Mona Hatta-Attisha, George Krisztian). (OSC)
    B. Establish and coordinate routine communication between SME's. (OSC)

11. **Provide technical assistance to the local Damage Assessment process. (RBD)**
    A. Establish Recovery Branch. (OSC)
    B. Provide templates and information as to requirements of damage assessment reports. (RBD)
    C. Conduct daily conference calls with local emergency manager and EMHSD District Coordinator to assess progress and obtain updates. (RBD)

D. Coordinate daily communication with the District Coordinator and GIS Unit Leader to monitor progress and document data. (RBD)

12. Establish a Joint Information Center (JIC) and develop a public information strategy. (PIO)

A. State agency PIO's meet to determine needs and strategy for public information dissemination. (PIO)
B. Determine technical needs for on-site JIC. (PIO)
C. Coordinate with local (County/City) JIC. (PIO)
D. Determine need to co-locate state and local JIC. (PIO)
E. If the need to relocate the JIC is identified, establish location and logistical needs. (PIO)

13. Monitor MI CIMS for resource requests and address as appropriate. (LSC)

A. Monitor and assist with input of resource requests. (LSC)
B. Review requests and review with command to receive approval to assign and fill requests. (LSC)
C. Track resources provided to date and those provided throughout the course of this event. (PSC)

14. Establish and disseminate cost center information for the incident. (FSC)

A. Establish Index/PCA. - Complete
B. Distribute information to state agencies. – Complete
C. Track costs related to this emergency. (FSC)

Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels that exceeded past seasonal levels were observed in ~~a significant sampling of young children in~~ ~~the~~ City of Flint children, and these were subsequently confirmed by the ~~State Chief Medical Officer~~Michigan Department of Health and Human Services (MDHHS) epidemiologists.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the ~~Michigan Department of Health and Human Services~~MDHHS ~~(MDHHS)~~ in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, is addressing~~es~~ water issues in the environmental investigations facilitated to identify lead sources in the environment of affected children, and providing~~e~~ health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered.

All,

This email has been sent to the individuals identified to receive information from the Flint/Genesee Joint Information Center (JIC) in regard to the recently declared emergency. This entity will soon merge into the State's JIC as the State's EOC activates as a result of the Governor's declaration. In the meantime, I have identified the recipients as those who stand to benefit or contribute valuable information to the community as we move forward. I have attached a CSV file of the email addresses of the JIC and have attached a recent press release for your information.

Our first joint task is to form a public information campaign to raise awareness about water filters, as well as dispell many of the rumors about their need, use, and availability. Please feel free to contribute to the conversation.

Thank you,

Sean Kammer

JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
January 6, 2016; 4:50 p.m.
Release #: 01

For more information contact:
Joint Information Center
888-EMD-TODAY (888-363-8632)

State of Michigan Joint Information Center Now Operational

LANSING, Mich. – Today the State of Michigan launched its Joint Information Center (JIC) to coordinate public information from the State Emergency Operations Center, set up to help with health and safety issues caused by lead in the city of Flint's drinking water. The emergency operations center was activated after Gov. Rick Snyder declared a state of emergency for Genesee County on Jan. 5.

Public information and updates, including resources for residents such as how to obtain free water filters and lead testing, are available at www.michigan.gov/FlintWater.

The JIC will serve as the state's central communications hub for this emergency and is staffed by public information officers (PIO) from several state agencies. Hours of operation will be 9 a.m. – 5 p.m., Monday – Friday, until further notice.

It is operating out of the Michigan State Police Emergency Management and Homeland Security Division in Lansing. State officials have been in contact with Flint and Genesee County officials to move the JIC to the city of Flint to better partner and coordinate with local agencies.

The declaration makes available all state resources in cooperation with local response and recovery operations.

Genesee County declared a "local state of emergency" on Jan. 4, activating local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

###

NOTE: ALL MEDIA INQUIRIES ARE BEING HANDLED BY THE JOINT INFORMATION CENTER AT 888-EMD-TODAY (888-363-8632).

Gov. Snyder declares emergency for Genesee County

State Emergency Operations Center activated to assist with relief efforts

LANSING, Mich. – Gov. Rick Snyder today declared a state of emergency for Genesee County due to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

By declaring a state of emergency, Snyder has made available all state resources in cooperation with local response and recovery operations. The declaration authorizes the Michigan State Police, Emergency Management and Homeland Security Division (MSP/EMHSD) to coordinate state efforts.

"The health and welfare of Flint residents is a top priority and we're committed to a coordinated approach with resources from state agencies to address all aspects of this situation," Snyder said. "Working in full partnership with the Flint Water Advisory Task Force, all levels of government and water quality experts, we will find both short-term and long-term solutions to ensure the health and safety of Flint residents."

In addition to the emergency declaration, Snyder activated the State Emergency Operations Center to coordinate state response and recovery activities. State agencies will report to the center to coordinate resources, assess the situation and begin providing assets to assist with local relief operations.

"Our staff recognizes the urgency of this situation and is already working closely with local officials," said Capt. Chris A. Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the MSP/EMHSD. "We will continue to collaborate with state, city and county leaders to coordinate relief efforts, streamline communication and use all available resources to help residents."

On Jan. 4, Genesee County declared a "local state of emergency," which activated local emergency response and recovery plans. By requesting a governor's declaration, the county has determined local resources are insufficient to address the situation and state assistance is required to protect public health, safety and property to lessen or avert the threat of a crisis.

The city of Flint has been under a local emergency declaration since Dec. 14, 2015.

The SEOC is the emergency operations center for the state of Michigan. Located in Lansing, the center is overseen by the MSP/EMHSD and coordinates response and recovery efforts by state agencies and local government. The SEOC is staffed by members of state agencies and other partners for decision making and information coordination during disasters or emergencies in the state of Michigan.

STATE OF MICHIGAN
JOINT INFORMATION CENTER

NEWS RELEASE

FOR IMMEDIATE RELEASE
February 4, 2016
Release #: xx

State Teams Visit Homes with Lead Levels above 150bpp

Flint, Mich. – The State of Michigan is sending health and water teams throughout the city of Flint to all residences where water test results showed lead levels above 150 parts per billion (ppb). Of the 5,590 total samples tested, 47 samples are greater than 150 ppb (0.84 percent).

Because NSF-certified filters are certified for use with water containing lead levels up to 150 ppb, health officials are still advising residents with samples greater than 150 ppb, especially nursing or pregnant mothers and children under six years of age, to take extra precautions and drink only bottled water.

Representatives from the Departments of Environmental Quality (DEQ), Health and Human Services (MDHHS) and other state officials are visiting residences to provide:

- Health and wellness information, recommendations and consultations;
- Plumbing inspection by a licensed plumber;
- Additional bottled water, filters and sample kits.

"All Flint residents need to have the water in their homes tested immediately," said Lt. Governor Brian Calley. "The State of Michigan is directly contacting homes that test above 150 ppb to provide a diverse set of additional assistance and guidance including essential information about blood lead level testing resources."

All children younger than 6 years of age should have their blood lead levels tested by their doctor or receive free testing at the Genesee County Health Department.

Water testing kits, along with bottled water and water filters, are available free of charge at water resource sites throughout the city.

State and federal health officials recommend that households with samples higher than 150 ppb use only bottled water for nursing or pregnant mothers and children under 6 years of age. NSF certified filters, available for free and distributed across the city, are for use with water containing lead.

DEQ continues to process water samples of residences. The updated number of samples reflects the number of samples taken at residences and is not reflective of the total number of households.

Updated lead test results:

- 4,737 are 5 ppb or less (84.7 percent)
- 5,227 are 15 ppb or less (93.5 percent)
- 362 are greater than 15 ppb (6.5 percent)

- 47 are greater than 150 ppb (0.84 percent)

Updated test results can be found: www.michigan.gov/flintwater.

In addition to water response teams, water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a recycling site)
310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a recycling site)
3402 Western Rd.

Fire Station #6
716 West Pierson Rd.

Fire Station #8 (also a recycling site)
202 East Atherton Rd.

All water filters distributed by the State of Michigan are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with federal agencies, the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by calling 211 or visiting www.helpforflint.com.

Subject: SEOC Update 2/4/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/4/16 – 31st Day (30th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made. Special attention to apartments/multifamily residences.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Daily Summary of Data.
2. Sit Rep #30.

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Friday, February 5, 2016.

- FWICC and Mission Flint meetings in Flint.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. Continued priority is the apartment list from 2/2/16.
- Recovery Branch worked with county and postal partners to collect information about home vacancies and resident's with forwarded mail addresses in order to ensure we are contacting all occupied residences in the City of Flint.
- Recovery Branch supported the efforts of MSDHA to provide resources to tenants in their facilities.
- JIC issued a media advisory about federal lead for Flint water crisis Dr. Nicole Lurie to visit EPA's command post.
- MDHHS provided a representative to accompany the MDEQ team to the high lead homes in Flint. The MDHHS representative will encourage individuals to have blood lead testing and answer health questions as necessary.
- GIS is working to develop a field application for MDEQ and MDHHS for field collection of water test data and health data respectively.
- SEOC and MTED are working with Department of Labor to identify grants that may be available to assist with jobs programs (wages, training, overhead, and potentially equipment and leasing resources). DOC looking at prisoner re-entry programs for those returning to Flint area.

Unified Coordination Group (UCG):

- Working on improving communication flow between UCG and state partners.
- Attended long term recovery meeting held by state VAL.
  - Discussed MARC model and potential transition plan.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Attended meeting with federal, state and local health and environmental agencies to establish process for notification of households with water test results that exceed 150 ppb.
- Attended two long term recovery planning meetings with SEOC staff, VOADs and local agencies (Flint Water Recovery Leadership group).
- Ensuring Community Access Center for the Deaf and Hard of Hearing receives appropriate supplies.
  - Briefed staff on site on filter installation and water sampling process.
- Clarified distribution process at city sites with Flint City Administrator's Office. Coordinating with Fire Department Quartermaster for supplying city sites.
- Addressing various public concerns, including identification of canvassing teams.
- Instituted credentialing verification process for 2-1-1 calls.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
  - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.

- Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
  - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.

- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Chris

Leix, Ron (MSP)

From: Leix, Ron (MSP)
Sent: Thursday, February 04, 2016 9:06 PM
To: Walter, Elyse (DNR); Darling, Krista (DNR)
Cc: Golder, Edward (DNR); Phillips, Kristin (DNR); Dexter, James (DNR)
Subject: Flint JIC Information

Hi Elyse and Krista,

Sorry for the delay. We've had a busy couple of days. I've outlined what you need to know below for working at the Flint JIC.

Please let me know if you have any questions.

Thanks,

Ron

JIC Location:

State of Michigan Office Building
125 E. Union Street
5th Floor (Next to the East Lobby)
Flint, MI 48502
https://goo.gl/maps/ZpiVMNys3u52

Free parking is available in the parking structure directly across the street from the main entrance to the State of Michigan Office Building.

Use the parking garage entrance on Harrison Street. You may park in spots designated as "Flint Water Mission" on Level 4 (Yellow Cones) or anywhere on the roof (Level 5). There will be a security guard at the gate on Level 3 to let you into the State of Michigan parking area.

JIC Hours:

Please try to be at the JIC by 8 a.m. as some briefings start as early at 8:30 a.m. The media hotline opens at 9 a.m. We are always in need of staff who can stay until 8 p.m.

Hotel Information:

PIOs who need to stay in Flint (at no charge to them), can reserve a room by calling the Holiday Inn, using the below information:

Holiday Inn - Flint
5353 Gateway Centre Dr.
Flint
Phone: 810-232-5300

Please use the following account code in order to ensure the room is charged to State Police:

If you reserve a room, we need to you to report it to JICManager@michigan.gov so it can be shared with Finance. If you have any problems or find the hotel to be booked, please email JICManager@michigan.gov.

Misc.

There are laptops here in the JIC; however, most PIOs have found working on their own laptops seems to work better. If you have a laptop, the recommendation is to bring it.

Subject: FW: REPLY NEEDED: Flint JIC Staffing Request
Importance: High

All:

I am writing to see if any of you would be willing to help out at the Joint Information Center in Flint. Previously, I had confined these requests to those in the department with specialized incident command training, but it sounds as though general communication skills would be welcome. I plan to take a shift at the JIC Monday and would be happy to report back on what I find.

My impression is that duties at the JIC involve writing, media monitoring and other similar responsibilities. None of this would be out-front media communication, which is handled by other designated individuals. Megan Holland in the governor's office informs me that they are looking for people for Feb. 8-12 in particular right now. If you wanted to spend a few days there, you could. All travel/hotel/meal expenses will be covered. We will hand off duties here as necessary. If you can identify other staff within your divisions who have communications skills to loan the JIC, please let me know.

Thanks for considering this request. If you can help, please let me know what days you can be available.

Ed

Importance: High

Fellow PIOs,

The Flint Joint Information Center (JIC) is still looking for staffing for the next two weeks. To all of the state departments and agencies who have provided staffing, thank you for your commitment in making this operation happen.

We are asking everyone to please providing staffing availability by 2 p.m. today (Thursday, Jan. 28). The latest staffing roster has been attached.

The Flint JIC provides excellent crisis communication training. We have a great team and are willing to train individuals in different roles.

No previous experience is required. Hotel rooms are provided upon request. Lunch and dinner are provided.

Please reach out if you have any questions.

Sincerely,

Ron

Am here with the restaurant reps. We are good to go for 9 am. Confirmed with Calley for 9 am. I will have photos and more detail after the tour. But this should be a good event.

Ron- can you put this through the approval process and then it can go out?

Jen

Hi Stacey,

Chelsea Bozzo was a student assistant who graduated and wasn't eligible to continue employment under current student assistant guidelines. We completed the employee departure form and it should have been routed to the Human Resources Division with her State of Michigan ID. There were delays in getting the departure from sent to human resources due to the Flint water emergency underway.

Her last day was Dec. 30, 2015.

Thanks,

Ron

Good Morning Sir,

I have been informed that Chelsea is no longer working with the department. Could I please get her last day worked? Human Resources was not notified of this departure, and therefore has not processed her out of our system yet. Once I receive this information, I can separate her from State Service. I assume this was a resignation? If not, please let me know, as I need to enter a departure code reason.

If you have any questions, please let me know.

Thank you.

Edible Flint Works to Address Water Emergency through Urban Gardening
Urban Agriculture Organization Makes a Positive Impact in Flint Communities

FOR IMMEDIATE RELEASE
February 4, 2016
Release #: 29

Flint, Mich. – Since 2009, Edible Flint has been working with individuals and institutional partners to support Flint residents in growing and accessing healthy food in order to reconnect with the land and each other. As a part of their continuing outreach to Flint's residents, Edible Flint is gearing up to ensure a bumper crop of lead fighting vegetables and address concerns over urban gardening in Flint.

Edible Flint supports more than 300 community and individual gardens in the city through its Garden Starters program. This program provides gardening classes, technical expertise, resources and supplies. In response to the recent Flint water emergency, the organization has plans to expand their programs as they prepare for the upcoming gardening season.

Not only are they looking to support additional food gardeners through their Garden Starters program, they are currently reviewing the selection of seeds and transplants being distributed this year to ensure vegetables that fight lead exposure are included. In addition, Edible Flint, which tests approximately 50 new gardens each year, will be increasing the number soil tests (including lead screening) for Flint's food gardens. They also intend to provide hose filters for garden irrigation for program participants.

"Edible Flint is committed to supporting Flint residents by providing access to resources to grow nutritious fresh food," said Terry McLean, Michigan State University Extension (MSUE) Educator, and Edible Flint

Leadership Board Member. "Through our urban gardening program we hope to provide a catalyst for recovery and community engagement."

McLean added, Edible Flint has been working with MSUE partners to reassure gardeners of the safety of eating and growing vegetables grown in Flint's community gardens.

For more information on Edible Flint, visit http://www.edibleflint.org.

Plan Advanced by State to Monitor Skin Conditions in Flint

FOR IMMEDIATE RELEASE
February 3, 2016
Release #: 28

FLINT, Mich. – Health officials in Michigan are moving forward on the investigation of rashes possibly associated with Flint water.

The Michigan Department of Health and Human Services (MDHHS) is developing a plan to better understand rashes that are being reported by members of the public. In recent weeks, MDHHS and the United Way 211 Information Line have received some calls with questions or concerns about rashes possibly associated with Flint water. While rashes are very common in the general population and there are numerous known causes,

an important public health function involves being able to identify and rapidly respond to new causes of illness as they emerge.

MDHHS has been actively monitoring trends in rash illnesses to emergency departments in Genesee County and has not seen evidence of increases compared with prior years. However, in an effort to proactively respond to reported rashes, MDHHS is developing a plan to conduct structured interviews with members of the public who report current rashes that may be related to exposure to Flint water in their homes. The Centers for Disease Control and Prevention, Agency for Toxic Substances and Disease Registry (CDC/ATSDR), and the Environmental Protection Agency (EPA) are providing technical assistance to MDHHS in this effort.

"Flint residents are understandably worried about the effects of skin exposure to water in their homes, and it's absolutely necessary we follow up directly on their concerns," said Dr. Eden Wells, chief medical executive with the MDHHS. "While the science currently tells us children and adults can bathe in the water, we are committed to identifying any potential health risks so we can provide information to and protect families in Flint."

MDHHS will begin asking health care providers to report cases of current rash possibly associated with Flint water exposure. These individuals will be contacted and interviewed by MDHHS personnel, and investigations will also involve testing home water samples of those with active rashes. This testing will be different from other routine water sampling and testing being conducted by the Michigan Department of Environmental Quality or the EPA throughout Flint as it will focus on testing for concentrations of metals and other water quality factors that may be associated with the reported rashes.

While finalizing plans and materials for this investigation, MDHHS is already actively responding to these rash reports. Last week, Flint residents who recently reported rashes were interviewed at their homes by a team from MDHHS and water samples were collected for analysis. While it is too early in the investigation to draw any conclusions about how many people might be experiencing rashes or what might be causing them, MDHHS is responding with urgency to these reported health complaints with assistance from federal partners.

Members of the public who have concerns about rashes are encouraged to visit their primary care physician. Information reported by health care providers is an important part of creating a better understanding of the characteristics of these rashes. Individuals with questions may also call United Way 211 to be connected with health information specialists to answer their specific concerns.

For additional information related to the response in Flint, visit www.michigan.gov/flintwater.

Subject: SEOC Update 2/3/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/3/16 – 30th Day (29th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Refocus state agencies on objectives, tasks in the Incident Action Plan and how we get to the end state/shift to longer term recovery.
- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
    - Shift Water Response Team operations to a targeted effort to provide filters into homes where data shows filters have not been provided and/or visits not made.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
    - Obtain additional information from the City of Flint and Genesee County for Declaration of Emergency appeal.

- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
    - Includes filter replacement strategies.
- Submit SBA application – outstanding item is the certification of availability of financial assistance. Priority item for the a.m. so this can get submitted. Press release has been completed.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. **Daily Summary of Data, full version and abridged (New reporting format – we will ensure we give liters of water and cases in the future)**
2. Residential Water Sampling Results Maps – Lead and Copper
3. SitRep 29

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Thursday, February 4, 2016.
- Will continue to target residences from the Apartment List from 2/2/16

Items to Note

- Paired down the list of parcels not visited from 2400 to 958. Will continue on 2/4/16 to identify any parcels not visited. Some parcels contain multifamily residences and those types of residences are being reviewed and targeted to ensure coverage.
- MDOC is going to look into their job programs for any prisoners begin release back into the Flint area. This will be in conjunction with any other job programs identified. We are working with MTED on solutions.
- DEQ and DHHS will be going to residences with >150 ppb starting tomorrow. They will be checking residences next to the one with the high lead level to see if this is a single residence issue or a bigger issue affecting the block or line in an area. This will not initially include EPA as they did not seem interested in combining teams but we are working on more collaboration without slowing us down.
- DEQ will have a representative in the UCG starting 2/4/15.
- Discussed with UPS on ways they can assist with Rapid Response Team and filter replacements in the future.
- Additional warehouse will be put in service potentially Saturday. Seventh Day Adventist are potentially going to operate it or help with operations to phase out state agency personnel and make it more community run. The warehouse does include some office space if needed.
- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Apartment List from 2/2/16
- SEOC Logistics worked with MDOC on their assistance with warehouse management and staffing for new warehouse. Reached out to Food Bank on their recommendation and coordination for hours/days of operation of new warehouse.
- SEOC Operations attended a donations management meeting to discuss the need for a consolidated list of donated goods.
- JIC strategized with the U.S. Department of Health and Human Services and Environmental Protection Agency on how to better coordinate public information.

Unified Coordination Group (UCG):

- UCG IAP approved today for the operational period 0800 2/2/16 to 0800 2/4/16.
- The Federal Health Coordinating Officer had a meeting today with Economic Development and Housing and Urban Development.
- EMHSD liaison provided information on Michigan EM structure to Command.
- State JIC manager now in the communication loop for the UCG.
- UCG discussed MARCs and potential implementation.
- Capt. Kelenske met with Don Boyce from US DHHS to discuss concerns with Federal HHS and EPA and how we can move forward with better collaboration and coordination. Boyce also met with Governor's Office staff on same. The meeting went well and a solid relationship is in place with Boyce. He is a direct report to Dr. Lurie and will provide her some context on the issues and how we can move forward. He will be a good POC to assist us with any shifts in direction needed at the federal level.

Local EOC

- Coordinated rapid response deliveries to homebound residents and special locations.
- Working on refining rapid response delivery process.
    - Preparing transition from Team Rubicon personnel to NCCC teams, and eventually Southern Baptist Disaster Relief.
    - Coordinating with ARC for logistics support to NCCC teams (AmeriCorp).
- Working with ARC to ensure resource needs of franchise customers at Sunridge Apartments complex in Flint Township are met.
- Coordinating with MDEQ to streamline test kit assembly process.
- Attended distribution plan meeting with faith-based organizations, state, and local agencies.
- Referring VOADs to appropriate volunteer management agencies.
- Addressing various public concerns, including availability of supplies at child care facilities.

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/2/16 – 29th Day (28th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. MDDHS Director's Sit Rep: Reference blood lead testing results.
2. Sit Rep #28

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016
- Apartment complexes will be targeted tomorrow.
- We anticipate providing a cleaner way to view the numbers at a glance starting tomorrow.
- **Work with the Chamber of Commerce and MEDC to get more businesses for the SBA declaration. Found that we only have a gross revenue loss of 24% when it needs to exceed 40%. Will follow up first thing with SBA to double check this. Chamber of Commerce was to provide the top 5 businesses with losses.**

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Completed Section 8 housing list. 10 remaining franchise customers.
- SEOC Logistics worked with DTMB to secure additional warehouse location for donated water.
- JIC partnered with the Michigan Association of Broadcasters (MAB) to record two PSAs in Spanish. The PSAs were shared with MAB member stations.
- SEOC Finance met with State Budget Office to discuss and develop collaborative cost reporting for all state agencies.
- SEOC Planning finalized Small Business Administration request for economic injury.
- Information reported to the JIC:
    - As of 2/2/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 2/2/16*
30,770	37,844	12,406	530

*There were issues with the app in the field on February 2, 2016. Outstanding data will be included tomorrow night.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	255,457
b. Filters	102,498
c. Filter cartridges	206,642
d. Test kits	33,243*

*Adjusted due to test kits were not assembled at POD 1 yesterday and sent back to warehouse. Those kits were included as distributed and should not have been.

3. Resources purchased:
    a. Cases of water 2,715,324 Liters (additional 1,209,675 Liters donated)
    b. Filters 266,312*
    c. Filter Cartridges 584,957*
    d. Test kits 62,701
    *Includes back data, not previously accounted for, from MDHHS purchases on January 12-16, 2016 so there is a jump in the amounts.
4. Teams going out tomorrow:

a. 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
   a. 2/2/16, as of 5 pm, 530 homes were visited today
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 12,406
3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 27 volunteers on 2/2/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,277
Active residential water subscribers	26,673	22,491

6. **Number of Water filters distributed (each day and to date):**
   a. 587 (172 FWRT + 415 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and total distributed to date is 102,498.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 10,524 (444 FWRT +10,080 cases or 120,960 liters PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 255,457 cases or 3,065,484 Liters.
8. **Number of testing kits distributed (each day and to date):**
   a. 491 (56 FWRT +435 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 33,243.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. See attached MDHHS Sit Rep, pages 1 and 3 – this is a new format from DHHS but we are working to pull it into an easier format.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. See attached MDHHS Sit Rep, pages 1 and 3 – this is a new format from DHHS but we are working to pull it into an easier format.
11. **Number of homes with safe drinking water:**
    a. Drinking water (Analyzed 9/3/15 to 2/2/16)
       i. 5516 out of 5906 (93%) at or below 15 ppb (390 tests above)
       ii. <5 ppb: 4853 (82%)
       iii. 5-15 ppb: 663 (11%)
       iv. > 15 ppb: 390 (7%)
       v. >30 ppb: 214 (4%)
       vi. >150 ppb: 50 (0.8%) (DEQ and DHHS are working to get a plan in place to ensure these homes are visited).

    *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Coordinating distribution of appropriate supplies to Flint water system franchise customers outside the City of Flint.
- Coordinating with owner of new warehouse site for access to the site, and operations at the facility.

- Addressing various public concerns, including availability of supplies to residents in apartment complexes.
- Attended meeting with UM-Flint to discuss student volunteer opportunities and potential communications support.
- Attended VOAD meeting to discuss volunteer engagement, volunteer management, and distribution management.
- Coordinating replacement for Team Rubicon after their demobilization for rapid response deliveries.

Subject: SEOC Update 2/1/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/1/16 – 28th Day (27th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Finalize new Incident Action Plan (IAP) for Operational Period 2/2/16 to 2/9/16.
- Sync up with the UCG to ensure lines of communication and operation are clear.
- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application – pends status of Declaration of Emergency appeal.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal. IHP is an Individual Assistance program.

Attached:

1. SitRep 27
2. Flint Water Timeline (DRAFT) – This is a running record I keep so I have it for future reference. This is draft but thought some of you may want it at this time.

3. State Agency Weekly Activities – It was mentioned on the morning call to have a weekly activities sheet. I am certain there are other events to be added but this is from the SEOC personnel.
4. Day to Day POD Comparison Data – Internal for EMHSD and FEMA

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016
- Franchise Customers continue to be targeted for visits with additional to be determined.

Items to Note

- The question came up as to the difference between active residential customers and residential parcels. Customers are on the Flint water system according to what the City of Flint provides us. Residential parcels are those not on the system for numerous reasons to include them having a well or just not connected to the system. We are aware some not on the system have gotten filters. I also do not have a lot of faith in the records provided to us by the city water department. We just received an updated franchise list which had more customers.from the city that is different from the one we were given earlier.
- Received approval to obtain a former Kroger store near Statoin 6 POD. This will greatly alleviate donation management issues. Office space is available at this location if needed.
- 10 ARC Flint Water Response Teams to the field today.
- GIS was not able to develop maps with today's data due to issues with the software. They will be providing maps first thing tomorrow.
- Recovery Branch coordinated meeting with Michigan Community Service Commission (MCSC), Local EOC, and ARC regarding volunteer coordination and reporting.
- JIC is working to set up a legislative and congressional briefing call this week.
- Information reported to the JIC:
    - As of 2/1/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	ARC Paper Data* 1/31/16	Targeted Canvassing Mission 2/1/16
30,770	37,844	11,876	1,135	1,164

*Data from last night that was not available.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	244,933
b. Filters	101,911
c. Filter cartridges	205,820
d. Test kits	33,561

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 1,127,171 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 389,357
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, ARC Data, 1,135 homes were visited yesterday. Data was not included in yesterday's report.
    b. 2/1/16, as of 5 pm, 1,164 homes were visited today
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 11,876
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 50 volunteers on 2/1/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters*
Residential parcels	38,831	28,167
Active residential water subscribers	26,673	22,400

*Number does not include franchise customers, will be updated tomorrow morning.

6. **Number of Water filters distributed (each day and to date):**
    a. 1,318 (1,001 FWRT + 317 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and total distributed to date is 101,911.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 10,443 (1,218 FWRT +9,225 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 244,933.
8. **Number of testing kits distributed (each day and to date):**
    a. 1,091 (293 FWRT +798 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 33,184.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. Drinking water (9/3/15 to 2/1/16)*
        i. 5227 out of 5590 (94%) at or below 15ppb (363 tests above)
        ii. <5 ppb: 4594 (82%)
        iii. 5-15 ppb: 633 (11%)
        iv. > 15 ppb: 363 (6%)
        v. > 150 ppb: 48 (0.9%) – DEQ was tasked with getting better information on this as to how many are residences, what steps have been taken with them, how many have been "cleared," and how many are new. They will be working on it first thing tomorrow. Based on sheets I was provided this evening, since the report on Friday:
            1. Saturday there were 4 additional results >150 ppb
            2. Sunday there were 5 additional results >150 ppb
            3. Monday there were 6 additional results >150 ppb
        vi. > 30 ppb: 199 (4%)
        *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordination of rapid response deliveries to homebound residents and special locations.

- Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
- IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
- Addressing public concerns, including rumors of availability of FEMA relocation assistance.
- Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.
- Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow***: Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.

- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

3. Resources purchased:
   a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
   b. Filters 165,048
   c. Filter Cartridges 383,282
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
   a. 1/31/16, as of 5 pm, 551* homes were visited today
      i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**
   a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**

a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.

9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
       *This data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22

       *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.
- Established rapid response delivery plan with ARC and Team Rubicon.
- Coordinated rapid response deliveries to homebound residents and special locations.
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Plan Advanced by State to Monitor Skin Conditions in Flint

FOR IMMEDIATE RELEASE
February 3, 2016
Release #: 28

FLINT, Mich. – Health officials in Michigan are moving forward on the investigation of rashes possibly associated with Flint water.

The Michigan Department of Health and Human Services (MDHHS) is developing a plan to better understand rashes that are being reported by members of the public. In recent weeks, MDHHS and the United Way 211 Information Line have received some calls with questions or concerns about rashes possibly associated with Flint water. While rashes are very common in the general population and there are numerous known causes, an important public health function involves being able to identify and rapidly respond to new causes of illness as they emerge.

MDHHS has been actively monitoring trends in rash illnesses to emergency departments in Genesee County and has not seen evidence of increases compared with prior years. However, in an effort to proactively respond to reported rashes, MDHHS is developing a plan to conduct structured interviews with members of the public who report current rashes that may be related to exposure to Flint water in their homes. The Centers for Disease Control and Prevention, Agency for Toxic Substances and Disease Registry (CDC/ATSDR), and the Environmental Protection Agency (EPA) are providing technical assistance to MDHHS in this effort.

"Flint residents are understandably worried about the effects of skin exposure to water in their homes, and it's absolutely necessary we follow up directly on their concerns," said Dr. Eden Wells, chief medical executive with the MDHHS. "While the science currently tells us children and adults can bathe in the water, we are committed to identifying any potential health risks so we can provide information to and protect families in Flint."

MDHHS will begin asking health care providers to report cases of current rash possibly associated with Flint water exposure. These individuals will be contacted and interviewed by MDHHS personnel, and investigations will also involve testing home water samples of those with active rashes. This testing will be different from other routine water sampling and testing being conducted by the Michigan Department of Environmental Quality or the EPA throughout Flint as it will focus on testing for concentrations of metals and other water quality factors that may be associated with the reported rashes.

While finalizing plans and materials for this investigation, MDHHS is already actively responding to these rash reports. Last week, Flint residents who recently reported rashes were interviewed at their homes by a team from MDHHS and water samples were collected for analysis. While it is too early in the investigation to draw any conclusions about how many people might be experiencing rashes or what might be causing them, MDHHS is responding with urgency to these reported health complaints with assistance from federal partners.

Members of the public who have concerns about rashes are encouraged to visit their primary care physician. Information reported by health care providers is an important part of creating a better understanding of the characteristics of these rashes. Individuals with questions may also call United Way 211 to be connected with health information specialists to answer their specific concerns.

For additional information related to the response in Flint, visit www.michigan.gov/flintwater.

Gov. Rick Snyder: Budget recommendation will include $30 million request for Flint water bill repayments

Consumption and Consumer Use Credit would provide relief to residents, funding is on top of $37.3 million in relief already allocated this fiscal year

LANSING, Mich. – As part of his upcoming budget proposal, Gov. Rick Snyder will ask the Legislature to approve a $30 million water consumption credit plan for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to

drink.

The governor's proposal is part of the 2016-2017 Fiscal Year budget he will present to lawmakers next week, and calls for a new Consumption and Consumer Use Credit the city of Flint could apply to residents' water bills until state, federal, and independent water quality officials certify the water is safe for consumption.

"I agree with Flint residents, that they should not have to pay for water they cannot drink," Snyder said. "My budget recommendation will include the request for the state to make payments to the city's water system for residential bills going back to April 2014."

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill. Residents still would be responsible for paying the sewer portion of their water bills.

The $30 million recommendation is part of the governor's formal budget request to the Legislature. The credit would not take effect until the budget goes through the full state budget process, including vetting and approval by House and Senate committees as well as a vote of both chambers. Bill credits for residents going back to April 2014 is part of the governor's longer-term approach to the crisis and if enacted will help ensure the fiscal stability and structural integrity of the city's water system.

"As an American who sympathizes with the plight of Flint residents, it's hard to find moral justification in having them pay for water that is not suitable for consumption or until recently, bathing," said Marc Edwards, Charles P. Lunsford Professor of Environmental and Water Resources Engineering at Virginia Tech University. "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Last Friday, Snyder signed supplemental spending for Flint in the amount of $28 million that will:

- Supply free bottled water, faucet filters, and testing kits for Flint residents;
- Put nine nurses in local schools to monitor student health and well-being;
- Provide better nutrition for students and infants through WIC and in-school nutrition programs;
- Replace fixtures in schools, daycares, nursing homes and hospitals;
- Provide for an infrastructure study using independent experts;
- Treat any children who have high lead levels in the blood, using diagnostic testing, nurse visits and environmental assessments in the home;
- Provide additional community education opportunities within the Genesee County Health Department;
- Compensate the Michigan National Guard's work to support water distribution;
- Assist with home lead abatement costs;
- Help the City of Flint with utility issues;
- Provide operational funding for the Flint Interagency Advisory Committee.

The $28 million emergency supplemental funding signed last week is in addition to $9.3 million in October 2015 to move back to Detroit's water system, test drinking water and provide wraparound

services for children.

The governor will formally present his Fiscal Year 2016-2017 budget recommendation on Feb. 10 in Lansing.

Subject: SEOC Update 2/2/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/2/16 – 29th Day (28th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. MDDHS Director's Sit Rep: Reference blood lead testing results.
2. Sit Rep #28

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016
- Apartment complexes will be targeted tomorrow.

- We anticipate providing a cleaner way to view the numbers at a glance starting tomorrow.
- **Work with the Chamber of Commerce and MEDC to get more businesses for the SBA declaration. Found that we only have a gross revenue loss of 24% when it needs to exceed 40%. Will follow up first thing with SBA to double check this. Chamber of Commerce was to provide the top 5 businesses with losses.**

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Team Priority Visited Today: Completed Section 8 housing list. 10 remaining franchise customers.
- SEOC Logistics worked with DTMB to secure additional warehouse location for donated water.
- JIC partnered with the Michigan Association of Broadcasters (MAB) to record two PSAs in Spanish. The PSAs were shared with MAB member stations.
- SEOC Finance met with State Budget Office to discuss and develop collaborative cost reporting for all state agencies.
- SEOC Planning finalized Small Business Administration request for economic injury.
- Information reported to the JIC:
    - As of 2/2/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 2/2/16*
30,770	37,844	12,406	530

*There were issues with the app in the field on February 2, 2016. Outstanding data will be included tomorrow night.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	255,457
b. Filters	102,498
c. Filter cartridges	206,642
d. Test kits	33,243*

*Adjusted due to test kits were not assembled at POD 1 yesterday and sent back to warehouse. Those kits were included as distributed and should not have been.

3. Resources purchased:
    a. Cases of water 2,715,324 Liters (additional 1,209,675 Liters donated)
    b. Filters 266,312*
    c. Filter Cartridges 584,957*
    d. Test kits 62,701
    *Includes back data, not previously accounted for, from MDHHS purchases on January 12-16, 2016 so there is a jump in the amounts.
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Wednesday, February 3, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 2/2/16, as of 5 pm, 530 homes were visited today
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 12,406
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**

a. 27 volunteers on 2/2/16, per ARC.

5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,277
Active residential water subscribers	26,673	22,491

6. **Number of Water filters distributed (each day and to date):**
   a. 587 (172 FWRT + 415 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and total distributed to date is 102,498.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 10,524 (444 FWRT +10,080 cases or 120,960 liters PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 255,457 cases or 3,065,484 Liters.
8. **Number of testing kits distributed (each day and to date):**
   a. 491 (56 FWRT +435 PODs [1700 2/1 to 1600 2/2]) were distributed since this report yesterday and the total distributed to date is 33,243.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. See attached MDHHS Sit Rep, pages 1 and 3 – this is a new format from DHHS but we are working to pull it into an easier format.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. See attached MDHHS Sit Rep, pages 1 and 3 -- this is a new format from DHHS but we are working to pull it into an easier format.
11. **Number of homes with safe drinking water:**
    a. Drinking water (Analyzed 9/3/15 to 2/2/16)
       i. 5516 out of 5906 (93%) at or below 15 ppb (390 tests above)
       ii. <5 ppb: 4853 (82%)
       iii. 5-15 ppb: 663 (11%)
       iv. > 15 ppb: 390 (7%)
       v. >30 ppb: 214 (4%)
       vi. >150 ppb: 50 (0.8%) (DEQ and DHHS are working to get a plan in place to ensure these homes are visited).

    *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordinating rapid response deliveries to homebound residents and special locations.
- Coordinating distribution of appropriate supplies to Flint water system franchise customers outside the City of Flint.
- Coordinating with owner of new warehouse site for access to the site, and operations at the facility.
- Addressing various public concerns, including availability of supplies to residents in apartment complexes.
- Attended meeting with UM-Flint to discuss student volunteer opportunities and potential communications support.
- Attended VOAD meeting to discuss volunteer engagement, volunteer management, and distribution management.
- Coordinating replacement for Team Rubicon after their demobilization for rapid response deliveries.

Subject: SEOC Update 2/1/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/1/16 – 28th Day (27th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Finalize new Incident Action Plan (IAP) for Operational Period 2/2/16 to 2/9/16.
- Sync up with the UCG to ensure lines of communication and operation are clear.
- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application – pends status of Declaration of Emergency appeal.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal. IHP is an Individual Assistance program.

Attached:

1. SitRep 27
2. Flint Water Timeline (DRAFT) – This is a running record I keep so I have it for future reference. This is draft but thought some of you may want it at this time.
3. State Agency Weekly Activities – It was mentioned on the morning call to have a weekly activities sheet. I am certain there are other events to be added but this is from the SEOC personnel.
4. Day to Day POD Comparison Data – Internal for EMHSD and FEMA

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016
- Franchise Customers continue to be targeted for visits with additional to be determined.

Items to Note

- The question came up as to the difference between active residential customers and residential parcels. Customers are on the Flint water system according to what the City of Flint provides us. Residential parcels are those not on the system for numerous reasons to include them having a well or just not connected to the system. We are aware some not on the system have gotten filters. I also do not have a lot of faith in the records provided to us by the city water department. We just received an updated franchise list which had more customers.from the city that is different from the one we were given earlier.
- Received approval to obtain a former Kroger store near Statoin 6 POD. This will greatly alleviate donation management issues. Office space is available at this location if needed.
- 10 ARC Flint Water Response Teams to the field today.
- GIS was not able to develop maps with today's data due to issues with the software. They will be providing maps first thing tomorrow.

- Recovery Branch coordinated meeting with Michigan Community Service Commission (MCSC), Local EOC, and ARC regarding volunteer coordination and reporting.
- JIC is working to set up a legislative and congressional briefing call this week.
- Information reported to the JIC:
    - As of 2/1/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	ARC Paper Data* 1/31/16	Targeted Canvassing Mission 2/1/16
30,770	37,844	11,876	1,135	1,164

*Data from last night that was not available.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	244,933
b. Filters	101,911
c. Filter cartridges	205,820
d. Test kits	33,561

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 1,127,171 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 389,357
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, ARC Data, 1,135 homes were visited yesterday. Data was not included in yesterday's report.
    b. 2/1/16, as of 5 pm, 1,164 homes were visited today
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 11,876
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 50 volunteers on 2/1/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters*
Residential parcels	38,831	28,167
Active residential water subscribers	26,673	22,400

*Number does not include franchise customers, will be updated tomorrow morning.

6. **Number of Water filters distributed (each day and to date):**
    a. 1,318 (1,001 FWRT + 317 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and total distributed to date is 101,911.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 10,443 (1,218 FWRT +9,225 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 244,933.
8. **Number of testing kits distributed (each day and to date):**

a. 1,091 (293 FWRT +798 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 33,184.

9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
   a. Per CHECC: These numbers are only updated bi-weekly
      i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
      ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
      iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
      *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
   a. Drinking water (9/3/15 to 2/1/16)*
      i. 5227 out of 5590 (94%) at or below 15ppb (363 tests above)
      ii. <5 ppb: 4594 (82%)
      iii. 5-15 ppb: 633 (11%)
      iv. > 15 ppb: 363 (6%)
      v. > 150 ppb: 48 (0.9%) – DEQ was tasked with getting better information on this as to how many are residences, what steps have been taken with them, how many have been "cleared," and how many are new. They will be working on it first thing tomorrow. Based on sheets I was provided this evening, since the report on Friday:
         1. Saturday there were 4 additional results >150 ppb
         2. Sunday there were 5 additional results >150 ppb
         3. Monday there were 6 additional results >150 ppb
      vi. > 30 ppb: 199 (4%)
      *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordination of rapid response deliveries to homebound residents and special locations.
- Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
- IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
- Addressing public concerns, including rumors of availability of FEMA relocation assistance.
- Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.
- Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

Subject: SEOC Update 1/31/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/31/16 – 27th Day (26th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Finalize SBA application.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow***: Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

3. Resources purchased:
   a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
   b. Filters 165,048
   c. Filter Cartridges 383,282
   d. Test kits 62,701
4. Teams going out tomorrow:
   a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, as of 5 pm, 551* homes were visited today
        i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**
    a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
    a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *This data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

<u>Local EOC</u>

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.
- Established rapid response delivery plan with ARC and Team Rubicon.
- Coordinated rapid response deliveries to homebound residents and special locations.
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

Michigan National Guard Continue Efforts at Water Resource Sites

FOR IMMEDIATE RELEASE
February 2, 2016
Release #: 27

FLINT, Mich. Approximately 70 Michigan National Guard Soldiers continue to assist with the distribution of bottled water, water filters, replacement cartridges and water testing kits at the water resource sites located at five of the city's fires stations.

As part of the distribution process, residents seeking water filters and replacement cartridges are asked to share their address. This data is being collected and mapped in real-time to assist with long-term recovery and help water response teams know where to focus their door-to-door efforts.

It is important to note that photo identification is not required and no resident will be denied resources.

Learn more about the Michigan National Guards efforts by viewing this video.

Flint residents can pick up water test kits, water filters, filter cartridges, and cases of bottled water. Also, residents can return filled water test kits at any one of the five water resource sites. Samples will only be accepted by using the official water testing kits provided at the water resource sites and by the water response teams.

The water resource sites remain open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1 (also a water bottle and filter cartridge recycling site)

310 East 5th St.

Fire Station #3
1525 Martin Luther King Ave.

Fire Station #5 (also a water bottle and filter cartridge recycling site)
3402 Western Road

Fire Station #6
716 West Pierson Road

Fire Station #8 (also a water bottle and filter cartridge recycling site)
202 East Atherton Road

All water filters distributed at the water resource sites are certified by NSF International for lead reduction. Individuals wishing to verify that a specific filter is NSF-certified can do so via the NSF website.

The State of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater, by visiting www.helpforflint.com or by calling 211.

Importance: High

Ron --

Here are the documents for posting first thing Wednesday morning. Of course the web site has changed, but you'll Susan Norton's directions below to help you figure out what goes where. If you're confused, just call me and we'll get it figured out.

The main thing is: Any documents with addresses absolutely cannot go under the DEQ to EPA tab, because the EPA requires redaction of personal info. However, we put the SAME document WITH addresses under our "In the Home" tab because it's the best way for people to get their water test results.

Thanks so much, Ron!
- Meegan

To: Krisztian, George (DEQ) <krisztiang@michigan.gov>; Brown, Melanie (DEQ) <BrownM45@michigan.gov>; Hawks, Trevor (MSP) <HawksT@michigan.gov>; JICManager <JICManager@michigan.gov>; Wolf, Jennifer (DNR) <WOLFJ1@michigan.gov>

This note is for Tuesday February 2, 2016

Please find attached the full list of residential results through the date listed above (4 attachments). Please note that this version includes concentrations in ppb and the street number is separated from street name to make it easier to find the address. Also, there are pdfs of the two worksheets for people who don't have Microsoft office. All have been prepped for the web minus the naming convention that is usually used. I will follow this format going forward. **If I fail to do that then please let me know**:

1. For the web page http://www.michigan.gov/flintwater/0,6092,7-345-75251_75373---,00.html , found under the accordion lower left "Keeping lead out: Water Test Results and Reports"/

"Keeping lead out of the home: Tips and Residential Water Test Results", the following are to be added (3 attachments):

Asset # 512083 – February 2 2016 Test Results Flint.xlsx
Asset# 512511 – February 2 2016 Test Results Flint_Sorted By Address.pdf
Asset# 512510 – February 2 2016 Test Results Flint_Sorted by Lead Concentration.pdf

2. For the same accordion underneath the DEQ reports to EPA, The Test Results Flint DEQ Reports to the EPA Asset needs updating:

   Asset# 512663 - February 2 2016 Test Results Flint_DEQ Reports to the EPA.xlsx

Please note that the results are for all samples reported out through today February 2, 2016 in all documents. In addition, the workbooks (XLSX) contains two tabs: One has the data sorted by Lead concentration and the other is sorted by address.

Posting this data in a timely manner is of the essence so that we can comply with the order issued by EPA.

Please post this to the website ASAP and make sure that all are posted so that people can look at the version that they are interested in.

Thank you!!!

HI Meghan,

Flint residents are encouraged to call United Way 2-1-1 for guidance and assistance in regards to the water emergency. That would be the appropriate venue for citizens – and rumors can be addressed.

Media calls should be directed to 1-888-363-8632. That goes to our Joint Information Center Media Hotline, which is open from 8 a.m. to 5 p.m. Monday through Friday.

Thanks,

Ron

Subject: Flint phone calls

Good morning Ron,

Our FEMA Region V switchboard has been forwarding incoming calls about Flint to my phone. I received two calls that I wanted to let you know about. The first call is from a Flint resident wondering when FEMA will give the OK for the use of the National Guard water trucks in Flint.... Do you know anything about this or know who I should forward future calls to about it? The caller didn't leave a call back number, but in case I get another call I just want to be prepared. The second call was about getting new lead testing kits and where to pick them up since the original testing kits aren't filtering out the lead. Is there a way you would like us to handle this question?

Sorry to inundate you with these questions! I know how busy you all are.

Meghan

Subject: SEOC Update 2/1/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 2/1/16 – 28th Day (27th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Finalize new Incident Action Plan (IAP) for Operational Period 2/2/16 to 2/9/16.
- Sync up with the UCG to ensure lines of communication and operation are clear.
- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.
- Continue to work on SBA application – pends status of Declaration of Emergency appeal.
- Obtain additional information from the City of Flint and Genesee County for appeal.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal. IHP is an Individual Assistance program.

Attached:

1. SitRep 27
2. Flint Water Timeline (DRAFT) – This is a running record I keep so I have it for future reference. This is draft but thought some of you may want it at this time.
3. State Agency Weekly Activities – It was mentioned on the morning call to have a weekly activities sheet. I am certain there are other events to be added but this is from the SEOC personnel.

4. Day to Day POD Comparison Data – Internal for EMHSD and FEMA

Key items for tomorrow to note are:

- 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016
- Franchise Customers continue to be targeted for visits with additional to be determined.

Items to Note

- The question came up as to the difference between active residential customers and residential parcels. Customers are on the Flint water system according to what the City of Flint provides us. Residential parcels are those not on the system for numerous reasons to include them having a well or just not connected to the system. We are aware some not on the system have gotten filters. I also do not have a lot of faith in the records provided to us by the city water department. We just received an updated franchise list which had more customers.from the city that is different from the one we were given earlier.
- Received approval to obtain a former Kroger store near Statoin 6 POD. This will greatly alleviate donation management issues. Office space is available at this location if needed.
- 10 ARC Flint Water Response Teams to the field today.
- GIS was not able to develop maps with today's data due to issues with the software. They will be providing maps first thing tomorrow.
- Recovery Branch coordinated meeting with Michigan Community Service Commission (MCSC), Local EOC, and ARC regarding volunteer coordination and reporting.
- JIC is working to set up a legislative and congressional briefing call this week.
- Information reported to the JIC:
    - As of 2/1/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	ARC Paper Data* 1/31/16	Targeted Canvassing Mission 2/1/16
30,770	37,844	11,876	1,135	1,164

*Data from last night that was not available.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	244,933
b. Filters	101,911
c. Filter cartridges	205,820
d. Test kits	33,561

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 1,127,171 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 389,357
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Tuesday, February 2, 2016.

Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, ARC Data, 1,135 homes were visited yesterday. Data was not included in yesterday's report.
    b. 2/1/16, as of 5 pm, 1,164 homes were visited today
2. **Total number of homes visited:**

a. Targeted Canvassing Mission: 11,876

3. **Total number of National Guard on the ground:**
   a. 53
4. **Total Number of Volunteers each day:**
   a. 50 volunteers on 2/1/16, per ARC.
5. ***Number of homes with filters:**

	Total Number	Number with filters*
Residential parcels	38,831	28,167
Active residential water subscribers	26,673	22,400

*Number does not include franchise customers, will be updated tomorrow morning.

6. **Number of Water filters distributed (each day and to date):**
   a. 1,318 (1,001 FWRT + 317 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and total distributed to date is 101,911.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 10,443 (1,218 FWRT +9,225 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 244,933.
8. **Number of testing kits distributed (each day and to date):**
   a. 1,091 (293 FWRT +798 PODs [1700 1/31 to 1600 2/1]) were distributed since this report yesterday and the total distributed to date is 33,184.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
       iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22

       *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**
    a. Drinking water (9/3/15 to 2/1/16)*
       i. 5227 out of 5590 (94%) at or below 15ppb (363 tests above)
       ii. <5 ppb: 4594 (82%)
       iii. 5-15 ppb: 633 (11%)
       iv. > 15 ppb: 363 (6%)
       v. > 150 ppb: 48 (0.9%) – DEQ was tasked with getting better information on this as to how many are residences, what steps have been taken with them, how many have been "cleared," and how many are new. They will be working on it first thing tomorrow. Based on sheets I was provided this evening, since the report on Friday:
          1. Saturday there were 4 additional results >150 ppb
          2. Sunday there were 5 additional results >150 ppb
          3. Monday there were 6 additional results >150 ppb
       vi. > 30 ppb: 199 (4%)

       *Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Coordination of rapid response deliveries to homebound residents and special locations.
- Finalized rapid response delivery plan with ARC, Team Rubicon, Michigan Community Service Commission and SEOC.
- IC/Genesee County EMC attended county commission meeting, briefed commission on response efforts, and addressed questions and concerns.
- Addressing public concerns, including rumors of availability of FEMA relocation assistance.
- Coordinating with charter schools outside the city of Flint/Flint water system for supply of water resources to students that are Flint residents.

- Attended conference call with Dow Chemical to discuss potential donation of filter systems. Will provide spec sheets to SEOC Logistics.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow***: Franchise Customers, Additional to be determined.

*City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today.
- Information reported to the JIC:
    - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

1. Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

2. Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

3. Resources purchased:
    a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
    b. Filters 165,048
    c. Filter Cartridges 383,282
    d. Test kits 62,701
4. Teams going out tomorrow:
    a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

New Standing Information Requirements

1. **Number of homes visited each day:**
    a. 1/31/16, as of 5 pm, 551* homes were visited today
        i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
    a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
    a. 53
4. **Total Number of Volunteers each day:**
    a. 236 volunteers on 1/31/2016, per ARC.
5. **Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

6. **Number of Water filters distributed (each day and to date):**
    a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
    a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
    a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
    a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
    *This data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
        i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
        ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
        iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
    *This data will not be updated again until Tuesday
11. **Number of homes with safe drinking water:**

a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

Local EOC

- Addressing various public concerns, including concerns regarding filter efficiency.
- Establishing procedures for receiving incoming donations of loose water at overflow locations.
- Established rapid response delivery plan with ARC and Team Rubicon.
- Coordinated rapid response deliveries to homebound residents and special locations.
- Coordinated with VRC for door-to-door distribution of recycling information and supplies.
- Genesee County Board of Commissioners meeting scheduled for 02/01/2016.

**** Please note that going forward there will only be one daily SEOC briefing****

2/12/16 SEOC Briefing (09:30 & 16:00 call)

- SIT REPS due at 17:00
- Please remember to respond to Lori regarding SEOC (only) e-mail and document count.
- Operations – make sure workers are prepared for weather. Long term plan being finalized. Reminder to print your name legible on sign in sheet.
- Natl Weather Service – Snow today possible, light. Windy today, cold coming tonight: -10 to -15 wind chill. Highs tomorrow about 10, with negative wind chill. By Monday highs back in low 30s.
- Wayne County Health Department sending 3 volunteers to the volunteer reception center.
- HHS Branch – Lots of field testing with food establishments. Also now has clarification of who is testing schools (agreement between HHS, MDARD, DEQ, LARA, MDE)
- Red Cross – 8 teams out today. 50 new volunteers processed.
- MSP – Nothing to report
- DTMB – Parking issues in Flint area. If you do not have a "Flint water" parking pass/badge, park on top level of ramp.
- Corrections – Nothing to report
- Natl Guard – Being asked about water pitcher filter replacements – looking into this resource.
- Local EOC – Teams out today. Boiled water advisory hoping to be lifted this afternoon. Working on an exit strategy per Capt K's request.
- Logistics – Plenty of water and cartridges if there is a spike after boil advisory is lifted.
- FEMA – Nothing to report
- UCG – meetings within Genesee County going well.
- Planning – Nothing to report
- Recovery - Nothing to report
- JIC – Nothing to report
- Capt K is in Flint today. Press release will go out today regarding boil-water ban lift. Reminder that JIC needs names on e-mail requests (versus just a PIO label) for follow up and clarification reasons. The CDC is recommending that pregnant women and children under 6 not drink the filtered water (bottled only) so this information will be added to the press release.
- Major updates including info regarding upcoming events that state agency might be attending will be asked for daily and will be due at 12noon each day.
- Next Briefing Call is 09:00 tomorrow

SEOC Briefing 2/23/16

09:30

- Natl Weather Service: 40 degrees with light wind. Wednesday and Thursday will bring 9 inches of snow for Flint area. Expect blizzard like conditions and lots of blowing the days following the snowfall.
- MDHHS working on recommendations for lead testing on the Flint Water website. Working on talking points w/ EPA regarding shower head usage. Also working on Spanish translation of documents.
- DEQ has 10 teams in the field inspecting homes (505 samples). One high lead level team out. Partnering with MSHDA for housing unit testing. Instruction cards regarding samples going out. Whaley Center is the next school on the list for testing. Researching ground penetrating radar for lead pipe evaluation.
- Red Cross has 6 water response teams out today. Center is open 9am-5pm today.
- **MSP mentioned that someone (?) was visiting Flint on Feb 25th. They are gearing up for that visit. (no one could hear that portion of the call due to banging work being done on SEOC roof)**
- PIO – will be a release regarding rashes. Capt K on a call regarding this later today.
- Next briefing at 16:00

bility. This document can be produced in an accessible format. If you use an assistive technology and wish to
ı accessible version, please contact CEPI.

l Information
Identified open educational buildings wholly or partially located within Flint, Burton or Mt. Morris based on city of physical location or per Entity Educational Master OR school district geographically located within the three.
Nonpublic buildings included even though no staff or students counts are available.
Included Early Childhood in addition to students reported in K-12 and Adult Ed.
Based on Fall 2015 students and staff counts
Includes educational administrative buildings with only staff (building code = 00000)

ɔurces:
Michigan Student Data System
Registry of Educational Personnel
Educational Entity Master

ɔpulation:
All students reported by an operating building identified above in the Fall 2015 collection.
All staff reported by an operating building identified above in the Fall 2015 collection.

SUBJECT: National School Lunch Program: Michigan's Request to Expand the Waiver of the Potable Water Requirement to Recently Identified Schools – Approval

TO: Julie Mikkelson
Program Director
Special Nutrition Programs
Midwest Regional Office

This letter is in response to a request from the Michigan Department of Education (DoE) to waive the potable water requirement in the Richard B. Russell National School Lunch Act, 42 U.S.C. 1758, Section 9(a)(5), and found in regulations at 7 CFR 210.10(a)(1)(i). The requirement provides that schools must make available during the school lunch program free potable water where meals are served.

The Michigan DoE originally requested this waiver on behalf of the Flint Community Schools in Flint, Michigan, because the public water source for Flint residents is contaminated with high levels of lead. Since the original waiver was approved, the Michigan DoE has identified additional schools that are affected by the contaminated water. A list of the additional schools and school districts is attached.

Based on the seriousness of the problems within the Genesee County water system, the Food and Nutrition Service (FNS) is approving the request to waive the requirement that these additional Flint area schools make potable water available to students during the lunch service for the remainder of the 2015-2016 school year. We recognize that repairing the water supply system is a long term and costly project, but ask that the Michigan DoE apprise FNS of the progress of repairs to the water supply system before the beginning of school year 2016-2017 in order to determine if it is necessary to extend the waiver request.

If you have questions, please contact Tina Namian, Chief, School Programs Branch at 703-305-2634.

SEOC Update (1200) January 12, 2016

Commodities and Logistics Update:

Filters:

2,000 Pur filters are in route (50 miles out at this point). Faucet filters in nature. Truck also has 19,000 replacement filter cartridges on board. 12,500 Pur filters are arriving tomorrow (no ETA). DTMB found 27,000 Brita filters arriving tomorrow, with 1,600 replacement filter cartridges on board. Culligan and Dupont are working on certification at this point. Not included in total.

6,384 cases arrived today, on site, in warehouse. 19,152 cases of water is arriving tomorrow morning and 12,768 cases arriving daily through Saturday, and are being purchased.

Both NSF certification and WQA certification are being investigated. We are working on getting that verified, so we can potentially utilize further filters.

Test Kits:

1,882 test kits have been taken to GCARD. There is a delay in getting them out. Red Cross is on hand, putting them together right now. They come in parts and require wrapping the instructions around the kit and securing with a rubber band. 4,719 are on loading dock (Lansing lab), ready to ship to Flint (out within 2 hours). 10,000 kits daily will be shipped from this point on. We have reached out longer term (many gallon jugs) to many vendors. Researching and working on currently

Staffing (Door-to-Door):

They are working on replacing staffing with MSP. It was mentioned that National Guard could be utilized at stations (not door-to-door). This will be discussed.

On Site (Local Stations):

Fire Stations (water all day, constantly backfilling). Traffic has been slower today than yesterday. Our trucks are running nonstop. Previous report that #8 was out of water was not correct. They are working on trash plan. Upgrading communication ability at stations (800 mHz radios).

Warehouse:

They have found 100,000sf warehouse in Flint. Lt. Russo is on-site and indicates good warehouse, climate controlled, 50,000sf available immediately, with loading dock. Pictures and summary are to come.

Contracts:

Is there a long term contract, with "out" included? Yes

Staffing of warehouse:

There is a possibility of moving strictly to this warehouse option. Nothing is definitive. If it is in a central enough location, this may be an option. There is equipment is on-site and staffing is available.

Pods:

We are out of test kits. We have pitchers to filter water at all pods, all day, today

SEOC Phone Update (0930) on January 12, 2016:

General Comments to Open:

No change in current objectives next 48 hours

2pm tactics, 4pm planning, SIT reports due 6pm (SEOC now active through 8pm)

Operations Update:

Water is rolling in today. Filter shortage must be addressed. Test kits in place. More needed as fast as we can get them in. Another warehouse is coming on line today. DHHS site may need volunteers for next day or two. They also do not have unloading equipment at this site.

HHS:

Currently processing request for 100,000 sf warehouse. Two storage areas exist (small and large) on site. Short versus long term storage must be defined. Information is coming in that regard. When will shipments start going to that location? Larger amounts of water are coming on daily basis now. Need to have space to house it. Volunteer listing is being reviewed. ***Pushing nutritional issue throughout (This is MDE, related to Food Programs)***

MDOT: ***(Department of Agriculture responded)***

We are updating the existing guidance document to become the regulatory document. Plans for distribution and follow up. Animal clinics listing addressed as of yesterday. That will be updated today in SIT report. Animal focus outreach continues with Genesee Animal Control. Nutrition an issue, we are working with DHHS on that ***(This is MDE, related to Food Programs)***

LARA:

Plumbing chief is going to Freeman Elementary today to get listing for replacement. ***Food for schools is important. (MDE) is working on that, including home-based day care centers. (This is MDE, related to Food Programs)***

DEQ:

10,000 water test bottles are on order. Verify directions are at GCARD. We are coordinating with Red Cross. More supplies coming in today. We need 2,000 on hand at any given time.

Human Services:

ETA is 10am for trucks. We are distributing straight from Home Depot to site. Traveling 35 mph maximum based on weather today. We moved to get 23 cup filtered pitchers. We are running fire station logistics. At least they get something to drink filtered water in from fire station (lack of filters)

Red Cross:

Increase staffing attempts. Trying to reduce hours based on how cold it is for volunteers. Can we reduce to time to end at 7:00pm? Volunteer reception area should be up today.

DHHS teams:

We are preparing for distribution of filters. Procurement of filters is our main focus today.

Civil Rights:

Note that 15,000 Spanish and English palm cards have been delivered. Can we take some to Our Lady of Guadalupe Catholic Church and the Spanish technology center? *Commander: Whoever coordinates this must include all faith denominations.*

Steve Betterly (sp?, unit affiliation not stated):

Delivery to seniors, home delivered meals, in home services in City of Flint continuing. Still working with aging agency to get waiver clients, to secure information on care management clients they serve. We are securing home health and client services for those over 60. There has been an uptick in calls from seniors requesting water even though they have filters, as they are not trusting filters. We are checking locally on nursing homes. We are hearing they have been using bottle water for drinking and cooking. Not sure on filters in those locations. All facilities are mapped in GIS already.

MSP:

We are loading trucks today. They are using iPads with GIS loaded for tracking. Request for 3 more trucks has been placed into logistics. Trying to determine whether we can keep up before determining expansion

MNG:

Equipment issues at new warehouse site? Pallet jacks, forklifts, etc. for unloading. *Commander: DTMB needs to focus (200%) in immediate then scale back once we get things going*

Treasury: Not on line

Other agencies: None

DTMB:

Assistance for procurement is here (SEOC) today. We are using US contract, perhaps Amazon for deliveries. Many saying vendors sent to Flint stores early on, so not sure what they have left to get there. We are securing a 53' truck trailer for deliveries. Do we have enough drivers? We have drivers (bringing in). Print cards starting to be delivered, printing happening now. 14 hour rule (maximum daily driver time) may be extended during emergency. Clarify that?

Recovery Unit:

Working with MSP on ramping up teams and determining what we can support. Volunteer agencies too. We did training yesterday; went well. Getting filters into houses is our first mission. Test kits next. If someone expresses concern, we are giving them two test kits to test both filtered and non-filtered.

Public Information:

There is urgency to stress use of filters. 6:00pm last night a blast went out encouraging residents to use filters. Hoping that will help drive residents to use filters and not rely solely upon bottled water. Expanding partnership with Red Cross with warehouse and inventory monitoring systems to assist in making certain we do not run out. We will continue to monitor that today. Teams are gathering today. The media is heavy and causing parking and access issues for teams. Several PIO's imbedded to coordinate with media to assist. A State videographer is out with teams to get info to place on website and media to pare with social media campaign. Good Morning America has been here since 5:00am. They are requesting to put mics on workers. Answer is "No". *Commander: Message must be consistent that all media needs to be referred to PIO.* Governor's Office is sending daily emails to residents of Flint. Today's message is in draft. Contents will be water site locations, door-to-door operations, and stressing filter use. There is a PSA being done (211 being stressed as is web site). Comcast is giving video PSA on demand channel to assist with filter installation process. As of today, billboards are going up across Flint (211 and website). Mailer cards being mailed to residents as well with similar info. Palm cards in English and Spanish. We are working with Arabic (LARA) too. Fact sheet (DHHS) on how to install filter, use of water. That is heading to FCC for approval. Churches may have water and filters this weekend.. Need to confirm that. Need to check on remaining supply at churches. We are getting reports of lead presence elsewhere in state. 211 update yesterday: Calls manageable. They are looking to add more staffing. Apartment complex (45 units) question about whether they will get filters or not. This is being looked at. Couple rumors that bottled water was contaminated with lead. We squelched that rumor. We received a question from FEMA, who is getting calls at national center (NAACP) to see if

we are informing national interest groups. Not at this point. Promoted website for donations was down yesterday (all day). We are looking at new website today.

Planning:

We are updating 204 forms. Nicole needs to have someone look at 204's and comment. We need a better tracking sheet, locally, to determine inventory at each distribution center (in/out). Trying to identify burn rate today

Local EOC:

We need volunteers at both warehouses. DHHS expressed concern that we need a generic name for DHHS warehouse to protect privacy. We will be working on that today.

NWS:

Detroit will coordinate local weather with Genesee. We will have brutal weather all day. Lake effect snow band may sit over city all day. Temperature and winds are both issues. Travel is treacherous. 15-30 minutes to frostbite. Off/On snow expected tomorrow. Lake effect will remain. We are expecting accumulations of between 1 and 2 inches for today. We are expecting accumulations of about 1 inch or less tomorrow. Improves for Thursday and Friday

- End of Reports for 0930 call, January 12, 2016

Next call: 1600.

Commander: May need calls every 120 minutes (2 hours). Stay tuned and be prepared for more frequent update calls.

SEOC Phone Update (0930) on January 15, 2016:

General Comments to Open:

10:30 Briefing, 16:00 Call. SIT reports due 18:00

Operations Update:

Focus on tasks and 204's. Tracking and commodities is focus today. Implementing logistics plan (approved yesterday), which involves Red Cross. Governor has asked for a Declaration for Major Disaster and Major Emergency. Aware of Stafford Act, felt appropriate to ask for both.

HHS:

Check will be open through weekend (including Monday). Coverage of Genesee County phone banks continues. Coordinating with GIS to identify electrically medically dependent individuals, getting data from CDC and to GIS to cross-check. Genesee County Health Department requesting 10k copies for nutritional (EPA) document from DTMB.

MDOT: ***(Department of Agriculture responded)***

We are prioritizing which food facilities to get to. Sampling of other facilities planned

LARA:

Freeman Elementary faucet replacement on target

DEQ:

Schools and child care facilities testing. We are facilitating personnel to assist with those teams. 10k plus water test bottles today

Human Services:

Nailing down exact number of pitchers and filters we have on hand. It appears to be going like crazy. We took a breath. We may need to start ordering again. Met with finance, human services, to look at who is doing PO (it is getting done). MDE reports that Office of Great Start has been looped in as there are a number of Family and Friend Child Care operations that we are identifying and seeking information from.

Red Cross:

Report that a lot of people showing up at points of distribution asking questions about Legionnaire's disease. ***Captain: Stress that we are not connecting these two things together. I will get with Governor's office.*** We have staffed five fixed distribution sites. We will be there today, but transfer to National Guard. Decision coming Sunday whether we will continue. Guard will be continuing. Supporting water response teams with volunteers today. We are continuing to operate the volunteer center. We are supporting both mobile and fixed distribution of materials today. Continue to provide management for warehouse operations. Confirming plan and resources, aligning reporting between SEOC, local EOC and moving parts

DHHS teams:

Logistics with filters are continuing today.

Civil Rights:

EPA document is available online and in multiple languages. MDE was using a similar document they were using. Maybe we can coordinate. ***Captain: Link up and get recommendation to me today***

Steve Betterly (sp?, unit affiliation not stated):

Valley AAA issues with seniors has been resolved. We have received another 400 addresses of waiver clients from Valley that will be forwarded this morning. We received a list of non-regulated senior living facilities in City of Flint. Making sure everyone is getting checked on. The Commission on Aging is meeting in building today. They are asking about Legionnaires outbreak and connection to Flint water crisis. ***Captain: Not tied to anything we are doing. No connection to SEOC or JIC to that issue. DHHS PIO is working with Governor's office on that.***

MSP:

58 MSP, 12 DOC, 60 DHS employees present today to volunteer. 10 water teams deployed with 5 Red Cross teams. MSP working in wards 5-7. Issue with iPads with data not being accurately captured (temp and user error). Water teams indicating that iPads are all down based on DTMB software push this morning. DTMB disputes this. Things are going well this morning, temperature is favorable. Been suggested we look at getting ponchos for workers. Weekend volunteer sign-ups going well, expect increase through day. There are delivery trucks and drivers being donated in some instances.

DOC:

We have deployed 5 large panel trucks, 5 larger vans. 26 paid on-site plus volunteers.

Michigan National Guard:

Guard members transitioning into pods, acclimated and ramped up. We are communicating with Major on ground occurring to update.

Treasury: Not on line

Other agencies: None

DTMB:

Specialty items (bubblers) are being sent to Mundy Rd Home Depot by 10:30 this morning. Adjustment of order took place. Should be all set. Mock up and credentialing badges should be complete today. We have posted mock up on MiCIMS. Fuel cards for UHaul trucks. Survey monkey sent out. DTMB has an account that we can run items through instead of creating new accounts.

AG Office

Couple legal issues that I will get back with people today

Recovery Unit:

We are working on logistics for teams this weekend. What do we have out there and when are they are scheduled to come back.

Public Information:

Governor stopped by one of the fire stations this morning, unannounced. He is in Flint, but not sure how long. We have seen positive news coverage on request for federal declaration. No timeline to media at this point. The legislative briefing is this afternoon. FEMA and Congressional affairs requesting letter requesting federal. 50k phone lines in Flint will be hit this morning with blast from Governor. Alert 211 this will go out at 11:00. Today will be issuing three news releases (daily activity number, status, Red Cross volunteer center, National Guard). Media requests to visit warehouse. We are working on that, hoping for maybe Saturday. Schuette has sent out notice of investigation opened up by AG. At noon today, interview with Time magazine. We are coordinating with Dish Network to get dedicated channel for filter installation. MDE letter is in process of being approved. Aware Genesee County Health Department is on furlough. Calls should go to 211. Governor's office issued statement giving additional power to Flint mayor.

Planning:

Get SIT reports in by 18:00 today

Local EOC:

Nothing to report at this time

NWS:

Will be 40 degrees and nice. Rain will start just after noon hour and through evening. It may be slick and icy. Tonight, cold air moves back in, mixes with snow. Tomorrow, some flurries in morning, but very cold that will stay through start of the week. Standing water will freeze in place. 15 degree high planned for Sunday. It will be breezy this weekend through next Wednesday. Exposure frostbite (15-30 minutes).

- End of Reports for 09:30 call, January 15, 2016

Next call: 16:00.

Commander: A lot of great points made. I want to get a briefing to Governor today. Tasks complete (bulleted) today from each (including MDE) area to share with Flint Mayor. Hours 8-8 through weekend and holiday until this stabilizes.

SEOC Briefing Update for Thursday, February 18, 2016

09:30 Call:

- Operations: No update
- Natl Weather Service: Cold this morning, single digits, upper 20s/30s later afternoon. Tomorrow in the 50s.
- DHHS: Dr. Scott and Dr. Wells met yesterday on guidance documents. Children under 6 should be tested by April 1st.
- MDARD: No update
- LARA: No update
- DEQ: Working on getting sampling teams out
- Human Serv: No update
- Red Cross: 5 teams in neighborhood today, reception center open until 5:00pm
- Corrections: Dealing with some warehouse issues. Safety briefings conducted, first aid kits provided, etc.
- DTMB: Waiting for additional printer to be installed today for FOIA request
- MSP: Dealing with people with false credentials. Capt K wants mtg ASAP on coordination (or lack thereof) of teams in the field. Need heightened security protocols.
- Local Liaison: Sherriff's office received a FOIA request on who was supplying water to the jail.
- FEMA: No update
- Logistics: No update
- Planning: No update
- Finance: No update
- Recovery: Teams are working on finishing mobile home parks today.
- PIO: No update
- Director: Look at incident action plan and working on it.

Community Partners Water Response Meeting Minutes
1/21/2016

- Safe place to discuss, won't leave the room
- It will take whole community to serve long term and short term crisis
- Goal is to look to the future, cut off potential problems, or solve problems that don't even exist yet
- Today will frame future meetings

Chris DeVriendt

- Progress is being made
- By close of today, canvas of entire city complete
- Tomorrow, round two begins
- Adjusting strategies, identifying houses that didn't get reached, provide replacement filters
- 200 national guard on the ground filling various roles, looking to take on other roles
- Current NG deployment is 6 days as orders stand right now
    - NG looking at warehouses, door to door campaign
- Supplement with new programs
    - Team Rubicon, Sat and Sun, helping with vulnerable populations
    - MSP provides map that identifies vulnerable populations
    - If you know of other segments that are not getting service, let Chris know
- Currently no target, immediate relief
- Who is point of contact when someone is identified as vulnerable?
    - 211, sheriff
- Pipefitters union doing installs
- Lists are constantly being refined
- Question: is map of vulnerable pop based on self-identification?
    - Data comes from MSP
    - Individuals can call in directly identifying themselves, as are church groups
    - Not going to say no, everyone gets the same service
- Question: what's the long-term distribution plan?
    - Neighborhood Engagement Hub has been helping people currently

Tom Weber

- Planning on attending meetings weekly
- Mapping of vulnerable populations is coordinated through several agencies
    - MDHSS provides data
    - Office of Services to Aging provides data
    - People coming in through 211
- Here to support you
- Opportunity to coordinate with state activities
- Identify what we are doing individually and as a group
- When there is information to share with the state or needs that need to be met by state, Tom is the voice/go between for the state
- Many activities
    - Human services, DEQ, department of agriculture, department of education

FEMA Representatives

- Thank you for work being done
- Overview of emergency declaration, authorities provided, what FEMA support looks like
    - Jan 16 president signed emergency declaration
    - Authorities outlined

    - Authority is limited to commodity support
        - Water, filters, cartridges
    - Working closely with state to identify needs
    - Based on declaration, can continue for 90 days
    - In these meetings, plan to develop long term strategies for community needs
- HHS Led Group
    - Long term/infrastructure planning
    - Handouts: fact sheet on emergency declaration and HHS
    - Goal to make plan to distribute commodities in the longer term
    - Press release talks about US HHS
    - Dr. Laurie is designated official, coming in with federal agencies, setting up distinct operation
    - Emergency declaration focuses on commodity needs and possibilities, day to day needs of people
    - Housed in state emergency operating center (EOC), JIC (joint info center), local EOC, warehouse, points of distribution
    - Second team coming in to help HHS set up operations, support planning of federal partners
    - No involvement in canvasing/boots on the ground—local, county, and state resources covering this
    - Providing technical assistance
- Critical to future planning
- Have contact list for collaboration, resources, access to larger volunteer agencies and faith-based organizations

Lauren

- Disaster response expert, operations and logistics
- Supporting state with planning execution and logistics
- Disaster cycle
    - How different organizations come together around this
    - Details about current operation
    - Prepare, immediate response, long term recovery
    - Currently in immediate response phase
    - All disasters are local (community organizations and local government are the critical point for the disaster operations)
    - All other agencies come not to take over, but to support local organizations meeting needs
    - Mission is to put a filter in every home of impacted area
    - Four primary methods
        - Points of distribution (people coming to fire stations)
        - Water response teams (door to door delivery)
        - “Hotshot” (if someone calls or is homebound, targeted door knocking)
        - Partner distribution/local organization distribution (giving supplies to a local organization to do the distribution themselves)
    - Methods can be inconvenient for those being served, impacts day to day life
    - Need to shift to a method that integrates into regular day to day routines of residents, create convenient models for distribution
    - Every household is offered:
        - Door hanger with info
        - Bottled water
        - Filter
        - Filter replacement
        - Test kits
    - Sometimes we run out, but goal is to supply complete package
    - Geographically, entire city is covered
    - Not going to stop until it can be guaranteed that a filter has been offered to every home

- Some homes currently have no filters/we don't have data to prove every home has a filter
- Door to door will continue
- Leverages every place they interact with everyday, so that distribution is not an extra burden
- Impact area is everyone on the water system
    - Those affected outside of Flint city limits are being served as well
- Question: are filters all one brand?
    - Currently three types:
        - Brita faucet filter
        - Pur faucet filter
        - Zero Water pitcher
    - Brita **pitchers** do not work
    - All stations, assuming that warehouses are full, have everything
    - Vendors only have certain capacity, FEMA is working on ensuring we have an adequate and consistent supply of variety
    - If we max out vendor's capability, we will look into alternative sources, seeking redundancy/more vendors
- Defense Production Act
    - These filters will be sourced to support this effort
    - Overseas shipments are being re-routed to support this effort
- Test kits
    - Special bottles, need to be received, tested, and verified to use
- Governor's website is adding a link for vendors to submit information for review
- Try not to direct people to EOC (they are inundated)

Plan for tomorrow through Sunday night (does **not** mean things end on Monday)

- Continue with current distribution model (four methods)
- Go back again to make resources available until we can say with assurance that we have offered filters to every house
- How is house defined?
    - Defined as household, regardless of structure (including apartments, etc.)
    - Red Cross, state trooper, sheriff, national guard, air force, EBVs, are all acting as water response teams
    - Regardless of team, all are offering the same stuff in the same way, tracking data in the same way
    - What about people who won't open door to government agency?
        - Red Cross & volunteer teams will address these areas, once information is available about what these locations are
        - Increase partner distribution (e.g. churches, schools, other normal touch points for individuals)
        - Need to work through logistical details
        - Health centers as a good potential distribution site
        - Need for this group's local knowledge to guide insights about refining methods/distribution points, to change to a better model to meet needs in a way that doesn't require door to door
        - Cautious about driving everyone to a new location
        - Messaging important
    - Other places where filters are available
        - Health department, WIC clinics, Dialysis, MTA, Comcast, and others providing smaller, targeted distributions
    - Who maintains list of distribution sites?
        - Anyone who wants to be a distribution center or donate supplies or volunteers—send to Chris

        - Three contact names & numbers:
    - Currently other sites possible for distributing water, since we are reaching the limits of current capacities
    - Ample supply of water from state—direct people who want to donate water to Flint Children fund, which at this point will be more helpful
    - Unless people are sending by the truckload, try to redirect individual donations to online monetary donations
    - Food Bank needs solutions for
        - How long are we using water?
        - How are we recycling water bottles? (recycling will be in effect very soon, there will be educational outreach)
        - No trust about filters, lots of misinformation about filters
    - Flint school parents don't trust bathing in the water as well
        - To say anything with certainty about safety at this point impossible
        - Need more data from testing
        - 2800 samples already in Lansing
    - Health department stance is that bathing is safe
        - This kind of lead not absorbed through skin
        - Concern for small children who might ingest bathwater
        - This is the messaging on the door hangers being distributed
    - If someone is buying a filter on their own, they need to make sure it is rated properly—standard filter in a store may not work
    - Disabled & seniors may not be able to carry supplies or leave homes
        - MTA provide transportation assistance?
        - Where is the best source for data about these vulnerable individuals?
        - For elderly: VAAA
        - Disability: Mike Zelley
    - Map (handed out)
        - Squares indicate target area
        - Entire geographic area has been covered
        - Dots indicate water response teams that started Tuesday confirm a filter transaction, also indicate identified vulnerable populations (data from VAAA, Disability Network, and others)
        - Planning on doing comparison of the data sources we have
        - Contact visiting physicians, home caretakers, private entities for data?
- Community Volunteer Reception Center
    - Working exceptionally well
    - 211 directs EBVs to Red Cross building
    - VRC is managed by Red Cross Americorps and United Way staff
    - Average time to be registered and assigned a job is 25 minutes maximum
    - Thanks to gracious partnership with MTA, longest anyone has had to wait to be transported to job site is 10 minutes
    - 4 MTA drivers in Red Cross lobby to transport volunteers out to job sites
    - Cards are distributed to EBVs with number for pick up and drop off
    - Thanks to MTA, volunteers can work at their own pace—excellent!
    - Hours of operation of VRC change depending on need, depending on staffing requests coming from state and local EOC and community agencies
    - VRC hours are currently 9-7 today and tomorrow, weekend hours TBD
    - See handout: volunteer workforce request form
        - After it's ensured that form is accurate, it is given to VRC lead to be filled by incoming volunteers
        - Send form to single point of contact
    - Increased media coverage has led to many prospective volunteers coming in

        - Facilitate more job opportunities for these incoming volunteers for the future
    - Workflow of VRC provided in diagram
    - So far we have been able to fulfill all the requests that have come in

Response Topics

- Spiritual/Emotional/Mental Health
    - Who is providing this right now?
    - Who needs to be involved?
- Helen
    - Parents in emotional distress about long term effects on children
    - 211 has no plan in place for dealing with these issues
    - For people in extreme distress, 211 uses their standard response, no specific response
    - 211 only as strong as the information that can be provided to them about community needs and resources
    - Part of responsibility of these meetings is to identify individuals/organizations that can respond to these issues
    - Current provider network for mental health includes Catholic Charities, Family counseling, Genesee Health System
        - These providers are not necessarily prepared to deal with this specific question en masse
        - At this point probably not prepared to respond in an intentional way for the water crisis
        - Disaster teams communicate with largest players?
        - Catholic Charities discussing how to address specific issues/seeking resources
        - Chris: SAMSA has dedicated a hotline for people to call
        - At health department, recognize huge need for trauma care for children and adults
        - Current facilities do not have the long term capacity for the amount of trauma
        - Federal teams working with GHS to support these efforts
        - Well defined, narrow scope of federal funding currently—mental health is being addressed through alternate channels
        - Every agency at federal, state, and local level working on this issue, even if some things cannot be achieved solely within the parameters of the presidential declaration
        - Importance of carrying a consistent message
            - Balance between acknowledging the tragedy of the disaster and recognizing that a learning/cognitive disability is not a death sentence
            - Need for consistent, positive messaging
                - Funneled through JIC
            - Some players ignorant or not reporting correct facts
            - Leadership needs to step up to address misinformation, sensationalism, and quell fears
            - Leaders can come to EOC to see official press releases
            - Hard to prioritize PSAs currently with so much going on
            - JIC
                - Newsroom/media room where press releases are produced
                - Information from a variety professional sources
                - Produced in prose suitable for the public to digest
                - Emphasis on consistency
                - Agencies can turn to JIC to distribute information to larger audience
                - Information changes fast

Other Topics/Questions

- What to do with weekend donations of water?

    - Being directed to Red Cross
    - Red Cross accepting donations 7 days a week
    - Trying to make sure public doesn't think Red Cross is a distribution point
    - Seeking more neutral locations that can potentially serve as donation and/or distribution points
        - Where it can be moved easily, sit for a period of time
        - Diplomat a potential site?
        - Other businesses with space?
        - Current biggest space is the warehouse
            - Warehouse needs to process larger donations
- Where did flintwaterinfo.com come from?
    - Inaccurate information
    - Being addressed by United Way
- Average wait times for 211 calls?
    - 400-500 calls a day
    - Grand Rapids, Flint, and Detroit call centers on backup
    - State of the state address/national attention led to 800 calls a day going from a 2 minute wait to a 20 minute wait
    - With every public mass communication, number of calls spike
    - Communication is critical for management of that system
    - Regimented process for 211
    - Every single call is responded to
    - Customer service key
    - State looking into building out this system, building capacity to alleviate buildup
    - Health department working on a plan to bring in temporary staff just to man phone calls, but currently don't have ability to field so many calls and questions
    - All nonprofits actively engaged are having to build capacity enhancement
    - Be patient with people who are frustrated, understand that organization's current teams are under a lot of stress
- Who else should be at these meetings?
    - McLaren physicians group want to participate
    - Diana Kelly invited
    - VAAA invited
    - Family Service Agency (serve elderly) should be invited
        - Contact point
    - Michigan VOAD
    - If you think of other groups who should be at these meetings, invite them!

Next Steps

- In contact with state and national groups to address mental health issues
- Think big
    - Hope to secure enough supply of commodities on the ground to cover at least a year under presidential declaration
    - What is best ongoing, sustainable way to get commodities out to people long term?
        - Direct mail from vendors?
        - Vouchers?
    - Want to have least amount of impact/intrusion on people's everyday routines
    - FEMA wants to know thoughts and ideas from group at this meeting, since you know the community
    - Commodities only include water, filters, cartridges, test kits
    - Emergency declaration would have to be appealed by governor's office
        - Appeal for more FEMA aid currently being reviewed
- Future meetings: weekly on Thursdays 3 pm – 5 pm

Name - Last	Name First	Phone Number	Organization	Location	Role
Abdun-Nabi	Alex		EMHSD	SEOC	Recovery/Various
Bays	Justin		American Red Cross	ARC Flint HQ	VOAD Contact
Briggs	Brianna		EMHSD	SEOC	Long Term Recovery

Data Entry Application

Outline

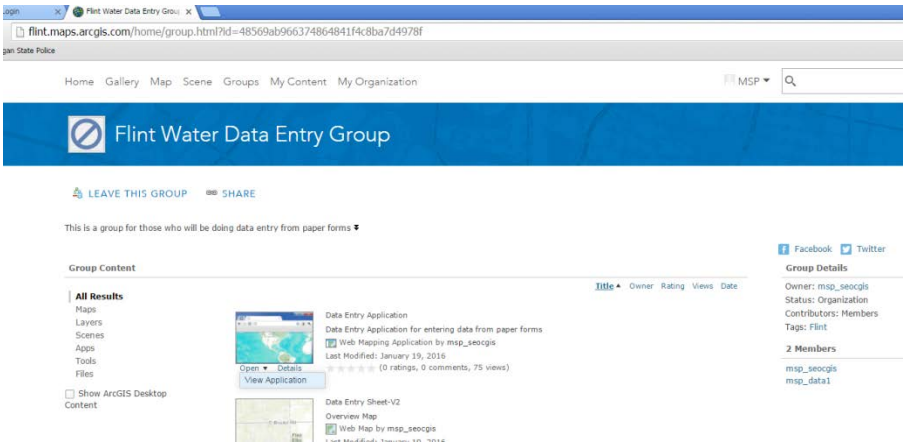
1. Login
2. Search for address
3. Add a point
4. Edit or delete if corrections are needed.

Login

Login to https://flint.maps.arcgis.com

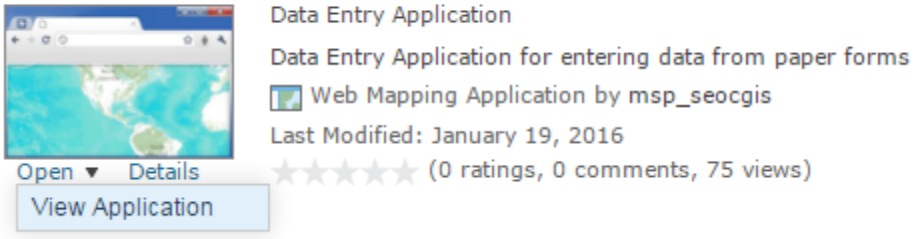
- Username: As assigned, for example, msp_data1
- Password: Flintse0
- Note the password ends in a zero

Go to Groups > Flint Water Data Entry Group



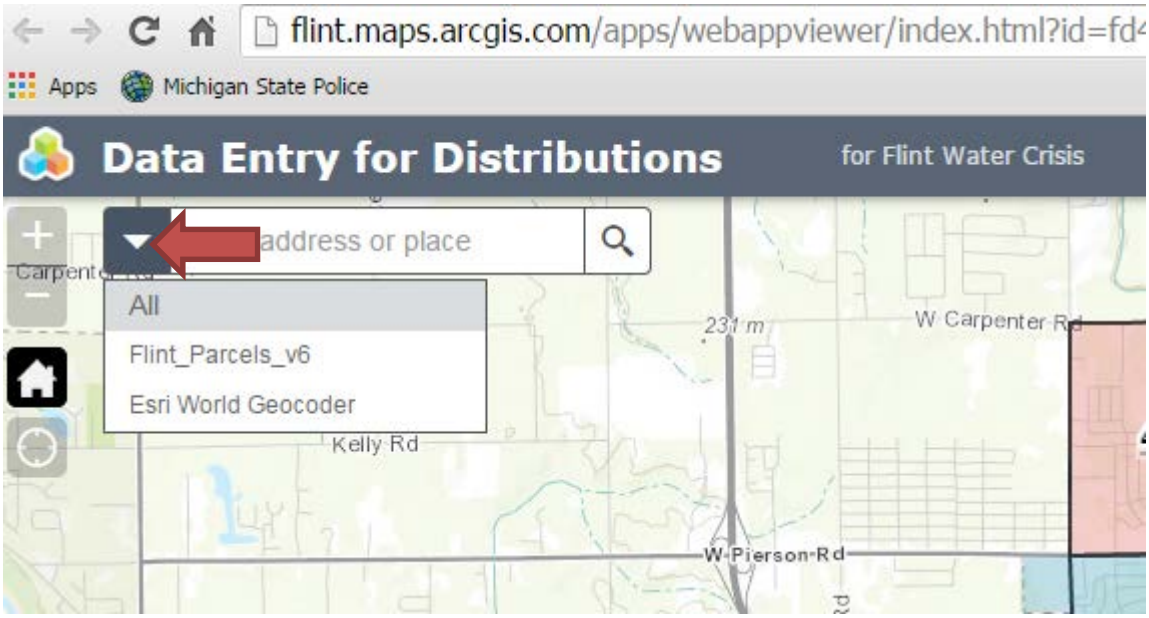
Look for the Data Entry Application.

Click “Open” then choose “View Application”



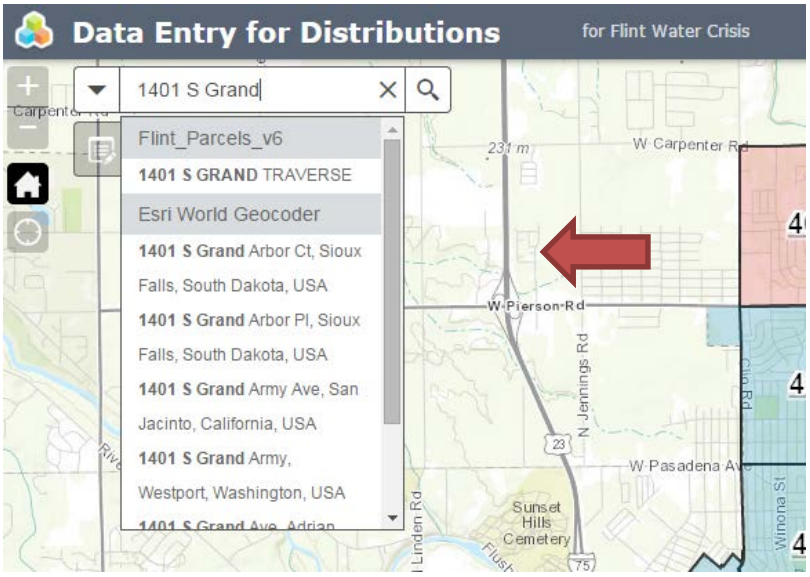
Search For Address

You can choose to use Flint Parcel Geocoder, ESRI World Geocoder or Both.



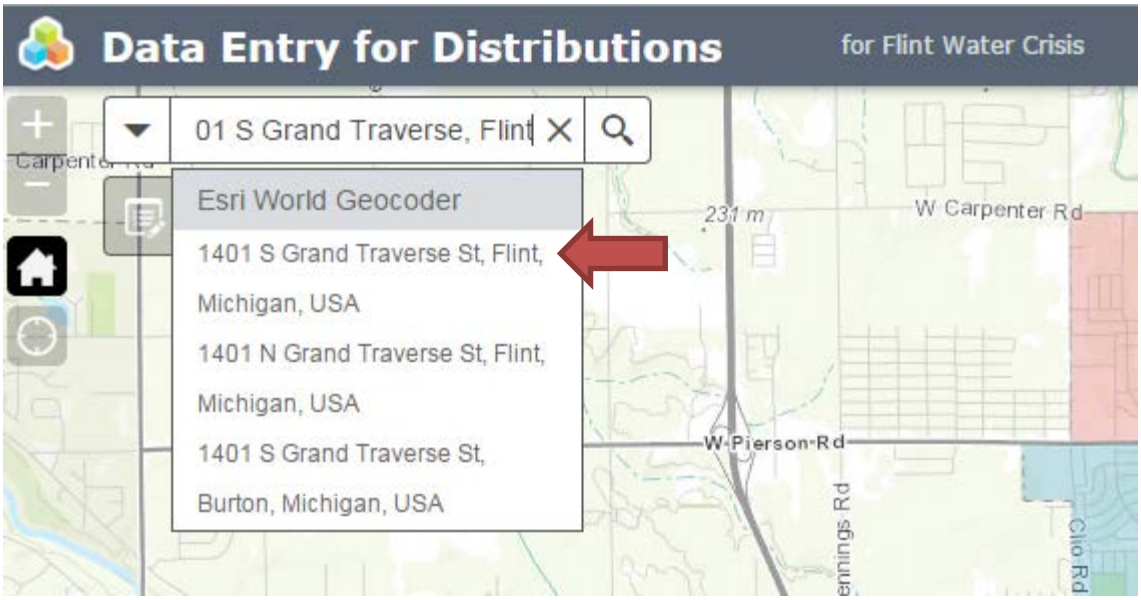
Search for the address, i.e, 1401 S Grand Traverse, Flint, MI

Notice as you start typing, choices appear. It attempts to search parcels first.



As you continue to type the address, it will search other data.

As you keep typing, you'll see additional results.



Click on one. It will zoom to that location on the map.

Figure 1: Result of the Parcel geocoder. Close the popup window.

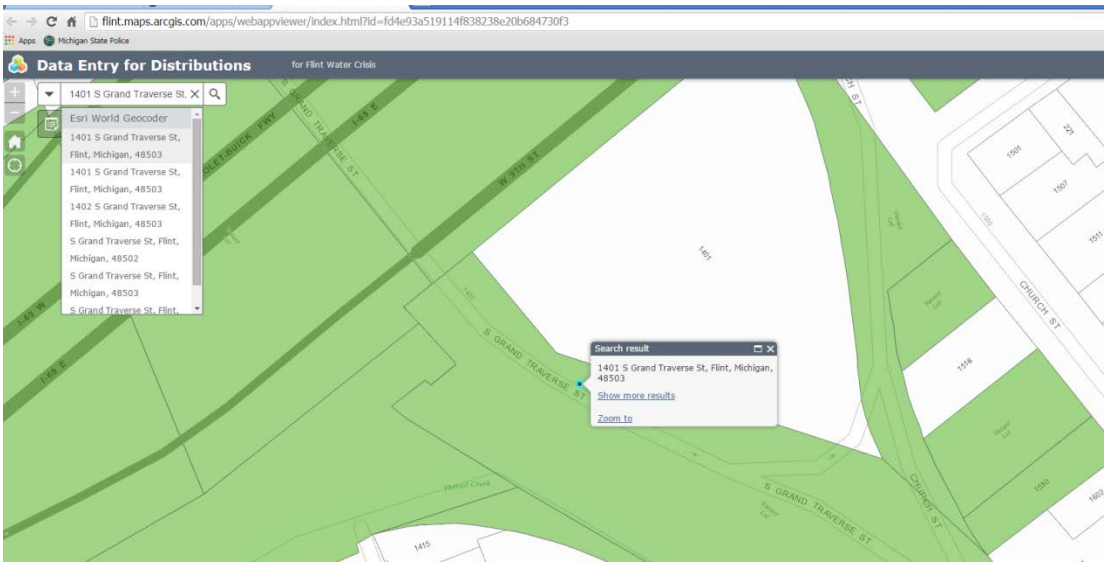


Figure 2: Result of the ESRI World Geocoder

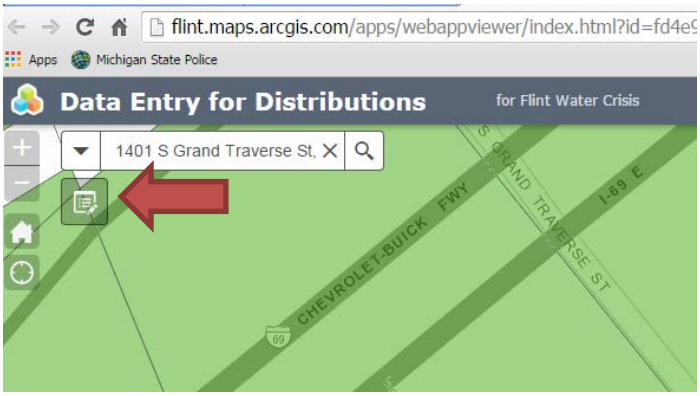
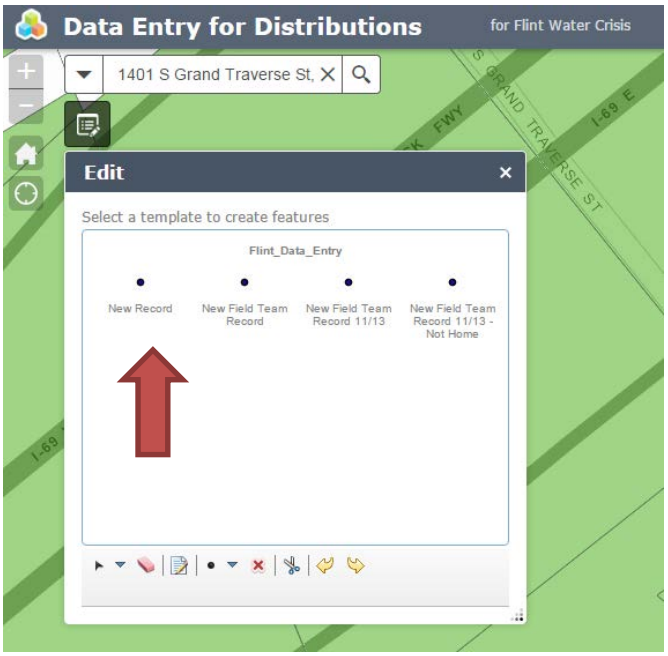
Once you have found the correct location, you are ready to add a point.

Add a new point

Click the icon below the search tool

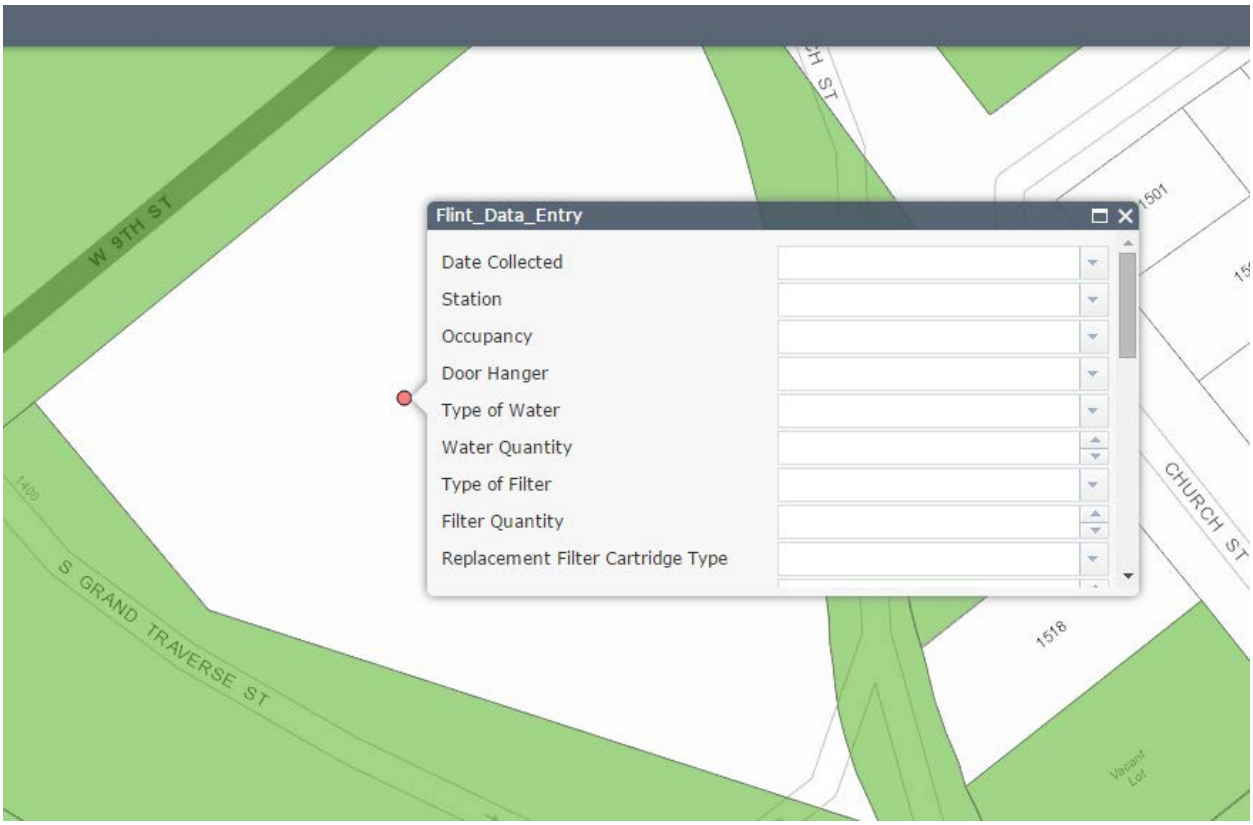




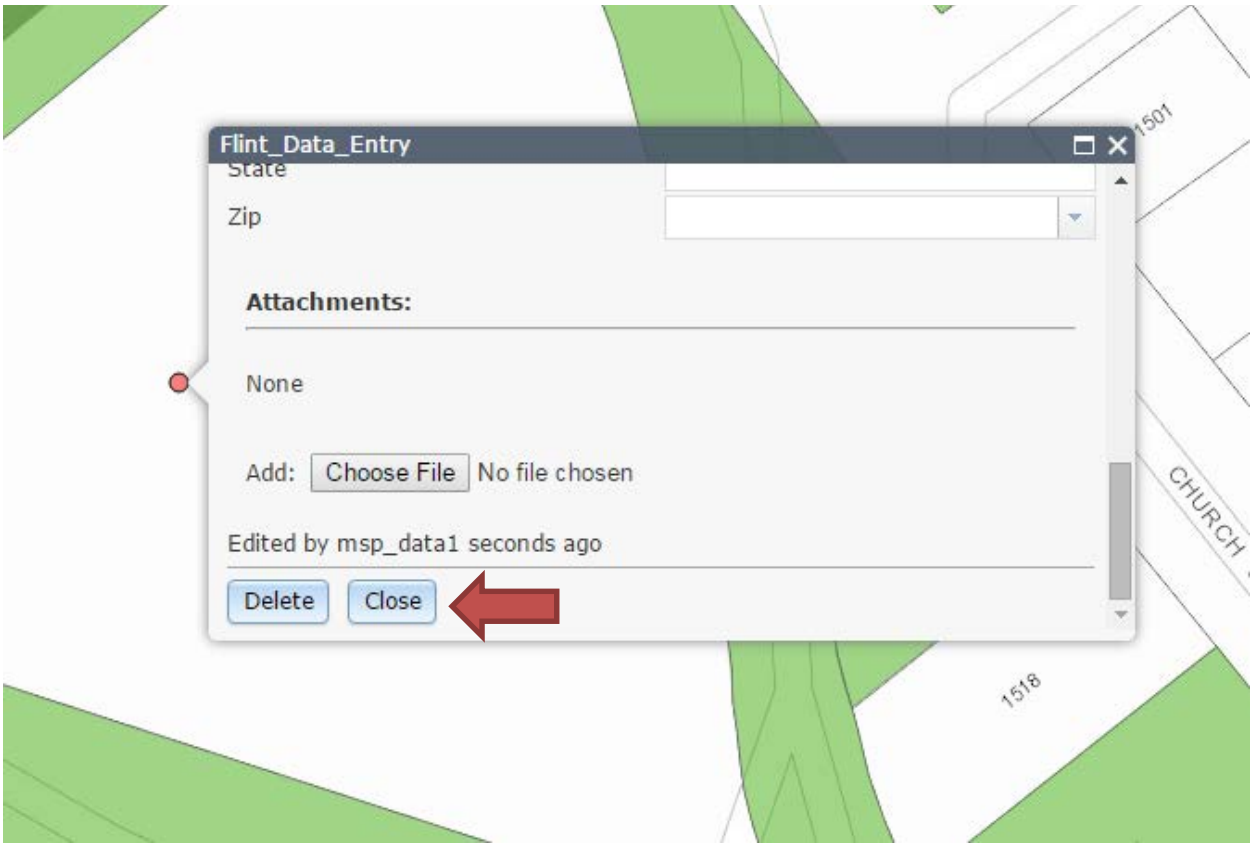
Click the “New Record”. The other options are shortcuts so you don’t need to fill in as much data.

Click on the Parcel shape that contains the Street Address. Make sure the Red dot is inside the parcel shape and not on the street.

If there is no parcel for the reported address, leave the point where the geocoder put it and record the address in the form fields.



Fill out the fields as best as possible

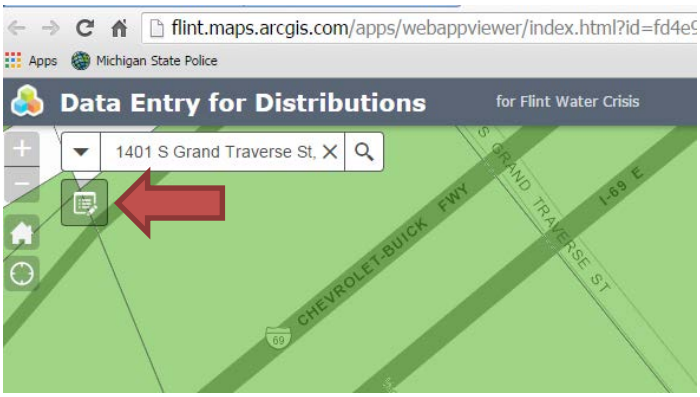


Click the “Close” button to finish

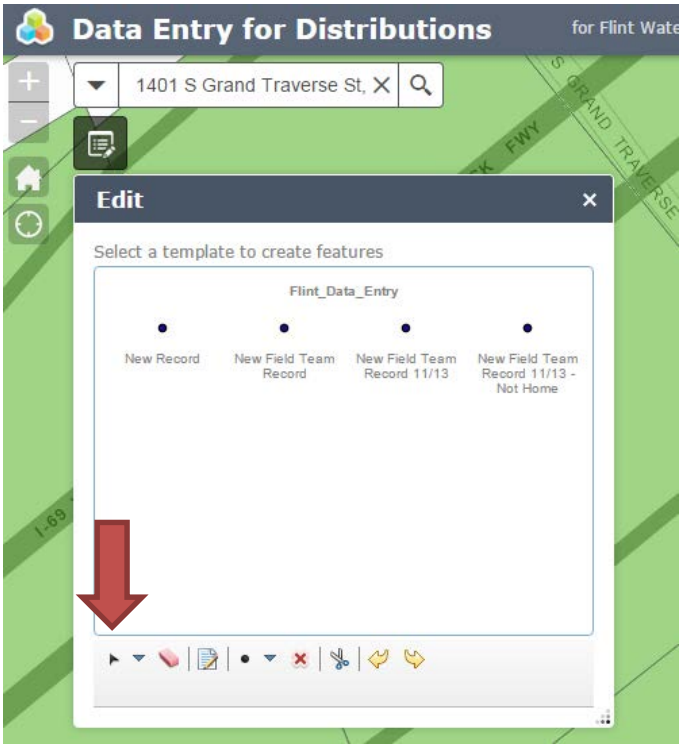
You should see a point. You are done with that record.

Edit a record

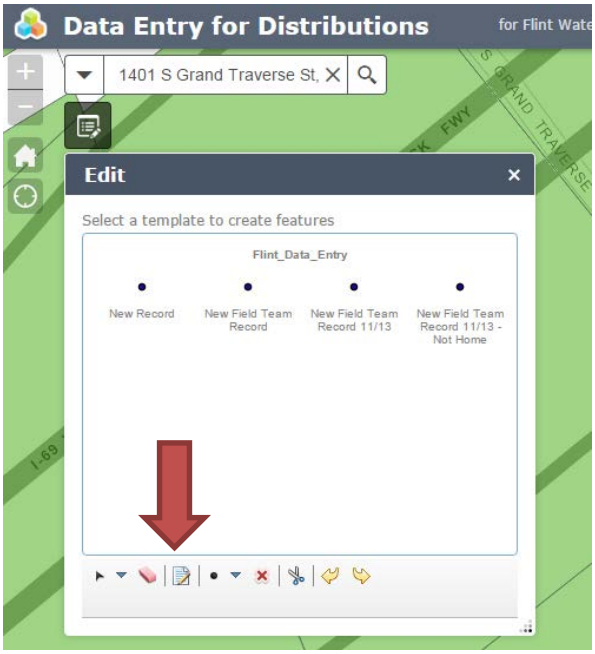
If you made a mistake or need to correct a record,



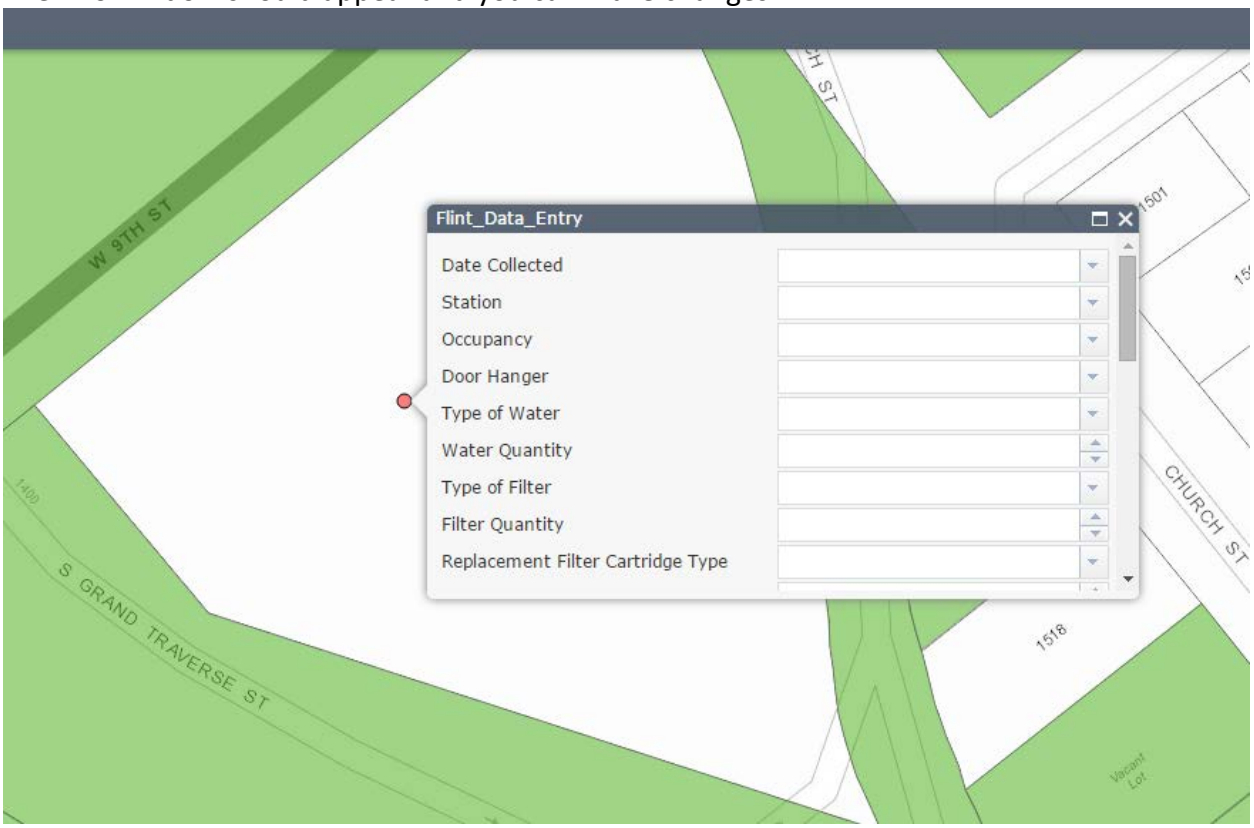
Click the Arrow and click on your point of interest.



Then click the “Attribute” icon



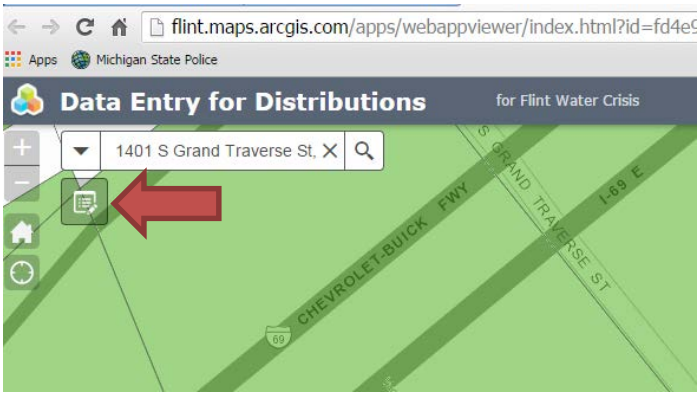
The info window should appear and you can make changes.



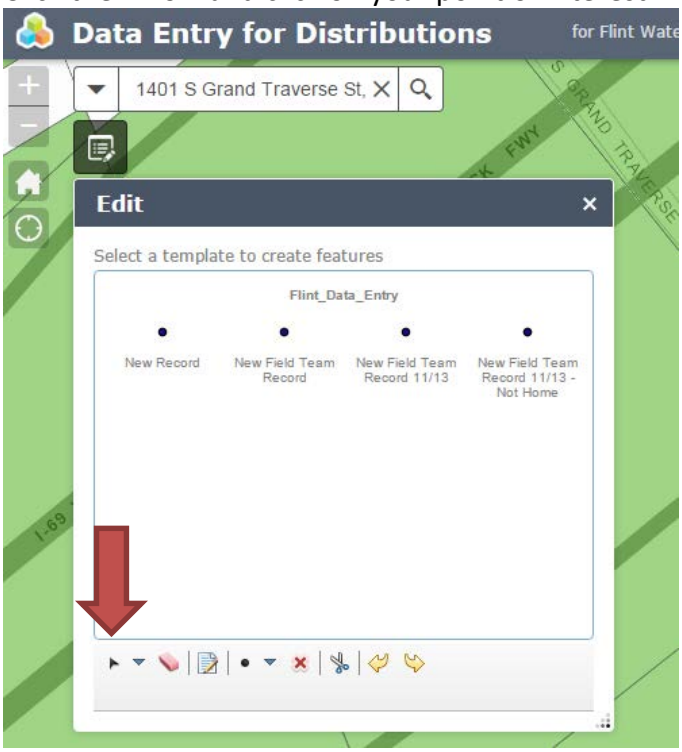
Scroll down and choose “Close” to save your changes.

To Delete a point

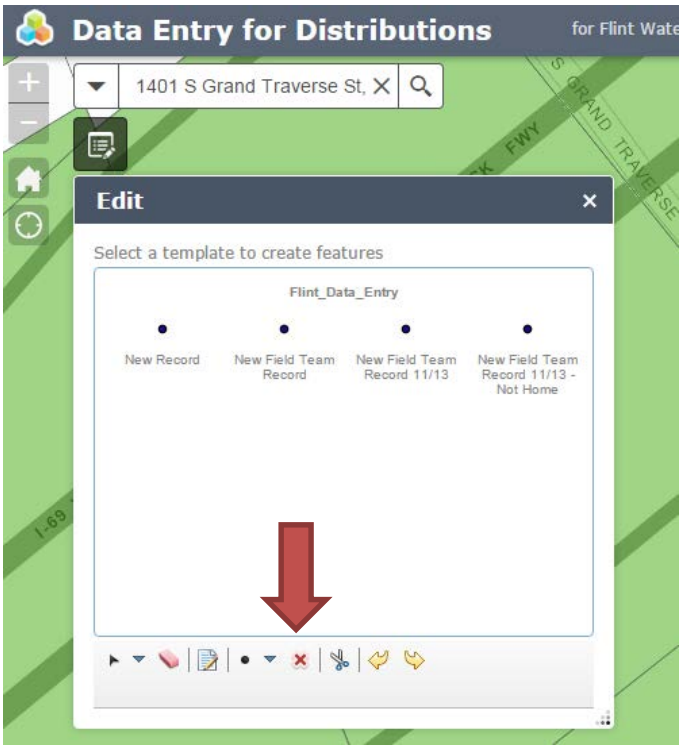
If you made a mistake or need to correct a record,



Click the Arrow and click on your point of interest.



Then click the red X



The point should disappear from the map.

Genesee County Volunteers for Door to Door Water Filter Distribution

Mr. Forster,

The list under this cover includes all apartment complexes in the City of Flint that the Recovery Unit has been able to identify based upon available information. This list is as complete as can be based upon our knowledge, skills, and the existing data.

- We conclude that there are 5,799 apartment units in Flint.
    - This does not include apartment buildings and complexes that are currently unoccupied, nor does it include houses that may have multiple units, or apartment complexes outside the boundaries of the City of Flint that do not receive Flint water.
- There are an additional 545 units on Flint water that are part of a complex that is a franchise customer.
- We used a variety of sources in compiling this list, including data from the City of Flint, the Flint Housing Commission, the Michigan State Housing Development Authority, the United States Department of Housing and Urban Development, and private sources such as Apartments.com.
    - In addition to data sources, we deployed a team from the Department of Corrections to verify the status of several complexes. The team found several apartment complexes abandoned and made contact with residents of the occupied complexes.

Please let us know if you have any questions or concerns with this list.

Thank you,

SEOC Recovery Unit
517-284-3921
MSP-SEOC5@michigan.gov
